### SPECIAL ORDER—2 P. M.

**Lease of 333 Kearny Street for District Attorney, et al.**
(Code No. 12.1739)

Resolution No. 2562, as follows:

Resolved, That the City and County of San Francisco, a municipal Corporation, as lessee, enter into a written lease with A. P. Jacobs, as lessor, for office space required for the District Attorney, Public Defender and Probation Officer, of certain space situated at 333 Kearny street, San Francisco, California, for a term of five (5) years, at a monthly rental of $639. Said lease shall begin the first day of July, 1936.

The Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute said lease on behalf of the City and County of San Francisco.

Approved by the Director of Property.

**Privilege of the Floor.**

Matt Brady, District Attorney, and Gerald Kenny, Public Defender, were heard at length opposing the proposed lease of 333 Kearny street; both officials favored the lease of the L. Lurie building at Sacramento and Montgomery streets.

Erwin Easton, attorney, representing Mr. Jacobs, owner of property at 333 Kearny street, was heard in explanation of what his client proposed to do to improve conditions for municipal departments at 333 Kearny street.

M. Ramiszotti, representing L. Lurie, was heard in explanation of the merits of the lease offered by L. Lurie at Sacramento and Montgomery streets.

Herbert Erskine, representing the Bank of America National Trust and Savings Association, was heard in explanation of the lease he had to offer and its several advantages.

**Amendment.**

Whereupon, Supervisor McSheehy, seconded by Supervisor Colman,

moved to amend the resolution by striking out the words "A. P. Jacobs" on the second line and inserting in lieu thereof the words "Bank of America National Trust and Savings Association," strike out "333 Kearny Street" in the fourth line and insert in lieu thereof "550 Montgomery St.", and strike out the figures "$639" in the sixth line and insert in lieu thereof "$880."

Amendment *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—9.

Noes—Supervisors Havenner, Ratto—2.

### Explanation of Vote.

Supervisor Havenner explained his vote by saying he voted "No" simply on account of the economy involved in the lesser bid.

### Adopted.

Whereupon, the foregoing resolution as amended and in words and figures following was *adopted* by the following vote:

### Lease of 550 Montgomery Street for District Attorney et al.

(Code No. 12.1739)

Resolution No. 2562, as follows:

Resolved, That the City and County of San Francisco, a municipal corporation, as lessee, enter into a written lease with Bank of America National Trust and Savings Association, as lessor, for office space required for the District Attorney, Public Defender and Probation Officer, of certain space situated at 550 Montgomery street, San Francisco, California, for a term of five (5) years, at a monthly rental of $880. Said lease shall begin the first day of July, 1936.

The Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute said lease on behalf of the City and County of San Francisco.

Approved by the Director of Property.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

## CONSIDERATION OF MOTION.

Supervisor Colman moved (for Supervisor Brown) that his Honor the Mayor be requested to appoint a citizens' committee for the proper observance of Fleet Week, August 13-19, and Harbor Day, August 15, 1936.

### Citizens' Fleet Week Committee.

Supervisor Brown moved that his Honor the Mayor be requested to appoint a Citizens' Committee to arrange for the celebration of Fleet Week, August 13-19, 1936.

*So ordered.*

## SPECIAL ORDER—3 P. M.

### Notice of Sale of Sewer Bonds.

Sealed bids for the purchase of certain bonds of the City and County of San Francisco, State of California, were received by the Board of Supervisors up to the hour of 3 o'clock p. m., on Monday, May 25, 1936, and were opened by said Board at said time.

The following recommendation of Public Health Committee was *laid over one week*:

**Regulating Admission to San Francisco Hospital and Allied Institutions and Establishing Procedure for Fixing and Collecting Fees.**

(Code No. 18.01)

Bill No. 1000, Ordinance No. 18.012, as follows:

Providing for and establishing the procedure for the admission of patients to the San Francisco Hospital, including the Isolation Division and the Hassler Health Home; and establishing the method for determining, fixing, and collecting reasonable charges for the care and treatment of certain persons.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There shall be admitted to the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, the following:

a. An indigent sick person of the City and County of San Francisco who possesses the required residence qualifications, upon application and after investigation and approval by the Director of Health;

b. A psychopath, narcotic addict or habitual inebriate temporarily in custody;

c. A physically defective and physically handicapped person under the age of eighteen years when the parents or guardian of such person are not financially able to secure proper care or treatment and when such person's admission and treatment has been duly authorized in the manner provided by law;

d. A prisoner confined to the City or County Jail who requires medical or surgical treatment necessitating hospitalization where such treatment cannot be furnished or supplied at such jail when any Court of the City and County shall have ordered the removal of such prisoner to the City and County hospital (and said prisoner elects not to furnish such treatment at his own expense);

e. A dependent, or partially dependent, poor sick person, who possesses the required residential qualifications;

f. A person in need of immediate hospitalization on account of accident or sudden sickness or injury or by reason of sickness or injury caused by or arising in a sudden public emergency or calamity or disaster;

g. A person in the active stages of tuberculosis, in wards established for the treatment of such persons;

h. A person to be quarantined or isolated in the City and County hospital with a contagious, communicable or infectious disease;

i. An expectant mother who is unable to pay for her care and the cost of her maintenance; (and care shall be paid by and be a proper charge against the County of her residence);

j. An indigent sick or dependent poor person from another county which lacks the proper facilities for the caring of such patients; (and care shall be paid by and be a proper charge against the county of which said person is a resident);

k. A City and County employee injured in the course of his employ-

ment by the City and County when hospitalization is reasonably required to cure and relieve the effects of such injury;

l. A person sent by the Immigration authorities of the United States Government (under such conditions as may be contracted for between the Director of Health and the United States Government);

m. Provided, nothing in this section shall be construed as restraining the Director of Health from obeying or carrying out or giving effect to any law that may exist or be hereafter passed, relating to the hospitalization of patients in County hospitals which may affect the San Francisco Hospital, including the Isolation Division and the Hassler Health Home.

Section 2. All persons admitted or committed to the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, under the provisions of subdivisions (c), (e), (f), (g), and (h) of Section 1 hereof, shall be investigated by the Director of Health, who shall determine the financial ability of such persons to pay, in whole or in part, either directly or through relatives legally obligated to pay in whole or in part for the institutional service rendered.

Section 3. The Director of Public Health shall bill every person legally obligated for institutional service rendered in the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, on the basis of the rates to be established as hereinafter provided, and to the extent of their ability to pay, in whole or in part, either directly or through relatives legally obligated to pay in whole or in part, as determined under Section 2 hereof.

Section 4. The care of all persons admitted to the several institutions enumerated herein under the provisions of subdivisions (i) and (j) of Section 1 hereof, shall be billed to the county of their residence for such services by the Director of Health on the basis of the rates to be established as hereinafter provided.

Section. 5. The care of all persons admitted to the several institutions enumerated herein under the provisions of subdivision (k) of Section 1 hereof, shall be billed to the Workmen's Compensation Division of the San Francisco Employees' Retirement System.

Section 6. The Director of Health on or before the 15th day of July in each year shall compute the per diem cost of maintaining and caring for each class of persons at the San Francisco Hospital, including the Isolation Division and the Hassler Health Home.

The said computation of per diem costs with respect to each class of persons cared for in each institution shall be based on the following formula: "Total Expenses Divided by the Total Number of Patient Days." Total expenses shall include all elements of cost and expenses exclusive of taxes which are enumerated in the uniform classification of accounts contained in the "Hospital Accounting and Statistics," published by the American Hospital Association in May, 1935.

Section 7. The Director of Health shall report his said findings to the Chief Administrative Officer who shall examine the same and transmit the same with his approval, together with such suggestions and amendments as he may see fit, to the Board of Supervisors not later than the 20th day of July.

Section 8. The Board of Supervisors shall, not later than the last Monday in August, with the recommendation of the Controller, determine and fix by resolution the proper and reasonable amounts to be charged to said persons when said persons by themselves or through relatives are legally obligated and able to pay in whole or in part for said institutional care.

Rates and charges so fixed by resolution shall remain effective until new rates and charges are fixed as in this ordinance provided.

The resolution determining and fixing said rates or charges shall constitute prima facie evidence of the reasonableness of said rates or charges.

Section 9. Pursuant to Section 64 of the Charter, the Controller shall prescribe the forms, methods and procedure to be followed in billing said persons or their relatives under this ordinance.

Section 10. Every person who knowingly, fraudulently and designedly conceals or withholds any information concerning his financial condition or means or ability to pay, or who knowingly makes or causes to be made, either directly or indirectly or through any agency whatsoever, any false statement in writing, with intent that it shall be relied upon, respecting the financial condition or means or ability to pay, of himself or any other person in whom he is interested, or for whom he is acting, for the purpose of gaining admission to and receiving care and treatment in the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, shall be guilty of a misdemeanor, punishable by a fine of not more than five hundred dollars, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment.

Said person, in addition to the penalties hereinabove set forth, shall be billed by the institution rendering said services for the full amount of the cost of such institutional care and treatment, thus fraudulently obtained, in accordance with the basic rates, legally established and determined therefor.

Section 11. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 12. Bill No. 703, Ordinance 18.011 is hereby repealed.

### Gasoline Supply Stations.

(Code No. 11.0821)

The recommendation of Joint Committee on Public Welfare, and Fire, Safety and Police was taken up:

Bill No. 974, Ordinance No. 11.08212, as follows:

Regulating the establishment, construction, maintenance and operation of premises, buildings and structures to be used as gasoline supply stations; regulating and providing for the storage and use of gasoline in connection therewith; repealing Ordinances Nos. 2659 (New Series), and 11.051 *and providing a penalty for violations of this ordinance.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Definitions: The following terms shall have the following meanings whenever used in this ordinance:

(a) A gasoline supply station shall be held to mean any lot, wharf, pier or other premises, including all buildings and structures thereon, devoted to the purpose of selling or dispensing gasoline or volatile liquids as fuel to automobiles, motor vehicles, motorboats, launches or other motor propelled vessels.

(b) Gasoline or volatile liquids shall mean any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit. The Fire Marshal shall determine the flash point.

(c) Fire Marshal shall mean the Fire Marshal of the City and County of San Francisco.

(d) Approved shall mean approved by the Fire Marshal.

(e) *School: for the purposes of this ordinance, shall mean any building in which is housed any institution of learning conducted or operated under the jurisdiction of the Board of Education of the City and County of San Francisco, or any institution of learning wherein a general course of study is maintained or carried on by the State of California or by any agency thereof, or any institution of learning, attendance at which will satisfy the compulsory educational laws of the State of California, or any college or university whereat advanced courses in advanced education are maintained, and which has an average daily attendance of, at least, twenty pupils.*

(f) Hospital: shall mean any institution conducted in accordance with the laws of the State of California or the ordinances of the City and County of San Francisco for the care of the sick or injured which has accommodation for not less than twenty patients; provided, however, that for the purposes of this ordinance, any institution maintained by the City and County of San Francisco for the rendering of emergency care or services to the sick or injured shall not be deemed to be a hospital.

(g) *Church: for the purposes of this ordinance, is defined to be any building erected and used for the purposes of religious worship and where religious services are held at regular stated intervals and where no part of such structure is used or occupied for commercial purposes.*

(h) *Theatre: for the purposes of this ordinance, is any building in*

*which the major portion of said building is devoted exclusively to theatrical, operatic or moving picture performances, and which is constructed or maintained in accordance with the provisions of Sections 157 to 188 of Ordinance No. 1008 (New Series), commonly known as the "Building Law."*

(i) Districts or Zones: shall mean districts or zones as established or re-zoned by the City Planning Commission.

*Section 2. Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the nearest point of the property line of which shall come within one hundred and fifty* (150) *feet of any point of the property line of any school, or within* 200 *feet of any point of the property line of any hospital, or within* 60 *feet of the nearest point on the property line of any church or theatre and the measurements of the limitations herein expressed are to be made by taking the distance between the nearest points on said property lines in a straight line measurement.*

*All applications for permits shall be made in writing, shall contain a description of the lot or premises upon which it is sought to erect and maintain such gasoline supply station, including the dimensions of the lot or premises together with a complete floor plan and drawings showing the elevation of all structures to be erected thereon.*

*Permits heretofore issued to maintain and operate any gasoline supply station, in accordance with the provisions of any ordinance heretofore existing, shall remain in full force and effect unless such permit has been revoked or the gasoline supply station for which said permit has been issued has not been operated for a period of six months. No permit for the operation of a gasoline supply station, issued in accordance with the provisions of this ordinance, or any other ordinance heretofore existing, shall be assigned or transferred without the written approval of the Chief Engineer of the Fire Department.*

Section 3. Construction: All buildings or structures erected, maintained or operated upon the premises of a gasoline supply station not exceeding one story in height, shall be of Class A, B or C construction as defined by the building laws of the City and County of San Francisco, or, if not more than eighteen (18) feet in height, they may be constructed of metal, supported upon steel frame. If more than one story in height, they shall be of Class A or B construction.

The roofs of all buildings or structures erected or maintained upon the premises of a gasoline supply station shall be of fireproof construction, as defined in the building laws of the City and County of San Francisco, and all floors shall be constructed of incombustible materials.

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a gasoline supply station and for such services as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall

have no entrance, exit or other opening of any kind whatsoever into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided, either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall be determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen (18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept underground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and, where water is encountered, tanks shall be placed in an approved water-tight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Sawdust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline supply station and the motor of an automobile shall not be in motion while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the premises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited. *All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by both such fine and imprisonment, and such person, firm, company or corporation shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and shall be subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Parts of Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

## Privilege of the Floor.

Mrs. Thomas Best, representing the Central Council of Civic Clubs reiterated the position of said organization that oil stations be prohibited within 200 feet of school property.

Robert Troy objected to the use of the words "property line" as having no legal significance. He requested that the words be changed to read "real property."

### Proposed Amendment.

Supervisor Ratto moved to amend in the thirteenth line of Section 1, after the word "within," strike off the words "one hundred and fifty (150) feet of any point of the property line of any school" and insert in lieu thereof the words "two hundred (200) feet of any front property line of any school or sixty (60) feet from the rear property line of any school.

No second.

Supervisor Roncovieri moved to amend in the tenth line after the words "Fire Department," insert the words "subject to the approval of the Street Traffic Advisory Board."

Subsequently *withdrawn.*

### Motion.

Supervisor Brown, seconded by Supervisor McSheehy, moved to amend the first paragraph of Section 2, as follows:

Section 2—Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the nearest point of the property line of which shall come within 200 feet of any point on the property line of any hospital or within 60 feet of the nearest point on the property line of any church or theatre *or within* 100 *feet of any front entrance of any school, said measurements to be taken in a straight line between the nearest property line of the hospital, church or theatre and the nearest property line of the gasoline supply station and between the nearest front entrance to any school and the nearest property line of the gasoline supply station, provided, however, that in no event shall the nearest property line of any gasoline supply station be within* 60 *feet of the nearest line of any school building.*

Amendment *lost* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Meyer—4.

Noes—Supervisors Havenner, Mead, Ratto, Roncovieri, Schmidt, Shannon, Uhl—7.

### Ordinance Refused Passage.

Whereupon, Supervisor Mead moved that the ordinance be passed for second reading as recommended by the Joint Committee, and the roll was called and the ordinance *refused passage* by the following vote:

Ayes—Supervisors Mead, Roncovieri, Uhl—3.

Noes—Supervisors Brown, Colman, Havenner, McSheehy, Meyer, Ratto, Schmidt, Shannon—8.

### *Explanation of Vote.*

Supervisor Roncovieri explained his vote by saying that he considered the ordinance a reasonable one. I would be ready to vote *aye* were it not that I feel that the Street Traffic Advisory Board provided for in the Charter should, in company with the Chief of the Fire Department,

grant these permits. The Fire Chief says there is no fire hazard, so the only matter for consideration is the traffic menace.

**Amendment Carried.**

Thereupon, Supervisor Brown, seconded by Supervisor Shannon, moved to amend Section 2, Paragraph 1, as follows:

Section 2—Permits. It shall be unlawful for any person, firm, company or corporation hereafter to establish, operate or maintain a gasoline supply station within the limits of the City and County of San Francisco, where more than one quart of gasoline is stored or kept, without first obtaining a permit therefor from the Chief Engineer of the Fire Department in accordance with the provisions of the ordinance establishing procedure by Departments and Officers for the issuance, transfer and revocation of permits and licenses, and appeals based thereon; provided, however, that the Chief Engineer of the Fire Department shall not grant or issue any permit to establish, construct, operate or maintain a gasoline supply station upon any lot, wharf, pier or other premises, the nearest point of the property line of which shall come within 200 feet of any point on the property line of any hospital or within 60 feet of the nearest point on the property line of any church or theatre *or within* 150 *feet of any entrance of any school, said measurements to be taken in a straight line between the nearest property line of the hospital, church or theatre and the nearest property line of the gasoline supply station and between the nearest entrance to any school and the nearest property line of the gasoline supply station, provided, however, that in no event shall the nearest property line of any gasoline supply station be within* 100 *feet of the nearest property line of any school.*

Amendment *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors Havenner, Schmidt, Uhl—3.

**Passed for Second Reading.**

Whereupon, Bill No. 974, as amended was *passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—8.

Noes—Supervisors Havenner, Schmidt, Uhl—3.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

### In Memoriam: "Annie Laurie" (Winifred Black Bonfils).

(Code No. 5.91)

Supervisor Havenner presented:

Resolution No. 2597, as follows:

Sorrow weighs heavily upon all San Francisco because of the death of Winifred Black Bonfils, "Annie Laurie." For nearly half a century she gave all her superb talent to her beloved city by the Golden Gate.

In her life work here "Annie Laurie" won and kept the love and gratitude of men, women and children of all religions—and no religion. She ennobled her newspaper work with womanly dignity, sympathy and tolerance for the unfortunate.

She hated vice, deceit and sham in social and public places, and scourged evildoers with unsparing lash.

"Annie Laurie" was the heart of San Francisco; full of courage, fortitude, generosity and charity. No one in all the history of San Francisco lived a more gloriously self sacrificing life, or left as enduring a love and affection in the memories of our people.

It is fitting that the City should pause in thanks and veneration that

"Annie Laurie" made her home here and gave so unsparingly of her heart and soul that this shall continue to be the San Francisco she loved so dearly.

The Board of Supervisors in hushed and humbled spirit adjourns this day in honor of a great and noble woman, "Annie Laurie."

On motion of President Franck R. Havenner, adopted by rising vote, Board of Supervisors, San Francisco, May 25, 1936.

### Supervisor Brown Renews Requests for City Attorney's Opinions.

Supervisor Brown renewed a previous request for opinions from the City Attorney, as follows:

1. Question of ownership of rights of way, Golden Gate Bridge approach roads in the Presidio;

2. Whether the sale of gasoline to drunken drivers can be prohibited by ordinance;

3. Liability of boards, officials or employees of the City and County for property damaged or destroyed by insured automobiles.

### Supervisor Colman to Represent San Francisco Officially Before Interstate Commerce Commission.

Supervisor Shannon moved that Supervisor Jesse Colman is hereby authorized to represent officially the City and County of San Francisco before the Interstate Commerce Commission in Washington, D. C., in the matter of the adoption of Resolution No. 2350, endorsing the application of the Transcontinental and Western Air, Incorporated, to establish air passage and express service between San Francisco and Albuquerque, New Mexico.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—11.

### Duplication of Publicity, Redwood Empire Association and State Chamber of Commerce.

The President of the Board, on motion by Supervisor Roncovieri, referred to the Finance Committee for investigation the question of duplication of functions, publicity, etc., by the State Chamber of Commerce, heretofore performed by the Redwood Empire Association.

### Old Age Pensions.

Supervisor Uhl requested that Miss Schenk, County Welfare Department, be present at the next meeting of the Board, at 2:30 p. m., to answer questions regarding delay in payment of old age pensions. Supervisor Uhl is to prepare memorandum of what he wants.

### Fire Prevention Legislation.

Supervisor Uhl, seconded by Supervisor Schmidt, moved that the City Attorney be requested to prepare legislation for presentation to the Board at its next meeting, without fail, for the prevention of fire hazards.

Motion *carried*.

### Committee Meetings Announced.

Fire, Safety and Police, May 29, 10 a. m.
Education, Parks and Recreation, May 29, 3 p. m.
Public Utilities, May 27, 10 a. m.
Public Welfare (cemetery removal) May 26, 4 p. m.

### Presentation of Salary Ordinance.

The following was presented and read by the Clerk:

Communication from Civil Service Commission, advising that it expects to present Annual Salary Ordinance for 1936-1937 in time for next Monday's meeting. It is not possible to present it before this time because there are many items of classification involved which must be acted upon before ordinance is ready for the Board of Supervisors.

*Ordered filed.*

### Amendment to Building Law Re Chimneys, Flues and Vents.

Supervisor Brown presented:

Communication from Gas Appliance Society of California, submitting proposed amendments to Ordinance No. 1008 (New Series), having particular reference to chimneys, flues and vents.

*Referred to Public Buildings Committee.*

### Set-Back Line, Nineteenth Avenue.

The following was presented and read by the Clerk:

Communication from City Planning Commission, transmitting for approval of Board of Supervisors Resolution No. 1439 of City Planning Commission, establishing on its own motion a building set-back line of 30 feet along the westerly side of Nineteenth avenue between Lincoln way and Irving.

*Referred to Public Building Committee.*

### Paying Obligations of Market Street Railway.

Supervisor Havenner referred to motion made by himself at last meeting and referred to the Public Utilities Committee that the City Attorney bring action against the Market Street Railway Company to bring about the fulfilment of its paving obligations.

He presented communication from the City Engineer estimating the amount of work that Market Street Railway has done and is still obligated to do under its franchises, which was *referred to Public Utilities Committee.*

### Shamrock Fire.

Supervisor Uhl called attention to criticism of the Board of Supervisors in San Francisco newspaper editorials for the disastrous fire at the Shamrock Night Club and disclaimed any responsibility as far as the Board of Supervisors was concerned and moved that the City Attorney be requested to draw an ordinance which will take care of similar situations, said ordinance to be here for the next meeting of the Board.

*So ordered.*

### Redwood Empire Association Meeting at Willits.

Supervisor Ratto declared that the Supervisors' Unit of the Redwood Empire Association is going to meet at Willits Wednesday morning and asked that a committee representing San Francisco be appointed by the Chair.

*Supervisor Ratto appointed.*

Absent—Supervisors Brown, Colman, Schmidt, Shannon—4.

**Regulating Admission to San Francisco Hospital and Allied Institutions and Establishing Procedure for Fixing and Collecting Fees.**

(Code No. 18.01)

On recommendation of Public Health Committee.

Bill No. 1000, Ordinance No. 18.012, as follows:

Providing for and establishing the procedure for the admission of patients to the San Francisco Hospital, including the Isolation Division and the Hassler Health Home; and establishing the method for determining, fixing, and collecting reasonable charges for the care and treatment of certain persons.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There shall be admitted to the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, the following:

a. An indigent sick person of the City and County of San Francisco who possesses the required residence qualifications, upon application and after investigation and approval by the Director of Health;

b. A psychopath, narcotic addict or habitual inebriate temporarily in custody;

c. Physically defective and physically handicapped person under the age of eighteen years when the parents or guardian of such person are not financially able to secure proper care or treatment and when such person's admission and treatment has been duly authorized in the manner provided by law;

d. A prisoner confined to the City or County Jail who requires medical or surgical treatment necessitating hospitalization where such treatment cannot be furnished or supplied at such jail when any Court of the City and County shall have ordered the removal of such prisoner to the City and County hospital (and said prisoner elects not to furnish such treatment at his own expense);

e. A dependent, or partially dependent, poor sick person, who possesses the required residential qualifications;

f. A person in need of immediate hospitalization on account of accident or sudden sickness or injury or by reason of sickness or injury caused by or arising in a sudden public emergency or calamity or disaster;

g. A person in the active stages of tuberculosis, in wards established for the treatment of such persons;

h. A person to be quarantined or isolated in the City and County hospital with a contagious, communicable or infectious disease;

i. An expectant mother who is unable to pay for her care and the cost of her maintenance; (and care shall be paid by and be a proper charge against the County of her residence);

j. An indigent sick or dependent poor person from another county which lacks the proper facilities for the caring of such patients; (and care shall be paid by and be a proper charge against the county of which said person is a resident);

k. A City and County employee injured in the course of his employment by the City and County when hospitalization is reasonably required to cure and relieve the effects of such injury;

l. A person sent by the Immigration authorities of the United States Government (under such conditions as may be contracted for between the Director of Health and the United States Government);

m. Provided, nothing in this section shall be construed as restraining the Director of Health from obeying or carrying out or giving effect to any law that may exist or be hereafter passed, relating to the hospitalization of patients in County hospitals which may affect the San Francisco Hospital, including the Isolation Division and the Hassler Health Home.

Section 2. All persons admitted or committed to the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, under the provisions of subdivisions (c), (e), (f), (g), and (h) of Section 1 hereof, shall be investigated by the Director of Health, who shall determine the financial ability of such persons to pay, in whole or in part, either directly or through relatives legally obligated to pay in whole or in part for the institutional service rendered.

Section 3. The Director of Public Health shall bill every person legally obligated for institutional service rendered in the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, on the basis of the rates to be established as hereinafter provided, and to the extent of their ability to pay, in whole or in part, either directly or through relatives legally obligated to pay in whole or in part, as determined under Section 2 hereof.

Section 4. The care of all persons admitted to the several institutions enumerated herein under the provisions of subdivisions (i) and (j) of Section 1 hereof, shall be billed to the county of their residence for such services by the Director of Health on the basis of the rates to be established as hereinafter provided.

Section 5. The care of all persons admitted to the several institutions enumerated herein under the provisions of subdivision (k) of Section 1 hereof, shall be billed to the Workmen's Compensation Division of the San Francisco Employees' Retirement System.

Section 6. The Director of Health on or before the 15th day of July in each year shall compute the per diem cost of maintaining and caring for each class of persons at the San Francisco Hospital, including the Isolation Division and the Hassler Health Home.

The said computation of per diem costs with respect to each class of persons cared for in each institution shall be based on the following formula: "Total Expenses Divided by the Total Number of Patient Days." Total expenses shall include all elements of cost and expenses exclusive of taxes which are enumerated in the uniform classification of accounts contained in the "Hospital Accounting and Statistics," published by the American Hospital Association in May, 1935.

Section 7. The Director of Health shall report his said findings to the Chief Administrative Officer who shall examine the same and transmit the same with his approval, together with such suggestions and amendments as he may see fit, to the Board of Supervisors not later than the 20th day of July.

Section 8. The Board of Supervisors shall, not later than the last Monday in August, with the recommendation of the Controller, determine and fix by resolution the proper and reasonable amounts to be charged to said persons when said persons by themselves or through relatives are legally obligated and able to pay in whole or in part for said institutional care.

Rates and charges so fixed by resolution shall remain effective until new rates and charges are fixed as in this ordinance provided.

The resolution determining and fixing said rates or charges shall constitute prima facie evidence of the reasonableness of said rates or charges.

Section 9. Pursuant to Section 64 of the Charter, the Controller shall prescribe the forms, methods and procedure to be followed in billing said persons or their relatives under this ordinance.

Section 10. Every person who knowingly, fraudulently and designedly conceals or withholds any information concerning his financial condition or means or ability to pay, or who knowingly makes or causes to be made, either directly or indirectly or through any agency whatsoever, any false statement in writing, with intent that it shall be relied upon, respecting the financial condition or means or ability to pay, of himself or any other person in whom he is interested, or for whom he is acting, for the purpose of gaining admission to and receiving care and treatment in the San Francisco Hospital, including the Isolation Division and the Hassler Health Home, shall be guilty of a misdemeanor, punishable by a fine of not more than five hundred dollars, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment.

Said person, in addition to the penalties hereinabove set forth, shall be billed by the institution rendering said services for the full amount of the cost of such institutional care and treatment, thus fraudulently obtained, in accordance with the basic rates, legally established and determined therefor.

Section 11. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 12. Bill No 703, Ordinance 18.011 is hereby repealed.

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Absent—Supervisors Brown, Colman, Schmidt, Shannon—4.

**Creating Underground District, Sixth Street Between Folsom and Bryant Streets.**

(Code No. 11.12)

On recommendation of Streets Committee.

Bill No. 991, Ordinance No. 11.1216, as follows:

Amending Order No. 214 (Second Series), entitled "Providing for Placing Wires and Conduits Underground in the City and County of San Francisco," by adding a new section to be known as Section MMM.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Order No. 214 (Second Series), the title of which is recited above, is hereby amended by adding a new section to be known as Section MMM.

Section MMM. An additional district to those heretofore described, within which it shall be unlawful to maintain poles and overhead wires except trolley poles and wires, after Sixth street between Folsom street and Bryant street is improved by widening, is hereby designated, to-wit:

Underground District No. 79, Sixth street from the north line of Folsom street to the north line of Bryant street.

Absent—Supervisors Brown, Colman, Schmidt, Shannon—4.

**Appropriating $67,031 for the Care of Indigent Sick and Dependent Poor of San Francisco for the Month of June, 1936.**

(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 1005, Ordinance No. 9.051266, as follows:

Appropriating $67,031 to the Citizens' Relief Committee for meeting the expense of caring for the indigent sick and dependent poor of the City and County of San Francisco for the month of June, 1936, and authorizing a portion of said sum to pay the necessary compensations for the administration and distribution of said relief.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $67,031 is hereby appropriated out of such funds as may be available for the purpose of caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco for the month of June, 1936.

Section 2. Said appropriation is made for the purpose of caring for the indigent sick and dependent poor of said City and County and for the purpose of paying compensations of the positions necessary for the administration and distribution of such relief, which positions and compensations are fixed by the Citizens' Relief Committee and approved by the Civil Service Commission are hereby authorized and established and/or continued subject to the provisions of Resolution No. 1942, heretofore adopted by the Board of Supervisors.

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Absent—Supervisors Brown, Colman, Schmidt, Shannon—4.

**Final Passage.**

The following appropriation bill was *finally passed* by the following vote:

BILL NO. 982, ORDINANCE NO. 9.051259 (Code No. 9.051), as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES OF THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1937.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1937, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, subject to the limitations of the Charter and as provided herein.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department, in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further, that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

Items of proposed expenditure that are designated herein as appropriated for the use of a department only to the extent that fees or other revenues are collectible therefor shall be subject to limitation by the Controller to the amount of actual receipts or collections.

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by this Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstance which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Sections 79 and 80 of the Charter, or by transfer as provided by Sections 77 and 90 of the Charter.

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of, and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation and shall investigate and report upon the necessity of the position to the Mayor, and the Mayor shall approve.

Appointing officers shall not make appointments to seasonable or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from, each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding revenues collected in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board, or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

## ANNUAL SALARY ORDINANCE.

(Code No. 9.053)

On recommendation of Finance Committee.

Bill No. 1011, Ordinance No. 9.05380, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1937; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1937. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established; provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated, but no appointment to such temporary or seasonal position shall be made until the Controller shall certify that funds are available and no such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor or the Controller, the Civil Service Commission may investigate and report on the necessity for such temporary or seasonal services.

In the event of a vacancy occurring in a permanent position herein enumerated the Controller and the Civil Service Commission shall be notified of such vacancy by the appointing officer. No appointment to such vacancy shall be made until the Civil Service Commission shall investigate and report to the Mayor on the necessity for such position, and unless approved by the Mayor and unless the Controller shall certify to the availability of funds.

Inasmuch as Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions, any change hereafter made by the Civil Service Commission during the fiscal year 1936-37 in the class title or number of the classification of the duties of a position herein enumerated shall not be deemed an action requiring amendment of this ordinance, provided no change in number of positions or salaries of such positions or the creation of a new position are involved, but shall be deemed merely a clerical procedure and such change of class title and class number and the date thereof shall be reported to the Clerk of the Board of Supervisors, the Controller and the department concerned.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective

positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, or as such proposed schedule may be amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after lay-off or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided.

Charges for any and all maintenance furnished employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on time rolls and pay rolls, and deductions for such maintenance shall be indicated and made on time rolls and pay rolls in accordance with the schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

The letters B., R. & L. used in this ordinance to indicate deduction shall be construed to mean Board, Room or House and Laundry and deductions made in accordance with the schedule fixed by the Civil Service Commission for such accommodations.

**Authorizing Transfer of Certain City Land for Widening Bay Street.**

(Code No. 12.175)

Also, Resolution No. 2610, as follows:

Whereas, pursuant to Ordinance No. 12.1751, Bill No. 589, the Department of Public Works requested the Mayor to arrange for transferring a portion of the Funston Playground to said department for widening Bay street, which land is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Beginning at the point of intersection of the westerly line of Laguna street and the southerly line of Bay street; thence westerly along said line of Bay street, 1372.50 feet to the easterly line of Fillmore street; thence at right angles southerly along said line of Fillmore street 51.250 feet; thence northeasterly on the arc of a curve to the right, tangent to said line of Fillmore street, radius 20 feet, central angle 90 degrees, 31.416 feet to tangency with a line parallel with and 31.250 feet at right angles southerly from the southerly line of Bay street; thence easterly along said parallel line, 1332.50 feet; thence southeasterly on the arc of a curve to the right, tangent to the preceding course, radius 20 feet, central angle 90 degrees, 31.416 feet to tangency with the westerly line of Laguna street; thence northerly along said line of Laguna street, 51.250 feet to the southerly line of Bay street and the point of beginning.

Whereas, the Director of Property has reported to the Mayor that the above described land can be advantageously used by the Department of Public Works for street purposes; and

Whereas, the Board of Education and the Recreation Department have consented to the use of said land for street purposes; and

Whereas, Bay street is to be improved without any expense to the Board of Education and the Recreation Department, and such improvement will benefit and increase the value of the remaining portion of the playground, which benefit will equal or exceed the value of the above described land; and

Whereas, the Mayor has recommended that said transfer be made; now, therefore, be it

Resolved, That the control of the above described land be and is hereby transferred from the Board of Education and the Recreation Department to the Department of Public Works.

**Electrification and Extension of Southern Pacific Peninsula Lines.**

(Code No. 15.092)

The following recommendation of Public Utilities Committee was taken up:

Resolution No. 2560, as follows:

Whereas, during the past decade the trend of San Franciscans seeking suburban homes has been down the peninsula; and

Whereas, it is conceded improved transportation facilities to the East Bay will, upon completion of the San Francisco-Oakland Bay Bridge, tend to induce San Franciscans seeking suburban homes, to move to the East Bay; and

Whereas, it is for the best interests of San Francisco and her citizens that San Franciscans *should not* move to the East Bay, where they will practically be alienated from San Francisco; and

Whereas, to overcome San Francisco moving to the East Bay because of superior interurban service, it is necessary that the Southern Pacific Company improve its service, not alone down the peninsula as far down as Palo Alto, but also to Marin County; and

Whereas, a decided advantage will be enjoyed by the interurban trains to East Oakland due to the fact that the interurban depot will be within walking distance of suburbanites, and with a view of meeting this situation; be it

Resolved, That the Clerk of the Board of Supervisors address a letter to the Southern Pacific Company, asking the Southern Pacific Company: "Will the Southern Pacific Company, at this time, consider favorably electrifying their lines to Palo Alto and extending said lines to Howard and Second streets in San Francisco?"

**Amendment.**

Supervisor Shannon moved that the last paragraph be amended to read as follows:

"Resolved, That the Clerk of the Board of Supervisors forward to the Southern Pacific Company, the following: 'Will the Southern Pacific Company at this time consider favorably the establishment of an electric suburban railway service from Second and Howard streets in San Francisco to Palo Alto?' "

Amendment *carried* without objection.

**Adopted.**

Whereupon, the resolution, as amended, was *adopted* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Absent—Supervisors Brown, Colman, Schmidt—3.

**Leave of Absence—Philip L. Bush, Member Board of Education.**

(Code No. 4.053)

On recommendation of his Honor the Mayor.

**Agreement With Market Street Railway Company for Abandonment of Tracks on Sixth, Taylor and Post Streets.**

(Code No. 15.091)

On recommendation of Public Utilities Committee.

Resolution No. 2613, as follows:

Whereas, Market Street Railway Company is the owner and holder of an operating permit wherein and whereby said company maintains certain street railway tracks and operates certain electric railway cars over and on Sixth street from Mission street northerly to Market street, thence over and across Market street to Taylor street, thence

over and along Taylor street to Post street; and said Market Street Railway Company is also the owner of a certain franchise heretofore granted by the City and County of San Francisco under the authority of which said Market Street Railway Company maintains certain railroad tracks on Post street from its intersection with Leavenworth street easterly to Montgomery street and under and by virtue of said franchise operates electric railway cars over said tracks; and

Whereas, it appears to the Board of Supervisors of the City and County of San Francisco that it is necessary to widen the roadway of Taylor street from Market street to Post street and to remove said railway tracks thereon in order to meet the increase traffic conditions over and on said Taylor street; and it further appearing that the franchise under and by virtue of which said Market Street Railway Company maintains its said tracks on Post street from Leavenworth street to Market street will expire on December 26, 1936, and that thereafter said Market Street Railway Company will not maintain said tracks or operate cars over and along said portion of Post street; and

Whereas, it appears that public interest will not be injured or suffer by the abandonment of said railway tracks on Sixth street from Mission street to Market street and over and across Market street, and on Taylor street from Market street to Post street; now, therefore, be it

Resolved, That the City and County of San Francisco enter into an agreement with the Market Street Railway Company, wherein and whereby the said company will agree to petition the Board of Supervisors of the City and County of San Francisco and request authority to abandon its railway tracks on Sixth street from Mission street to Market street and over and across Market street to Taylor street and over and along Taylor street from Market street to Post street and to discontinue said railway service over and along said streets; and

That when the Board of Supervisors of the City and County shall, by ordinance, permit the abandonment of said tracks and the discontinuance of said street railway service over the same, said Market Street Railway Company will, at its own cost and expense, remove said railway tracks from said streets, including the crossings where said tracks intersect other lines of said Market Street Railway Company, and also, at its own expense, remove all trolley poles and wires from said streets, and that, in addition thereto, said Market Street Railway Company will, upon the expiration of its franchise, remove the railway tracks and trolley poles which it now maintains on Post street between Leavenworth street and Montgomery street;

That in and by said agreement the City and County of San Francisco will agree to repave such portions of said streets from which the tracks shall have been removed at its own cost and expense;

That said agreement shall also provide that said tracks on Sixth street from Mission street to Market street and over and across Market street to Taylor street and over and along Taylor street, shall be removed on demand of the Director of Public Works of the City and County of San Francisco at any time after permission is granted by the Board of Supervisors to abandon service on said streets and that said tracks will be removed on Post street on demand of the Director of Public Works at any time after the expiration of the franchise of said Market Street Railway Company to operate cars over and on said portions of Post street above mentioned; be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors be, and they are, hereby authorized to execute this agreement for and on behalf of the City and County of San Francisco.

*Adopted* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Absent—Supervisors Brown, Colman, Schmidt—3.

**Death of Charles R. Perkins, Director Redwood Empire Association.**

(Code No. 5.91)

Supervisor Ratto presented:

Resolution No. 2614, as follows:

Whereas, Charles R. Perkins, of Fort Bragg, California, has been called to his heavenly rest; and

Whereas, Mr. Perkins, in his lifetime, accomplished great and lasting good for the County of Mendocino, through his civic activities; and

Whereas, Mr. Perkins, as Director of the Redwood Empire Association, worked with untiring and relentless effort for the development of all that territory which the Empire embraces; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco notes with deep and sincere regret the passing of the beloved and esteemed Charles R. Perkins and expresses its heartfelt condolences to the members of his family; and be it

Further Resolved, That when this Board of Supervisors adjourns, it does so out of respect to the memory of Charles R. Perkins.

*Adopted unanimously* by rising vote.

**In Memoriam: William H. Leahy.**

(Code No. 5.91)

Supervisor Shannon presented:

Resolution No. 2616, as follows:

Whereas, the Board of Supervisors learns with profound sorrow of the death of William H. Leahy, noted musical producer and leader of grand opera productions at the old Tivoli Opera House; now, therefore, be it

Resolved, That the Board of Supervisors does hereby publicly express its sincere regrets at the passing of William H. Leahy and extends its sympathy to the family of the deceased; and be it

Further Resolved, That the Board adjourn out of respect to the memory of William H. Leahy and the Clerk transmit a copy of this resolution to his family.

*Adopted unanimously* by rising vote.

**Mayor to Appropriate Moneys Necessary for Report by Public Utilities Commission, Re Rapid Transit by Elevated System.**

(Code No. 15.091)

Supervisor Uhl presented:

Resolution No. 2615, as follows:

Whereas, the Board of Supervisors voted an appropriation of $25,000 for a report covering rapid transit; and

Whereas, the Public Utilities Commission, by its Manager of Utilities E. G. Cahill has submitted a report covering rapid transit via a subway, but has failed to present an alternate plan covering an elevated system; and

Whereas, M. M. O'Shaughnessy, in his report of 1929, on page 174 thereof, stated:

"For a number of years plans have been formulating for a rapid transit line parallel and south of Market street, connecting with Capp street into the Mission District. This would involve the widening of Capp street and would provide a rapid transit service between the thickly-populated Mission District and points adjacent to the business district, and at the same time connect with the proposed Transbay Bridge Terminal Loop."

B. M. Rastall in his report on rapid transit problems to the San Francisco Chamber of Commerce in 1934 reported as follows on page 19 thereof:

"We have already seen that badly needed relief of Market street; the necessity for assuring balanced development; and slow, crowded, service to the western and southern suburbs combined to the point the immediate necessity for rapid transit relief. If this rapid transit system can be made to serve the bridge also, giving as extensive a service on this side as on the East Bay another important objective will be reached.

The first solution is in a combination surface-elevated line so located as to take traffic from and feed to the Bay Bridge; also to handle business from the congested area along Market street; the Mission District, the whole western area via Twin Peaks and Sunset Tunnels and the southern area via the Southern Pacific System.

*Minna Street Elevated.*

From the bridge terminal at Second street, the rapid transit elevated lines would continue up Minna street to the stations at Fifth or Sixth and at Eleventh or Twelfth streets. "The Eleventh street station would serve Van Ness avenue, upper Market and the Mission District with street-car transfers to that section."

Bion J. Arnold in his report to the San Mateo County Planning Commission, under date of October 11, 1934, stated in part as follows:

"At that time, I directed attention to Minna street as a possible entrance to the down town district for trains or cars coming from the west on an elevated structure built on this street, but only as supplemental to or possibly in advance of the Market street subway"; and

Whereas, an elevated system will at minimum cost provide rapid transit; and

Whereas, an elevated system has been urged by organizations; and

Whereas, citizens will inquire what consideration has been given an elevated system; now, therefore, be it

Resolved, That the Public Utilities Commission furnish the Board of Supervisors a report covering an elevated system, which will provide rapid transit where necessary in San Francisco; and be it

Further Resolved, That the Mayor be requested to appropriate the necessary monies from his Emergency Fund to cover the cost of the said report.

**Motion.**

Supervisor Uhl, seconded by Supervisor Ratto moved that the foregoing resolution be considered next Monday in Committee of the Whole.

**Authorizing Sale of City Property on Portola Drive Near Twenty-fourth Street, San Francisco.**

(Code No. 12.1729)

On recommendation of Finance Committee.

Also, Bill No. 1009, Ordinance No. 12.17295, as follows:

Authorizing sale of city property on Portola drive near Twenty-fourth street, San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Department of Public Works, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described real property situated in the City and County of San Francisco, State of California, which land is owned by the City and County of San Francisco, a municipal corporation, and is under the control of the Department of Public Works:

Beginning at a point distant 170 feet at right angles southerly from the southerly line of Twenty-fourth street and 196.346 feet at right angles westerly from the westerly line of Burnham street; thence westerly, parallel with said line of Twenty-fourth street, 6.804 feet to the proposed easterly line of Portola drive; thence southerly along said proposed line, on the arc of a curve to the right, whose tangent deflects 113 degrees 44 minutes 35 seconds to the left from the preceding course, radius 500 feet, central angle 13 degrees 48 minutes 06 sec-

No basement shall be allowed in any building or structure erected or maintained as a gasoline supply station.

A gasoline supply station shall not be maintained in any building that is occupied in any part for any other purpose than that necessary for the operation of a gasoline supply station and for such services as are by this ordinance specifically permitted in conjunction therewith, unless said building is of Class A or B construction; provided, however, that no gasoline supply station shall be maintained in any building that is occupied in any part as a church, school, hospital, theatre, hotel, apartment house, tenement house or place of public assemblage. The portion occupied as a gasoline supply station shall have no entrance, exit or other opening of any kind whatsoever into other parts of the building not so occupied. All walls separating such portion occupied as a gasoline supply station from the remainder of the building shall be of masonry. The floors which constitute the ceiling of such gasoline supply station shall be of reinforced concrete slabs not less than four (4) inches thick, supported by concrete fireproofed carrying units of the frame. All such slabs shall be reinforced so as to develop their full strength to resist upward pressures. No basement shall be permitted in any portion of a building or structure that is occupied or is so constructed as to be occupied as a gasoline supply station.

Where a gasoline supply station is erected or maintained in a building of Class A or B construction, any portion of which is used for other occupancies than those specifically permitted by the provisions of this ordinance, proper ventilation and a free circulation of air shall be provided, either by the installation of ventilating outlets in the outer walls of such buildings or by means of a mechanical exhaust ventilating system, as in the judgment of the Fire Department and/or the Department of Public Health may be required.

The size, number and location of ventilating outlets, when required, shall be determined by the Fire Department and/or the Department of Public Health, and the top of same shall be not more than eighteen (18) inches above the floor. Such outlets shall be protected with galvanized wire rods not less than three-eighths (⅜) inch in diameter so as to provide an opening of one-half (½) inch mesh. Protections of ornamental design may be used, provided they have the strength equal to that of the rods. All protections shall be firmly anchored in or secured to their supports.

Mechanical exhaust ventilating system, when required, shall consist of power driven exhaust fan or fans of the positive centrifugal type and shall have sufficient capacity to exhaust a quantity of air equal to not less than six times the cubic contents of the space occupied as such gasoline supply station each hour. This mechanical exhaust shall be drawn from a point not more than eighteen (18) inches above the floor line and shall be evenly distributed over the entire area of such space. The fan discharge shall be taken to a point above the roof of the building or to outer air at a point not less than twenty (20) feet from any window or other opening in the building or any adjoining building, but in no event shall the fan discharge be taken to an inner court.

Section 4. Permit for gasoline and appliances used in connection with gasoline: The storing or keeping of gasoline or the installation, erection, alteration, replacement, repair or use of any gasoline pump, underground gasoline tank, pipe, appliances or devices used in connection with the storage or handling of gasoline at a gasoline supply station, shall not be undertaken until a permit has been granted by the Fire Marshal. The Fire Marshal may refuse to grant and may revoke such permit for noncompliance with the provisions of this ordinance.

Section 5. Quantity of gasoline that may be stored: Not more than two (2) approved portable filling tanks containing not more than fifty (50) gallons of gasoline each may be stored or kept above ground in or for any one gasoline supply station.

Gasoline may also be stored or kept for a gasoline supply station in approved underground tanks. Not more than five thousand (5,000) gallons of gasoline in the aggregate shall be stored or kept underground and no tank shall have a capacity greater than one thousand (1,000) gallons.

Section 6. Installation Requirements: (a) All underground gasoline tanks shall be placed outside of buildings and under the sidewalk area in a location designated by the Fire Marshal. The top of such tanks shall be at least four (4) feet below the sidewalk or grade and the space between the top of tanks and the sidewalk or grade shall be filled with earth.

(b) Where two (2) or more underground tanks are installed there shall be an approved concrete dividing wall of not less than twelve (12) inches in thickness or three (3) feet of earth between each tank.

(c) All underground tanks shall set on a firm foundation and, where water is encountered, tanks shall be placed in an approved water-tight concrete enclosure.

(d) Each underground tank shall have a separate filling pipe extending up to the sidewalk or grade, equipped with a cover and a metal plate flush with the sidewalk or grade. The filling pipe shall be of a diameter not larger than three (3) inches.

(e) Each underground tank shall have a separate vent pipe extending out of the top of the tank to a height of not less than twelve (12) feet above the opening of the filling pipe and capped with an approved fitting. The vent pipe shall be on the outside of the buildings and terminate as far away as possible from any window or other building opening. The inside diameter of vent pipes shall not be less than one and one-quarter (1¼) inches, nor more than two (2) inches.

(f) All pipes shall be at least twelve (12) inches underground, shall have a fall toward the tank, shall be free of traps, sags or pockets, and shall be standard, full weight, galvanized iron, or equivalent.

(g) Gasoline shall be taken from underground tanks by means of approved pumps only, which shall be installed in locations designated by the Fire Marshal. No gravity, siphon or pressure system shall be used to take gasoline from any underground tank.

(h) Tanks and pipes shall not be covered until an inspection has been made by the Fire Marshal and permission to do so has been granted by said officer. The Fire Marshal shall be notified when the installation is complete and ready for inspection.

Section 7. Miscellaneous Safety Provisions: (a) Underground tanks shall be filled only through a hose connected to a vehicle used for the transportation of gasoline, leading through continuous metal fittings and connections, properly grounded to and into the filling pipe of underground tanks, or by an approved bucket, or other method approved by the Fire Marshal.

(b) The fuel tank of an automobile shall be filled only through a hose connected to a pump of a portable filling tank or underground tank.

(c) Gasoline shall not be kept or conveyed in open receptacles in or about the premises of a gasoline supply station, shall not be used for cleaning purposes and shall be stored or kept only in portable filling tanks or underground tanks. The storage or sale of gasoline or any inflammable liquid that will flash or emit an inflammable vapor below the temperature of one hundred ten (110) degrees Fahrenheit in glass bottles or other breakable containers is prohibited.

(d) All combustible waste and rubbish shall be kept at all times in metal receptacles fitted with a tight cover until removed from the premises. Gasoline, oils, grease or inflammable liquid of any kind shall not be allowed to flow or be placed into the drainage system. Oil and grease shall not be allowed to accumulate on the floor. Sawdust shall not be kept and sawdust or other combustible material shall not be used to absorb oil, grease or gasoline.

(e) Smoking is prohibited in or about the premises of a gasoline

supply station and the motor of an automobile shall not be in motion while filling the fuel tank with gasoline. Notice to that effect shall be conspicuously posted as required by the Fire Marshal.

(f) All waste oil (crankcase drainings) shall be kept in an approved underground tank, installed as required by the Fire Marshal.

(g) No stove, forge, torch, furnace, heating apparatus, flame, fire or other apparatus, device or equipment which the Fire Marshal shall deem to be hazardous, shall be maintained or kept in or about the premises of a gasoline supply station unless approved by the Fire Marshal.

(h) The Fire Marshal shall have and is hereby vested with authority to make reasonable and necessary rules and regulations not inconsistent with the provisions hereof, respecting the use, operation, maintenance and construction of any appliance, device, apparatus, or equipment used in connection with gasoline, to carry into effect the intents and purposes of this ordinance.

(i) All electric motors or devices capable of emitting an exposed spark shall be located at least four (4) feet above the floor and all electric wiring shall be installed as required by the Department of Electricity. All portable electric lights shall be equipped with keyless sockets and lamp guards.

(j) There shall be maintained at all times in and about the premises of a gasoline supply station such number of approved, fully charged portable fire extinguishers and approved buckets, full at all times of clean, dry sand, as may be required by the Fire Marshal, but in no case shall there be less than two fire extinguishers and two buckets of sand. These appliances shall be installed in places designated by the Fire Marshal.

(k) *When a gasoline supply station is discontinued for a period of more than six months, or is dismantled, the person, firm, association or corporation who was last conducting, maintaining or operating such gasoline supply station shall either remove all underground tanks that were used in connection with such station, or cause the same to be filled with water or other non-inflammable liquid in accordance with the directions of the Fire Marshal.*

Section 8. Services Permitted: The sale of lubricating oils, greases, tires, batteries and other accessories, the cleaning, oiling and greasing of automobiles and the minor servicing and adjusting of brakes and electrical equipment, and the servicing and repairing of tires and batteries, shall be permitted upon any premises used as a gasoline supply station, but no repairs or reconditioning of the chassis, motors, engines, bodies, radiators or fenders of automobiles, motor vehicles, motor boats, launches or other motor propelled vessels, shall be permitted thereon. The storage, keeping or parking of automobiles, motor vehicles, motor boats, launches, etc., upon these premises, excepting as required for the before stated services, shall be prohibited. *All equipment for the washing of automobiles shall be properly housed and said washing conducted in accordance with such rules and regulations as the Chief Engineer of the Fire Department may make regarding the same.*

Section 9. Duties of the Fire Marshal: It shall be the duty of the Fire Marshal to see that the provisions of this ordinance are complied with, and for that purpose he shall have access to any and all premises or buildings used as gasoline supply stations.

Section 10. Penalty: Any person, firm, company or corporation that violates, disobeys or refuses to comply with any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than ten ($10) dollars nor more than fifty ($50) dollars, or by imprisonment in the County Jail for not more than thirty (30) days, or by both such fine and imprisonment, and such person, firm, company or corporation shall be deemed guilty of a separate offense for each and every day that such violation, disobedience or refusal continues and shall be

subject to the penalty imposed by this ordinance for each and every separate offense.

Section 11. Parts of Ordinance No. 2659 (New Series), and Ordinance No. 11.051, together with any section of any other ordinance which is in conflict herewith is hereby repealed.

**Re-referred.**

The following bill was, on motion, *re-referred to the Finance Committee for hearing a week from Friday*:

**Providing for the Reimbursement of City and County of San Francisco for Aid Granted Persons Either Directly or by Institution Care, Etc.**

(Code No. 18.01)

Bill No. 1014, Ordinance No. 18.013, as follows:

Providing for the reimbursement of the City and County of San Francisco for aid granted to persons, either directly or by institutional care, and directing the officer, board or commission giving or granting such aid, either directly or by institutional care, to provide for the reimbursement of the City and County for the amount of aid so granted and directing the taking of obligations from the person or persons receiving said aid for the reimbursement of the City and County for said aid so granted.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Every person who is given or shall receive aid directly or indirectly from public moneys drawn through the Treasury of the City and County of San Francisco shall be liable for the value of said aid so allowed, granted, or given, and the value thereof shall constitute a first lien on all property, real, personal, or mixed, that said person may possess, acquire, or have an interest in.

Section 2. The actual cost of direct or indirect aid shall constitute its value. The Board of Supervisors shall not later than the last Monday of August of each year establish by resolution a basic rate for evaluating institutional care allowed, granted, or given to persons at the Laguna Honda Home, and the rate so established shall constitute prima facie evidence of the reasonableness of said charge and the resulting amount which shall be due to the city and county of San Francisco.

Section 3. As a consideration and as a condition precedent to the allowing, granting or giving of aid, the officer, board or commission charged with the duty of allowing, granting or giving of aid shall take from every person now receiving aid and from every person who may hereafter be allowed, granted, or given aid the following agreement:

"AGREEMENT TO REIMBURSE FOR MONEYS EXPENDED OR AID GRANTED OR GIVEN."

"In consideration of the granting of aid to me by the City and County of San Francisco, and as a condition precedent thereto, I hereby pledge, promise and agree to reimburse and repay said City and County for all sums of money actually expended in my behalf or aid granted or given by the City and County of San Francisco for my care and maintenance, provided I am able to pay for the same in whole or in part, and I further agree that any claim for such moneys expended in my behalf or aid granted or given me by said City and County shall be a preferred claim against me and a first lien on all property now owned or possessed by me or that may hereafter be acquired by me or in my behalf.

"Statute of Limitations is hereby forever waived.

"This agreement is binding upon myself, my heirs, executors, administrators and assigns.

"Dated this.....day of....., 193....

.....

Signature of Applicant in Full Residing at:

"Witness:

..... ......"

Section 4. The Controller of the City and County of San Francisco shall prescribe the procedure governing the evaluation of institutional care at the Laguna Honda Home, the auditing, accounting, reporting and collecting of all obligations arising under this ordinance in accordance with the provisions of Sections 64 and 75 of the Charter.

Section 5. Every person who knowingly, fraudulently or designedly conceals or withholds any information concerning his property or financial condition, means or ability to pay, or who knowingly makes or causes to be made, either directly or indirectly, or through any agency watsoever, any false statement in writing, with intent that it shall be relied upon respecting his property, or financial condition, means or ability to pay of himself or any other person in whom he is interested, or for whom he is acting for the purposes recited in this ordinance, shall be guilty of a misdemeanor punishable by a fine of not more than $500, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment. Such person, in addition to the penalties hereinabove set forth, shall be liable for the full value of the aid thus fraudulently obtained.

**Referred.**

The following bill was *referred to the Finance and Streets Committees*:

**Providing for Engineering Inspection for Certain Work and Improvements and for Payment of Cost and Expense Thereof to City and County of San Francisco.**

(Code No. 3.041)

Bill No. 1015, Ordinance No. 3.04162, as follows:

An ordinance providing engineering inspection for certain work

and improvements and for the payment of the cost and expense thereof to the City and County of San Francisco, and establishing the procedure therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be the duty of the Director of Public Works to cause engineering inspection to be made of:

a. All work and improvements performed under the provisions of Ordinances Nos. 12.0211 and 12.0212.

b. All garbage disposal pursuant to the provisions of Ordinance No. 17.085.

c. All reclamation work within the City and County of San Francisco.

Section 2. It shall be unlawful for any person, firm, or corporation, to make, or cause or permit to be made, any improvement or work as referred to in Section 1 hereof without first securing engineering inspection service from the Director of Public Works.

Section 3. Whenever any person, firm or corporation desires and intends to do any work or make any improvement as described in Section 1 hereof, such person, firm or corporation before performing any such contemplated work, shall in writing request the Director of Public Works to make engineering inspection. The cost of such engineering inspection shall constitute a charge against and be paid for by the person, firm or corporation performing said work or making such improvements in the manner hereinafter provided.

Section 4. Upon such written request being received it shall be the duty of said Director of Public Works to make an estimate of the cost of such engineering inspection, and notify the person making the request the estimated cost thereof.

Section 5. Such person, firm or corporation must thereupon, and prior to the commencement of any work or performance as described in section 1 hereof, deposit the amount of money determined upon as the estimated cost of such inspection with the Director of Public Works.

All moneys paid to the Director of Public Works under the provisions of this ordinance shall be deposited with the Treasurer to the credit of the appropriation for "Engineering Inspection", to be used exclusively to defray the cost of the specific engineering inspection for which it was tendered. When said amount of money is deposited, it shall thereupon be the duty of said Director of Public Works to furnish said engineering inspection.

Section 6. Should the cost and expense of such engineering inspection amount to more than said estimate, the person, firm or corporation concerned shall thereupon be immediately notified and required to make an additional deposit with the Director of Public Works of an amount sufficient to complete the entire cost of said inspection as estimated by the Director of Public Works, which sum when paid shall be deposited as aforesaid, and no further engineering inspection service shall be performed or furnished until such additional deposit is made with the Director of Public Works.

Section 7. Should the cost and expense of such engineering inspection be less than the amount deposited, then the surplus or excess existing in the amount deposited over the total actual cost of such engineering inspection shall be refunded to the person, firm or corporation by whom such funds were originally deposited.

Section 8. The Controller shall prescribe the forms and fiscal procedure under the provisions of this ordinance.

Section 9. This ordinance shall take effect and be in force immediately.

Passed for Second Reading.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Mayor's Veto—Budget Item for Pioneer Home.**

The following was presented and read by the Clerk:

June 4, 1936.

Honorable Board of Supervisors, City Hall, San Francisco.

Gentlemen: I herewith return to you Ordinance No. 9.051259 which constitutes the Annual Appropriation Ordinance for the fiscal year 1936, and which was enacted by you on June 1, 1936, and hereby notify you that I hereby veto and disapprove item designated No. 626.900.00 which reads as follows:

"The sum of $10,000 to be expended as a contribution toward the purchase of property at the northeast corner of Chestnut and Hyde streets, commonly designated as the Humphreys property, which said sum shall be expended only when the balance of the purchase price has been provided by private subscription; and said property shall be conveyed to the City and County of San Francisco by good and sufficient deed and free and clear of all encumbrances; said property to be used for public purposes."

My disapproval of said item goes to the whole thereof, and my reasons for disapproving the same are, that this appropriation would not serve an immediate essential requirement of the people of the City and County, and that the acquisition of the property intended to be acquired through this appropriation, no matter what proportion of the cost thereof is paid by private subscription, will in the future be a burden upon the city, which burden will not be commensurate with the benefits which will flow therefrom.

Furthermore, the acquistion of the property in question will take from the tax roll a very valuable piece of property, which in reality the city does not need at the present time, and thereby reduce the amount of our tax roll accordingly.

At the present time the city is expending more than six hundred thousand dollars per year in the maintenance and conduct of properties similarly acquired.

I am mindful of the sentiment which prompts you to endeavor to acquire this property, but believe that at the present time the spirit of economy in municipal affairs must override sentiment.

With the exception of the item mentioned, your budget ordinance is approved.

Yours very truly,

ANGELO J. ROSSI, Mayor.

### Mayor's Veto Sustained.

The question being put, "Shall the item pass notwithstanding the objection of his Honor the Mayor?" The roll was called and the Mayor's veto *sustained* by the following vote:

Noes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors McSheehy, Schmidt—2.

### Palace Hotel Suit for Assessment Equalization.

The following was presented and read by the Clerk:

Communication from Harold J. Boyd, Chief Assistant Assessor, calling attention to action instituted June 3, 1936, entitled "Palace Hotel Company of San Francisco (a corporation), plaintiff, vs. City and County of San Francisco, defendant."

Ordered *filed*.

### Letter of Thanks.

The following was presented and read by the Clerk:

Communication from Mrs. Felton Taylor, acknowledging with gratitude resolution of the Board of Supervisors condoling the death of her husband, former Secretary of the Public Utilities Commission.

### Corona Heights Playground.

The following was presented and read by the Clerk:

Communication from Josephine D. Randall, Superintendent Recreation Commission, in reply to letter of June 2, informing the Board of Supervisors that the outline of the Corona Heights Playground will be, generally speaking, the entire top of the hill and a frontage of 170 feet on Fifteenth street, and approximately 297 feet on State street. Also advising that the Commission plans to develop the playground area so that it will include a children's apparatus section, general play area and several tennis courts.

*Referred to Education, Parks and Recreation Committee.*

### Grattan School Playground.

The following was presented and read by the Clerk:

Communication from Grattan Parent Teachers Association thanking the Board for $20,000 budget appropriation for the construction of a playground in the Grattan School district.

Ordered *filed.*

### Death of Carl Westerfeld.

President Franck R. Havenner moved the following, which was *adopted by rising vote*:

The Board of Supervisors learned with deepest regret of the passing of Carl Westerfeld.

Carl Westerfeld was one of the outstanding and respected attorneys of San Francisco. He was the descendant of a pioneer family whose identity with San Francisco and California made for the good of the community.

In public affairs Carl Westerfeld took a highly patriotic and active interest; served with distinguished credit on the Fish and Game Commission where he gained and held the friendship and high regard of all with whom he came in contact.

As a member of the bar, he stood among the highest in attainment, character and fidelity to his profession.

The Board of Supervisors today adjourns out of respect to the memory of the late Carl Westerfeld, and extends sympathy to the surviving members of his family.

### Adopted.

The following resolution was *adopted*:

### San Mateo County Requested to Maintain "First Aid" Signs on Highway.

(Code No. 17.12)

Resolution No. 2626, as follows:

Whereas, thousands of San Franciscans use the highways of the Peninsula and particularly in San Mateo County; and

Whereas, many persons involved in automobile accidents in San Mateo County and requiring first-aid treatment have been directed or taken to private hospitals unaware of the emergency hospital service maintained by the county; and

Whereas, the Board of Supervisors of San Francisco learns that these victims of accidents have been required to pay exorbitant costs for first-aid treatment; now, therefore, be it

Resolved, That the Board of Supervisors of San Francisco does hereby respectfully request the Board of Supervisors of San Mateo County to maintain appropriate signs on the highways indicating the location where first-aid treatment may be obtained; and be it

Further Resolved, That the Clerk be directed to transmit a copy of this resolution to the Board of Supervisors of San Mateo County.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—10.

Absent—Supervisor Schmidt—1.

### Increase of Old-Age Pension Recommended.

(Code No. 19.022)

Supervisor Uhl presented:

Resolution No. 2627, as follows:

Whereas, Miss Eugenie Schenk, Director of Welfare, cancelled the old-age pension of J. E. Maxwell; and

Whereas, Mr. Maxwell has, in the past, qualified for and received old-age pension; and

Whereas, Mr. Maxwell is now residing at the International Hotel,

848 Kearny street, and, according to the testimony of Mr. J. V. Goudy and P. A. Malarat, proprietors of said hotel, Mr. Maxwell is of sound mind, good moral character and able to care for himself; and

Whereas, Mr. Maxwell has no other source of income; therefore, be it

Resolved, That the Board of Supervisors recommend to the Social Welfare Committee of the State of California that Mr. Maxwell be accorded old-age pension in the sum of $35 per month.

*Referred to Finance Committee.*

**Mayor to Appoint Citizens' Committee for Hibernians' Centennial.**
(Code No. 5.92)

Supervisor Shannon presented:

Resolution No. 2624, as follows:

Whereas, members of the Ancient Order of Hibernians in the City and County of San Francisco are making preparations to appropriately celebrate on August 22 and 23, 1936, the centennial of the existence of that organization in the United States; and

Whereas, the Ancient Order of Hibernians has, during the past 100 years, loyally and faithfully supported every cause in peace and in war in which the welfare of the United States was involved, giving to American life those cherished ideals of liberty, freedom and democracy; and

Whereas, the ceremonies and exercises to be held will attract to San Francisco thousands of people from all parts of California; and

Whereas, to fittingly celebrate the centennial herein referred to, it is right and proper that the City and County of San Francisco, in its official capacity, cooperate with its citizens in making this celebration the success which it properly merits; now, therefore, be it

Resolved, That the Board of Supervisors hereby requests that the Honorable Angelo J. Rossi, Mayor, appoint a citizens' committee to cooperate with the members of the Ancient Order of Hibernians in making any and all necessary preparations for successful ceremonies and exercises on the dates herein referred to.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—10.

# Annual Salary Ordinance

Fiscal Year Ending June 30, 1937

(Code No. 9.053)

Also, Bill No. 1011, Ordinance No. 9.05380, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1937; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1937. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established; provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated, but no appointment to such temporary or seasonal position shall be made until the Controller shall certify that funds are available and no such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor or the Controller, the Civil Service Commission may investigate and report on the necessity for such temporary or seasonal services.

In the event of a vacancy occurring in a permanent position herein enumerated the Controller and the Civil Service Commission shall be notified of such vacancy by the appointing officer. No appointment to such vacancy shall be made until the Civil Service Commission shall investigate and report to the Mayor on the necessity for such position, and unless approved by the Mayor and unless the Controller shall certify to the availability of funds.

Inasmuch as Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions, any change hereafter made by the Civil Service Commission during the fiscal year 1936-37 in the class title or number of the classification of the duties of a position herein enumerated shall not be deemed an action requiring amendment of this ordinance, provided no change in number of positions or salaries of such positions or the creation of a new position are involved, but shall be deemed merely a clerical procedure and such change of class title and class number and the date thereof shall be reported to the Clerk of the Board of Supervisors, the Controller and the department concerned.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective

positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, or as such proposed schedule may be amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after lay-off or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided.

Charges for any and all maintenance furnished employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on time rolls and pay rolls, and deductions for such maintenance shall be indicated and made on time rolls and pay rolls in accordance with the schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

The letters B., R. & L. used in this ordinance to indicate deduction shall be construed to mean Board, Room or House and Laundry and deductions made in accordance with the schedule fixed by the Civil Service Commission for such accommodations.

**Amendment to Building Law—Chimneys, Flues, Etc.**

(Code No. 11.08)

On recommendation of Public Buildings and Lands Committee.

Bill No. 1034, Ordinance No. 11.0814, as follows:

Amending Sections 242, 251 and 252(B) of Ordinance 1008 (New Series) entitled: "Regulating the construction, erection, enlargement, raising, alteration, repair, removal, maintenance, use and height of buildings; regulating character and use of materials in and for buildings. Establishing fire limits and repealing all ordinances in conflict with this ordinance", and adding a new section thereto to be numbered 245(A), relating to chimneys, flues and vents.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 242, 251 and 252(B) of Ordinance 1008 (New Series), the title of which is recited above, are hereby amended to read as follows:

Section 242. All chimneys and flues hereafter constructed, except as provided in Sections 244, 245, 245(A) and 246 hereof referring to patent chimneys and chimneys, flues or vents for gas appliances, shall be of brick or stone, or may be of concrete when in concrete walls; their enclosing walls shall be not less than four (4) inches thick, and shall, if less than eight (8) inches thick, be lined on the inside with well-burnt clay or terra cotta pipe not less than ¾ of an inch thick for flue linings of the following inside dimensions: 3x7 inches, 3x11½ inches, 7x7 inches and 7x11½ inches, and one inch thick for flue linings of the following inside dimensions: 2½x15 inches, 6½x15 inches, 11x11 inches, 11x15 inches and 15x15 inches. Said lining shall start from the bottom of the flue or the throat of a fireplace, be continuous to the top of the flue, and shall be built in first and bricked around as carried up. Flues where lining is not required by this ordinance shall have the joints struck smooth on the inside, and, if less than eight (8) inches thick, shall be smoothly plastered for the entire height on the outside.

No smoke flue shall be less than 7 by 7 inches in the clear, and such sized flue shall have but one inlet; for two inlets the flue shall be not less than 7 by 11½ inches in the clear; for three inlets not less than 6½ by 15 inches in the clear, and for a larger number of inlets the size shall be increased in same proportion. Flues larger than two hundred square inches and less than five hundred square inches area shall be surrounded by walls not less than eight inches thick; flues larger than five hundred and less than one thousand square inches area shall be surrounded by walls not less than twelve inches thick to a height of fifteen feet above the inlet, and eight inches thick the remaining height; flues larger than one thousand square inches shall be proportionately increased in size and shall be lined with fire brick for at least twenty feet above the inlet.

Bakery oven flues shall be not less than 12 by 12 inches in the clear and shall be surrounded by brick work not less than eight (8) inches thick.

The inside four inches of all boiler flues for boilers of over twenty-five horsepower shall be of fire brick, laid in fire mortar, for a distance of twenty-five feet in any direction from the source of heat.

Chimneys and stacks connected with steam boilers shall extend not less than ten feet above the woodwork of the roof, or any adjacent roof, and if sawdust, shavings or wood are burned, shall extend twenty

feet above such roofs and be provided with a spark arrester. Spark arresters shall be placed upon all chimneys and stacks whenever the Director of Public Works deems it necessary for the safety of property.

Chimneys and flues from boilers, restaurants and hotel ranges, bakers' ovens and similar unusually hot flues, shall have the outside exposed throughout the height of the room in which connection therewith is made, and if plastered shall be plastered directly upon the bricks.

All chimneys having a greater flue area than two hundred and sixty (260) square inches shall be carried up at least ten feet above the highest point of the roof of the building of which they form a part, and ten feet above the highest point of any roof within fifty feet of such chimney.

Where a smoke pipe is to enter a chimney or flue a tile thimble not less than ⅝ of an inch thick shall be placed as construction progresses. Thimbles shall be surrounded by four inches of brick work brought out flush with furring, and shall extend to the face of the plastering and not be nearer than six inches to any wood, lath and plaster. No tile pipe shall be used as a smoke pipe in connection with such thimbles.

Chimneys not part of a wall shall not be built upon any floor or beam of wood, but shall be built from the ground up and shall not increase in size from the foundation. No chimney shall be corbelled out more than eight inches from a wall, and corbelling shall consist of at least five courses of brick, but no corbelling shall be more than four inches in twelve-inch walls. Offsets for reducing the size of chimneys shall not be greater than one inch to each course.

Flues in party walls shall not extend within four inches of the center of the wall, and joint flues in party walls shall be separated across the wall by an eight-inch width of brick work for the entire length.

No joist or girder shall be supported on the walls of any chimney or flue, and no woodwork shall be placed nearer than two inches to the outside face of, or within seven inches of the inside of any smoke, air or other flue.

All wood joists shall be trimmed away at least two inches from any smoke, air or other flue; the trimmer beam shall not be less than eight inches from the inside of the flue, and four inches from the outside of a chimney breast; except that for smoke flues the brick work of which is by this ordinance required to be eight inches thick or more, the trimmer beam shall not be less than twelve inches from the inside of the flue.

Chimneys built outside of frame structures, or in light wells thereof, shall be well anchored, at intervals of not less than ten feet to the stud walls.

All chimneys and flues shall be properly cleaned and all rubbish removed and same left smooth on the inside on completion of the building.

Section 251. (a) No gas grate, gas log, or other appliance using gas or electricity for producing heat, except as otherwise ordained, shall be placed in a fireplace or recess unless such fireplace or recess be constructed as required in Sections 243 and 246 of this ordinance for fireplaces, the sides, back and top of which shall be of brick work not less than eight (8) inches thick; all pipes supplying gas thereto shall be of iron and enter only at the sides of fireplaces or recesses, through brick work. Gas grates, gas logs, or other appliances using gas or electricity for producing heat, not placed in a fireplace or recess shall have a clear and unenclosed space of not less than ten (10) inches between them and any unprotected woodwork, wood lath and plaster or other combustible material, or a similar space of four (4) inches between them and any woodwork, wood lath and plaster, or other combustible material protected with terra cotta or tiles one inch

thick or with metal with one (1) inch clear air space between the metal and woodwork, wood lath and plaster, or other combustible material.

No vent shall be permitted other than a brick patent chimney, flue or vent as required by Sections 242, 244, 245, 245(A) and 246 of this ordinance.

(b) No gas range, or gas water heater, shall be placed nearer than twelve (12) inches to any unprotected woodwork, wood lath and plaster, or other combustible material, or nearer than six (6) inches thereto, if such woodwork, wood lath and plaster, or other combustible material is protected with metal with one (1) inch clear air space between the metal and the woodwork, wood lath and plaster or other combustible material. No gas range or gas water heater shall be placed in any recess unless the front of the recess is either open or freely vented at top and bottom.

(c) Every instantaneous gas water heater shall be provided with a vent pipe not less than three (3) inches in diameter, extending clear through and at least twelve (12) inches above the roof, with a "T" connection at the top; and around every such vent at all places not exposed there shall be a galvanized iron sleeve extending the full length of the concealed portion with a clear air space of not less than one (1) inch surrounding the vent. In every room fitted with an instantaneous gas water heater there shall be provided an air inlet independent of doors or windows.

(d) All low, portable gas stoves, gas plates, or heaters, shall be placed on iron stands or other incombustible bases, or the burners shall be at least six (6) inches above the base of the stove and metal guard plates placed four (4) inches below the burners; all woodwork under them shall be covered with metal or other incombustible material. All portable gas-heated stoves, ranges, kettles, gas plates or other gas-heated devices, shall be connected direct to their gas supply main only by iron pipe or flexible metal tubing.

Section 252(B). The provisions of Sections Nos. 244, 245 and 256 regulating and requiring chimneys, vents and flues shall not apply to the installation or maintenance of gas heat radiators, standing on the floor not less than five inches from any wooden or plaster wall.

All gas heat radiators shall be connected to a flue as provided for in Section 245(a), or to a brick or patent chimney or to a terra cotta flue of not less than 6 square inches in the clear, the walls of such flues to be not less than ½ inch in thickness and the joints to be made of galvanized iron sleeve not less than three inches wide with edges flanged outward at least ½ inch and the joints to be filled with cement; the entire flue encased in galvanized iron similar to the so-called patent flue with ½-inch air space all around between terra cotta and casing. This patent flue to be so sized that not less than six square inches in the clear will be permitted for four radiators or less, and in cases where more than four radiators are to be connected into the same flue the area is to be increased proportionally, said patent flue in all cases to extend to the outside and at least two feet above the roof of the building. Every gas heater of the radiator type shall be connected to the gas supply by iron pipe; the burner of said radiator shall be of the bunsen or atmospheric type; the radiator shall be made of cast iron, and when installed in any building shall not be closer than five inches to any wall or partition, and shall be connected to a flue, vent pipe or chimney of such size and material as is provided for herein, excepting where said radiator is so designed and constructed as to have a firebox or burner chamber containing the burner where combustion takes place, and also, having one or more super-heating chambers or secondary combustion chambers attached to or substantially surrounding said firebox containing said burner, and also having at the back of said radiator a retort for the purpose of purifying and humidifying the products of combustion before entering

the room, said retort being attached to or made a part of said firebox and said super-heating or secondary combustion chambers.

Every gas heater of the fireplace or mantle type, having a bunsen or atmospheric burner, shall only be connected to the gas supply by iron pipe.

No gas heater of the portable stove type shall contain or be operated with bunsen or atmospheric burner, or be connected to the gas supply by flexible metal or rubber tubing, unless the stopcock is provided and placed back of said tubing at the point of the gas supply outlet.

Section 2. There is hereby added to Ordinance 1008 (New Series), the title of which is recited above, a new section to be numbered 245(A), and to read as follows:

Section 245(A). In lieu of brick, stone, or patent chimney, as specified, in Sections 242, 244, 244-A and 245, there may be erected for venting gas appliances only, chimneys, flues, or vents which are constructed as follows:

"1. Fire-clay vent pipe, either round or rectangular, having a shell thickness of not less than one-half (½) inch, may be installed for flues or vents which have an internal diameter of less than six (6) inches or an internal area of less than twenty-eight (28) square inches. Such fire-clay vent pipe having a shell thickness of not less than three-quarters (¾) inch may be installed for flues or vents which have an internal diameter of six (6) or more inches or an internal area of twenty-eight (28) or more square inches. The joints, between each length of pipe on other than the bell and spigot type of pipe, shall be covered with sheet metal sleeves or bands of galvanized iron or steel of not less than twenty-six (26) gauge, held in place and well cemented to the ends of the pipe.

"2. *Transite* (a pipe composed of an intimate mixture of Portland cement and clean asbestos fibre, containing no grit, organic fibre, or other adulterants, and formed under pressure on a mandrel to provide a dense, homogeneous structure with a smooth interior surface having machine tapered ends and couplings which provide gas-tight joints). Gas flue pipe of the type known as transite, or equal, may be installed provided that the thickness of the flue material shall conform to the requirements of the State Housing Act of California.

"3. *Metalbestos* (an aluminum flue pipe encased in aluminum or galvanized iron pipe). Gas flue pipe of the type known as metalbestos, or equal, may be installed provided that the aluminum inside pipe shall be not lighter than twenty-eight (28) gauge and the galvanized iron (or aluminum) casing be not lighter than twenty-six (26) gauge, and there shall be a minimum air space of not less than one-half (½) of an inch between the aluminum inside pipe and the casing, spacing to be accomplished by means of vitrified asbestos spacer rings.

"4. *Payne 'A' Vent* (a flue pipe composed of an inner aluminum tube around which is wound two plies of one-quarter (¼) inch corrugated aircell asbestos. An outer casing of galvanized iron surrounds the aluminum pipe and insulation.) Gas flue pipe of the type known as Payne 'A' Vent, or equal, may be installed provided that for sizes of six (6) inches or less, inside diameter, the aluminum pipe shall be of not less than twenty-eight (28) gauge and the galvanized iron casing of not less than twenty-six (26) gauge, and for sizes in excess of six (6) inches, inside diameter, the aluminum inside pipe shall be of not less than twenty-six (26) gauge and the galvanized iron casing of not less than twenty-four (24) gauge.

"5. Any other durable flue pipe, approved by the Bureau of Building Inspection, which will give an insulating value equal to the types as herein set forth and which will not disintegrate from the effects of gas fumes and other products of combusion.

"All flue pipes of the types as herein set forth shall rest upon an approved brick, tile, or concrete base or upon a substantial metal bracket securely fastened to the building. All such flue pipes shall

be braced at least every five (5) feet of their height by means of substantial galvanized iron bands (not less than 16 gauge) securely fastened to the building and shall be so erected that the flue shall be not less than two (2) inches from any combustible material, except as hereinafter provided. Approved ventilated collars which will hold the flue pipe two (2) inches from any combustible material shall be installed at any point where the flue pipe passes through a wall, floor, or roof. All such flue pipes shall extend to a point not less than twenty-four (24) inches above any portion of the roof which is within fifteen (15) feet in a horizontal direction from the flue pipe. No flue shall terminate within a point three (3) feet above or ten (10) feet from any window or other opening designed to serve as a means of ventilation of any building or room therein, nor shall a flue terminate in any court or vent shaft which is designed or may be used to serve as a source of air for the ventilation of any building or room therein. All chimneys, flues, or vents to which gas appliances are connected shall be equipped with an approved top which will prevent back draft, keep out rain, and provide satisfactory draft for the proper operation of the appliances.

"Unless otherwise approved by the Bureau of Building Inspection, any gas chimney, flue, or vent, as herein described, erected inside of a building, shall have placed around it a metal jacket of not lighter than twenty-six (26) gauge galvanized iron, and constructed as provided for patent chimneys, and the minimum air space between the flue material and the casing shall be not less than one-half (½) inch.

"Any gas chimney, flue, or vent installed in partition spaces shall not be closer than one (1) inch from the studding or any other combustible material, unless such studding or combustible material is covered by metal lath and plaster.

"No round chimney, flue, or vent shall have an internal diameter of less than four (4) inches, and no square, rectangular, or oval flue shall have an internal area of less than twelve (12) square inches, nor shall any rectangular or oval flue have an internal dimension less than two (2) inches."

### Amendment to Building Fee Ordinance.

(Code No. 3.041)

Also, Bill No. 1033, Ordinance No. 3.04163, as follows:

Amending Sections 2 and 3 of Ordinance No. 3.04120 entitled: "An ordinance providing for the collection of fees by the Department of Public Works upon the issuance of building permits, and for permits for moving of building, or for construction or alteration of billboard or for the erection, installation or alteration of patent chimney," relating to flues and vents.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 2 and 3 of Ordinance No. 3.04120, the title of which is recited above, are hereby amended to read as follows:

Section 2. The applicant or applicants for the following permits shall pay the Department of Public Works for expenses in investigation of conditions and inspection of operations in connection with the same, fees as follows:

Permit for moving building, $2; permit for construction or alteration of billboard, $2; permit for erection, installation or alteration of chimney, flue or vent, $2.

Section 3. Any person, firm or corporation engaged in the erection, installation or alteration of chimneys, flues or vents may, as an option and in lieu of the above required fee and permit, pay an annual fee of three hundred ($300) dollars, payable quarterly in advance, to the Central Permit Bureau, which bureau shall then issue to the person,

firm or corporation having paid such fee a quarterly permit for the erection, installation or alteration of such chimneys, flues or vents; provided, however, that the holder of such quarterly permit shall notify the Bureau of Building Inspection, on forms supplied by said Bureau, at least twenty-four (24) hours before the erection, installation or alteration of any chimney, flue or vent of the intention to erect, install or alter such chimney, flue or vent; and, provided further, that failure to file such notice shall be sufficient grounds for canceling said permit.

The following was presented and read by the Clerk:

June 12, 1936.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: I do hereby apply to your Honorable Board for a leave of absence, with permission to leave the State of California, for a period of thirty days, commencing June 14, 1936, for the purpose of attending a conference of municipal, state and federal officials in regard to relief at the City of Washington.

For your further information, I am attaching a copy of a telegram received from Paul V. Betters, Executive Director of the U. S. Conference of Mayors.

In accordance with Section 25 of the Charter, I designate Honorable Franck R. Havenner, President of your Board, to act as Mayor during my absence.

Yours very truly,

ANGELO J. ROSSI, Mayor.

June 11, 1936.

Hon. Angelo J. Rossi, Mayor, City Hall.

Funds for continuation of federal work relief program should be appropriated and enacted into law within the next week. Also there is definite possibility of further PWA funds. Would suggest in interests of City and County of San Francisco you come to Washington next week when plans and programs will be formulated with reference to the new programs in order that San Francisco program may be officially presented. Executive Committee of the Conference of Mayors is also contemplating holding meeting around twentieth. I consider it a distinct honor to the City that you have been invited as representative of the West Coast cities to participate in a nationwide broadcast with Mr. Hopkins on New York program after July 1st. Best personal wishes.

PAUL V. BETTERS,
Executive Director, United States Conference of Mayors.

**Adopted.**

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**In Memoriam: Judge Daniel C. Deasy.**

On motion of Supervisor James B. McSheehy the Board of Supervisors by rising vote *adopted* the following:

The sudden death of Judge Daniel C. Deasy of the Superior Court of this City and County was a distinct shock to the citizenry of San Francisco, who, for nearly a quarter of a century, had rewarded his faithful services to this city by returning him to the Superior bench on every occasion he submitted his name for reelection.

The death of Judge Deasy is mourned by every official and citizen and thousands of people who cherished his friendship.

The Board of Supervisors deeply mourns the passing of Superior Judge Daniel C. Deasy, whose knowledge of the law and humane interpretation theretof brought him the reputation of leader among the judiciary of the City.

And when the Board adjourns this day it does so out of respect to the memory of the late Judge Deasy.

**In Memoriam: Frank A. Lawler.**

On motion of Supervisor Dewey Mead the Board of Supervisors by rising vote *adopted* the following:

That the Board of Supervisors learns with deep regret of the passing of Frank A. Lawler, veteran real estate appraiser in the office of the Assessor, and hereby extends its sympathy to the breaved family of the deceased.

**Proposed Amendment to Building Code with Reference to Chimneys, Flues, etc.**

**Director of County Welfare Department to Report to Board of Supervisors Result of All Investigations and Recommendations as to the Granting or Rejecting of Pensions.**

(Code No. 19.021)

Supervisor Uhl presented:

Resolution No. 2643, as follows:

Whereas, Section 13 of the Old-Age Pension Security Act provides that all applications for aid under the act shall be made to the Board of Supervisors of the County of which the applicant is a resident; Section 14:

"The Board of Supervisors directly or through the advisory board, or other authorized investigator, shall, upon receipt of the application for aid, *promptly and without any unnecessary delay and with all diligence make the necessary investigation.*"; and

Whereas, on September 23rd, 1929, the Board of Supervisors of the City and County of San Francisco enacted an ordinance (No. 8542, New Series), providing that:

"It shall be the duty of the County Welfare Department to investigate, for and on behalf of the Board of Supervisors, all persons receiving, or who may hereafter apply for financial aid from the City and County of San Francisco by reason of old age, etc. . . ., *and shall report in writing to the Board of Supervisors the result of all investigations and recommendations as to the granting or rejecting any such application.* All such investigations shall be conducted in accordance with the provisions of the laws of the State of California governing the persons described in this section," and

Whereas, Section 3 of the Ordinance provides that Miss Eugenie Schenk and her assistants then connected with the Widows' Pension Bureau were authorized to act for and on behalf of the Board of Super-

visors as directors and assistants in the direction of the County Welfare Department; and

Whereas, our City Attorney, John J. O'Toole, in a written opinion dated May 4, 1936, sets forth the following:

"As far as I am advised, Ordinance No. 8542 (New Series), above mentioned, provided for the functions and personnel of the County Welfare Bureau, and, therefore, that bureau has the right to investigate and report upon applications for aid under the Old Age Security Act.

"See *Reuter* v. *Board of Supervisors of San Mateo Co.*, 220 Cal. 314.

"You are, therefore, advised that it is the duty of the County Welfare Department to investigate and report upon all applications under the Old Age Security Act, and that the Board of Supervisors may take such action as it deems proper upon said report," now, therefore, be it

Resolved, That the Director of Public Welfare be requested to forthwith comply with Ordinance No. 8542 (New Series), adopted by the Board of Supervisors on September 23rd, 1929, and which ordinance provides that it shall be the duty of the County Welfare Department to investigate for and on behalf of the Board of Supervisors all persons receiving or who may hereafter apply for financial aid from the City and County of San Francisco by reason of old age . . . and shall report in writing to the Board of Supervisors the result of all investigations and recommendations as to the granting or rejecting of any such application.

*City Attorney to be requested to pass upon the framing of resolution, and that resolution be returned to Board for next Monday's meeting.*

The inside four inches of all boiler flues for boilers of over twenty-five horsepower shall be of fire brick, laid in fire mortar, for a distance of twenty-five feet in any direction from the source of heat.

Chimneys and stacks connected with steam boilers shall extend not less than ten feet above the woodwork of the roof, or any adjacent roof, and if sawdust, shavings or wood are burned, shall extend twenty feet above such roofs and be provided with a spark arrester. Spark arresters shall be placed upon all chimneys and stacks whenever the Director of Public Works deems it necessary for the safety of property.

Chimneys and flues from boilers, restaurants and hotel ranges, bakers' ovens and similar unusually hot flues, shall have the outside exposed throughout the height of the room in which connection therewith is made, and if plastered shall be plastered directly upon the bricks.

All chimneys having a greater flue area than two hundred and sixty (260) square inches shall be carried up at least ten feet above the highest point of the roof of the building of which they form a part, and ten feet above the highest point of any roof within fifty feet of such chimney.

Where a smoke pipe is to enter a chimney or flue a tile thimble not less than ⅝ of an inch thick shall be placed as construction progresses. Thimbles shall be surrounded by four inches of brick work brought out flush with furring, and shall extend to the face of the plastering and not be nearer than six inches to any wood, lath and plaster. No tile pipe shall be used as a smoke pipe in connection with such thimbles.

Chimneys not part of a wall shall not be built upon any floor or beam of wood, but shall be built from the ground up and shall not increase in size from the foundation. No chimney shall be corbelled out more than eight inches from a wall, and corbelling shall consist of at least five courses of brick, but no corbelling shall be more than four inches in twelve-inch walls. Offsets for reducing the size of chimneys shall not be greater than one inch to each course.

Flues in party walls shall not extend within four inches of the center of the wall, and joint flues in party walls shall be separated across the wall by an eight-inch width of brick work for the entire length.

No joist or girder shall be supported on the walls of any chimney or flue, and no woodwork shall be placed nearer than two inches to the outside face of, or within seven inches of the inside of any smoke, air or other flue.

All wood joists shall be trimmed away at least two inches from any smoke, air or other flue; the trimmer beam shall not be less than eight inches from the inside of the flue, and four inches from the outside

of a chimney breast; except that for smoke flues the brick work of which is by this ordinance required to be eight inches thick or more, the trimmer beam shall not be less than twelve inches from the inside of the flue.

Chimneys built outside of frame structures, or in light wells thereof, shall be well anchored, at intervals of not less than ten feet to the stud walls.

All chimneys and flues shall be properly cleaned and all rubbish removed and same left smooth on the inside on completion of the building.

Section 251. (a) No gas grate, gas log, or other appliance using gas or electricity for producing heat, except as otherwise ordained, shall be placed in a fireplace or recess unless such fireplace or recess be constructed as required in Sections 243 and 246 of this ordinance for fireplaces, the sides, back and top of which shall be of brick work not less than eight (8) inches thick; all pipes supplying gas thereto shall be of iron and enter only at the sides of fireplaces or recesses, through brick work. Gas grates, gas logs, or other appliances using gas or electricity for producing heat, not placed in a fireplace or recess shall have a clear and unenclosed space of not less than ten (10) inches between them and any unprotected woodwork, wood lath and plaster or other combustible material, or a similar space of four (4) inches between them and any woodwork, wood lath and plaster, or other combustible material protected with terra cotta or tiles one inch thick or with metal with one (1) inch clear air space between the metal and woodwork, wood lath and plaster, or other combustible material.

No vent shall be permitted other than a brick patent chimney, flue or vent as required by Sections 242, 244, 245, 245(A) and 246 of this ordinance.

(b) No gas range, or gas water heater, shall be placed nearer than twelve (12) inches to any unprotected woodwork, wood lath and plaster, or other combustible material, or nearer than six (6) inches thereto, if such woodwork, wood lath and plaster, or other combustible material is protected with metal with one (1) inch clear air space between the metal and the woodwork, wood lath and plaster or other combustible material. No gas range or gas water heater shall be placed in any recess unless the front of the recess is either open or freely vented at top and bottom.

(c) Every instantaneous gas water heater shall be provided with a vent pipe not less than three (3) inches in diameter, extending clear through and at least twelve (12) inches above the roof, with a "T" connection at the top; and around every such vent at all places not exposed there shall be a galvanized iron sleeve extending the full length of the concealed portion with a clear air space of not less than one (1) inch surrounding the vent. In every room fitted with an instantaneous gas water heater there shall be provided an air inlet independent of doors or windows.

(d) All low, portable gas stoves, gas plates, or heaters, shall be placed on iron stands or other incombustible bases, or the burners shall be at least six (6) inches above the base of the stove and metal guard plates placed four (4) inches below the burners; all woodwork under them shall be covered with metal or other incombustible material. All portable gas-heated stoves, ranges, kettles, gas plates or other gas-heated devices, shall be connected direct to their gas supply main only by iron pipe or flexible metal tubing.

Section 252(B). The provisions of Sections Nos. 244, 245 and 256 regulating and requiring chimneys, vents and flues shall not apply to the installation or maintenance of gas heat radiators, standing on the floor not less than five inches from any wooden or plaster wall.

All gas heat radiators shall be connected to a flue as provided for in Section 245(a), or to a brick or patent chimney or to a terra cotta flue of not less than 6 square inches in the clear, the walls of such

flues to be not less than ½ inch in thickness and the joints to be made of galvanized iron sleeve not less than three inches wide with edges flanged outward at least ½ inch and the joints to be filled with cement; the entire flue encased in galvanized iron similar to the so-called patent flue with ½-inch air space all around between terra cotta and casing. This patent flue to be so sized that not less than six square inches in the clear will be permitted for four radiators or less, and in cases where more than four radiators are to be connected into the same flue the area is to be increased proportionately, said patent flue in all cases to extend to the outside and at least two feet above the roof of the building. Every gas heater of the radiator type shall be connected to the gas supply by iron pipe; the burner of said radiator shall be of the bunsen or atmospheric type; the radiator shall be made of cast iron, and when installed in any building shall not be closer than five inches to any wall or partition, and shall be connected to a flue, vent pipe or chimney of such size and material as is provided for herein, excepting where said radiator is so designed and constructed as to have a firebox or burner chamber containing the burner where combustion takes place, and also, having one or more super-heating chambers or secondary combustion chambers attached to or substantially surrounding said firebox containing said burner, and also having at the back of said radiator a retort for the purpose of purifying and humidifying the products of combustion before entering the room, said retort being attached to or made a part of said firebox and said super-heating or secondary combustion chambers.

Every gas heater of the fireplace or mantle type, having a bunsen or atmospheric burner, shall only be connected to the gas supply by iron pipe.

No gas heater of the portable stove type shall contain or be operated with bunsen or atmospheric burner, or be connected to the gas supply by flexible metal or rubber tubing, unless the stopcock is provided and placed back of said tubing at the point of the gas supply outlet.

Section 2. There is hereby added to Ordinance 1008 (New Series), the title of which is recited above, a new section to be numbered 245(A), and to read as follows:

Section 245(A). In lieu of brick, stone, or patent chimney, as specified, in Sections 242, 244, 244-A and 245, there may be erected for venting gas appliances only chimneys, flues, or vents which are constructed as follows:

"1. Fire-clay vent pipe, either round or rectangular, having a shell thickness of not less than one-half (½) inch, may be installed for flues or vents which have an internal diameter of less than six (6) inches or an internal area of less than twenty-eight (28) square inches. Such fire-clay vent pipe having a shell thickness of not less than three-quarters (¾) inch may be installed for flues or vents which have an internal diameter of six (6) or more inches or an internal area of twenty-eight (28) or more square inches. The joints, between each length of pipe on other than the bell and spigot type of pipe, shall be covered with sheet metal sleeves or bands of galvanized iron or steel of not less than twenty-six (26) gauge, held in place and well cemented to the ends of the pipe.

"2. *Transite* (a pipe composed of an intimate mixture of Portland cement and clean asbestos fibre, containing no grit, organic fibre, or other adulterants, and formed under pressure on a mandrel to provide a dense, homogeneous structure with a smooth interior surface having machine tapered ends and couplings which provide gas-tight joints). Gas flue pipe of the type known as transite, or equal, may be installed provided that the thickness of the flue material shall conform to the requirements of the State Housing Act of California.

"3. *Metalbestos* (an aluminum flue pipe encased in aluminum or galvanized iron pipe). Gas flue pipe of the type known as metalbestos, or equal, may be installed provided that the aluminum inside pipe

shall be not lighter than twenty-eight (28) gauge and the galvanized iron (or aluminum) casing be not lighter than twenty-six (26) gauge, and there shall be a minimum air space of not less than one-half (½) of an inch between the aluminum inside pipe and the casing, spacing to be accomplished by means of vitrified asbestos spacer rings.

"4. *Payne 'A' Vent* (a flue pipe composed of an inner aluminum tube around which is wound two plies of one-quarter (¼) inch corrugated air-cell asbestos. An outer casing of galvanized iron surrounds the aluminum pipe and insulation.) Gas flue pipe of the type known as Payne 'A' Vent, or equal, may be installed provided that for sizes of six (6) inches or less, inside diameter, the aluminum pipe shall be of not less than twenty-eight (28) gauge and the galvanized iron casing of not less than twenty-six (26) gauge, and for sizes in excess of six (6) inches, inside diameter, the aluminum inside pipe shall be of not less than twenty-six (26) gauge and the galvanized iron casing of not less than twenty-four (24) gauge.

"5. Any other durable flue pipe, approved by the Bureau of Building Inspection, which will give an insulating value equal to the types as herein set forth and which will not disintegrate from the effects of gas fumes and other products of combustion.

"All flue pipes of the types as herein set forth shall rest upon an approved brick, tile, or concrete base or upon a substantial metal bracket securely fastened to the building. All such flue pipes shall be braced at least every five (5) feet of their height by means of substantial galvanized iron bands (not less than 16 gauge) securely fastened to the building and shall be so erected that the flue shall be not less than two (2) inches from any combustible material, except as hereinafter provided. Approved ventilated collars which will hold the flue pipe two (2) inches from any combustible material shall be installed at any point where the flue pipe passes through a wall, floor, or roof. All such flue pipes shall extend to a point not less than twenty-four (24) inches above any portion of the roof which is within fifteen (15) feet in a horizontal direction from the flue pipe. No flue shall terminate within a point three (3) feet above or ten (10) feet from any window or other opening designed to serve as a means of ventilation of any building or room therein, nor shall a flue terminate in any court or vent shaft which is designed or may be used to serve as a source of air for the ventilation of any building or room therein. All chimneys, flues, or vents to which gas appliances are connected shall be equipped with an approved top which will prevent back draft, keep out rain, and provide satisfactory draft for the proper operation of the appliances.

"Unless otherwise approved by the Bureau of Building Inspection, any gas chimney, flue, or vent, as herein described, erected inside of a building, shall have placed around it a metal jacket of not lighter than twenty-six (26) gauge galvanized iron, and constructed as provided for patent chimneys, and the minimum air space between the flue material and the casing shall be not less than one-half (½) inch.

"Any gas chimney, flue, or vent installed in partition spaces shall not be closer than one (1) inch from the studding or any other combustible material, unless such studding or combustible material is covered by metal lath and plaster.

"No round chimney, flue, or vent shall have an internal diameter of less than four (4) inches, and no square, rectangular, or oval flue shall have an internal area of less than twelve (12) square inches, nor shall any rectangular or oval flue have an internal dimension less than two (2) inches."

**Amendment to Building Fee Ordinance.**

(Code No. 3.041)

Also, Bill No. 1033, Ordinance No. 3.04163, as follows:

Amending Sections 2 and 3 of Ordinance No. 3.04120 entitled: "An

ordinance providing for the collection of fees by the Department of Public Works upon the issuance of building permits, and for permits for moving of building, or for construction or alteration of billboard or for the erection, installation or alteration of patent chimney," relating to flues and vents.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 2 and 3 of Ordinance No. 3.04120, the title of which is recited above, are hereby amended to read as follows:

Section 2. The applicant or applicants for the following permits shall pay the Department of Public Works for expenses in investigation of conditions and inspection of operations in connection with the same, fees as follows:

Permit for moving building, $2; permit for construction or alteration of billboard, $2; permit for erection, installation or alteration of chimney, flue or vent, $2.

Section 3. Any person, firm or corporation engaged in the erection, installation or alteration of chimneys, flues or vents may, as an option and in lieu of the above required fee and permit, pay an annual fee of three hundred ($300) dollars, payable quarterly in advance, to the Central Permit Bureau, which bureau shall then issue to the person, firm or corporation having paid such fee a quarterly permit for the erection, installation or alteration of such chimneys, flues or vents; provided, however, that the holder of such quarterly permit shall notify the Bureau of Building Inspection, on forms supplied by said Bureau, at least twenty-four (24) hours before the erection, installation or alteration of any chimney, flue or vent of the intention to erect, install or alter such chimney, flue or vent; and, provided further, that failure to file such notice shall be sufficient grounds for canceling said permit.

Referred.

**County Welfare Board to Report on Application for Old Age Pensions.**

(Code No. 19.021)

Resolution No. 2643, as follows:

Whereas, section 13 of the Old Age Pension Security Act provides that all applications for aid under the act shall be made to the Board of Supervisors of the county of which the applicant is a resident; section 14:

"The Board of Supervisors directly or through the advisory board, or other authorized investigator, shall, upon receipt of the application for aid, promptly and without any unnecessary delay and *with all diligence make the necessary investigation*"; and

Whereas, on September 23, 1929, the Board of Supervisors of the City and County of San Francisco enacted an ordinance (No. 8542, N. S.), providing that:

"It shall be the duty of the County Welfare Department to investigate, for and on behalf of the Board of Supervisors, all persons receiving, or who may hereafter apply for financial aid from the City and County of San Francisco by reason of old age, etc. . . . *and shall report in writing to the Board of Supervisors the result of all investigations and recommendations as to the granting or rejecting any such application.* All such investigations shall be conducted in accordance with the provisions of the laws of the State of California governing the persons described in this section," and

Whereas, section 3 of the ordinance provides that Miss Eugenie Schenk and her assistants then connected with the Widows Pension

Bureau were authorized to act for and on behalf of the Board of Supervisors as directors and assistants in the direction of the County Welfare Department; and

Whereas, our City Attorney, John J. O'Toole, in a written opinion dated May 4, 1936, sets forth the following:

"As far as I am advised, Ordinance No. 8542 (N. S.), above mentioned, provided for the functions and personnel of the County Welfare Bureau, and, therefore, that bureau has the right to investigate and report upon applications for aid under the Old Age Security Act.

"See *Reuter* v. *Board of Supervisors of San Mateo County*, 22 Cal. 314.

"You are therefore advised that it is the duty of the County Welfare Department to investigate and report upon all applications under the Old Age Security Act, and that the Board of Supervisors may take such action as it deems proper upon said report"; now, therefore, be it

Resolved, That the Director of Public Welfare be requested to forthwith comply with Ordinance No. 8542 (New Series), adopted by the Board of Supervisors on September 23, 1929, and which ordinance provides that it shall be the duty of the County Welfare Department to investigate for and on behalf of the Board of Supervisors all persons receiving or who may hereafter apply for financial aid from the City and County of San Francisco by reason of old age . . . and shall report in writing to the Board of Supervisors the result of all investigations and recommendations as to the granting or rejecting of any such application.

**Directing the Attention of the Mayor to the Sale of Reprints and Other Art Goods in Publicly-Owned Museums.**

(Code No. 24.02)

On recommendation of Public Welfare Committee.

Resolution No. 2651, as follows:

Directing the attention of the Mayor to the sale of reprints and other art goods in publicly-owned museums.

Whereas, it has been brought to the attention of the Board of Supervisors of the City and County of San Francisco by the Retail Merchants Association and other trade organizations in San Francisco and by private persons engaged in the sale of pictures and art goods in San Francisco that for some time past it has been the custom of the trustees of the California Palace of the Legion of Honor and other publicly-owned museums in San Francisco to permit the sale of reprints of art exhibitions and other art goods in the said California Palace of the Legion of Honor and other publicly-owned museums; and

Whereas, in the opinion of the Board of Supervisors the sale of such reprints and art goods by said publicly-owned museums is a serious interference with, and a detriment to, persons in the City and County of San Francisco who are engaged in the sale of similar commodities and who are paying taxes to said City and County and is not a proper function of any branch or department of the municipal government of the City and County; now, therefore, be it

Resolved, That a copy of this resolution be sent to his Honor, the Mayor, and that he be, and he is hereby asked to request the several boards of trustees in charge of the several art museums in the City and County of San Francisco to desist from the practice of selling or permitting the sale of said reprints or other art goods in the said art museums under their respective jurisdictions.

**Requesting the Governor and Others to Place One-Half of San Francisco in the District of Each of the Two New Highway Commissioners.**

(Code No. 5.31)

On recommendation of Streets Committee.

Resolution No. 2641, as follows:

Whereas, two new members of the California Highway Commission have recently been appointed—one representing the counties north of San Francisco, the other representing the counties south of San Francisco, and

Whereas, the City and County of San Francisco is a part of the Redwood Empire and the main arteries within and leading through San Francisco are part of the Redwood Empire System of Highways, with particular reference to San Francisco approaches to the Golden Gate Bridge, which, when completed, will forever link San Francisco with its neighboring Northbay Redwood Empire Counties, and

Whereas, San Francisco for years has been and is now working jointly with the Northbay Counties through our Redwood Empire Association in conducting negotiations for highway improvements within San Francisco and Northbay Counties, and

Whereas, main arteries within and leading through San Francisco are also an important part of the system of highways leading southward through the central counties via the Peninsula, now, therefore, be it

Resolved, That the Board of Supervisors in and for the City and County of San Francisco respectfully request His Excellency, Governor Frank F. Merriam; State Director of Public Works Earl Lee Kelly, Chairman Harry A. Hopkins and other members of the California Highway Commission, to include that one-half of the City and County of San Francisco north of Market street, extended to the ocean, in the district assigned to Commissioner Paul G. Jasper of Fortuna; also to include that half of the City and County of San Francisco south of Market street, extended to the ocean, in the district assigned to Highway Commissioner Ray Judah of Santa Cruz, and be it

Further Resolved, That copies of this resolution be forwarded to each of the state officials named in the foregoing paragraph, for their consideration prior to and during the next regular monthly meeting of the California Highway Commission.

**Authorizing Transfer of Water Department Land for Alemany Boulevard and Certain Connecting Streets.**

(Code No. 12.175)

Also, Resolution No. 2642, as follows:

Whereas, pursuant to Ordinance No. 12.1751, Bill No. 589, the Department of Public Works requested the Mayor to arrange for transferring certain San Francisco Water Department land to the Department of Public Works for Alemany boulevard and certain connecting streets, which land is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Parcel 1: Beginning at the point of intersection of the northeasterly line of Salem street with the northwesterly line of Case street and running thence northwesterly along said northeasterly line of Salem street 103.360 feet to the northwesterly line of the proposed Alemany boulevard; thence deflecting 93 degrees 40 minutes 23 seconds to the right and running northeasterly along said northwesterly line of the proposed Alemany boulevard 43.523 feet; thence northeasterly, northerly and northwesterly on a curve to the left, tangent to the

preceding course, radius 15 feet, central angle 144 degrees 32 minutes 10 seconds, an arc distance of 37.840 feet, to the point of tangency with the southwesterly line of Crescent avenue (as it exists between Banks street and Prentiss street) produced southeasterly; thence northwesterly along said southwesterly line of Crescent avenue, so produced, tangent to the last described curve 69.443 feet to the northeasterly line of aforesaid Salem street; thence deflecting 50 degrees 51 minutes 48 seconds to the right and running northwesterly along said northeasterly line of Salem street 36.486 feet to its point of intersection with the southeasterly line of Crescent avenue, said point of intersection being the point of commencement of the description of Parcel 36 in that certain deed by the Spring Valley Water Company to the City and County of San Francisco, dated March 3, 1930, recorded March 3, 1930, in Volume 2002, Official Records, Page 1, records of the City and County of San Francisco; thence deflecting 94 degrees 08 minutes 12 seconds to the right and running northeasterly along the said southeasterly line of Crescent avenue, said line being the northwesterly boundary line of aforesaid parcel 36, 62.644 feet to the southeasterly line of Nevada street, produced southwesterly; thence deflecting 125 degrees 28 minutes to the right and running southwesterly along said southeasterly line of Nevada street, so produced, 4.232 feet to the northeasterly line of Crescent avenue, produced southeasterly (as it exists between Banks street and Prentiss street); thence deflecting 90 degrees 28 minutes to the left and running southeasterly along said northeasterly line of Crescent avenue, so produced, 140.005 feet to the northwesterly line of Putnam street, produced southwesterly; thence deflecting 89 degrees 32 minutes to the left and running northeasterly along said line of Putnam street, so produced, 102.830 feet to the southeasterly line of Crescent avenue; thence deflecting 54 degrees 32 minutes to the right and running northeasterly along said line of Crescent avenue, being along the northwesterly boundary line of above mentioned parcel 36, 16.114 feet to the northeasterly corner of said parcel 36; thence deflecting 85 degrees 51 minutes 48 seconds to the right and running southeasterly along the northeasterly boundary line of said parcel 36, 42.160 feet to the southeasterly line of Putnam street, produced southwesterly; thence deflecting 39 degrees 36 minutes 12 seconds to the right and running southwesterly along the said line of Putnam street, so produced, 39.419 feet; thence southerly, southeasterly, and easterly on a curve to the left, tangent to last described course, radius 15 feet, central angle 129 degrees 01 minutes 26 seconds, an arc distance of 33.778 feet to the point of compound curvature with the northwesterly line of aforementioned proposed Alemany boulevard; thence northeasterly along said line of the proposed Alemany boulevard on a curve to the left, tangent to the last described curve, radius 2824.93 feet, central angle 0 degree, 16 minutes 42 seconds, an arc distance of 13.723 feet to the aforementioned northeasterly boundary line of parcel 36; thence southeasterly along said line of parcel 36, which line is the northeasterly line of lot 15, as per "Gift Map No. 4," recorded as hereinafter described, which line deflects 89 degrees 41 minutes 56 seconds to the right from the tangent to the last described curve at the last described point, 22.212 feet to the southeasterly boundary line of lot 15; thence at right angles southwesterly along the southeasterly boundary line of lots 15, 14, 13, 12 and 11, as shown on said "Gift Map No. 4," a distance of 125 feet; thence at right angles southeasterly along the northeasterly line of lot 34, as shown on said "Gift Map No. 4," a distance of 70 feet to the northwesterly line of Case street; thence at right angles southwesterly along the said northwesterly line of Case street 125 feet to its intersection with the northeasterly line of Salem street and the point of beginning.

Being a portion of lots numbered 6 to 15 (incl.) and 30 to 34 (incl.), as the same are laid down, delineated and numbered upon a certain map on file in the office of the County Recorder of the City and County of San Francisco, entitled "Gift Map No. 4," recorded December 31, 1861, in Book 2 A and B of Maps, at pages 16 and 17.

Whereas, the Director of Property has reported to the Mayor that the above described land can be advantageously used by the Department of Public Works for street purposes; and

Whereas, on April 27, 1936, the Public Utilities Commission adopted Resolution No. 1311 consenting to the proposed transfer subject to the condition that upon the closing of Crescent avenue between Nevada street and Putnam street, and upon the closing of Salem street, between Crescent avenue and Alemany boulevard, the portions of said closed streets hereinafter described as parcels "A" and "B", respectively, shall revert to the San Francisco Water Department as a part of said Department's adjoining property, and also subject to the condition that the San Francisco Water Department be relieved of any liability either now or in the future to incur any expense in connection with the maintenance or relocation of its existing pipe lines occasioned by or incidental to the proposed extension of Crescent avenue and Putnam street into Alemany boulevard which would not be necessary under present conditions; and

Whereas, the Mayor has recommended that said transfer and exchange be made.

Said parcels "A" and "B" hereinbefore referred to are situated in the City and County of San Francisco, State of California, and are more particularly described as follows:

Parcel "A" (Crescent avenue): Beginning at a point on the southeasterly line of Crescent avenue, distant northeasterly thereon 62.644 feet from the northeasterly line of Salem street, said point being in the easterly line of Nevada street produced southerly; thence northeasterly along said line of Crescent avenue, 171.895 feet to the westerly line of Putnam street produced southerly; thence deflecting 54 degrees 32 minutes to the left and running northerly along said line of Putnam street produced southerly, 73.669 feet to the northwesterly line of Crescent avenue; thence deflecting 125 degrees 28 minutes to the left and running southwesterly along last named line, 85.947 feet; thence deflecting 54 degrees 32 minutes to the left and running southerly, 36.835 feet to the center line of Crescent avenue; thence deflecting 54 degrees 32 minutes to the right and running southwesterly along said center line, 85.947 feet to the easterly line of Nevada street produced southerly; thence deflecting 54 degrees 32 minutes to the left and running southerly along last named line so produced, 36.835 feet to the southerly line of Crescent avenue and the point of beginning.

Parcel "B" (Salem street): Beginning at a point on the northeasterly line of Salem street, distant southeasterly thereon 36.486 feet from the southeasterly line of Crescent avenue, said point being in the southerly line of Crescent avenue (as it exists between Banks and Prentiss streets) produced easterly; thence southeasterly along said line of Salem street, 67.646 feet to the northwesterly line of the proposed Alemany boulevard; thence deflecting 93 degrees 40 minutes 23 seconds to the right and running southwesterly along last-named line, 20.041 feet to the center line of Salem street; thence deflecting 86 degrees 19 minutes 37 seconds to the right and running northwesterly along said center line, 82.637 feet to aforesaid southerly line of Crescent avenue produced easterly; thence deflecting 129 degrees 08 minutes 12 seconds to the right and running easterly along last-named line, 25.785 feet to the northeasterly line of Salem street and the point of beginning.

Now, Therefore, Be It Resolved, That the control of parcel 1 be and is hereby transferred from the Public Utilities Commission to the Department of Public Works, to be used for street purposes.

Be It Further Resolved, Upon the closing of said portions of Crescent avenue and Salem street, that the control of said parcels "A" and "B" shall automatically revert to the Public Utilities Commission as San Francisco Water Department property.

**Intention to Change Grades on Bemis Street Between Castro Street and Mateo Street.**

(Code No. 12.0721)

Also, Resolution No. 2644, as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on Bemis street between Castro street and Mateo street as shown on Map entitled "Grade Map of Bemis Street, Between Castro and Mateo Streets," approved by Director of Works Order No. 4004, May 6, 1936, and filed in this office May 8, 1936.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades.

The Director of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

**Establishing a Fund for City's Share of Rents Received From Certain Real Property Situated at Northeast Corner of Clay Street and The Embarcadero, San Francisco.**

(Code No. 9.025)

On recommendations of Finance Committee:

Bill No. 1040, Ordinance No. 9.0251, as follows:

Establishing a fund for City's share of rents received from certain real property situated at northwest corner of Clay street and The Embarcadero, San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby established a fund to be known as the "Embarcadero Widening Fund" for depositing the City's share of rental money received from the use of Lot 2, Assessor's Block 202, San Francisco, California, title to which property is held jointly by the City and County of San Francisco and the State of California, the City owning an undivided 55/205 interest therein and the State owning an undivided 150/205 interest therein.

Section 2. The Real Estate Department of the City and County of San Francisco is hereby authorized to collect the City's share of such rentals. The Director of Property, in behalf of the City and County of San Francisco, is hereby authorized to approve all leases and other papers in connection with the renting of said real property by the State of California, as principal owner; provided such leases and other papers meet with his approval. To defray the cost of collecting such rentals and for negotiating leases incident to said property, the Real

Estate Department shall be entitled to the fees specified in Sections 2 and 3 of Ordinance No. 12.1611, Bill No. 346, approved July 6, 1933.

Section 3. In accordance with Resolution No. 35598 (New Series) adopted by this Board on January 4, 1932, all moneys received by the Real Estate Department in payment of rents derived from the use of such property except the fees mentioned in Section 2 of this ordinance, shall be deposited in said "Embarcadero Widening Fund" to pay the cost of further widening The Embarcadero and the cost of any needed repairs to the improvements on said property. The California Pacific Title & Trust Company is hereby requested to transfer to the Real Estate Department all money it is holding in trust for the City in connection with this project.

Section 4. The Controller is hereby authorized to pay from the moneys on hand in said fund, all bills for repairs to the improvements on said property and for further widening The Embarcadero at Clay street. Such bills shall not be paid until they have been approved by the Director of Property.

Section 5. It is hereby understood that The Embarcadero Widening Fund shall consist only of the City's share of rental received from said property. There shall be no obligation on the part of the City to provide additional money from other sources for the purposes for which said fund is established under Section 3 of this ordinance.

Section 6. This ordinance shall supersede Resolution No. 35598 (New Series) hereinbefore referred to.

Form approved by Dion R. Holm, Assistant City Attorney.

Approved by Joseph J. Phillips, Director of Property.

The following recommendation of the Finance Committee was taken up:

Bill No. 1014, Ordinance No. 18.013, as follows:

Providing for the reimbursement of the City and County of San Francisco for aid granted to persons, either directly or by institutional care, and directing the officer, board or commission giving or granting such aid, either directly or by institutional care, to provide for the reimbursement of the City and County for the amount of aid so granted and directing the taking of obligations from the person or persons receiving said aid for the reimbursement of the City and County for said aid so granted.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Every person who is given or shall receive aid directly or indirectly from public moneys drawn through the Treasury of the City and County of San Francisco shall be liable for the value of said aid so allowed, granted, or given, and the value thereof shall constitute a first lien on all property, real, personal, or mixed, that said person may possess, acquire, or have an interest in.

Section 2. The actual cost of direct or indirect aid shall constitute its value. The Board of Supervisors shall not later than the last Monday of August of each year establish by resolution a basic rate for

evaluating institutional care allowed, granted, or given to persons at the Laguna Honda Home, and the rate so established shall constitute prima facie evidence of the reasonableness of said charge and the resulting amount which shall be due to the city and county of San Francisco.

Section 3. As a consideration and as a condition precedent to the allowing, granting or giving of aid, the officer, board or commission charged with the duty of allowing, granting or giving of aid shall take from every person now receiving aid and from every person who may hereafter be allowed, granted, or given aid the following agreement:

"AGREEMENT TO REIMBURSE FOR MONEYS EXPENDED OR AID GRANTED OR GIVEN."

"In consideration of the granting of aid to me by the City and County of San Francisco, and as a condition precedent thereto, I hereby pledge, promise and agree to reimburse and repay said City and County for all sums of money actually expended in my behalf or aid granted or given by the City and County of San Francisco for my care and maintenance, provided I am able to pay for the same in whole or in part, and I further agree that any claim for such moneys expended in my behalf or aid granted or given me by said City and County shall be a preferred claim against me and a first lien on all property now owned or possessed by me or that may hereafter be acquired by me or in my behalf.

"Statute of Limitations is hereby forever waived.

"This agreement is binding upon myself, my heirs, executors, administrators and assigns.

"Dated this.....day of....., 193....

"Witness:

..... ......"

Section 4. The Controller of the City and County of San Francisco shall prescribe the procedure governing the evaluation of institutional care at the Laguna Honda Home, the auditing, accounting, reporting and collecting of all obligations arising under this ordinance in accordance with the provisions of Sections 64 and 75 of the Charter.

Section 5. Every person who knowingly, fraudulently or designedly conceals or withholds any information concerning his property or financial condition, means or ability to pay, or who knowingly makes or causes to be made, either directly or indirectly, or through any agency watsoever, any false statement in writing, with intent that it shall be relied upon respecting his property, or financial condition, means or ability to pay of himself or any other person in whom he is interested, or for whom he is acting for the purposes recited in this ordinance, shall be guilty of a misdemeanor punishable by a fine of not more than $500, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment. Such person, in addition to the penalties hereinabove set forth, shall be liable for the full value of the aid thus fraudulently obtained.

Proposed Amendment.

Supervisor Shannon moved to amend as follows:

Insert Section 3a. Provided, however, that the form of the lien to be taken in connection with aid to the needy aged shall be as prescribed by the State Department of Social Welfare.

Action Deferred.

### Passed for Second Reading.

The following matters were *passed for second reading*:

### Engineering Inspection Fees.

(Code No. 3.041)

On recommendation of Finance Committee.

Bill No. 1044, Ordinance No. 3.04164, as follows:

An ordinance providing engineering inspection for certain work and improvements and for the payment of the cost and expense thereof to the City and County of San Francisco, and establishing the procedure therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be the duty of the Director of Public Works to cause engineering inspection to be made of:

a. All work and improvements performed under the provisions of Ordinances Nos. 12.0211 and 12.0212.

b. All garbage disposal pursuant to the provisions of Ordinance No. 17.085.

c. All reclamation work within the City and County of San Francisco.

Section 2. It shall be unlawful for any person, firm or corporation to make, or cause or permit to be made, any improvements or work as referred to in Section 1 hereof without first securing engineering inspection service from the Director of Public Works.

Section 3. Whenever any person, firm or corporation desires and intends to do any work or make any improvement as described in Section 1 hereof, such person, firm or corporation before performing any such contemplated work, shall in writing request the Director of Public Works to make engineering inspection. The cost of such engineering inspection shall constitute a charge against and be paid for monthly in advance by the person, firm or corporation performing said work or making such improvements in the manner hereinafter provided.

Section 4. Upon such written request being received it shall be the duty of said Director of Public Works to make an estimate of the cost of such engineering inspection, and notify the person making the request the estimated monthly cost thereof.

Section 5. Such person, firm or corporation must thereupon, and prior to the commencement or continuation of any work or performance as described in Section 1 hereof, deposit monthly in advance the amount of money determined upon as the estimated monthly cost of such inspection with the Director of Public Works.

All moneys paid to the Director of Public Works under the provisions of this ordinance shall be deposited with the Treasurer to the credit of the appropriation for "Engineering Inspection," to be used

exclusively to defray the cost of the specific engineering inspection for which it was tendered. When said amount of money is deposited, it shall thereupon be the duty of said Director of Public Works to furnish said engineering inspection.

Section 6. Should the monthly cost and expense of such engineering inspection amount to more than said estimate, the person, firm, or corporation concerned shall thereupon be immediately notified and required to make an additional deposit with the Director of Public Works of an amount sufficient to complete the monthly cost of said inspection as estimated by the Director of Public Works, which sum when paid shall be deposited as aforesaid, and no further engineering inspection service shall be performed or furnished until such additional deposit is made with the Director of Public Works.

Section 7. Should the monthly cost and expense of such engineering inspection be less than the amount deposited then the surplus or excess existing in the amount deposited over the total actual cost of such engineering inspection shall be credited on account of such continued inspection as may be required or when the work has been completed be refunded to the person, firm or corporation by whom such funds were originally deposited.

Section 8. The Controller shall prescribe the forms and fiscal procedure under the provisions of this ordinance.

Section 9. This ordinance shall take effect and be in force immediately.

Absent—Supervisors Brown, McSheehy, Schmidt, Shannon—4.

**Authorizing the Director of Property to Aid and Assist the Board of Supervisors, Sitting as a Board of Equalization, and Authorizing Employment of Necessary Appraisers to Pass Upon Requests for Reductions in 1936-37 Assessments.**

(Code No. 1.0621)

Also, Bill No. 1045, Ordinance No. 1.06215, as follows:

Authorizing the Director of Property to aid and assist the Board of Supervisors, sitting as a Board of Equalization, and to employ the necessary appraisers to pass upon requests made for reductions in 1936-1937 assessments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Property of the City and County of San Francisco is hereby authorized and directed to aid, assist and advise the Board of Supervisors, sitting as a Board of Equalization in passing upon requests made to said Board for the reduction of 1936-1937 assessments on taxable property in the City and County of San Francisco. Said services shall be rendered to said Board of Supervisors during the time that it sits as a Board of Equalization and for such time prior thereto as may be necessary to prepare for such investigation.

Section 2. The Director of Property is hereby authorized and directed to employ nine independent expert real estate and building appraisers as needed subject to the provisions of Section 142 of the Charter to aid and assist him in advising the Board of Supervisors in regard to requests for reductions in said assessments.

Section 3. For the services herein provided one independent expert building appraiser shall receive not more than $300. One independent expert real estate appraiser shall receive not more than $250 and the remaining seven independent expert real estate and building appraisers shall receive not more than $225 each, chargeable to 1936-1937 Appropriation No. 601.106.00 and there is hereby ordered transferred from 1936-1937 Appropriation No. 601.106.00 to the Director of Property the

sum of $200 to cover the incidental expenses of his office relative to the service herein directed to be furnished by said Director of Property.

Final Passage.

The following emergency ordinances were taken up and *finally passed* by the following vote:

**Regulating Use of Aisles, Passageways, Etc., in Theatres and Moving Picture Houses—An Emergency Ordinance.**

(Code No. 11.00)

Bill No. 1038, Ordinance No. 11.0012, as follows:

Regulating the use of aisles and passageways, stairways, entrances, lobbies, foyers and mezzanines in theatres and public halls; repealing Ordinance No. 1144 and declaring an emergency and making this ordinance effective forthwith.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for the owner, lessee, manager or other person, firm or corporation having charge of any theatre or public hall to permit any person during a performance, exhibition, lecture, entertainment or public assemblage therein to sit or remain standing in any entrance, aisle, passageway, stairway, lobby, foyer or mezzanine in such theatre or public hall, provided, however, that patrons of any theatre or public hall awaiting seats for any performance, exhibition, lecture or entertainment therein may be permitted to stand in such space as may be set aside in said theatre or hall with the approval of the Police Department and for the accommodation of said patrons awaiting seats.

Section 2. The space set aside in said theatre or hall, with the approval of the Police Department for the accommodation of patrons awaiting seats, shall be separated from the space left clear for exit by a tape, ribbon or other material easily broken or detached, supported by light posts fixed in stationary sockets, the type of which post shall be not less than three nor more than four feet from the floor.

Section 3. Nothing in this ordinance shall be construed to permit any person to stand in any aisle or on any stairway in the auditorium or gallery of any theatre or hall during any performance, exhibition, lecture or entertainment given or held therein.

Section 4. The Chief of the Police Department, or any member thereof acting under his authority, shall have full power to allot and set aside space in the theatres and public halls mentioned herein for the accommodation of patrons awaiting seats. The allocation of such space to be made so that at all times a reasonable amount of clear and unobstructed space shall be available as a means of exit for the patrons of said theatre or hall.

Section 5. The violation of any of the provisions of this ordinance shall be a misdemeanor and shall be punishable by a fine not exceeding One Hundred ($100.00) Dollars, or by imprisonment in the County Jail not exceeding one hundred days, or by both such fine and imprisonment.

Section 6. Ordinance No. 1144, entitled "Regulating the Use of Aisles and Passageways and Stairways in Theatres and Public Halls", approved February 26, 1904, is hereby repealed, and Ordinance No. 862 entitled, "Prohibiting the Obstruction of Passageways of Theatres and Places of Public Assemblage", approved June 26, 1903, is also repealed in so far as the same conflicts with this ordinance.

Section 7. This ordinance is passed as an emergency measure, and the Board of Supervisors does, by the vote by which this ordinance is passed, declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith, the nature of said emergency being as follows, to-wit:

The same is necessary for the preservation of the safety of a large number of persons in the City and County of San Francisco attending theatres and public halls where performances or other public exhibitions are given, and that without said ordinance there is great danger

to the persons in said theatres as well as to persons entering and leaving same.

### Supervisors Invited to Participate in Fourth of July Celebration.

Supervisor Brown invited all members of the Board to participate in July 4th celebration.

### Authorizing Public Utilities Commission to Acquire or Construct Power Distribution System.

(Code No. 15.032)

Presented by Supervisor Havenner.

Bill No. 1056, Ordinance No. 15.0324, as follows:

Authorizing the Public Utilities Commission of the City and County of San Francisco to acquire by purchase, and/or by condemnation, or otherwise, and/or to construct, a public utility or any part thereof for the distribution of electric energy to the inhabitants and residents of the City and County of San Francisco or to the inhabitants and residents of other cities or of other counties, and for the purpose of defraying the cost of acquiring and/or constructing such utility to borrow money and to issue bonds or other obligations payable solely out of the revenue of such utility, and providing for the manner in which said bonds or other obligations payable solely out of revenue of said utility shall be issued, and for the payment of interest thereon and how the interest on, and the principal of said bonds or obligations shall be paid and for the procedure to be undertaken by said Public Utilities Commission and by the Board of Supervisors of the City and County of San Francisco to authorize the issuance of said bonds or other obligations and for the payment of interest on and the principal of said bonds.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, it is provided in Section 9 of the Charter of the City and County of San Francisco that the Board of Supervisors of said City and County may, by ordinance, confer on any officer, board or commission such other and additional powers as the Board of Supervisors may deem advisable over and above and in addition to the powers conferred on said officer, board or commission by the Charter; and

Whereas, the Public Utilities Commission has, pursuant to the provisions of said Charter, charge of the construction, management, supervision, maintenance, extension, operation and control of all public utilities and other properties used, owned, acquired, leased or constructed by the City and County of San Francisco for the purpose of

supplying any public utility service to said City and County and to its inhabitants and/or to territory outside the limits of said City and County and to the inhabitants thereof; and

Whereas, the Board of Supervisors deems it advisable to confer upon the Public Utilities Commission of the City and County of San Francisco the right to acquire by purchase, condemnation or construction a public utility for the purpose of distributing to the City and County of San Francisco and/or to parts thereof, and/or to other cities, counties and political subdivisions and/or to parts thereof, and to the inhabitants and residents of said City and County of San Francisco and/or to the inhabitants and residents of parts thereof, and/or to the inhabitants and residents of other cities, counties or political subdivisions electric energy for all purposes, and to accomplish said purpose to borrow money and to issue bonds or other obligations evidencing said money so borrowed, which said money so borrowed and bonds or other obligations so issued, shall be repayable solely out of the revenue of said public utility.

Section 2. There is hereby conferred upon the Public Utilities Commission of the City and County of San Francisco the following powers in addition to the powers heretofore or hereafter granted to said Public Utilities Commission by the Charter of the City and County of San Francisco or by other ordinances of this Board of Supervisors, to-wit:

1. Said Public Utilities Commission of the City and County of San Francisco may acquire by purchase, and/or by condemnation, and/or by construction, a public utility for the purpose of supplying to the inhabitants and residents of the City and County of San Francisco, and/or to any part thereof, and/or to the inhabitants and residents of any other city or county or political subdivision, or any part thereof, or to the City and County of San Francisco, or to any other city or county or political subdivision, the electric energy for all purposes.

2. That for the purpose of acquiring, condemning or constructing, and for the purpose of defraying the cost of such acquisition, condemnation or construction, said Public Utilities Commission may, as hereinafter in this ordinance set forth, enter into obligations, borrow money and issue bonds or other evidences of indebtedness, and provide for the payment of such obligations, and for the repayment of money so borrowed, as well as for the payment of said bonds or other obligations, solely out of the revenue of said public utility so established, purchased, acquired, condemned or constructed.

3. For the accomplishment of the purposes hereinbefore set forth, that is, to establish, acquire, condemn or construct said public utility or part thereof for the distribution of said electric energy, as aforesaid, said Public Utilities Commission shall make a report to the Board of Supervisors of the size, character and kind of electric distribution system which it desires to establish, acquire, condemn or construct in whole or in part, and the city and county, city or county, or political subdivision, or particular parts thereof, which it will serve or tend to serve, together with an estimate of the cost thereof, as well as an estimate of the probable period of time which will be consumed in establishing, acquiring, condemning or constructing said utility, as well as the manner in which the same will be established, acquired or constructed, as well as the manner in which the cost of establishing, acquiring or constructing said utility will be met. Said report shall also show in detail the estimated net annual revenue from said utility after deducting the cost of operation and maintenance, repairs and reconstruction, depreciation, and all other charges including interest and redemption charges or any moneys expended for the establishment, acquisition or construction of said utility.

4. Upon receiving said report, the Board of Supervisors shall examine the same, and for said purpose may employ engineers, accountants and other experts to aid in said examination, and if after said examination and the report of said engineers, accountants or other

experts, the said Board of Supervisors is satisfied that it will be for the benefit and best interests of the City and County of San Francisco that said utility should be established, acquired or constructed, as originally reported, or as amended by said Public Utilities Commission, said Board of Supervisors shall, by resolution, approve said report and recommend that said utility be established, acquired or constructed as set forth in said report.

5. Thereafter the said Board of Supervisors shall by ordinance authorize and empower said Public Utilities Commission to establish, and/or acquire, and/or construct said utility or part thereof as recommended or set forth in said report, and shall by said ordinance, or by a separate ordinance, or by separate ordinances, authorize said Public Utilities Commission to enter into such obligations, or to borrow such money, or moneys, or to issue such bonds or other obligations as may be necessary to defray the necessary cost of establishing, acquiring or constructing said utility, including the estimated amount necessary to pay the interest on any money so borrowed or bonds or other obligations so issued during the period of acquisition or construction of said utility and for twelve months thereafter.

6. Said bonds or other obligations so authorized to be issued shall be executed by said Public Utilities Commission, by its president and secretary, and shall be in such form and of such denomination, shall be payable at such times, and shall contain such conditions as the said Board of Supervisors in said ordinance may provide, provided that said bonds or other obligations shall be so conditioned that they will not bear interest at a rate higher than six per cent per annum payable semi-annually. Any bonds or other obligations authorized as herein provided, as well as the interest thereon, shall be payable wholly and exclusively out of the net revenue arising from the operation of the utility for which they shall have been authorized after the payment of all operating expenses of said utility, including pension and retirement charges, all amounts necessary for the repair and maintenance of the property of said utility and all amounts necessary to provide for a proper fund to meet the depreciation on said utility. No part of the amount of said bonds or of the interest thereon shall be payable from moneys raised from taxes levied against property or from any other source whatsoever, save and except from the revenues of said utility for the establishment, acquisition or construction of which they may have been issued, and then only in the manner hereinbefore set forth, and said bonds or other obligations shall so state upon their face or by endorsement thereon.

7. The Public Utilities Commission shall have full power and authority to determine and provide for the times at which, and the manner in which, said bonds or other obligations shall be sold and disposed of, and may cause the same to be issued as one issue or in successive issues.

8. The proceeds of all bonds or other obligations sold by said Public Utilities Commission shall be forthwith placed in the Treasury of the City and County and shall only be used for the purposes for which they may have been sold and authorized.

Section 3. Any utility established, acquired or constructed by said Public Utilities Commission, pursuant to or under authority of this ordinance, as well as the income therefrom, shall be subject to all of the provisions of the Charter governing the operation of existing utilities.

Section 4. At the time the Board of Supervisors authorizes the incurring of any obligations or the borrowing of any money, or the issuing of any bonds or other obligations, said Board may, in the ordinance or ordinances authorizing the incurring of said obligation, the borrowing of said money or the issuing of said bonds or obligations, add such additional provisions as it may deem proper relative to the incurring of any obligations or the borrowing of any money, or the

issuance of any bonds or obligations, or as to the conduct, operation, establishment, acquisition or construction of said utility, save and except that no such provision shall be contrary to any Charter provision on the subject, nor shall any provision be made for the payment of any money, bond, or obligation except from the revenue of the utility authorized to be established.

Section 5. Any ordinance of the Board of Supervisors authorizing the borrowing of any money, or the issuance of any bonds or other obligations evidencing the amount or amounts of money so borrowed, shall provide that the Public Utilities Commission shall, at all times while said bonds are outstanding or any other indebtedness authorized by said ordinance remains unpaid, provide and maintain such rates for the service furnished by said utility, so that the said rates will be sufficient to provide for the payment of the principal sum of said indebtedness and the interest to accrue thereon, in accordance with the terms of said bonds or other obligations, in addition to all other expenses incident to the operation or maintenance of said utility, and said ordinance shall also provide that the Board of Supervisors shall approve such rates, and when said ordinance is so passed, the same shall constitute a binding contract between all holders of said bonds or other obligations and said Public Utilities Commission to so maintain said rate.

Section 6. Whenever the words "bond or bonds," "obligation or obligations" are used in this ordinance, the said words shall mean bonds or obligations payable solely, both as to principal and interest, out of the revenue of the said utility wherein or wherefor they may have been issued. The word "indebtedness," as used in this ordinance, shall mean indebtedness repayable solely out of the revenue of the said utility for which said indebtedness was created.

### Delivery of Assessment Roll.

The following were read by the Clerk:

July 3rd, 1936.

Honorable Franck R. Havenner, President of the Board of Supervisors, City Hall, San Francisco, California.

Sir: The 1936 Assessment Roll has been signed by me as Chief Assistant Assessor. The City Attorney has formally passed upon the propriety of this.

Section 3677 of the Political Code reads as follows: "During the session of the Board (i. e., the County Board of Equalization) the Assessor and any deputy whose testimony is needed must be present and may make any statement and introduce or examine witnesses on questions before the Board."

I am transmitting to you herewith a statement signed by Doctor Tilton E. Tillman certifying that Assessor Wolden will not be able to be present during the hearings of the Board.

I will be present to act in the place of the Assessor.

Very truly yours,

HAROLD J. BOYD,
Chief Assistant Assessor.

TILTON E. TILLMAN, M. D.
*Physician and Surgeon*
Suite 1301
450 Sutter Street
San Francisco, California

July 1, 1936.

To Whom It May Concern:

This is to certify that Russell L. Wolden, Assessor of the City and County of San Francisco, is still under my professional care.

Mr. Wolden underwent a very severe major operation in November, 1935, from the effects of which he is still convalescing. He is gaining steadily in strength and at the present time I have advised him not to take on any strenuous work.

Respectfully yours,
TILTON E. TILLMAN, M. D.

July 6, 1936.

Mr. John S. Dunnigan, Clerk of the Board of Supervisors, City Hall, San Francisco, California.

Sir: The following volumes of the 1936 Assessment Roll have been delivered to you today in accordance with the provisions of Section 3654 of the Political Code of the State of California:

44 Volumes, Real Estate and Improvements and Secured Personal Property;
8 Volumes, Indices to Real Estate Roll.
7 Volumes, Unsecured Personal Property on which taxes have been collected by the Assessor.

There remains undelivered the following volumes of the 1936 Assessment Roll:

1 Volume, Arbitrary Assessments.
1 Volume, Unsecured Personal Property on which taxes have been collected by the Assessor.
4 Volumes, Unsecured Personal Property on which taxes have not been collected by the Assessor.
2 Volumes, Indices for Unsecured Personal Property Roll.

All acts in connection with the assessment of property listed in these volumes have been completed. The volumes are now being compiled. When compilation has been effected delivery to you will be made.

No totals have been accumulated on any of the volumes. Section 3737 of the Political Code assigns the responsibility for this duty to the County Auditor.

Yours truly,
HAROLD J. BOYD,
Chief Assistant Assessor.

## MAYOR'S VETO.

The following matter was taken up:

**Ordinance Regulating Use of Aisles, Etc., in Theatres, Etc.**

July 2, 1936.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: I herewith return you Ordinance No. 11.0012 with my disapproval and veto endorsed thereon.

My veto of this ordinance is not by reason of the fact that I am not heartily in accord with the suggested regulation of theatres and public halls, but it is due to the fact that, in my opinion, the Police Department is not the proper department to have supervision over the allotment of space which may be occupied by parons awaiting seats in theatres and public halls. The allotment of such space is to make sure that there will always be an ample exit from theatres or halls in case of any panic arising from fire or other causes and I, there-

fore, believe that the allotment of such space can be better made by the Fire Department than by the Police Department, as the former department is more familiar with the general regulations governing exits from this particular class of buildings. After the allocation of such place is made by the Fire Department it will be the duty of the Police Department to see that persons awaiting seats are not permitted to occupy any other space in the theatre.

Should your Board see fit to pass another ordinance which will vest a suggested authority in the Fire Department, I shall be glad to approve it.

Very truly yours,

ANGELO J. ROSSI, Mayor.

### Mayor's Veto Sustained.

The question being put, "Shall the ordinance pass notwithstanding the objections of his Honor, the Mayor, the roll was called and the Mayor's veto sustained by the following vote:

Ayes—None.

Noes—Supervisors Brown, Colman, Havenner, Mead, Meyer, Ratto, Roncovieri, Uhl—8.

## NEW BUSINESS.

### Passed for Second Reading.

The following bill was *passed for second reading*:

### Confirming Lease to Pan American Airways Company of Portion of San Francisco Airport Property.

(Code No. 12.17354)

On recommendation of Finance Committee.

Bill No. 1047, Ordinance No. 12.173543, as follows:

Confirming lease to Pan American Airways Company of portion of San Francisco Airport property.

Whereas, pursuant to Resolution No. 1291 of the Public Utilities Commission, the Director of Property advertised in the official newspaper of the City and County of San Francisco that bids would be received by him on June 22, 1936, for leasing a portion of the San Francisco Airport land situated in the County of San Mateo, State of California, and more particularly described as follows:

Beginning at a point distant south 0 degrees 02 minutes 30 seconds west 50 feet from the corner common to Sections 26, 27, 34 and 35, Township 3 South, Range 5 West, Mount Diablo Base and Meridian, which section corner is located south 89 degrees 57 minutes 30 seconds east 3215.61 feet along the north line of Section 34 from the center line of the Bayshore Highway as it now exists; thence north 89 degrees 57 minutes 30 seconds west, parallel to the line between said Sections 27 and 34, 850 feet; thence south 0 degrees 02 minutes 30 seconds west 1785 feet; thence south 89 degrees 57 minutes 30 seconds east 900 feet; thence north 0 degrees 02 minutes 30 seconds east 1785 feet; thence north 89 degrees 57 minutes 30 seconds west 50 feet to the point of beginning.

Containing 36.880 acres.

Whereas, in response to said advertisement, the Director of Property received an offer from Pan American Airways Company to lease said property at a rental of $1,000.00 per year for the first five years, $5,000.00 per year for the second five years, with the right to extend the lease for an additional period of ten years at a rental of $10,000.00 per year; and

Whereas, no higher bids were made or received, and the Public Utilities Commission has recommended that said lease be awarded to Pan American Airways Company; now, therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That said lease be and is hereby awarded to Pan American Airways Company.

Section 2. The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute said lease in behalf of the City and County of San Francisco, a municipal corporation. The effective date of the commencement of the lease shall be on or about June 1, 1937, or earlier date, dependent upon the completion of the improvements to said acreage now contemplated. The lease shall be subject

to such reservations and conditions as may be deemed necessary by the Public Utilities Commission and the City Attorney.

Approved by the Director of Property.

Absent—Supervisors McSheehy, Schmidt, Shannon—3.

### Communication.

The following was read and *ordered printed in the Journal*:

June 29, 1936.

Mr. E. G. Cahill, Manager of Utilities, City Hall, City.

Dear Sir: You have asked me if it is contained in the proposed lease to be entered into with the Pan American Airways Company that the lease is to have no effect unless the funds for the improvements contemplated are provided by an agency of the United States Government.

My answer to your query is that such a provision as above outlined is contained first of all in the final paragraph of solicitation for bids to enter into the lease.

In the body of the proposed lease, in Subdivision 5 of Paragraph 4, it is provided, in substance, that if the City is unable to obtain the necessary funds from the United States of America or any agency thereof so as to enable the City to complete the various structures contemplated under the lease within twelve months from the date of entering into the lease, the City will be given an extension of four months, and if not completed at the end of that time a further extension of an additional four months may be had, and if the work is not completed at the end of that time the lease may be terminated and the sole remedy that the lessee shall have is the right to cancel the lease and the City will not be answerable in damages.

Trusting the foregoing answers your question, I remain,

Yours truly,

DION R. HOLM, Public Utilities Counsel.

### Passed for Second Reading.

On motion of Supervisor Brown, the following bill, amended by striking out the emergency clause, was *passed for second reading* by the following vote:

### Additional Appropriation of $50,000 for Investigation of Members of Police Department.

(Code No. 9.051)

Bill No. 1048, Ordinance No. 9.051283, as follows:

Making an appropriation of $50,000 (additional to $25,000 and $2,000 heretofore appropriated) from the Emergency Reserve Fund, Appropriation No. 602.900.00, in response to the request of the District Attorney to enable said District Attorney to continue to investigate charges which have been made that certain members of the Police Department unlawfully collect moneys from illegal activities, and making this ordinance effective forthwith as an emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated to the Special Fund of the District Attorney, from Appropriation No. 602.900.00—1936-1937 (Emergency Reserve Fund), the sum of $50,000 (additional to the sums of $25,000 and $2,000) for the purpose of defraying the cost of continuing an investigation as to the charges which have been made that certain members of the Police Department unlawfully collect moneys from illegal activities in the City and County of San Francisco.

Section 2. The amount hereby appropriated shall be expended and

accounted for as provided by Section 29 of the Charter and Section 4308 of the Political Code.

Section 3. This appropriation is made from said Emergency Fund in order to permit the uninterrupted operation of an office of the City and County of San Francisco, to-wit, the office of the District Attorney.

Section 4. This ordinance is enacted as an emergency measure to become effective forthwith, and the Board of Supervisors does hereby declare and find by the vote by which this ordinance is passed that an actual emergency exists which necessitates this ordinance become effective immediately, the nature of said emergency being as follows: That said appropriation is necessary immediately for the uninterrupted operation of an office of the City and County, to-wit, the office of District Attorney in order to enable said District Attorney to continue the investigation referred to in Section 1 of this ordinance.

Recommended by the Mayor.

Approved as to funds by the Controller.

Adopted.

The following resolutions were *adopted*:

**Authorizing Transfer of Certain City Lands to Board of Education for Junior College Site, Also School Lot on Geary Street to Real Estate Department.**

(Code No. 12.175)

On recommendation of Finance Committee.

Resolution No. 2666, as follows:

Whereas, pursuant to Ordinance No. 12.1751, Bill No. 589, the Board of Education requested the Mayor to arrange for transferring certain City owned lands to said Board for a Junior College site, which lands are situated in the City and County of San Francisco, State of California, and are more particularly described as follows:

Parcel 1. Starting at the intersection of the easterly property line of Phelan avenue and the northerly property line of Ocean avenue, thence easterly 526.600 feet along the said northerly property line of Ocean avenue; thence deflecting 81 degrees 0 minutes to the left and distant 260.000 feet; thence deflecting to the right 21 degrees 15 minutes and distant 515.374 feet; thence deflecting 30 degrees 15 minutes to the left and distant 175.000 feet; thence at right angles in a westerly direction 375.000 feet distant; thence at right angles in a northerly direction 250.000 feet distant; thence at right angles in an easterly direction 290.000 feet distant; thence at right angles in a northerly direction 188.000 feet distant; thence at right angles in a westerly direction 741.804 feet distant to the easterly property line of Phelan avenue; thence at right angles in a southerly direction along the easterly property line of Phelan avenue 1315.000 feet distant to the northerly property line of Ocean avenue and the point of commencement.

Containing 19.3 acres more or less.

Parcel 2. Starting at the intersection of the northerly property line of Ocean avenue and the westerly boundary line of the Southern Pacific right of way; thence westerly along the said northerly property line of Ocean avenue 840.000 feet; thence deflecting an angle of 99 degrees 0 minutes to the right and distant 260.000 feet; thence deflecting an angle of 21 degrees 15 minutes to the right and distant 252.594 feet; thence deflecting an angle of 59 degrees 45 minutes to the right and running parallel to Ocean avenue and in an easterly direction to the intersection of the westerly boundary line of the Southern Pacific right of way; thence southerly along the westerly boundary line of the Southern

Pacific right of way to the northerly property line of Ocean avenue, the point of commencement.

Containing 9.3 acres more or less.

Whereas, the Director of Property has reported to the Mayor that the above described lands can be advantageously used by the Board of Education for school purposes; and

Whereas, on May 20, 1936, the Recreation Commission adopted a resolution consenting to the transfer of said Parcel 2 to the Board of Education; and

Whereas, on June 4, 1936, the Board of Park Commissioners adopted a resolution consenting to the transfer of said Parcel 1 to the Board of Education, subject to the condition that the school lot on the south side of Geary street, 60 feet west of Jones street, San Francisco, size 102.5 feet x 137.5 feet, be transferred to the Real Estate Department for the purpose of sale, the proceeds of such sale to be used for the purchase of additional real property; and

Whereas, on May 26, 1936, the Board of Education adopted Resolution No. B-1398, consenting to the transfer of said school lot on Geary street to the Real Estate Department, upon completion of the transfer of said Parcels 1 and 2; and

Whereas, the Mayor has recommended that said transfers be made; and

Whereas, this Board has considered the proposed transfer, and hereby determines that Parcels 1 and 2 are no longer necessary for the departments having jurisdiction over the same and can be advantageously used by the Board of Education, that the school lot on Geary street is no longer necessary for the Board of Education. Now, therefore be it

Resolved, That the control of said Parcels 1 and 2 be and is hereby transferred to the Board of Education for school purposes. Be it

Further Resolved, That the control of said school lot on Geary street be and is hereby transferred to the Real Estate Department, for the purpose of sale, the proceeds of such sale to be used for the purchase of additional land adjoining the Kezar Stadium or for the acquisition of such other real property as may be determined by the Park Department.

**Appropriation $65,105 for Care of Indigent Sick and Dependent Poor for Month of July, 1936, and Declaring the Existence of an Emergency.**

(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 1052, Ordinance No. 9.051285, as follows:

Appropriating $65,105 to the Citizens' Relief Committee for meeting the expense of caring for the indigent sick and dependent poor of the City and County of San Francisco for the mnoth of July, 1936, and

authorizing a portion of said sum to pay the necessary compensations for the administration and distribution of said relief.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $65,105 is hereby appropriated out of such funds as may be available for the purpose of caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco for the month of July, 1936.

Section 2. Said appropriation is made for the purpose of caring for the indigent sick and dependent poor of said City and County and for the purpose of paying compensations of the positions necessary for the administration and distribution of such relief, which positions and compensations are fixed by the Citizens' Relief Committee and approved and /or continued subject to the provisions of Resolution No. 1942 heretofore adopted by the Board of Supervisors.

Section 3. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as immediate action is required to provide for the disbursement of funds for the relief of the indigent sick and dependent poor of the City and County of San Francisco.

On motion of Supervisor Ratto, seconded by Supervisor Mead, the following bill was *laid over two weeks*, pending opinion of City Attorney as to whether, if legislation to be presented to State Legislature repealing provisions requiring persons aided by City to file lien fails of enactment, then can person seeking pension tender lien and receive aid, to-wit:

**Providing for the Reimbursement of City and County of San Francisco for Aid Granted Persons Either Directly or by Institution Care, Etc.**

(Code No. 18.01)

Bill No. 1014, Ordinance No. 18.013, as follows:

Providing for the reimbursement of the City and County of San Francisco for aid granted to persons, either directly or by institutional care, and directing the officer, board or commission giving or granting such aid, either directly or by institutional care, to provide for the reimbursement of the City and County for the amount of aid so granted and directing the taking of obligations from the person or persons receiving said aid for the reimbursement of the City and County for said aid so granted.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Every person who is given or shall receive aid directly or indirectly from public moneys drawn through the Treasury of the City and County of San Francisco shall be liable for the value of said aid so allowed, granted, or given, and the value thereof shall constitute a first lien on all property, real, personal, or mixed, that said person may possess, acquire, or have an interest in.

Section 2. The actual cost of direct or indirect aid shall constitute its value. The Board of Supervisors shall not later than the last Monday of August of each year establish by resolution a basic rate for evaluating institutional care allowed, granted, or given to persons at the Laguna Honda Home, and the rate so established shall constitute prima facie evidence of the reasonableness of said charge and the re-

sulting amount which shall be due to the City and County of San Francisco.

Section 3. As a consideration and as a condition precedent to the allowing, granting or giving of aid, the officer, board or commission charged with the duty of allowing, granting or giving of aid shall take from every person now receiving aid and from every person who may hereafter be allowed, granted, or given aid the following agreement:

"AGREEMENT TO REIMBURSE FOR MONEYS EXPENDED OR AID GRANTED OR GIVEN."

"In consideration of the granting of aid to me by the City and County of San Francisco, and as a condition precedent thereto, I hereby pledge, promise and agree to reimbuse and repay said City and County for all sums of money actually expended in my behalf or aid granted or given by the City and County of San Francisco for my care and maintenance, provided I am able to pay for the same in whole or in part, and I further agree that any claim for such moneys expended in my behalf or aid granted or given me by said City and County shall be a preferred claim against me and a first lien on all property now owned or possessed by me or that may hereafter be acquired by me or in my behalf.

"Statute of Limitations is hereby forever waived.

"This agreement is binding upon myself, my heirs, executors, administrators and assigns.

Section 3a. Provided, however, that the form of the lien to be taken in connection with aid to the needy aged shall be as prescribed by the State Department of Social Welfare.

Section 4. The Controller of the City and County of San Francisco shall prescribe the procedure governing the evaluation of institutional care at the Laguna Honda Home, the auditing, accounting, reporting and collecting of all obligations arising under this ordinance in accordance with the provisions of Sections 64 and 75 of the Charter.

Section 5. Every person who knowingly, fraudulently or designedly conceals or withholds any information concerning his property or financial condition, means or ability to pay, or who knowingly makes or causes to be made, either directly or indirectly, or through any agency whatsoever, any false statement in writing, with intent that it shall be relied upon respecting his property, or financial condition, means or ability to pay of himself or any other person in whom he is interested, or for whom he is acting for the purposes recited in this ordinance, shall be guilty of a misdemeanor punishable by a fine of not more than $500, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment. Such person, in addition to the penalties hereinabove set forth, shall be liable for the full value of the aid thus fraudulently obtained.

**Resolution of Intention for Bond Issue, for Construction of Courts Building.**

(Code No. 12.123)

Resolution No. 2677, as follows:

Declaring and determining that public interest and necessity demand

the construction and furnishing by the City and County of San Francisco of a municipal improvement, to-wit, a Courts Building to be erected in the Civic Center of San Francisco on land owned by the City and County for the purpose of providing appropriate quarters for the Superior and Municipal Courts of the City and County of San Francisco and for other courts which may be hereafter created, and for the County Clerk and for the Clerk of the Municipal Court and for such other Officers and Agencies of the City and County of San Francisco as may be accommodated therein; and futher declaring that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand that more adequate housing facilities be afforded the Courts and other Agencies of the City and County of San Francisco and that to meet such purpose the said City and County shall construct and furnish a municipal improvement, to-wit, a Courts Building, in the Civic Center of San Francisco on land owned by the said City and County for the purpose of providing appropriate quarters for the Superior and for the Municipal Courts and for other courts that may be hereafter created and for the County Clerk and for the Clerk of the Municipal Court and for such other agencies or officers of the City and County of San Francisco as may be accommodated therein; and it is further declared and determined that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvement described in Section 1 hereof is the sum of $3,220,000.

Section 3. It is hereby determined and declared that of said sum of $3,220,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the amount of $3,220,000.

Section 4. The bonds described herein shall not be offered for sale or sold unless the United States Government, through one of its agencies, shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvement described herein.

Section 5. This resolution shall take effect immediately.

Approved as to form by Jno. J. O'Toole, City Attorney.

## THEATRES, MOVING PICTURE HOUSES AND PLACES OF PUBLIC ASSEMBLY.

(Code No. 11.11.)

On recommendation of Committee on Fire, Safety and Police.

Bill No. 1059, Ordinance No. 11.113.

An ordinance regulating the installation and operation of all electrical apparatus and appliances used in the conduction, operation and maintenance of moving picture exhibitions and theatres, emergency lighting, aisle lighting, emergency service, exit signs for such theatres, moving picture exhibitions, auditoriums, assembly halls, dance halls, banquet halls, skating rinks, lodge

halls, hotels, schools and churches in the City and County of San Francisco; providing for the registration and issuance and revocation of certificates of registration for motion picture projectionists; providing for renewal of certificate; providing for expiration of certificate and fee; prohibiting projectionist under certain age from working, and prohibiting employment of projectionist under certain age; authorizing the Department of Electricity to enforce the provisions of this ordinance; providing penalties for the violation thereof; providing for right of entry by employe of Department of Electricity; non-liability of City for damages; and repealing Ordinances No. 1510 (New Series) and No. 1543 (New Series), and all ordinances or parts of ordinances in conflict herewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

SEC. 1. **Permit Required to Install Projectors.** It shall be unlawful to operate or install any portable type of motion picture equipment using film other than the slow burning type (cellulose, acetate or equivalent) unless said equipment is inspected by the Department of Electricity previous to its operation and a permit to operate said machine has been issued by the Chief of the Department.

SEC. 2. **Registration of Motion Picture Projectionists.** After October 1, 1936, it shall be unlawful for any person, firm or corporation to operate and maintain any professional type of motion picture equipment using film other than of the slow burning type, as defined in Article 35 of the National Electric Code, unless the projectionist is registered with the Department of Electricity of the City and County of San Francisco.

SEC. 2a. **Registration Requirements.** Before any motion picture projectionist shall become registered he shall submit on forms furnished by the Department, sworn statements giving not less than six (6) months' experience in motion picture operation and machine maintenance.

SEC. 2b. **Issuance of Certificate.** When an applicant for registration as a motion picture projectionist has supplied sworn statements giving the necessary information required in Section 2a, a Certificate of Registration as a Motion Picture Projectionist shall be issued to him by the Chief.

SEC. 2c. **Renewal of Registration Certificates.** Certificates of registration issued to motion picture projectionists shall be renewed on or before the first day of each calendar year.

SEC. 2d. **Expiration of Registrations.** Unless certificates of registration as a motion picture projectionist are renewed within thirty (30) days after the date of expiration of said certificates, the holder of same shall be required to pay a fee of five dollars ($5.00) before a new certificate shall be issued to him. It shall be unlawful to operate or maintain any motion picture machines or equipment unless the operator is the holder of an uncancelled or unexpired certificate of registration.

SEC. 3. **Temporary Registration Certificates.**

The Department shall issue temporary registration certificates to competent motion picture projectionists working for or with any traveling picture exhibition, where the work of said projectionist is necessary for the successful operation of the traveling motion picture equipment. Said temporary registration certificate shall not be issued for a period exceeding thirty (30) days. The applicant shall show proof of his experience and ability to operate the types of equipment specified in his application for said temporary registration certificate.

SEC. 4. **Emergency Registration Certificates.** If at any time due to circum-

stances beyond their control, it is impossible for an employer to secure the services of a registered motion picture projectionist, said employer shall submit in writing an application for a temporary registration certificate for the temporary employment of a motion picture projectionist. If said temporary employee shall pass an examination as shall test his ability to operate and maintain motion picture machines and equipment, to the satisfaction of the Chief of the Department, the Chief shall have the power to issue a temporary registration certificate for a period not exceeding thirty (30) days.

SEC. 5. **Employment of Minor Prohibited.** It shall be unlawful for any person, firm or corporation to employ for the purpose of operating a motion picture machine in any place of public assemblage, any person who is under twenty-one (21) years of age.

SEC. 6. **Operation by Minor Prohibited.** It shall be unlawful for any person, who is under 21 years of age, to operate any professional type motion picture machine or equipment in any place of public assemblage.

SEC. 7. **Wiring in Theatres and Moving Picture Houses.** On and after the passage of this ordinance, all electrical materials, appliances, and apparatus, installed, operated or maintained in, on or about any theatre or motion picture house shall conform to the requirements of the State Safety Orders of the Industrial Accident Commission of the State of California and the National Electric Code as approved by the American Standards Association, except as such orders and requirements are modified or supplemented as provided for in this ordinance.

SEC. 8. **Emergency Lighting.** Emergency lighting shall mean and include exit lights, aisle lights, and all lighting necessary to properly illuminate lobbies, stairways, corridors and other portions of the theatre, or other places of public assembly as herein classified, to which the public have access and which are normally kept lighted during a performance. Emergency lighting shall be arranged to assure continued illumination of the auditorium, and all exits leading therefrom in cases of emergency caused by failure of the general lighting source of energy supply.

SEC. 8a. **Emergency Lighting Intensities.** There shall be provided sufficient illumination to permit all persons to safely traverse the occupied areas. The minimum average intensity of emergency illumination, except for auditoriums, shall be not less than ¼ watt per square foot; for auditoriums, not less than a minimum of ⅛ watt per square foot of floor area shall be installed.

SEC. 8b. **Aisle Lighting Required.** In theatres and motion picture houses additional lights supplied by the emergency system shall be so placed within, or adjacent to, the main aisles as to thoroughly illuminate them.

SEC. 9. **Emergency Service Classes, Classifications.** The provisions of this section shall apply to all systems supplying emergency illumination. The classification of emergency services for occupancies described herein is as follows:

SEC. 9a. Theatres, motion picture houses, opera houses, and auditoriums having a seating capacity in excess of 1000 persons, shall be supplied by a "Class 1" emergency service.

SEC. 9b. Theatres, motion picture houses, opera houses, and auditoriums having a seating capacity not in excess of 1000 persons, shall be supplied by a "Class 1" or "Class 2" emergency service.

SEC. 9c. Assembly halls, dance halls, banquet halls, skating rinks, lodge halls, churches, school auditoriums, any assembly hall used for religious serv-

ices, or for the purposes of instruction, or entertainment, and having a seating capacity in excess of 500 persons, shall have "Class 1" emergency service.

SEC. 9d. For the types of occupancies designated in Section 9, and having a seating capacity not in excess of 500 persons, "Class 1" or "Class 2" emergency service shall be installed.

SEC. 10. **Emergency Service Classes.** The different classes of emergency service shall be as follows:

SEC. 10a. "Class 1" shall mean the installation of emergency lighting on an individual lighting service, electrically separated from the general lighting services. For metering purposes only, the emergency lighting feeder may be connected to the general lighting bus, provided a double throw, selective service type of automatic switch or circuit breaker is installed and so arranged that the emergency lighting feeder is automatically transferred to the emergency lighting service upon failure of the general lighting service.

SEC. 10b. "Class 2" emergency service shall mean the installation of the emergency service switch on the line side of the general lighting service switch. Under no condition can the emergency lighting feeders of "Class 2" emergency services be connected to the bus bars on the load side of the general lighting meter.

SEC. 11. **Capacity of Emergency Service and Feeders.** The service, sub-service and feeder conductors supplying emergency lighting shall be installed to provide for (100%) one hundred per cent of the total electrical load connected thereto.

SEC. 12. **Emergency System in Separate Raceways.** Emergency lighting service, sub-service feeder and circuits shall not be installed in the same conduit or raceway with any conductors supplied from the general lighting system.

SEC. 12a. **Emergency lighting** and general lighting circuits may be installed in the same outlet box with the general lighting circuits only when said outlet supplies both emergency and general lighting.

SEC. 13. **Emergency Feeder and Panel Installation.** From the emergency service switch location the emergency feeder shall run to an approved non-fused type externally operable disconnect switch and panel-board located in the lobby or other convenient location in the front of the house. The emergency panel disconnect switch shall be installed as part of the emergency panel or may be installed adjacent thereto.

SEC. 14. **Control of Emergency Lighting Circuits and Outlets.** Lighting outlets installed on the exterior of a building for the purposes of illuminating outside stairways, fire escapes, and passageways, when there is not sufficient daylight, may be separately controlled from the emergency panel-board by a switch or by an automatic light actuated device approved for the purpose. No other switches shall be installed at any location on emergency circuits or in the circuits of an emergency panel-board. Unless, as specified above, no other switch or control device shall be inserted in the wiring of an emergency system other than a switch at the main service location, the panel-board disconnect switch, or the automatic switch on the control panel for special current source.

SEC. 14a. **No Portion of the Emergency Lighting System** shall be controlled from the projection room or stage location.

SEC. 15. **Exit Signs Required.** At each exit in every theatre, motion picture house, auditorium, dance hall or assembly hall there shall be installed

an approved type of exit sign light. Each exit sign light shall be located not more than 24 inches above the top of the exit opening, said distance to be measured to the bottom of the exit light sign. All of the lamps in each exit light sign shall be illuminated before the public enters the building and shall be kept illuminated until after the public has left the building.

SEC. 16. **Construction of Exit Light Signs.** Exit light signs shall be constructed of not less than No. 16 U. S. standard gauge metal and shall have a green glass front. A metal mat or face having letters cut through such mat or face shall be installed in front or back of said glass panel.

SEC. 16a. Every exit sign shall show the word "Exit" thereon in plainly legible green letters not less than 6 inches high, with the principal strokes of such letters not less than ⅝-inch in width. Electric signs indicating directions of exits need not conform to the requirements of this section.

SEC. 16b. Each exit sign shall contain not less than two lamp receptacles. Each receptacle shall contain a lamp of not less than 15 watts. Both lamp receptacles shall be connected to the emergency system, or one lamp receptacle shall be connected to the emergency lighting circuit and the other lamp receptacle to the general lighting circuit.

SEC. 17. **Installation Requirements.** All electrical wiring shall be installed in accordance with the requirements of existing law and the supplementary electrical installation rules and orders of the Department of Electricity of the City and County of San Francisco.

SEC. 18. **House Light Control From Projection Room.** Where the general lighting for the house is controlled from the projection room an additional control arrangement shall be installed in a location in the front part of the house.

SEC. 18a. **Installation of Dimmers.** Where dimmers are installed and controlled from the projection room, the dimmers shall be so installed that the operator can easily control same without leaving the projection room. No dimmer plates or reactance dimmers shall be installed in the projection room.

SEC. 18b. **Dimmers Controlled From Projection Room.** Where dimmers are installed in house lighting circuits that are controlled from the projection room, the control arrangement located in the front of the house shall automatically by-pass the dimmer circuits when the control switch is actuated.

SEC. 18c. **Dimmers Mechanically Controlled.** Where dimmers are mechanically controlled from the projection room, the dimmer control rods shall pass through an opening so designed that the space through which flame or smoke can pass shall be a minimum and shall not exceed twice the cross-sectional area of the rod.

SEC. 18d. **No Fuses, Etc., Allowed in Projection Room.** No fuses or overcurrent protective devices for the house lighting circuits shall be installed in the projection room.

SEC. 19. **Projection Room Ventilating Fan.** Ventilating fan motors installed for the ventilating of the projection room shall be of a type that can be and shall be installed on the emergency lighting system. The control for the projection room exhaust fan shall be installed outside of the projection room, as near as possible to the entrance of the room. No switch or fuses for the projection room ventilating fan shall be installed in the projection room.

SEC 20. **Projection Room Equipment Wiring.** Each appliance or device

installed in the projection room that consumes or generates more than 1000 watts shall be placed upon a separate circuit.

SEC. 20a. **Motor Installation.** Each motor greater than ¼ h. p. shall be connected to a separate circuit with approved overload protective devices.

SEC. 20b. **Arc Lamp Installation.** Each arc lamp shall be installed upon a separate circuit and shall have the capacity of conductors and their approved overload protective devices installed for 50% in excess of the normal current of the lamp.

SEC. 20c. **Motors, Etc., Separate Room.** Motor generators, arc rectifiers, current rectifiers, storage batteries, filters, impedances and resistances, etc., shall be installed in a ventilated room adjoining the projection room with a self-closing door between so that the apparatus is under the immediate supervision of the operator.

SEC. 20d. **Motor Control.** Motors installed either in the projection room or on the stage that are greater in size than ¼ h. p. 110 volts or for any size of 220-volt motor shall not be controlled by means of three-way and four-way switches carrying the motor current. Approved magnetic switches or equivalent means shall be installed to interrupt the motor current and three-way or four-way switches may be installed in the magnetic circuit.

SEC. 20e. **Cords in Projection Room.** All cords installed within a projection room shall be of armored cord or reinforced cord.

SEC. 20f. **Lamps in Projection Room.** All lamps in the projection room, unless installed within an enclosing globe, shall be equipped with guards.

SEC. 20g. **Protective Devices in Projection Room.** The circuits and approved overload protective devices for all equipment in the projection room shall be installed in an approved dead front externally operated panel-board located in the said room. This does not apply to the individual disconnect switch mounted on the projector equipment.

SEC. 20h. **Protective Devices for Feeder Motors.** Where small carbon arc feeder motors are installed and connected to arc circuit conductors, each motor shall have its approved overload protective devices.

SEC. 21. **Switches and Fuses in Projection Room.** All switches in the projection room shall be of approved enclosed, externally operated type. An approved disconnecting means shall be installed ahead of each overload protective device. Double throw switches used to connect circuits to either of two sources of supply shall be so installed that the blades of the switch shall be connected in the circuit on the line side of the overload protective devices unless an additional switch is installed directly ahead of the overload protective devices on each source of supply.

SEC. 22. **Accessibility of Projection Room.** It shall be unlawful for any person, firm or corporation to keep locked during the hours in which the theatre is open to the public, the door or entrance to the projection room.

SEC. 23. **Dressing Room Switches Required.** Wall switches shall be installed for the control of all lights in dressing rooms.

SEC. 23a. **Bracket, Etc., Lamps to Be Protected.** All bracket or cord pendant lamps shall be protected by approved lamp guards, sealed or locked in place.

SEC. 23b. **Installation of Bracket Lamps.** Where bracket lights are in-

talled over dressing tables, one convenience outlet receptacle shall be installed or every four bracket lamps. The plug receptacle shall be connected to circuits that are separate from the lighting.

SEC. 24. **Enforcement of Ordinance.** The Department of Electricity of he City and County of San Francisco shall be responsible for the enforcement f this ordinance.

SEC. 25. **Right of Entry.** Upon the display of his credentials at any time he representative of the Department of Electricity shall have the right to nter any building in the discharge of his official duties, or for the purpose of naking any inspection or test of the installation of electrical wiring or equipnent and devices contained therein.

SEC. 26. **Non-Liability of City for Damages.** Nothing in this ordinance hall be construed to relieve from or lessen the liability of any person, firm r corporation owning, operating or installing any electrical work, or causing he same or any part thereof to be done for damages to anyone injured by ny defect therein or any negligent doing or installation thereof, nor shall he City and County or any agent thereof be held liable therefor by reason f any inspection herein authorized and made by reason of such authority, r by reason of the certificate of inspection and approval issued by the Departnent.

SEC. 27. **Penalty for Violation of Ordinance.** Any person, firm or corporaion who violates, disobeys, omits, neglects or refuses to comply with, or resists r opposes the execution of, or violates any of the provisions of this ordinance, hall be punished by a fine not exceeding five hundred ($500.00) dollars, or by imrisonment of not more than six (6) months, or by both such fine and imprisonnent, and every person, firm or corporation shall be deemed guilty of a seprate offense for each day such violation shall continue, and shall be subject o the penalty imposed by this section for each and every separate offense.

SEC. 28. **Validity of Ordinance.** If any section, subsection, paragraph, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions f this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, paragraph, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, sentences, clauses or phrases be declared unconstitutional.

SEC. 29. Ordinances No. 1510 (New Series), No. 1543 (New Series), and all ordinances or parts of ordinances in so far as they conflict with this ordinance are hereby repealed.

### Amendment to Building Law—Chimneys, Flues, Etc.

(Code No. 11.08)

On recommendation of Public Buildings and Lands Committee.

Bill No. 1034, Ordinance No. 11.0814, as follows:

Amending Sections 242, 251 and 252(B) of Ordinance 1008 (New Series) entitled: "Regulating the construction, erection, enlargement, raising, alteration, repair, removal, maintenance, use and height of buildings; regulating character and use of materials in and for buildings. Establishing fire limits and repealing all ordinances in conflict

with this ordinance", and adding a new section thereto to be numbered 245(A), relating to chimneys, flues and vents.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 242, 251 and 252(B) of Ordinance 1008 (New Series), the title of which is recited above, are hereby amended to read as follows:

Section 242. All chimneys and flues hereafter constructed, except as provided in Sections 244, 245, 245(A) and 246 hereof referring to patent chimneys and chimneys, flues or vents for gas appliances, shall be of brick or stone, or may be of concrete when in concrete walls; their enclosing walls shall be not less than four (4) inches thick, and shall, if less than eight (8) inches thick, be lined on the inside with well-burnt clay or terra cotta pipe not less than ¾ of an inch thick for flue linings of the following inside dimensions: 3x7 inches, 3x11½ inches, 7x7 inches and 7x11½ inches, and one inch thick for flue linings of the following inside dimensions: 2½x15 inches, 6½x15 inches, 11x11 inches, 11x15 inches and 15x15 inches. Said lining shall start from the bottom of the flue or the throat of a fireplace, be continuous to the top of the flue, and shall be built in first and bricked around as carried up. Flues where lining is not required by this ordinance shall have the joints struck smooth on the inside, and, if less than eight (8) inches thick, shall be smoothly plastered for the entire height on the outside.

No smoke flue shall be less than 7 by 7 inches in the clear, and such sized flue shall have but one inlet; for two inlets the flue shall be not less than 7 by 11½ inches in the clear; for three inlets not less than 6½ by 15 inches in the clear, and for a larger number of inlets the size shall be increased in same proportion. Flues larger than two hundred square inches and less than five hundred square inches area shall be surrounded by walls not less than eight inches thick; flues larger than five hundred and less than one thousand square inches area shall be surrounded by walls not less than twelve inches thick to a height of fifteen feet above the inlet, and eight inches thick the remaining height; flues larger than one thousand square inches shall be proportionately increased in size and shall be lined with fire brick for at least twenty feet above the inlet.

Bakery oven flues shall be not less than 12 by 12 inches in the clear and shall be surrounded by brick work not less than eight (8) inches thick.

The inside four inches of all boiler flues for boilers of over twenty-five horsepower shall be of fire brick, laid in fire mortar, for a distance of twenty-five feet in any direction from the source of heat.

Chimneys and stacks connected with steam boilers shall extend not less than ten feet above the woodwork of the roof, or any adjacent roof, and if sawdust, shavings or wood are burned, shall extend twenty feet above such roofs and be provided with a spark arrester. Spark arresters shall be placed upon all chimneys and stacks whenever the Director of Public Works deems it necessary for the safety of property.

Chimneys and flues from boilers, restaurants and hotel ranges, bakers' ovens and similar unusually hot flues, shall have the outside exposed throughout the height of the room in which connection therewith is made, and if plastered shall be plastered directly upon the bricks.

All chimneys having a greater flue area than two hundred and sixty (260) square inches shall be carried up at least ten feet above the highest point of the roof of the building of which they form a part, and ten feet above the highest point of any roof within fifty feet of such chimney.

Where a smoke pipe is to enter a chimney or flue a tile thimble not less than ⅝ of an inch thick shall be placed as construction progresses. Thimbles shall be surrounded by four inches of brick work brought out flush with furring, and shall extend to the face of the plastering

and not be nearer than six inches to any wood, lath and plaster. No tile pipe shall be used as a smoke pipe in connection with such thimbles.

Chimneys not part of a wall shall not be built upon any floor or beam of wood, but shall be built from the ground up and shall not increase in size from the foundation. No chimney shall be corbelled out more than eight inches from a wall, and corbelling shall consist of at least five courses of brick, but no corbelling shall be more than four inches in twelve-inch walls. Offsets for reducing the size of chimneys shall not be greater than one inch to each course.

Flues in party walls shall not extend within four inches of the center of the wall, and joint flues in party walls shall be separated across the wall by an eight-inch width of brick work for the entire length.

No joist or girder shall be supported on the walls of any chimney or flue, and no woodwork shall be placed nearer than two inches to the outside face of, or within seven inches of the inside of any smoke, air or other flue.

All wood joists shall be trimmed away at least two inches from any smoke, air or other flue; the trimmer beam shall not be less than eight inches from the inside of the flue, and four inches from the outside of a chimney breast; except that for smoke flues the brick work of which is by this ordinance required to be eight inches thick or more, the trimmer beam shall not be less than twelve inches from the inside of the flue.

Chimneys built outside of frame structures, or in light wells thereof, shall be well anchored, at intervals of not less than ten feet to the stud walls.

All chimneys and flues shall be properly cleaned and all rubbish removed and same left smooth on the inside on completion of the building.

Section 251. (a) No gas grate, gas log, or other appliance using gas or electricity for producing heat, except as otherwise ordained, shall be placed in a fireplace or recess unless such fireplace or recess be constructed as required in Sections 243 and 246 of this ordinance for fireplaces, the sides, back and top of which shall be of brick work not less than eight (8) inches thick; all pipes supplying gas thereto shall be of iron and enter only at the sides of fireplaces or recesses, through brick work. Gas grates, gas logs, or other appliances using gas or electricity for producing heat, not placed in a fireplace or recess shall have a clear and unenclosed space of not less than ten (10) inches between them and any unprotected woodwork, wood lath and plaster or other combustible material, or a similar space of four (4) inches between them and any woodwork, wood lath and plaster, or other combustible material protected with terra cotta or tiles one inch thick or with metal with one (1) inch clear air space between the metal and woodwork, wood lath and plaster, or other combustible material.

No vent shall be permitted other than a brick patent chimney, flue or vent as required by Sections 242, 244, 245, 245(A) and 246 of this ordinance.

(b) No gas range, or gas water heater, shall be placed nearer than twelve (12) inches to any unprotected woodwork, wood lath and plaster, or other combustible material, or nearer than six (6) inches thereto, if such woodwork, wood lath and plaster, or other combustible material is protected with metal with one (1) inch clear air space between the metal and the woodwork, wood lath and plaster or other combustible material. No gas range or gas water heater shall be placed in any recess unless the front of the recess is either open or freely vented at top and bottom.

(c) Every instantaneous gas water heater shall be provided with a vent pipe not less than three (3) inches in diameter, extending clear through and at least twelve (12) inches above the roof, with

a "T" connection at the top; and around every such vent at all places not exposed there shall be a galvanized iron sleeve extending the full length of the concealed portion with a clear air space of not less than one (1) inch surrounding the vent. In every room fitted with an instantaneous gas water heater there shall be provided an air inlet independent of doors or windows.

(d) All low, portable gas stoves, gas plates, or heaters, shall be placed on iron stands or other incombustible bases, or the burners shall be at least six (6) inches above the base of the stove and metal guard plates placed four (4) inches below the burners; all woodwork under them shall be covered with metal or other incombustible material. All portable gas-heated stoves, ranges, kettles, gas plates or other gas-heated devices, shall be connected direct to their gas supply main only by iron pipe or flexible metal tubing.

Section 252(B). The provisions of Sections Nos. 244, 245 and 256 regulating and requiring chimneys, vents and flues shall not apply to the installation or maintenance of gas heat radiators, standing on the floor not less than five inches from any wooden or plaster wall.

All gas heat radiators shall be connected to a flue as provided for in Section 245(a), or to a brick or patent chimney or to a terra cotta flue of not less than 6 square inches in the clear, the walls of such flues to be not less than ½ inch in thickness and the joints to be made of galvanized iron sleeve not less than three inches wide with edges flanged outward at least ½ inch and the joints to be filled with cement; the entire flue encased in galvanized iron similar to the so-called patent flue with ½-inch air space all around between terra cotta and casing. This patent flue to be so sized that not less than six square inches in the clear will be permitted for four radiators or less, and in cases where more than four radiators are to be connected into the same flue the area is to be increased proportionately, said patent flue in all cases to extend to the outside and at least two feet above the roof of the building. Every gas heater of the radiator type shall be connected to the gas supply by iron pipe; the burner of said radiator shall be of the bunsen or atmospheric type; the radiator shall be made of cast iron, and when installed in any building shall not be closer than five inches to any wall or partition, and shall be connected to a flue, vent pipe or chimney of such size and material as is provided for herein, excepting where said radiator is so designed and constructed as to have a firebox or burner chamber containing the burner where combustion takes place, and also, having one or more super-heating chambers or secondary combustion chambers attached to or substantially surrounding said firebox containing said burner, and also having at the back of said radiator a retort for the purpose of purifying and humidifying the products of combustion before entering the room, said retort being attached to or made a part of said firebox and said super-heating or secondary combustion chambers.

Every gas heater of the fireplace or mantle type, having a bunsen or atmospheric burner, shall only be connected to the gas supply by iron pipe.

No gas heater of the portable stove type shall contain or be operated with bunsen or atmospheric burner, or be connected to the gas supply by flexible metal or rubber tubing, unless the stopcock is provided and placed back of said tubing at the point of the gas supply outlet.

Section 2. There is hereby added to Ordinance 1008 (New Series), the title of which is recited above, a new section to be numbered 245(A), and to read as follows:

Section 245(A). In lieu of brick, stone, or patent chimney, as specified, in Sections 242, 244, 244-A and 245, there may be erected for venting gas appliances only chimneys, flues, or vents which are constructed as follows:

"1. Fire-clay vent pipe, either round or rectangular, having a shell thickness of not less than one-half (½) inch, may be installed for

flues or vents which have an internal diameter of less than six (6) inches or an internal area of less than twenty-eight (28) square inches. Such fire-clay vent pipe having a shell thickness of not less than three-quarters (¾) inch may be installed for flues or vents which have an internal diameter of six (6) or more inches or an internal area of twenty-eight (28) or more square inches. The joints, between each length of pipe on other than the bell and spigot type of pipe, shall be covered with sheet metal sleeves or bands of galvanized iron or steel of not less than twenty-six (26) gauge, held in place and well cemented to the ends of the pipe.

"2. *Transite* (a pipe composed of an intimate mixture of Portland cement and clean asbestos fibre, containing no grit, organic fibre, or other adulterants, and formed under pressure on a mandrel to provide a dense, homogeneous structure with a smooth interior surface having machine tapered ends and couplings which provide gas-tight joints). Gas flue pipe of the type known as transite, or equal, may be installed provided that the thickness of the flue material shall conform to the requirements of the State Housing Act of California.

"3. *Metalbestos* (an aluminum flue pipe encased in aluminum or galvanized iron pipe). Gas flue pipe of the type known as metalbestos, or equal, may be installed provided that the aluminum inside pipe shall be not lighter than twenty-eight (28) gauge and the galvanized iron (or aluminum) casing be not lighter than twenty-six (26) gauge, and there shall be a minimum air space of not less than one-half (½) of an inch between the aluminum inside pipe and the casing, spacing to be accomplished by means of vitrified asbestos spacer rings.

"4. *Payne 'A' Vent* (a flue pipe composed of an inner aluminum tube around which is wound two plies of one-quarter (¼) inch corrugated air-cell asbestos. An outer casing of galvanized iron surrounds the aluminum pipe and insulation.) Gas flue pipe of the type known as Payne 'A' Vent, or equal, may be installed provided that for sizes of six (6) inches or less, inside diameter, the aluminum pipe shall be of not less than twenty-eight (28) gauge and the galvanized iron casing of not less than twenty-six (26) gauge, and for sizes in excess of six (6) inches, inside diameter, the aluminum inside pipe shall be of not less than twenty-six (26) gauge and the galvanized iron casing of not less than twenty-four (24) gauge.

"5. Any other durable flue pipe, approved by the Bureau of Building Inspection, which will give an insulating value equal to the types as herein set forth and which will not disintegrate from the effects of gas fumes and other products of combustion.

"All flue pipes of the types as herein set forth shall rest upon an approved brick, tile, or concrete base or upon a substantial metal bracket securely fastened to the building. All such flue pipes shall be braced at least every five (5) feet of their height by means of substantial galvanized iron bands (not less than 16 gauge) securely fastened to the building and shall be so erected that the flue shall be not less than two (2) inches from any combustible material, except as hereinafter provided. Approved ventilated collars which will hold the flue pipe two (2) inches from any combustible material shall be installed at any point where the flue pipe passes through a wall, floor, or roof. All such flue pipes shall extend to a point not less than twenty-four (24) inches above any portion of the roof which is within fifteen (15) feet in a horizontal direction from the flue pipe. No flue shall terminate within a point three (3) feet above or ten (10) feet from any window or other opening designed to serve as a means of ventilation of any building or room therein, nor shall a flue terminate in any court or vent shaft which is designed or may be used to serve as a source of air for the ventilation of any building or room therein. All chimneys, flues, or vents to which gas appliances are connected shall be equipped with an approved top which will prevent back draft, keep out rain, and provide satisfactory draft for the proper operation of the appliances.

"Unless otherwise approved by the Bureau of Building Inspection, any gas chimney, flue, or vent, as herein described, erected inside of a building, shall have placed around it a metal jacket of not lighter than twenty-six (26) gauge galvanized iron, and constructed as provided for patent chimneys, and the minimum air space between the flue material and the casing shall be not less than one-half (½) inch.

"Any gas chimney, flue, or vent installed in partition spaces shall not be closer than one (1) inch from the studding or any other combustible material, unless such studding or combustible material is covered by metal lath and plaster.

"No round chimney, flue, or vent shall have an internal diameter of less than four (4) inches, and no square, rectangular, or oval flue shall have an internal area of less than twelve (12) square inches, nor shall any rectangular or oval flue have an internal dimension less than two (2) inches."

### Amendment to Building Fee Ordinance.

(Code No. 3.041)

Also, Bill No. 1033, Ordinance No. 3.04163, as follows:

Amending Sections 2 and 3 of Ordinance No. 3.04120 entitled: "An ordinance providing for the collection of fees by the Department of Public Works upon the issuance of building permits, and for permits for moving of building, or for construction or alteration of billboard or for the erection, installation or alteration of patent chimney," relating to flues and vents.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 2 and 3 of Ordinance No. 3.04120, the title of which is recited above, are hereby amended to read as follows:

Section 2. The applicant or applicants for the following permits shall pay the Department of Public Works for expenses in investigation of conditions and inspection of operations in connection with the same, fees as follows:

Permit for moving building, $2; permit for construction or alteration of billboard, $2; permit for erection, installation or alteration of chimney, flue or vent, $2.

Section 3. Any person, firm or corporation engaged in the erection, installation or alteration of chimneys, flues or vents may, as an option and in lieu of the above required fee and permit, pay an annual fee of three hundred ($300) dollars, payable quarterly in advance, to the Central Permit Bureau, which bureau shall then issue to the person, firm or corporation having paid such fee a quarterly permit for the erection, installation or alteration of such chimneys, flues or vents; provided, however, that the holder of such quarterly permit shall notify the Bureau of Building Inspection, on forms supplied by said Bureau, at least twenty-four (24) hours before the erection, installation or alteration of any chimney, flue or vent of the intention to erect, install or alter such chimney, flue or vent; and, provided further, that failure to file such notice shall be sufficient grounds for canceling said permit.

### Requiring Labels on Flues and Vents.

(Code No. 11.08)

Also, Bill No. 1057, Ordinance No. 11.0815, as follows:

Amending Section 244, of Ordinance No. 1008 (New Series), entitled

"Regulating the Construction, Erection, Enlargement, Raising, Alteration, Repair, Removal, Maintenance, Use and Height of Buildings, Regulating Character and Use of Materials in and for Buildings; Establishing Fire Limits, and Repealing All Ordinances in Conflict With This Ordinance," *by requiring labels to be placed on new or repaired vents by the Bureau of Building Inspection.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Amending Section 244, of Ordinance No. 1008 (New Series), the title of which is recited above, to read as follows:

Section 244. In lieu of the brick or stone chimney, as hereinbefore provided, there may be erected a chimney known as a Patent Chimney, for which a United States patent has been issued, and which has been approved by the Department of Public Works.

Every corporation, co-partnership or individual engaged in conducting the business of constructing, erecting, installing or repairing brick, stone or patent chimneys or fireplaces in the City and County of San Francisco, shall appear in person or by duly authorized representative at the office of the Department of Public Works, and shall register with the said Department of Public Works, the name and place of business in said City and County of said corporation, co-partnership or individual, and the person so appearing shall make and file with said Department of Public Works, his affidavit that such name and place of business as thus registered are correctly stated. Upon filing of said affidavit said Department of Public Works shall forthwith issue to said corporation co-partnership or individual a certificate of such registration provided that said certificate shall not be granted for more than the period of one fiscal year or portion thereof, in any case unexpired at the time of granting of the certificates. And no corporation, co-partnership or individual shall construct, install, erect or repair any patent chimney or fireplace connected with the patent chimney unless such certificate of registration shall have first been issued to such corporation, co-partnership or individual.

No heater, stove or range wherein coal, gas or coal oil or other fuel is consumed, shall be used unless the same be connected with a brick, stone or patent chimney except as provided for in Section 247 of the Building Ordinance.

Upon the completion or the erection or repair of any brick, stone or patent chimney or fireplace connected with a patent chimney, it shall be the duty of the corporation, co-partnership or individual who performs said work to notify the Department of Public Works of such completion, who shall at once cause the same to be inspected and if found in compliance with this ordinance shall make and deliver a certificate or report of such inspection to the corporation, co-partnership or individual that performed said work which certificate or report shall specify whether or not said work has been performed in compliance with the provisions of this ordinance, and if not in compliance therewith shall state wherein said work does not comply with the provisions of this ordinance. It shall be the duty of the Department of Public Works to keep on file in this office a duplicate of such certificate or report which shall at all times be subject and readily accessible to the inspection of the public.

*No gas flue pipe, gas vent, chimney, patent chimney, or fireplace connected with a patent chimney hereafter constructed, altered, or repaired shall be used until a label has been affixed to said gas flue pipe, gas vent, chimney, patent chimney, or fireplace connected with a patent chimney by said Department of Public Works certifying that said work has been done in compliance with the provisions of this ordinance; nor shall any gas flue pipe, gas vent, chimney, patent chimney, or fireplace connected*

*with a patent chimney be plastered over or otherwise enclosed in any building until such label shall have been so affixed.*

All patent chimneys shall be built up from the floor on which they are used, and in no case shall a stove pipe enter the bottom of a patent chimney, and when erected on the inside of a building they shall rest on an iron plate not less than one quarter of an inch in thickness covered by not less than 8 inches of brickwork, and shall contain a smoke proof opening near the bottom for cleaning purposes. Patent chimneys built on the inside of a building shall have an opening in the partition enclosing the chimney to permit the cleaning of same. If a patented chimney be erected on the outside of a building, it shall rest on a substantial iron bracket, not less than ¼ inch in thickness by 1¼ inches in width, and fastened to studding by two bolts not less than 5/16 inch in thickness, and nuts, screws, or lag screws shall not be allowed.

All patent chimneys shall be braced every five feet of their height by substantial iron bands securely fastened to the frame or studding or cross pieces of the building, which said bands shall not be less than ⅛ inch in thickness by ⅞ inch in width and so constructed that chimney does not come within 1 inch of any woodwork. In no case shall any patent chimney be suspended from any roof timber or floor beam. All joints must be cemented together with cement mortar and the bands covering the joints shall be made of No. 24 gauge galvanized iron, and to be riveted with not less than 2 rivets and space between bands and terra cotta pipe to be filled with cement mortar to make them smoke and soot proof. Each band to have not less than 3 No. 24 gauge, galvanized iron lugs riveted thereon.

The covering or casing of all patent chimneys shall be of No. 24 gauge galvanized iron riveted together at the lengthwise joint with rivets not more than 3 inches apart or may be seamed, and top and bottom of seams secured by rivets, and shall be ventilated by six holes not less than 1 inch in diameter, made close to the top of the chimney above roof, also six holes not less than ½ inch in diameter near inlet. The base or starting joint of galvanized iron casing or covering of patent chimney from fireplace shall have not less than eight (8) holes of not less than ¾ inch in diameter, not less than three (3) inches from bottom of said starting joint. The casing or covering shall be at least 2 inches from the inside of terra cotta pipe.

Where chimney passes through the roof the flange or roof collar to be of such capacity as to allow the casing of patent chimney to pass through said roof collar or flange and to fit snugly. A short and tapering casing made to slip over outside casing of chimney and roof collar so that casing above roof will conform with sides of casing or covering of chimney below roof collar.

No patent chimney shall be erected so that it will be less than 1 inch from all woodwork, and the openings in the roof and through each floor and ceiling through which it passes shall be closed around said chimney with an iron plate or other fireproof material. **Authorizing Public Utilities Commission to Acquire or Construct Power Distribution System.**

(Code No. 15.032)

The following recommendation of Joint Public Utilities and Special Hetch Hetchy Power Committees was taken up:

Presented by Supervisor Havenner.

Bill No. 1056, Ordinance No. 15.0324, as follows:

Authorizing the Public Utilities Commission of the City and County of San Francisco to acquire by purchase, and/or by condemnation, or otherwise, and/or to construct, a public utility or any part thereof for the distribution of electric energy to the inhabitants and residents of the City and County of San Francisco or to the inhabitants and residents of other cities or of other counties, and for the purpose of defraying the cost of acquiring and/or constructing such utility to borrow money and to issue bonds or other obligations payable solely out of the revenue of such utility, and providing for the manner in which said bonds or other obligations payable solely out of revenue of said utility shall be issued, and for the payment of interest thereon and how the interest on, and the principal of said bonds or obligations shall be paid and for the procedure to be undertaken by said Public Utilities Commission and by the Board of Supervisors of the City and County of San Francisco to authorize the issuance of said bonds or other obligations and for the payment of interest on and the principal of said bonds.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, it is provided in Section 9 of the Charter of the City and County of San Francisco that the Board of Supervisors of said City and County may, by ordinance, confer on any officer, board or commission such other and additional powers as the Board of Supervisors may deem advisable over and above and in addition to the powers conferred on said officer, board or commission by the Charter; and

Whereas, the Public Utilities Commission has, pursuant to the provisions of said Charter, charge of the construction, management, supervision, maintenance, extension, operation and control of all public utilities and other properties used, owned, acquired, leased or constructed by the City and County of San Francisco for the purpose of supplying any public utility service to said City and County and to its inhabitants and/or to territory outside the limits of said City and County and to the inhabitants thereof; and

Whereas, the Board of Supervisors deems it advisable to confer upon the Public Utilities Commission of the City and County of San Francisco the right to acquire by purchase, condemnation or construction a public utility for the purpose of distributing to the City and County of San Francisco and/or to parts thereof, and/or to other cities, counties and political subdivisions and/or to parts thereof, and to the inhabitants and residents of said City and County of San Francisco and/or to the inhabitants and residents of parts thereof, and/or to the inhabitants and residents of other cities, counties or political subdivisions electric energy for all purposes, and to accomplish said pur-

pose to borrow money and to issue bonds or other obligations evidencing said money so borrowed, which said money so borrowed and bonds or other obligations so issued, shall be repayable solely out of the revenue of said public utility.

Section 2. There is hereby conferred upon the Public Utilities Commission of the City and County of San Francisco the following powers in addition to the powers heretofore or hereafter granted to said Public Utilities Commission by the Charter of the City and County of San Francisco or by other ordinances of this Board of Supervisors, to-wit:

1. Said Public Utilities Commission of the City and County of San Francisco may acquire by purchase, and/or by condemnation, and/or by construction, a public utility for the purpose of supplying to the inhabitants and residents of the City and County of San Francisco, and/or to any part thereof, and/or to the inhabitants and residents of any other city or county or political subdivision, or any part thereof, or to the City and County of San Francisco, or to any other city or county or political subdivision, the electric energy for all purposes.

2. That for the purpose of acquiring, condemning or constructing, and for the purpose of defraying the cost of such acquisition, condemnation or construction, said Public Utilities Commission may, as hereinafter in this ordinance set forth, enter into obligations, borrow money and issue bonds or other evidences of indebtedness, and provide for the payment of such obligations, and for the repayment of money so borrowed, as well as for the payment of said bonds or other obligations, solely out of the revenue of said public utility so established, purchased, acquired, condemned or constructed.

3. For the accomplishment of the purposes hereinbefore set forth, that is, to establish, acquire, condemn or construct said public utility or part thereof for the distribution of said electric energy, as aforesaid, said Public Utilities Commission shall make a report to the Board of Supervisors of the size, character and kind of electric distribution system which it desires to establish, acquire, condemn or construct in whole or in part, and the city and county, city or county, or political subdivision, or particular parts thereof, which it will serve or tend to serve, together with an estimate of the cost thereof, as well as an estimate of the probable period of time which will be consumed in establishing, acquiring, condemning or constructing said utility, as well as the manner in which the same will be established, acquired or constructed, as well as the manner in which the cost of establishing, acquiring or constructing said utility will be met. Said report shall also show in detail the estimated net annual revenue from said utility after deducting the cost of operation and maintenance, repairs and reconstruction, depreciation, and all other charges including interest and redemption charges or any moneys expended for the establishment, acquisition or construction of said utility.

4. Upon receiving said report, the Board of Supervisors shall examine the same, and for said purpose may employ engineers, accountants and other experts to aid in said examination, and if after said examination and the report of said engineers, accountants or other experts, the said Board of Supervisors is satisfied that it will be for the benefit and best interests of the City and County of San Francisco that said utility should be established, acquired or constructed, as originally reported, or as amended by said Public Utilities Commission, said Board of Supervisors shall, by resolution, approve said report and recommend that said utility be established, acquired or constructed as set forth in said report.

5. Thereafter the said Board of Supervisors shall by ordinance authorize and empower said Public Utilities Commission to establish, and/or acquire, and/or construct said utility or part thereof as recommended or set forth in said report, and shall by said ordinance, or by a separate ordinance, or by separate ordinances, authorize said Public

Utilities Commission to enter into such obligations, or to borrow such money, or moneys, or to issue such bonds or other obligations as may be necessary to defray the necessary cost of establishing, acquiring or constructing said utility, including the estimated amount necessary to pay the interest on any money so borrowed or bonds or other obligations so issued during the period of acquisition or construction of said utility for twelve months thereafter.

6. Said bonds or other obligations so authorized to be issued shall be executed by said Public Utilities Commission, by its president and secretary, and shall be in such form and of such denomination, shall be payable at such times, and shall contain such conditions as the said Board of Supervisors in said ordinance may provide, provided that said bonds or other obligations shall be so conditioned that they will not bear interest at a rate higher than six per cent per annum payable semi-annually. Any bonds or other obligations authorized as herein provided, as well as the interest thereon, shall be payable wholly and exclusively out of the net revenue arising from the operation of the utility for which they shall have been authorized after the payment of all operating expenses of said utility, including pension and retirement charges, all amounts necessary for the repair and maintenance of the property of said utility and all amounts necessary to provide for a proper fund to meet the depreciation on said utility. No part of the amount of said bonds or of the interest thereon shall be payable from moneys raised from taxes levied against property or from any other source whatsoever, save and except from the revenues of said utility for the establishment, acquisition or construction of which they may have been issued, and then only in the manner hereinbefore set forth, and said bonds or other obligations shall so state upon their face or by endorsement thereon.

7. The Public Utilities Commission shall have full power and authority to determine and provide for the times at which, and the manner in which, said bonds or other obligations shall be sold and disposed of, and may cause the same to be issued as one issue or in successive issues.

8. The proceeds of all bonds or other obligations sold by said Public Utilities Commission shall be forthwith placed in the Treasury of the City and County and shall only be used for the purposes for which they may have been sold and authorized.

Section 3. Any utility established, acquired or constructed by said Public Utilities Commission, pursuant to or under authority of this ordinance, as well as the income therefrom, shall be subject to all of the provisions of the Charter governing the operation of existing utilities.

Section 4. At the time the Board of Supervisors authorizes the incurring of any obligations or the borrowing of any money, or the issuing of any bonds or other obligations, said Board may, in the ordinance or ordinances authorizing the incurring of said obligation, the borrowing of said money or the issuing of said bonds or obligations, add such additional provisions as it may deem proper relative to the incurring of any obligations or the borrowing of any money, or the issuance of any bonds or obligations, or as to the conduct, operation, establishment, acquisition or construction of said utility, save and except that no such provision shall be contrary to any Charter provision on the subject, nor shall any provision be made for the payment of any money, bond, or obligation except from the revenue of the utility authorized to be established.

Section 5. Any ordinance of the Board of Supervisors authorizing the borrowing of any money, or the issuance of any bonds or other obligations evidencing the amount or amounts of money so borrowed, shall provide that the Public Utilities Commission shall, at all times

while said bonds are outstanding or any other indebtedness authorized by said ordinance remains unpaid, provide and maintain such rates for the service furnished by said utility, so that the said rates will be sufficient to provide for the payment of the principal sum of said indebtedness and the interest to accrue thereon, in accordance with the terms of said bonds or other obligations, in addition to all other expenses incident to the operation or maintenance of said utility, and said ordinance shall also provide that the Board of Supervisors shall approve such rates, and when said ordinance is so passed, the same shall constitute a binding contract between all holders of said bonds or other obligations and said Public Utilities Commission to so maintain said rate.

Section 6. Whenever the words "bond or bonds," "obligation or obligations" are used in this ordinance, the said words shall mean bonds or obligations payable solely, both as to principal and interest, out of the revenue of the said utility wherein or wherefor they may have been issued. The word "indebtedness," as used in this ordinance, shall mean indebtedness repayable solely out of the revenue of the said utility for which said indebtedness was created.

Bill No. 1048, Ordinance No. 9.051283, as follows:

Making an appropriation of $50,000 (additional to $25,000 and $2,000 heretofore appropriated) from the Emergency Reserve Fund, Appropriation No. 602.900.00, in response to the request of the District Attorney to enable said District Attorney to continue to investigate charges which have been made that certain members of the Police Department unlawfully collect moneys from illegal activities, and making this ordinance effective forthwith as an emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby appropriated to the Special Fund of the District Attorney, from Appropriation No. 602.900.00, 1936-1937 (Emergency Reserve Fund), the sum of $50,000 (additional to the sums of $25,000 and $2,000) for the purpose of defraying the cost of continuing an investigation as to the charges which have been made that certain members of the Police Department unlawfully collect moneys from illegal activities in the City and County of San Francisco.

Section 2. The amount hereby appropriated shall be expended and accounted for as provided by Section 29 of the Charter, and Section 4308 of the Political Code.

Section 3. This appropriation is made from said Emergency Fund in order to permit the uninterrupted operation of an office of the City and County of San Francisco, to-wit, the office of the District Attorney.

Section 4. This ordinance is enacted as an emergency measure to become effective forthwith, and the Board of Supervisors does hereby declare and find by the vote by which this ordinance is passed that an actual emergency exists which necessitates this ordinance become effective immediately, the nature of said emergency being as follows: That said appropriation is necessary immediately for the uninterrupted operation of an office of the City and County, to-wit, the office of the District Attorney, in order to enable said District Attorney to continue the investigation referred to in Section One of this ordinance.

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Snannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

**Action Rescinded.**

On motion of Supervisor McSheehy, action whereby the foregoing bill was finally passed was rescinded in order that Mr. Jno. L. Le Berthon, publisher of the *News-Letter Wasp*, weekly newspaper, might be heard.

**Privilege of the Floor.**

Thereupon, Mr. Jno. L. Le Berthon, publisher of the *News-Letter Wasp*, a weekly newspaper, was granted the privilege of the floor and was heard at length in opposition to any further appropriations for investigation of the Police Department on the ground that such investigation was injuring San Francisco and was productive of no substantial results.

**Final Passage.**

Whereupon, on motion of Supervisor Shannon, the roll was again called on the foregoing bill and the same was again *finally passed* by the following vote:

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

**Final Passage.**

The following bill, passed for second reading July 6, 1936, was taken up and *finally passed* by the following vote:

**Appropriating $65,105 for Care of Indigent Sick and Dependent Poor for Month of July, 1936, and Declaring the Existence of an Emergency.**

(Code No. 9.051)

Bill No. 1052, Ordinance No. 9.051285, as follows:

Appropriating $65,105 to the Citizens' Relief Committee for meeting the expense of caring for the indigent sick and dependent poor of the

City and County of San Francisco for the month of July, 1936, and authorizing a portion of said sum to pay the necessary compensations for the administration and distribution of said relief.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $65,105 is hereby appropriated out of such funds as may be available for the purpose of caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco for the month of July, 1936.

Section 2. Said appropriation is made for the purpose of caring for the indigent sick and dependent poor of said City and County and for the purpose of paying compensations of the positions necessary for the administration and distribution of such relief, which positions and compensations are fixed by the Citizens' Relief Committee and approved and/or continued subject to the provisions of Resolution No. 1942 heretofore adopted by the Board of Supervisors.

Section 3. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as immediate action is required to provide for the disbursement of funds for the relief of the indigent sick and dependent poor of the City and County of San Francisco.

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.
Absent—Supervisors Colman, Schmidt—2.

**Authorizing a Supplemental Appropriation of $243,000 Out of the Accrued Surplus Existing in the 1929 Sewer Bond Fund, PWA Docket No. 1401, to the Credit of Appropriation No. 856.000.00 for the Construction of Alemany Boulevard Sewer Extension, Sections One and Two; an Emergency Ordinance.**

(Code No. 9.051)

Bill No. 1058, Ordinance No. 9.051280, as follows:

Authorizing a supplemental appropriation of $243,000 out of the accrued surplus existing in the 1929 Sewer Bond Fund, PWA Docket No. 1401, to the credit of Appropriation No. 856.000.00 for the construction of Alemany boulevard sewer extension, sections one and two; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $243,000 is hereby appropriated and set aside out of the accrued surplus existing in the 1929 Sewer Bond Fund, PWA Docket No. 1401, to the credit of Appropriation No. 856.000.00 for the construction of Alemany Boulevard Sewer Extension, sections one and two.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as immediate action is required to comply with the time limitations as established under PWA regulations.

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.
Absent—Supervisors Colman, Schmidt—2.

**Re-referred.**

On motion of Supervisor Brown, seconded by Supervisor Uhl, the following resolution was *re-referred to Finance Committee*:

**Resolution of Intention for Bond Issue, for Construction of Courts Building.**

(Code No. 12.123)

Resolution No. 2677, as follows:

Declaring and determining that public interest and necessity demand the construction and furnishing by the City and County of San Francisco of a municipal improvement, to-wit, a Courts Building to be erected in the Civic Center of San Francisco on land owned by the City and County for the purpose of providing appropriate quarters for the Superior and Municipal Courts of the City and County of San Francisco and for other courts which may be hereafter created, and for the County Clerk and for the Clerk of the Municipal Court and for such other Officers and Agencies of the City and County of San Francisco as may be accommodated therein; and further declaring that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand that more adequate housing facilities be afforded the Courts and other Agencies of the City and County of San Francisco and that to meet such purpose the said City and County shall construct and furnish a municipal improvement, to-wit, a Courts Building, in the Civic Center of San Francisco on land owned by the said City and County for the purpose of providing appropriate quarters for the Superior and for the Municipal Courts and for other courts that may be hereafter created and for the County Clerk and for the Clerk of the Municipal Court and for such other agencies or officers of the City and County of San Francisco as may be accommodated therein; and it is further declared and determined that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvement described in Section 1 hereof is the sum of $3,220,000.

Section 3. It is hereby determined and declared that of said sum of $3,220,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the amount of $3,220,000.

Section 4. The bonds described herein shall not be offered for sale or sold unless the United States Government, through one of its agencies, shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvement described herein.

Section 5. This resolution shall take effect immediately.

Approved as to form by Jno. J. O'Toole, City Attorney.

Recommended by Angelo J. Rossi, Mayor; Leonard S. Leavy, Controller; Alfred J. Cleary, Chief Administrative Officer, and Wm. J. Wolden, Director of Public Works.

### Petition of Santa Fe for Rail and Bus Permit.

The following was presented and read by the Clerk:

Petition of the Atchison, Topeka & Santa Fe Railway Company requesting that the Board of Supervisors approve its application for permission to institute a combined train and stage service between San Francisco and Los Angeles and intermediate points, and to commend it to the favorable consideration of the Railroad Commission before which it is pending; also that the City Attorney be authorized and instructed to present such endorsement of the application to the Railroad Commission and to support it with suitable and proper evidence as in the interest of the City and County of San Francisco.

*Referred to the Public Utilities Committee.*

### Report of Supervisor Shannon on Moving Picture "City of San Francisco."

Supervisor Shannon reported on his trip to Los Angeles with reference to the matter of newspaper article derogatory to San Francisco exploiting Paramount picture showing fire and earthquake disaster, which picture is entitled "City of San Francisco," and which is now being shown in this city and other cities throughout the United States. He said, "There is no exaggeration in anything the young lady said in the Hollywood newspaper article," and he heartily agreed with Supervisor Uhl in the statement that it is doing irreparable damage to San Francisco. He read a copy of the telegram which he addressed to Mayor Rossi outlining these views and urging that something be done to counteract the effect the picture is bound to produce. After sending the telegram, he said, he consulted two attorneys of Los Angeles and they both told him that a writ of prohibition would stand, prohibiting the showing of the picture, and that he thereupon sent a telegram to City Attorney O'Toole and to Leland W. Cutler requesting that they take the matter up at once. You cannot get, he said, an idea of the derogatory character of this picture until you see it. The earthquake in San Francisco, he said, as we know, lasted about 15 seconds. The picture lasts for 20 minutes, and shows two shocks; it shows buildings falling and killing people in the streets; fissures in the streets, and buildings and people falling into them.

Supervisor Shannon thereupon moved that when we convene this afternoon that we sit as a Board of Supervisors rather than as a Board of Equalization and ask the City Attorney to attend, and see what legal method can be adopted to change conditions that are presented by this Paramount picture in San Francisco.

There being no objection, it was *so ordered.*

Report of Supervisor James B. McSheehy on his interview with Secretary Ickes re distribution of Hetch Hetchy power by municipality.

Supervisor McSheehy reported that on his recent trip to Washington he spent one-half hour with Secretary Ickes discussing the question of the municipal distribution of Hetch Hetchy power, and that he was carefully compiling a report on the subject and will call a meeting of the Special Hetch Hetchy Power Committee and tender to them said report some time the latter part of this week.

## BOARD OF EQUALIZATION—10:30 A. M.

Supervisor Roncovieri moved that the Board now resolve itself into a Board of Equalization for the purpose of considering applications for correction or reduction of assessments on the assessment roll for the fiscal year 1936-37.

Motion *carried.*

## RECESS.

Whereupon, at the hour of 12:45 p. m., on motion of Supervisor McSheehy, the Board of Equalization took a recess until 2 p. m. this day, when the Board will reassemble as a Board of Supervisors to discuss the report of Supervisor Shannon on the picture, "City of San Francisco," depicting earthquake and fire, and to hear the City Attorney as to what legal method may be employed to counteract its derogatory effect.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors, July 13, 1936.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated and approved as recited.

City and County of San Francisco

The Recorder Printing and Publishing Company
374 Pine Street, S. F.

as the unemployed and the non-employables, with the exception of institutional cases; therefore, be it

Resolved, That the President of the State Association of County Supervisors be requested to call a meeting of the Relief Committee of the State Association to outline a long-term State, County and Federal relief program, with the assistance of such tax conscious and responsible organizations as they shall deem valuable to their work; such program to look toward the official and permanent sharing of this new, added load by the State and Federal authorities.

*Adopted* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Absent—Supervisors Brown, Colman, Schmidt—3.

**Consideration of Proposed Bond Issue for Court House Building.**

Supervisor Roncovieri moved that this Board of Supervisors, acting in Committee of the Whole, meet tomorrow at 4 p. m. to consider plans, etc., and come to some conclusion relative to a proposed bond issue for the construction of a Court House in the Civic Center.

*So ordered.*

The Clerk, on motion of Supervisor Roncovieri, was directed to ask City Attorney to send telegram to Washington asking if election may be held in November for the Court House bonds, thereby saving taxpayers $40,000, approximate cost of special election.

*So ordered.*

**Motion.**

Supervisor McSheehy moved that the Clerk be directed to notify every member of the meeting tomorrow.

*So ordered..*

**Relative to San Francisco Earthquake Picture.**

Supervisor Shannon asked opinion of City Attorney O'Toole as to what we can do regarding the moving picture, "San Francisco," depicting fire and earthquake episodes, which he declared were utterly untrue and not based on facts, and which constituted a libel on San Francisco and which is going to do immeasurable harm and create a bad impression on people we expect here in 1939 for the Golden Gate International Exposition. He asked the City Attorney if he knew of any legal way we could stop the production of the Paramount picture, or at least cut out the grossly exaggerated earthquake scenes.

City Attorney O'Toole said in part: "I do not. I cannot find any action anywhere. The City cannot bring suit for libel. There is an ordinance or City law preventing the showing of any picture that is calculated to incite race hatred, but it cannot be invoked in this case. I cannot see any way you can stop it."

Attention was called to the fact that Dr. A. H. Giannini, former Supervisor, had been recently appointed to the presidency of the Moving Picture Industry and that his sympathies were with San Francisco, his home City. It was decided that appeal would be made to him to do what he could to help in the situation.

Thereupon, Supervisor Shannon stated that he would present his resolution on Monday.

**RECESS.**

Whereupon, Supervisor Uhl, at the hour of 6 p. m., moved that the Board of Supervisors recess until 4 p. m. tomorrow, to consider proposed bond issue for Court House in the Civic Center.

J. S. DUNNIGAN, Clerk.

## FRIDAY, JULY 10, 1936, 4 P. M.

The Board, sitting as a Board of Equalization, reconvened as a Board of Supervisors pursuant to motion of Supervisor Roncovieri at the session of July 9th for the purpose of giving consideration to the matter of a proposed bond issue for the construction of a Court House in the Civic Center.

### CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present.

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Colman, Schmidt—2.

Quorum present.

President Havenner in the Chair.

### COMMITTEE OF THE WHOLE.

On motion of Supervisor McSheehy, the Board of Supervisors resolved itself into a Committee of the Whole for the purpose of considering the following resolution:

**Resolution of Intention for Bond Issue, for Construction of Courts Building.**

(Code No. 12.123)

Resolution No. 2677, as follows:

Declaring and determining that public interest and necessity demand the construction and furnishing by the City and County of San Francisco of a municipal improvement, to-wit, a Courts Building to be erected in the Civic Center of San Francisco on land owned by the City and County for the purpose of providing appropriate quarters for the Superior and Municipal Courts of the City and County of San Francisco and for other courts which may be hereafter created, and for the County Clerk and for the Clerk of the Municipal Court and for such other Officers and Agencies of the City and County of San Francisco as may be accommodated therein; and further declaring that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand that more adequate housing facilities be afforded the Courts and other Agencies of the City and County of San Francisco and that to meet such purpose the said City and County shall construct and furnish a municipal improvement, to-wit, a Courts Building, in the Civic Center of San Francisco on land owned by the said City and County for the purpose of providing appropriate quarters for the Superior and for the Municipal Courts and for other courts that may be hereafter created and for the County Clerk and for the Clerk of the Municipal Court and for such other agencies or officers of the City and County of San Francisco as may be accommodated therein; and it is further declared and determined that the estimated cost of said improvement is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvement described in Section 1 hereof is the sum of $3,220,000.

Section 3. It is hereby determined and declared that of said sum of $3,220,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary ex-

penses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the amount of $3,220,000.

Section 4. The bonds described herein shall not be offered for sale or sold unless the United States Government, through one of its agencies, shall make or agree to make a grant to the municipality of not less than 30 per cent of the cost of the labor and materials employed upon the improvement described herein.

Section 5. This resolution shall take effect immediately.

Approved as to form by Jno. J. O'Toole, City Attorney.

Recommended by Angelo J. Rossi, Mayor; Leonard S. Leavy, Controller; Alfred J. Cleary, Chief Administrative Officer, and Wm. J. Wolden, Director of Public Works.

Privilege of the Floor.

City Attorney O'Toole was heard at length on the resolution and suggested that Section 4, last two lines, be amended to read "30 per cent of the total cost of the improvement described herein."

Motion.

Supervisor Meyer thereupon moved to amend the resolution, Section 4, line 4, by striking out the words "of the cost of the labor and materials employed upon the improvement described herein," and insert in lieu thereof the words "of the total cost of the improvement described herein."

There being no objection, it was *so ordered.*

Wm. Coughlin, representing the Associated General Contractors, was also granted the privilege of the floor in explanation of the act providing for grants of Federal funds for this purpose.

Motions.

Supervisor Uhl, seconded by Supervisor Shannon and Brown, moved that the resolution be amended by providing for a 45 per cent grant in lieu of a 30 per cent grant.

Amendment *lost* by the following vote:

Ayes—Supervisors Brown, Uhl—2.

Noes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Absent—Supervisors Colman, Schmidt—2.

Supervisor Brown, seconded by Supervisor Uhl, moved that the resolution be amended by providing for a "not less than 40 per cent" grant in lieu of "30 per cent."

Motion *lost* by the following vote:

Ayes—Supervisors Brown, Roncovieri, Uhl—3.

Noes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—6.

Absent—Colman, Schmidt—2.

Supervisor McSheehy, seconded by Supervisor Uhl, moved that this Board approve proposed 200-car central garage in proposed Court House building.

There being no objection, it was *so ordered.*

*Explanation of Vote.*

Supervisor Brown, in explanation of the vote on the resolution, said that he "still thought that the policy of rushing into this matter is not the best policy. I am willing, he said, to follow Mr. Leavy's recommendations, but I still believe that the matter should be postponed. I will vote in favor of the resolution."

Whereupon, the roll was called on the resolution as amended and the same was *approved* by the following vote:

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

## COMMITTEE OF THE WHOLE ARISES.

Supervisor McSheehy moved that the Committee of the Whole arise and report the resolution, as amended, to the Board.

Motion *carried.*

### Adopted.

Whereupon, the foregoing resolution, as amended, and in words and figures following, was *adopted* by the following vote:

### Resolution of Intention for Bond Issue for Construction of Courts Building.

## UNFINISHED BUSINESS.

### Final Passage.

The following matters heretofore passed for second reading were taken up and *finally passed* by the following vote:

**Establishing a Fund for City's Share of Rents Received From Certain Real Property Situated at Northeast Corner of Clay Street and The Embarcadero, San Francisco.**

(Code No. 9.025)

On recommendation of Finance Committee.

Bill No. 1040, Ordinance No. 9.0251, as follows:

Establishing a fund for City's share of rents received from certain real property situated at northwest corner of Clay street and The Embarcadero, San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby established a fund to be known as the "Embarcadero Widening Fund" for depositing the City's share of rental money received from the use of Lot 2, Assessor's Block 202, San Francisco, California, title to which property is held jointly by the City and County of San Francisco and the State of California, the City owning an undivided 55/205 interest therein and the State owning an undivided 150/205 interest therein.

Section 2. The Real Estate Department of the City and County of San Francisco is hereby authorized to collect the City's share of such rentals. The Director of Property, in behalf of the City and County of San Francisco, is hereby authorized to approve all leases and other

papers in connection with the renting of said real property by the State of California, as principal owner; provided such leases and other papers meet with his approval. To defray the cost of collecting such rentals and for negotiating leases incident to said property, the Real Estate Department shall be entitled to the fees specified in Sections 2 and 3 of Ordinance No. 12.1611, Bill No. 346, approved July 6, 1933.

Section 3. In accordance with Resolution No. 35598 (New Series) adopted by this Board on January 4, 1932, all moneys received by the Real Estate Department in payment of rents derived from the use of such property except the fees mentioned in Section 2 of this ordinance, shall be deposited in said "Embarcadero Widening Fund" to pay the cost of further widening The Embarcadero and the cost of any needed repairs to the improvements on said property. The California Pacific Title & Trust Company is hereby requested to transfer to the Real Estate Department all money it is holding in trust for the City in connection with this project.

Section 4. The Controller is hereby authorized to pay from the moneys on hand in said fund, all bills for repairs to the improvements on said property and for further widening The Embarcadero at Clay street. Such bills shall not be paid until they have been approved by the Director of Property.

Section 5. It is hereby understood that The Embarcadero Widening Fund shall consist only of the City's share of rental received from said property. There shall be no obligation on the part of the City to provide additional money from other sources for the purposes for which said fund is established under Section 3 of this ordinance.

Section 6. This ordinance shall supersede Resolution No. 35598 (New Series) hereinbefore referred to.

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

**Authorizing Sale of Certain Water Department Land.**

(Code No. 12.17252)

Also, Bill No. 1041, Ordinance No. 12.172528, as follows:

Authorizing sale of certain Water Department land.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described real property situated in the City and County of San Francisco, State of California, which land is owned by the City and County of San Francisco, a municipal corporation, and is under the control of said Commission:

Commencing at a point on the southwesterly line of Ocean avenue, distant thereon 81.33 feet southeasterly from the point of intersection of the said southwesterly line of Ocean avenue with the easterly line of Ashton avenue, and running thence southeasterly along said southwesterly line of Ocean avenue 27.11 feet; thence southerly parallel with said easterly line of Ashton avenue 86.8 feet; thence at right angles westerly 25 feet, and thence at right angles northerly 97.3 feet to the southwesterly line of Ocean avenue and the point of commencement.

Being Lot No. 24 in Block No. 25, as the same is laid down, delineated and numbered upon a certain map on file in the Office of the County Recorder of the City and County of San Francisco, entitled "Map of Lakeview," recorded August 11, 1890, in Book E and F of Maps, at pages 138 and 139.

Section 2. The above described land shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco.

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

**Engineering Inspection Ordinance.**
**(Code No. 3.041)**

Also, Bill No. 1044, Ordinance No. 3.04164, as follows:

An ordinance providing engineering inspection for certain work and improvements and for the payment of the cost and expense thereof to the City and County of San Francisco, and establishing the procedure therefor.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be the duty of the Director of Public Works to cause engineering inspection to be made of:

a. All work and improvements performed under the provisions of Ordinances Nos. 12.0211 and 12.0212.

b. All garbage disposal pursuant to the provisions of Ordinance No. 17.085.

c. All reclamation work within the City and County of San Francisco.

Section 2. It shall be unlawful for any person, firm or corporation to make, or cause or permit to be made, any improvement or work as referred to in Section 1 hereof without first securing engineering inspection service from the Director of Public Works.

Section 3. Whenever any person, firm or corporation desires and intends to do any work or make any improvement as described in Section 1 hereof, such person, firm or corporation before performing any such contemplated work, shall in writing request the Director of Public Works to make engineering inspection. The cost of such engineering inspection shall constitute a charge against and be paid for monthly in advance by the person, firm or corporation performing said work or making such improvements in the manner hereinafter provided.

Section 4. Upon such written request being received it shall be the duty of said Director of Public Works to make an estimate of the cost of such engineering inspection, and notify the person making the request the estimated monthly cost thereof.

Section 5. Such person, firm or corporation must thereupon, and prior to the commencement or continuation of any work or performance as described in Section 1 hereof, deposit monthly in advance the amount of money determined upon as the estimated monthly cost of such inspection with the Director of Public Works.

All moneys paid to the Director of Public Works under the provisions of this ordinance shall be deposited with the Treasurer to the credit of the appropriation for "Engineering Inspection," to be used exclusively to defray the cost of the specific engineering inspection for which it was tendered. When said amount of money is deposited, it shall thereupon be the duty of said Director of Public Works to furnish said engineering inspection.

Section 6. Should the monthly cost and expense of such engineering inspection amount to more than said estimate, the person, firm, or corporation concerned shall thereupon be immediately notified and required to make an additional deposit with the Director of Public Works of an amount sufficient to complete the monthly cost of said inspection as estimated by the Director of Public Works, which sum

when paid shall be deposited as aforesaid, and no further engineering inspection service shall be performed or furnished until such additional deposit is made with the Director of Public Works.

Section 7. Should the monthly cost and expense of such engineering inspection be less than the amount deposited then the surplus or excess existing in the amount deposited over the total actual cost of such engineering inspection shall be credited on account of such continued inspection as may be required or when the work has been completed be refunded to the person, firm or corporation by whom such funds were originally deposited.

Section 8. The Controller shall prescribe the forms and fiscal procedure under the provisions of this ordinance.

Section 9. This ordinance shall take effect and be in force immediately.

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

**Authorizing the Director of Property to Aid and Assist the Board of Supervisors, Sitting as a Board of Equalization, and Authorizing Employment of Necessary Appraisers to Pass Upon Requests Made for Reductions in 1936-37 Assessments.**

(Code No. 1.0621)

Also, Bill No. 1045, Ordinance No. 1.06215, as follows:

Authorizing the Director of Property to aid and assist the Board of Supervisors, sitting as a Board of Equalization, and to employ the necessary appraisers to pass upon requests made for reductions in 1936-1937 assessments.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Property of the City and County of San Francisco is hereby authorized and directed to aid, assist and advise the Board of Supervisors, sitting as a Board of Equalization in passing upon requests made to said Board for the reduction of 1936-1937 assessments on taxable property in the City and County of San Francisco. Said services shall be rendered to said Board of Supervisors during the time that it sits as a Board of Equalization and for such time prior thereto as may be necessary to prepare for such investigation.

Section 2. The Director of Property is hereby authorized and directed to employ nine independent expert real estate and building appraisers as needed subject to the provisions of Section 142 of the Charter to aid and assist him in advising the Board of Supervisors in regard to requests for reductions in said assessments.

Section 3. For the services herein provided one independent expert building appraiser shall receive not more than $300. One independent expert real estate appraiser shall receive not more than $250 and the remaining seven independent expert real estate and building appraisers shall receive not more than $225 each, chargeable to 1936-1937 Appropriation No. 601.106.00 and there is hereby ordered transferred from 1936-1937 Appropriation No. 601.106.00 to the Director of Property the sum of $200 to cover the incidental expenses of his office relative to the service herein directed to be furnished by said Director of Property.

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

**Passed for Second Reading.**

The following recommendation of the Finance Committee was *passed for second reading*:

**Officers' and Employees' Traveling Expenses.**

(Code No. 9.056)

Bill No. 1046, Ordinance No. 9.0564, as follows:

Providing for the amount per diem for the fiscal year 1936-1937 for officers and employees of the City and County of San Francisco for traveling expenses exclusive of transportation and Pullman charges and excluding traveling expenses incurred in the discharge of routine duty, and directing the Controller to establish rules for payment of claims for traveling expenses.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. During the fiscal year 1936-1937 any officer or employee of the City and County of San Francisco, except in the discharge of

routine duties, shall, under the authority of law or ordinance, leave the City and County for the purpose of performing any official duty for or on behalf of the City and County, or for the purpose of rendering any service to, or for the City and County, or for the purpose of officially representing said City and County, or any commission or department thereof, said officer or employee shall be allowed as the expense incident to said service the actual cost of transportation, including Pullman charges, together with an amount not to exceed fifteen dollars per day for each and every day while said officer or employee is absent on said official business.

Section 2. The Controller shall establish rules for the payment of all amounts payable pursuant to Section 1 hereof, and for the presentation of such vouchers as he shall deem proper in connection with expenditures made pursuant to said section. No allowance shall be made for traveling expense provided for in this ordinance unless appropriations for such expense have been made by annual or supplemental appropriation ordinance enacted in accordance with the provisions of the Charter.

Approved as to form by Jno. J. O'Toole, City Attorney.

Absent—Supervisors Colman, Schmidt—2.

### Earthquake Picture, "San Francisco," Condemned.

(Code No. 5.94)

Supervisor Shannon presented:

Resolution No. 2698, as follows:

Whereas, there is being displayed at the Paramount Theatre in San Francisco, and at various theatres throughout the United States, the Metro-Goldwyn-Mayer moving picture entitled "San Francisco"; and

Whereas, said picture contains and displays certain scenes which purport to correctly represent occurrences connected with the San Francisco earthquake of 1906; and

Whereas, said scenes are grossly and ridiculously exaggerated and hold San Francisco up to the public generally as a city in imminent danger of being destroyed by earthquake, thereby injuring San Francisco commercially and financially; and

Whereas, said scenes do not correctly depict the occurrences of said San Francisco earthquake; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby protest against the continuation of said picture "San Francisco," as the same is now shown, and does hereby call upon the producers and owners of said picture to eliminate therefrom the said incorrect scenes which purport to be correct reproductions of occurrences at said earthquake, or to change the title of said picture.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

### Relative to One-Man Car.

Supervisor Havenner asked Chairman of Public Utilities Committee whether he would be ready to report on one-man car ordinances which Supervisor Havenner heretofore presented and which were referred to the Public Utilities Committee—whether the committee would report by next meeting of the Board. Supervisor Meyer said that the committee would meet this week and try to have report ready.

### Meeting of Fire, Safety and Police Committee.

Supervisor Mead announced the Fire, Safety and Police Committee will meet tomorrow afternoon immediately after recess for the purpose

of giving consideration to the Fire Ordinance relative to taverns, restaurants, etc.

### Old Age Pensions.

Supervisor Uhl called attention to the manner in which old-age pensions are being handled. He referred to the case of Mrs. Helen Johnson, Swedish widow, 67 years of age. She filed necessary papers last May. Middlebrook of Controller's office, and Controller Leavy, acknowledged receipt of the application. In May the matter was completed. She has now received notice that although she qualified in May for the pension she will not receive her August check until September. This little woman is absolutely penniless. It is absurd that some quicker action cannot be had in these matters. He asked that subject matter be referred to the Public Welfare Committee for the purpose of devising some quicker procedure.

*So ordered.*

### Olympic Games.

Supervisor Brown stated that he was interviewed recently by Frank Marisch, who was raising funds for California athletes participating in Olympic games to be held in Berlin this year. Mr. Marisch called his attention to the fact that there were a number of San Francisco athletes in trials held in the East to qualify for participation in said Olympic Games. Many Californians were successful in gaining positions on the Olympic Team. He therefore moved that the Chief Administrative Officer be requested to give every consideration to request for contributions to permit these athletes to enter the Olympic Games competition.

*So ordered.*

### Maritime Commission.

The following was presented and read by the Clerk:

Communication from M. H. McIntyre, Secretary to the President, acknowledging receipt of telegram of July 7 requesting at least two appointments from San Francisco on the proposed United States Maritime Commission, and assuring the Board that the suggestion will have careful consideration.

Ordered *filed.*

### Pedestrian Day on San Francisco-Oakland Bay Bridge.

Communication from San Francisco Chamber of Commerce suggesting that upon completion of the San Francisco-Oakland Bay Bridge that a day be set aside when pedestrians may have an opportunity to cross the bridge.

Supervisor Uhl moved that the Board of Supervisors endorse the request of the Chamber of Commerce that citizens be given an opportunity to cross San Francisco-Oakland Bay Bridge on foot when it is completed.

Motion *carried.*

Supervisor Brown announced that he made a similar request to the Directors of the Golden Gate Bridge and Highway District.

### Report of Unemployment Relief Program.

Supervisor Shannon made a verbal report on conference with the Governor relative to Unemployment Relief Program. He said he would make a written report shortly.

Supervisor Roncovieri moved that Supervisor Shannon be delegated to attend meeting of County Supervisors in Sacramento July 24, 1936.

*So ordered.*

## RECESS.

Thereupon the Board of Supervisors, at the hour of 3 p. m., recessed until such time as we may hear from City Attorney O'Toole and Controller Leavy regarding new courthouse bond legislation.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors July 27, 1936.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated and approved as recited.

Absent—Supervisors Colman, Schmidt—2.

Supervisor Uhl was excused.

Quorum present.

President Havenner presiding.

### Re Court House Bond Election.

City Attorney John J. O'Toole declared to the Board of Supervisors that he had consulted with our New York bond attorneys and that he had been advised that a separate ballot and separate election offices will be required for a proposed Court House bond election. He requested that the Board of Supervisors fix an hour when eight members are present tomorrow and the necessary legislation may be passed.

### Motion.

Supervisor Roncovieri moved that the Board of Supervisors recess until tomorrow at 4 p. m. for consideration of Court House bond legislation, and that there be a call of the Board.

Motion *carried*.

J. S. DUNNIGAN, Clerk.

## MONDAY, JULY 13, 1936, 5 P. M.

The Board of Supervisors, being in session as a Board of Equalization, recessed and reconvened as a Board of Supervisors.

The following members were noted present:

Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

### Protest Against "San Francisco," Earthquake Moving Picture.

(Code No. 5.94)

Supervisor Shannon presented:

Resolution No. 2698, as follows:

Whereas, there is being displayed at the Paramount Theatre in San Francisco, and at various theatres throughout the United States, the Metro-Goldwyn-Mayer moving picture entitled, "San Francisco;" and

Whereas, said picture contains and displays certain scenes which pur-

port to correctly represent occurrences connected with the San Francisco earthquake of 1906; and

Whereas, said scenes are grossly and ridiculously exaggerated and hold San Francisco up to the public generally as a city in imminent danger of being destroyed by earthquake, thereby injuring San Francisco commercially and financially; and

Whereas, said scenes do not correctly depict the occurrences of said San Francisco earthquake; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby protest against the continuation of said picture "San Francisco" as the same is now shown, and does hereby call upon the producers and owners of said picture to eliminate therefrom the said incorrect scenes which purport to be correct reproductions of occurrences at said earthquake, or to change the title of said picture.

## RECESS.

Thereupon, at 5:05 p. m., on motion of Supervisor Brown, the Board of Supervisors recessed until 4 p. m. Tuesday, July 14, 1936.

J. S. DUNNIGAN, Clerk.

## TUESDAY, JULY 14, 1936, 4:25 P. M.

The Board of Supervisors, being in session as a Board of Equalization, reconvened as a Board of Supervisors pursuant to motion of Supervisor Roncovieri of Monday, July 13, 1936, for the purpose of giving consideration to the matter of the proposed bond issue for a Court House in the Civic Center.

### CALLING THE ROLL.

The following Supervisors were noted present:

Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Shannon, Uhl—8.

Absent—Supervisors Colman, Roncovieri, Schmidt—3.

Quorum present.

President Havenner in the Chair.

### Consideration of Proposed Bond Issue for Court House.

City Attorney John J. O'Toole stated: "After conferring with the bond attorneys in New York and here, we found out that we will have to publish in our ordinance a complete list not only of polling places, but also a complete list of election officers. It will mean possibly one additional election officer, the use of paper ballots, and an election judge. The Registrar of Voters is making up a list of polling places and a list of election officers, which will be included in the ordinance, which will probably be ready tomorrow.

"The use of the paper ballots and the requirement of additional election officers will also necessitate the purchase of about 1200 voting booths, which will be an additional election expense."

The City Attorney thereupon stated that the ordinance will probably be ready tomorrow afternoon.

### Communication from Controller.

A communication from the Controller setting forth the proposed schedules of bond issues for proposed Court House bond issue was read by the Clerk and *referred to the Finance Committee.*

Leonard S. Leavy, Controller, was then heard at length in explanation of the two schedules proposed, one of which must be selected for the proposed issue.

### Motion.

Whereupon, Supervisor Shannon moved that the Finance Committee retire for the purpose of giving consideration to the schedules prepared by the Controller.

Motion *carried.*

### Report of Finance Committee.

Subsequently, during the proceedings, Supervisor Roncovieri, Chairman of the Finance Committee, returned and reported that said Committee had consulted with Controller Leonard S. Leavy and had concluded that the best plan of the two schedules prepared was Schedule No. 1.

Controller Leavy was thereupon heard at length as to the advantages of Schedule No. 1.

### RECESS.

Whereupon, Supervisor Shannon moved that the City Attorney be requested to prepare bond ordinance in accordance with Schedule No. 1 and that we recess as a Board of Supervisors until 4 p. m. tomorrow to consider it.

Motion *carried.*

J. S. DUNNIGAN, Clerk.

## WEDNESDAY, JULY 15, 1936, 4:35 P. M.

In Board of Supervisors, Wednesday, July 15, 1936, 4:35 P. M.

The Board of Supervisors reassembled pursuant to recess of Tuesday, July 14, 1936, for the purpose of giving consideration to proposed bond issue of construction of a Court House in the Civic Center.

Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

Quorum present.

President Havenner in the Chair.

### Passed for Second Reading.

The following recommendation of the Finance Committee was presented, read by the Clerk, and *passed for second reading*:

### Calling and Providing for Bond Election for Court House.

(Code No. 12.123)

Bill No. 1061, Ordinance No. 12.1231, as follows:

Calling and providing for a special election to be held in the City and County of San Francisco, on Tuesday, the 25th day of August, 1936, for the purpose of submitting to the qualified electors of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of $3,220,000, for the construction and furnishing of the following municipal improvement, to-wit: A Courts Building, in the Civic Center of San Francisco on land owned by the said City and County, for the purpose of providing appropriate quarters for the Superior and for the Municipal Courts and for other courts that may be heeafter created and for the County Clerk and for the Clerk of the Municipal Court and for such other agencies or officers of the City and County of San Francisco as may be accommodated therein, and providing for the maximum rate of interest, the date and time of retirement of said bonds, and fixing the date of said special election, the matter of holding the same, establishing election precincts and polling places for said election, appointing boards of election therefor and providing for notice thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco, on Tuesday, the 25th day of August, 1936, for the purpose of submitting to the qualified electors of said City and County the following proposition, to-wit:

PROPOSITION: Shall the City and County of San Francisco incur a bonded indebtedness in the principal amount of $3,220,000, for the construction and furnishing of the following municipal improvement, to-wit: A Courts Building, in the Civic Center of San Francisco on land owned by the said City and County for the purpose of providing appropriate quarters for the Superior and for the Municipal Courts and for other courts that may be hereafter created and for the County Clerk and for the Clerk of the Municipal Court and for such other agencies or officers of the City and County of San Francisco as may be accommodated therein?

Section 2. The estimated cost of said proposed municipal improvement is the sum of $3,220,000 and the amount of the principal of said indebtedness proposed to be incurred for said municipal improvement is the said sum of $3,220,000; provided, however, that none of said bonds herein provided for shall be issued or sold unless the United States of America, or one of its agencies, shall make, or agree to make, a grant to the City and County of San Francisco of not less than thirty per cent

(30%) of the total cost of said proposed municipal improvement. It is contemplated that said grant up to an amount of not less than thirty per cent of the total cost as hereinbefore estimated of said proposed improvement will be received by the City and County of San Francisco in cash and if so received, an amount not less than thirty per cent of the total cost as hereinbefore estimated of said improvement will be applied to the payment of the principal and interest of said bonds herein proposed to be issued. Any sums which may be received upon such grant in excess of thirty per cent of the cost of said proposed improvement may be applied in the discretion of the Board of Supervisors either to the payment of the cost of said proposed municipal improvement or to the payment of the principal and interest of said bonds proposed to be issued. If said grant so made by the United States of America, or any agency thereof, is conditioned so as to be applied solely to the payment of the cost of said improvement, then the total amount of bonds herein authorized to be sold shall be proportionately reduced and in that event the total cost of said improvement to the City and County of San Francisco shall be at least thirty per cent less than the amount hereinbefore estimated, and the total principal amount of the bonds proposed to be sold shall likewise be at least thirty per cent less than said sum of $3,220,000 to be incurred; namely, from the total amount of said bonds herein proposed to be issued the Board of Supervisors in said event shall withhold from sale and cancel an amount equal to at least thirty per cent thereof. Said Board of Supervisors reserves the right to adopt such of the foregoing methods of applying said grant (if received from the United States of America or any one of its agencies) as may be necessary to satisfy any condition imposed by the United States of America, or any one of its agencies, as a condition precedent to the making of such grant.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and convassed, and the returns thereof made and the result thereof ascertained, determined and declared as herein provided, and in all particulars not herein recited, such election shall be held as provided by law for holding municipal elections in the City and County of San Francisco. The polls at the polling places hereinafter designated shall be opened at 7 o'clock in the morning of said day of election and shall be kept open continuously thereafter until 8 o'clock in the evening of said day of election, when the polls shall be closed (except as provided in Section 1164 of the Political Code), and the election officers shall thereupon proceed to canvass the ballots cast thereat and make due return thereof in the manner provided by law.

Section 4. For the conduct of said special election the City and County of San Francisco is hereby divided into 1055 special election precincts. The territory embraced within each of said precincts hereinafter numbered shall consist of the precincts bearing a like number as now established of record by the Registrar of Voters of the City and County of San Francisco for general, state, and county election purposes. Said precincts and polling places therein for the conduct of said election are as follows:

Section 5. The ballots to be used at said special election shall be substantially in the following form, to-wit:

No. _____
(Date)

No. ———— : Stamp crosses (X) on ballot ONLY WITH RUBBER STAMP; never with pen or pencil.

(Fold ballot to this Line, leaving Top Margin exposed.)

MUNICIPAL TICKET

To vote for the proposition and thereby incur a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "Yes."

To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated in such proposition, stamp a cross (X) in the blank space to the right of the word "No."

All marks except the cross (X) are forbidden.

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear, or deface this ballot, return it to the Inspector of Election and obtain another.

| COURTS BUILDING BONDS 1936: | | |
|---|---|---|
| Shall the City and County of San Francisco incur a bonded indebtedness in the principal amount of $3,220,000, for the construction and furnishing of the following municipal improvement, to-wit: A Courts Building, in the Civic Center of San Francisco on land owned by the said City and County for the purpose of providing appropriate quarters for the Superior and for the Municipal Courts and for other courts that may be hereafter created and for the County Clerk and for the Clerk of the Municipal Court and for such other agencies or officers of the City and County of San Francisco as may be accommodated therein? | YES | |
| | NO | |

Section 6. All persons qualified to vote at municipal elections in said City and County of San Francisco upon the date of the election herein provided for shall be qualified to vote upon the proposition hereby submitted at said special election. Each voter to vote for said proposition hereby submitted and for incurring said bonded indebtedness shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against said proposition and against incurring said indebtedness shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. A cross (X) stamped in the voting square on the ballot after the word "YES" shall be counted as a vote in favor of said proposition, and to authorize the incurring of a bonded debt to the amount of and for the purpose specified therein, and a cross (X) stamped in the voting square on the ballot after the word "NO" shall be counted as a vote against said proposition, and a refusal to authorize the incurring of any bonded debt for the purpose specified therein.

Section 7. If at such special election it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall have been accepted by the electors and bonds in the amount specified in said proposition (or so much thereof as may be necessary pursuant to the conditions upon which said grant of the United States of America, or of any of its agencies, is made) may be issued and sold by said City and County for the purpose therein mentioned.

Section 8. Said bonds shall be in a form to be hereafter designated by the Board of Supervisors and shall be of the character known as serials and shall be dated November 1, 1936, and shall bear interest at the rate of not to exceed six per cent (6%) per annum, payable semi-annually. The exact rate of interest shall be determined by said Board of Supervisors at the time of the sale of said bonds, in accordance with the bid of the successful bidder therefor, not exceeding the interest rate aforesaid. Such bonds shall mature and become payable in consecutive numerical order, $689,000 principal amount on November 1, 1937, $605,000 principal amount on November 1, 1938, $241,000 principal amount on November 1st in each of the years 1939 to 1944, both inclusive, and $240,000 principal amount on November 1st in each of the years 1945 and 1946.

Section 9. For the purpose of paying the principal and interest of said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy, and in the manner for such general tax levy, provide, levy and collect annually each year until such bonds are paid or until there be a sum in the Treasury of said City and County set apart for that purpose to meet all sums coming due for the principal and interest of said bonds, a tax sufficient to pay the annual interest on said bonds and on such part of the principal thereof as shall become due before the time for fixing the next general tax levy.

Section 10. This ordinance shall be published once a day for at least seven (7) days in the "San Francisco Chronicle," a newspaper published daily in said City and County of San Francisco, being the official newspaper of said City and County, and such publication shall constitute notice of said election. No other notice of the election hereby called need be given.

Ayes—Supervisors Brown, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent—Supervisors Colman, Schmidt—2.

*Explanation of Vote.*

Supervisor Brown explained his vote substantially as follows:

"I feel the only reason that a special election should be called for this bond issue and the City put to the expense of approximately $40,000 is because of the 45 per cent grant from the Federal Government. If that grant is not forthcoming, I am not inclined to go along. Moreover, I feel that further study should be given to the plans and

equipment of the building. But we are told we haven't the time to make a study and complete the building within the two years required by the Government unless this bond issue election comes on in August. However, unless we have definite information by two weeks from last Monday when this matter is on final passage, I will certainly feel inclined to vote in the negative. I can't see any further reason for calling a special election at this time."

Supervisor Shannon: "We all feel pretty much the same about it."

Supervisor Uhl: "If I thought that the subvention from the Government would be only 30 per cent, I would not vote for the submission to the electors."

## ADJOURNMENT.

Whereupon, at the hour of 4:40 p. m., the Board of Supervisors adjourned, and reconvened as a Board of Equalization.

J. S. DUNNIGAN, Clerk.

### Final Passage.

The following matters heretofore passed for second reading were taken up and *finally passed* by the following vote:

**Amendment to Building Fee Ordinance.**

(Code No. 3.041)

On recommendation of Finance Committee.

Bill No. 1033, Ordinance No. 3.04163, as follows:

Amending Sections 2 and 3 of Ordinance No. 3.04120 entitled: "An ordinance providing for the collection of fees by the Department of Public Works upon the issuance of building permits, and for permits for moving of building, or for construction or alteration of billboard or for the erection, installation or alteration of patent chimney," relating to flues and vents.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 2 and 3 of Ordinance No. 3.04120, the title of which is recited above, are hereby amended to read as follows:

Section 2. The applicant or applicants for the following permits shall pay the Department of Public Works for expenses in investigation of conditions and inspection of operations in connection with the same, fees as follows:

Permit for moving building, $2; permit for construction or alteration of billboard, $2; permit for erection, installation or alteration of chimney, flue or vent, $2.

Section 3. Any person, firm or corporation engaged in the erection, installation or alteration of chimneys, flues or vents may, as an option and in lieu of the above required fee and permit, pay an annual fee of three hundred ($300) dollars, payable quarterly in advance, to the Central Permit Bureau, which bureau shall then issue to the person, firm or corporation having paid such fee a quarterly permit for the erection, installation or alteration of such chimneys, flues or vents; provided, however, that the holder of such quarterly permit shall notify the Bureau of Building Inspection, on forms supplied by said Bureau, at least twenty-four (24) hours before the erection, installation or alteration of any chimney, flue or vent of the intention to erect, install or alter such chimney, flue or vent; and, provided further, that failure to file such notice shall be sufficient grounds for canceling said permit.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—10.

Absent—Supervisor Schmidt—1.

**Amendment to Building Law—Chimneys, Flues, Etc.**

(Code No. 11.08)

On recommendation of Public Buildings and Lands Committee.

Bill No. 1034, Ordinance No. 11.0814, as follows:

Amending Sections 242, 251 and 252(B) of Ordinance 1008 (New Series) entitled: "Regulating the construction, erection, enlargement, raising, alteration, repair, removal, maintenance, use and height of buildings; regulating character and use of materials in and for buildings. Establishing fire limits and repealing all ordinances in conflict with this ordinance", and adding a new section thereto to be numbered 245(A), relating to chimneys, flues and vents.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Sections 242, 251 and 252(B) of Ordinance 1008 (New Series), the title of which is recited above, are hereby amended to read as follows:

Section 242. All chimneys and flues hereafter constructed, except as provided in Sections 244, 245, 245(A) and 246 hereof referring to patent chimneys and chimneys, flues or vents for gas appliances, shall be of brick or stone, or may be of concrete when in concrete walls; their enclosing walls shall be not less than four (4) inches thick, and shall, if less than eight (8) inches thick, be lined on the inside with well-burnt clay or terra cotta pipe not less than ¾ of an inch thick

for flue linings of the following inside dimensions: 3x7 inches, 3x11½ inches, 7x7 inches and 7x11½ inches, and one inch thick for flue linings of the following inside dimensions: 2½x15 inches, 6½x15 inches, 11x11 inches, 11x15 inches and 15x15 inches. Said lining shall start from the bottom of the flue or the throat of a fireplace, be continuous to the top of the flue, and shall be built in first and bricked around as carried up. Flues where lining is not required by this ordinance shall have the joints struck smooth on the inside, and, if less than eight (8) inches thick, shall be smoothly plastered for the entire height on the outside.

No smoke flue shall be less than 7 by 7 inches in the clear, and such sized flue shall have but one inlet; for two inlets the flue shall be not less than 7 by 11½ inches in the clear; for three inlets not less than 6½ by 15 inches in the clear, and for a larger number of inlets the size shall be increased in same proportion. Flues larger than two hundred square inches and less than five hundred square inches area shall be surrounded by walls not less than eight inches thick; flues larger than five hundred and less than one thousand square inches area shall be surrounded by walls not less than twelve inches thick to a height of fifteen feet above the inlet, and eight inches thick the remaining height; flues larger than one thousand square inches shall be proportionately increased in size and shall be lined with fire brick for at least twenty feet above the inlet.

Bakery oven flues shall be not less than 12 by 12 inches in the clear and shall be surrounded by brick work not less than eight (8) inches thick.

The inside four inches of all boiler flues for boilers of over twenty-five horsepower shall be of fire brick, laid in fire mortar, for a distance of twenty-five feet in any direction from the source of heat.

Chimneys and stacks connected with steam boilers shall extend not less than ten feet above the woodwork of the roof, or any adjacent roof, and if sawdust, shavings or wood are burned, shall extend twenty feet above such roofs and be provided with a spark arrester. Spark arresters shall be placed upon all chimneys and stacks whenever the Director of Public Works deems it necessary for the safety of property.

Chimneys and flues from boilers, restaurants and hotel ranges, bakers' ovens and similar unusually hot flues, shall have the outside exposed throughout the height of the room in which connection therewith is made, and if plastered shall be plastered directly upon the bricks.

All chimneys having a greater flue area than two hundred and sixty (260) square inches shall be carried up at least ten feet above the highest point of the roof of the building of which they form a part, and ten feet above the highest point of any roof within fifty feet of such chimney.

Where a smoke pipe is to enter a chimney or flue a tile thimble not less than ⅝ of an inch thick shall be placed as construction progresses. Thimbles shall be surrounded by four inches of brick work brought out flush with furring, and shall extend to the face of the plastering and not be nearer than six inches to any wood, lath and plaster. No tile pipe shall be used as a smoke pipe in connection with such thimbles.

Chimneys not part of a wall shall not be built upon any floor or beam of wood, but shall be built from the ground up and shall not increase in size from the foundation. No chimney shall be corbelled out more than eight inches from a wall, and corbelling shall consist of at least five courses of brick, but no corbelling shall be more than four inches in twelve-inch walls. Offsets for reducing the size of chimneys shall not be greater than one inch to each course.

Flues in party walls shall not extend within four inches of the center of the wall, and joint flues in party walls shall be separated across the wall by an eight-inch width of brick work for the entire length.

No joist or girder shall be supported on the walls of any chimney

or flue, and no woodwork shall be placed nearer than two inches to the outside face of, or within seven inches of the inside of any smoke, air or other flue.

All wood joists shall be trimmed away at least two inches from any smoke, air or other flue; the trimmer beam shall not be less than eight inches from the inside of the flue, and four inches from the outside of a chimney breast; except that for smoke flues the brick work of which is by this ordinance required to be eight inches thick or more, the trimmer beam shall not be less than twelve inches from the inside of the flue.

Chimneys built outside of frame structures, or in light wells thereof, shall be well anchored, at intervals of not less than ten feet to the stud walls.

All chimneys and flues shall be properly cleaned and all rubbish removed and same left smooth on the inside on completion of the building.

Section 251. (a) No gas grate, gas log, or other appliance using gas or electricity for producing heat, except as otherwise ordained, shall be placed in a fireplace or recess unless such fireplace or recess be constructed as required in Sections 243 and 246 of this ordinance for fireplaces, the sides, back and top of which shall be of brick work not less than eight (8) inches thick; all pipes supplying gas thereto shall be of iron and enter only at the sides of fireplaces or recesses, through brick work. Gas grates, gas logs, or other appliances using gas or electricity for producing heat, not placed in a fireplace or recess shall have a clear and unenclosed space of not less than ten (10) inches between them and any unprotected woodwork, wood lath and plaster or other combustible material, or a similar space of four (4) inches between them and any woodwork, wood lath and plaster, or other combustible material protected with terra cotta or tiles one inch thick or with metal with one (1) inch clear air space between the metal and woodwork, wood lath and plaster, or other combustible material.

No vent shall be permitted other than a brick patent chimney, flue or vent as required by Sections 242, 244, 245, 245(A) and 246 of this ordinance.

(b) No gas range, or gas water heater, shall be placed nearer than twelve (12) inches to any unprotected woodwork, wood lath and plaster, or other combustible material, or nearer than six (6) inches thereto, if such woodwork, wood lath and plaster, or other combustible material is protected with metal with one (1) inch clear air space between the metal and the woodwork, wood lath and plaster or other combustible material. No gas range or gas water heater shall be placed in any recess unless the front of the recess is either open or freely vented at top and bottom.

(c) Every instantaneous gas water heater shall be provided with a vent pipe not less than three (3) inches in diameter, extending clear through and at least twelve (12) inches above the roof, with a "T" connection at the top; and around every such vent at all places not exposed there shall be a galvanized iron sleeve extending the full length of the concealed portion with a clear air space of not less than one (1) inch surrounding the vent. In every room fitted with an instantaneous gas water heater there shall be provided an air inlet independent of doors or windows.

(d) All low, portable gas stoves, gas plates, or heaters, shall be placed on iron stands or other incombustible bases, or the burners shall be at least six (6) inches above the base of the stove and metal guard plates placed four (4) inches below the burners; all woodwork under them shall be covered with metal or other incombustible material. All portable gas-heated stoves, ranges, kettles, gas plates or other gas-heated devices, shall be connected direct to their gas supply main only by iron pipe or flexible metal tubing.

Section 252(B). The provisions of Sections Nos. 244, 245 and 256

regulating and requiring chimneys, vents and flues shall not apply to the installation or maintenance of gas heat radiators, standing on the floor not less than five inches from any wooden or plaster wall.

All gas heat radiators shall be connected to a flue as provided for in Section 245(a), or to a brick or patent chimney or to a terra cotta flue of not less than 6 square inches in the clear, the walls of such flues to be not less than ½ inch in thickness and the joints to be made of galvanized iron sleeve not less than three inches wide with edges flanged outward at least ½ inch and the joints to be filled with cement; the entire flue encased in galvanized iron similar to the so-called patent flue with ½-inch air space all around between terra cotta and casing. This patent flue to be so sized that not less than six square inches in the clear will be permitted for four radiators or less, and in cases where more than four radiators are to be connected into the same flue the area is to be increased proportionately, said patent flue in all cases to extend to the outside and at least two feet above the roof of the building. Every gas heater of the radiator type shall be connected to the gas supply by iron pipe; the burner of said radiator shall be of the bunsen or atmospheric type; the radiator shall be made of cast iron, and when installed in any building shall not be closer than five inches to any wall or partition, and shall be connected to a flue, vent pipe or chimney of such size and material as is provided for herein, excepting where said radiator is so designed and constructed as to have a firebox or burner chamber containing the burner where combustion takes place, and also, having one or more super-heating chambers or secondary combustion chambers attached to or substantially surrounding said firebox containing said burner, and also having at the back of said radiator a retort for the purpose of purifying and humidifying the products of combustion before entering the room, said retort being attached to or made a part of said firebox and said super-heating or secondary combustion chambers.

Every gas heater of the fireplace or mantle type, having a bunsen or atmospheric burner, shall only be connected to the gas supply by iron pipe.

No gas heater of the portable stove type shall contain or be operated with bunsen or atmospheric burner, or be connected to the gas supply by flexible metal or rubber tubing, unless the stopcock is provided and placed back of said tubing at the point of the gas supply outlet.

Section 2. There is hereby added to Ordinance 1008 (New Series), the title of which is recited above, a new section to be numbered 245(A), and to read as follows:

Section 245(A). In lieu of brick, stone, or patent chimney, as specified, in Sections 242, 244, 244-A and 245, there may be erected for venting gas appliances only chimneys, flues, or vents which are constructed as follows:

"1. Fire-clay vent pipe, either round or rectangular, having a shell thickness of not less than one-half (½) inch, may be installed for flues or vents which have an internal diameter of less than six (6) inches or an internal area of less than twenty-eight (28) square inches. Such fire-clay vent pipe having a shell thickness of not less than three-quarters (¾) inch may be installed for flues or vents which have an internal diameter of six (6) or more inches or an internal area of twenty-eight (28) or more square inches. The joints, between each length of pipe on other than the bell and spigot type of pipe, shall be covered with sheet metal sleeves or bands of galvanized iron or steel of not less than twenty-six (26) gauge, held in place and well cemented to the ends of the pipe.

"2. *Transite* (a pipe composed of an intimate mixture of Portland cement and clean asbestos fibre, containing no grit, organic fibre, or other adulterants, and formed under pressure on a mandrel to provide a dense, homogeneous structure with a smooth interior surface having machine tapered ends and couplings which provide gas-tight

joints). Gas flue pipe of the type known as transite, or equal, may be installed provided that the thickness of the flue material shall conform to the requirements of the State Housing Act of California.

"3. *Metalbestos* (an aluminum flue pipe encased in aluminum or galvanized iron pipe). Gas flue pipe of the type known as metalbestos, or equal, may be installed provided that the aluminum inside pipe shall be not lighter than twenty-eight (28) gauge and the galvanized iron (or aluminum) casing be not lighter than twenty-six (26) gauge, and there shall be a minimum air space of not less than one-half (½) of an inch between the aluminum inside pipe and the casing, spacing to be accomplished by means of vitrified asbestos spacer rings.

"4. *Payne 'A' Vent* (a flue pipe composed of an inner aluminum tube around which is wound two plies of one-quarter (¼) inch corrugated air-cell asbestos. An outer casing of galvanized iron surrounds the aluminum pipe and insulation). Gas flue pipe of the type known as Payne 'A' Vent, or equal, may be installed provided that for sizes of six (6) inches or less, inside diameter, the aluminum pipe shall be of not less than twenty-eight (28) gauge and the galvanized iron casing of not less than twenty-six (26) gauge, and for sizes in excess of six (6) inches, inside diameter, the aluminum inside pipe shall be of not less than twenty-six (26) gauge and the galvanized iron casing of not less than twenty-four (24) gauge.

"5. Any other durable flue pipe, approved by the Bureau of Building Inspection, which will give an insulating value equal to the types as herein set forth and which will not disintegrate from the effects of gas fumes and other products of combustion.

"All flue pipes of the types as herein set forth shall rest upon an approved brick, tile, or concrete base or upon a substantial metal bracket securely fastened to the building. All such flue pipes shall be braced at least every five (5) feet of their height by means of substantial galvanized iron bands (not less than 16 gauge) securely fastened to the building and shall be so erected that the flue shall be not less than two (2) inches from any combustible material, except as hereinafter provided. Approved ventilated collars which will hold the flue pipe two (2) inches from any combustible material shall be installed at any point where the flue pipe passes through a wall, floor, or roof. All such flue pipes shall extend to a point not less than twenty-four (24) inches above any portion of the roof which is within fifteen (15) feet in a horizontal direction from the flue pipe. No flue shall terminate within a point three (3) feet above or ten (10) feet from any window or other opening designed to serve as a means of ventilation of any building or room therein, nor shall a flue terminate in any court or vent shaft which is designed or may be used to serve as a source of air for the ventilation of any building or room therein. All chimneys, flues, or vents to which gas appliances are connected shall be equipped with an approved top which will prevent back draft, keep out rain, and provide satisfactory draft for the proper operation of the appliances.

"Unless otherwise approved by the Bureau of Building Inspection, any gas chimney, flue, or vent, as herein described, erected inside of a building, shall have placed around it a metal jacket of not lighter than twenty-six (26) gauge galvanized iron, and constructed as provided for patent chimneys, and the minimum air space between the flue material and the casing shall be not less than one-half (½) inch.

"Any gas chimney, flue, or vent installed in partition spaces shall not be closer than one (1) inch from the studding or any other combustible material, unless such studding or combustible material is covered by metal lath and plaster.

"No round chimney, flue, or vent shall have an internal diameter of less than four (4) inches, and no square, rectangular, or oval flue shall have an internal area of less than twelve (12) square inches,

nor shall any rectangular or oval flue have an internal dimension less than two (2) inches."

**Confirming Lease to Pan American Airways Company of Portion of San Francisco Airport Property.**

(Code No. 12.17354)

Also, Bill No. 1047, Ordinance No. 12.173543, as follows:

Confirming lease to Pan American Airways Company of portion of San Francisco Airport property.

Whereas, pursuant to Resolution No. 1291 of the Public Utilities Commission, the Director of Property advertised in the official newspaper of the City and County of San Francisco that bids would be received by him on June 22, 1936, for leasing a portion of the San Francisco Airport land situated in the County of San Mateo, State of California, and more particularly described as follows:

Beginning at a point distant south 0 degrees 02 minutes 30 seconds west 50 feet from the corner common to Sections 26, 27, 34 and 35, Township 3 South, Range 5 West, Mount Diablo Base and Meridian, which section corner is located south 89 degrees 57 minutes 30 seconds east 3215.61 feet along the north line of Section 34 from the center line of the Bayshore Highway as it now exists; thence north 89 degrees 57 minutes 30 seconds west, parallel to the line between said Sections 27 and 34, 850 feet; thence south 0 degrees 02 minutes 30 seconds west 1785 feet; thence south 89 degrees 57 minutes 30 seconds east 900 feet; thence north 0 degrees 02 minutes 30 seconds east 1785 feet; thence north 89 degrees 57 minutes 30 seconds west 50 feet to the point of beginning.

Containing 36.880 acres.

Whereas, in response to said advertisement, the Director of Property received an offer from Pan American Airways Company to lease said property at a rental of $1,000.00 per year for the first five years, $5,000.00 per year for the second five years, with the right to extend the lease for an additional period of ten years at a rental of $10,000.00 per year; and

Whereas, no higher bids were made or received, and the Public Utilities Commission has recommended that said lease be awarded to Pan American Airways Company; now, therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That said lease be and is hereby awarded to Pan American Airways Company.

Section 2. The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute said lease in behalf of the City and County of San Francisco, a municipal corporation. The effective date of the commencement of the lease shall be on or about June 1, 1937, or earlier date, dependent upon the completion of the improvements to said acreage now contemplated. The lease shall be subject to such reservations and conditions as may be deemed necessary by the Public Utilities Commission and the City Attorney.

**Authorizing Public Utilities Commission to Acquire or Construct Power Distribution System.**

(Code No. 15.032)

On recommendation of Joint Public Utilities and Special Hetch Hetchy Power Committees.

Bill No. 1056, Ordinance No. 15.0324, as follows:

Authorizing the Public Utilities Commission of the City and County of San Francisco to acquire by purchase, and/or by condemnation, or otherwise, and/or to construct, a public utility or any part thereof for the distribution of electric energy to the inhabitants and residents of the City and County of San Francisco or to the inhabitants and residents of other cities or of other counties, and for the purpose of defraying the cost of acquiring and/or constructing such utility to borrow money and to issue bonds or other obligations payable solely out of the revenue of such utility, and providing for the manner in which said bonds or other obligations payable solely out of revenue of said utility shall be issued, and for the payment of interest thereon and how the interest on, and the principal of said bonds or obligations shall be paid and for the procedure to be undertaken by said Public Utilities Commission and by the Board of Supervisors of the City and County of San Francisco to authorize the issuance of said bonds or other obligations and for the payment of interest on and the principal of said bonds.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, it is provided in Section 9 of the Charter of the City and County of San Francisco that the Board of Supervisors of said City and County may, by ordinance, confer on any officer, board or commission such other and additional powers as the Board of Super-

visors may deem advisable over and above and in addition to the powers conferred on said officer, board or commission by the Charter; and

Whereas, the Public Utilities Commission has, pursuant to the provisions of said Charter, charge of the construction, management, supervision, maintenance, extension, operation and control of all public utilities and other properties used, owned, acquired, leased or constructed by the City and County of San Francisco for the purpose of supplying any public utility service to said City and County and to its inhabitants and/or to territory outside the limits of said City and County and to the inhabitants thereof; and

Whereas, the Board of Supervisors deems it advisable to confer upon the Public Utilities Commission of the City and County of San Francisco the right to acquire by purchase, condemnation or construction a public utility for the purpose of distributing to the City and County of San Francisco and/or to parts thereof, and/or to other cities, counties and political subdivisions and/or to parts thereof, and to the inhabitants and residents of said City and County of San Francisco and/or to the inhabitants and residents of parts thereof, and/or to the inhabitants and residents of other cities, counties or political subdivisions electric energy for all purposes, and to accomplish said purpose to borrow money and to issue bonds or other obligations evidencing said money so borrowed, which said money so borrowed and bonds or other obligations so issued, shall be repayable solely out of the revenue of said public utility.

Section 2. There is hereby conferred upon the Public Utilities Commission of the City and County of San Francisco the following powers in addition to the powers heretofore or hereafter granted to said Public Utilities Commission by the Charter of the City and County of San Francisco or by other ordinances of this Board of Supervisors, to-wit:

1. Said Public Utilities Commission of the City and County of San Francisco may acquire by purchase, and/or by condemnation, and/or by construction, a public utility for the purpose of supplying to the inhabitants and residents of the City and County of San Francisco, and/or to any part thereof, and/or to the inhabitants and residents of any other city or county or political subdivision, or any part thereof, or to the City and County of San Francisco, or to any other city or county or political subdivision, the electric energy for all purposes.

2. That for the purpose of acquiring, condemning or constructing, and for the purpose of defraying the cost of such acquisition, condemnation or construction, said Public Utilities Commission may, as hereinafter in this ordinance set forth, enter into obligations, borrow money and issue bonds or other evidences of indebtedness, and provide for the payment of such obligations, and for the repayment of money so borrowed, as well as for the payment of said bonds or other obligations, solely out of the revenue of said public utility so established, purchased, acquired, condemned or constructed.

3. For the accomplishment of the purposes hereinbefore set forth, that is, to establish, acquire, condemn or construct said public utility or part thereof for the distribution of said electric energy, as aforesaid, said Public Utilities Commission shall make a report to the Board of Supervisors of the size, character and kind of electric distribution system which it desires to establish, acquire, condemn or construct in whole or in part, and the city and county, city or county, or political subdivision, or particular parts thereof, which it will serve or tend to serve, together with an estimate of the cost thereof, as well as an estimate of the probable period of time which will be consumed in establishing, acquiring, condemning or constructing said utility, as well as the manner in which the same will be established, acquired or constructed, as well as the manner in which the cost of establishing, acquiring or constructing said utility will be met. Said report shall also show in detail the estimated net annual revenue from said utility

after deducting the cost of operation and maintenance, repairs and reconstruction, depreciation, and all other charges including interest and redemption charges or any moneys expended for the establishment, acquisition or construction of said utility.

4. Upon receiving said report, the Board of Supervisors shall examine the same, and for said purpose may employ engineers, accountants and other experts to aid in said examination, and if after said examination and the report of said engineers, accountants or other experts, the said Board of Supervisors is satisfied that it will be for the benefit and best interests of the City and County of San Francisco that said utility should be established, acquired or constructed, as originally reported, or as amended by said Public Utilities Commission, said Board of Supervisors shall, by resolution, approve said report and recommend that said utility be established, acquired or constructed as set forth in said report.

5. Thereafter the said Board of Supervisors shall by ordinance authorize and empower said Public Utilities Commission to establish, and/or acquire, and/or construct said utility or part thereof as recommended or set forth in said report, and shall by said ordinance, or by a separate ordinance, or by separate ordinances, authorize said Public Utilities Commission to enter into such obligations, or to borrow such money, or moneys, or to issue such bonds or other obligations as may be necessary to defray the necessary cost of establishing, acquiring or constructing said utility, including the estimated amount necessary to pay the interest on any money so borrowed or bonds or other obligations so issued during the period of acquisition or construction of said utility and for twelve months thereafter. All ordinances provided for in this section shall be enacted by a three-fourths vote of all the members of the Board of Supervisors.

6. Said bonds or other obligations so authorized to be issued shall be executed by said Public Utilities Commission, by its president and secretary, and shall be in such form and of such denomination, shall be payable at such times, and shall contain such conditions as the said Board of Supervisors in said ordinance may provide, provided that said bonds or other obligations shall be so conditioned that they will not bear interest at a rate higher than six per cent per annum payable semi-annually. Any bonds or other obligations authorized as herein provided, as well as the interest thereon, shall be payable wholly and exclusively out of the net revenue arising from the operation of the utility for which they shall have been authorized after the payment of all operating expenses of said utility, including pension and retirement charges, all amounts necessary for the repair and maintenance of the property of said utility and all amounts necessary to provide for a proper fund to meet the depreciation on said utility. No part of the amount of said bonds or of the interest thereon shall be payable from moneys raised from taxes levied against property or from any other source whatsoever, save and except from the revenues of said utility for the establishment, acquisition or construction of which they may have been issued, and then only in the manner hereinbefore set forth, and said bonds or other obligations shall so state upon their face or by endorsement thereon.

7. The Public Utilities Commission shall have full power and authority to determine and provide for the times at which, and the manner in which, said bonds or other obligations shall be sold and disposed of, and may cause the same to be issued as one issue or in successive issues.

8. The proceeds of all bonds or other obligations sold by said Public Utilities Commission shall be forthwith placed in the Treasury of the City and County and shall only be used for the purposes for which they may have been sold and authorized.

Section 3. Any utility established, acquired or constructed by said Public Utilities Commission, pursuant to or under authority of this ordinance, as well as the income therefrom, shall be subject to all of

the provisions of the Charter governing the operation of existing utilities.

Section 4. At the time the Board of Supervisors authorizes the incurring of any obligations or the borrowing of any money, or the issuing of any bonds or other obligations, said Board may, in the ordinance or ordinances authorizing the incurring of said obligation, the borrowing of said money or the issuing of said bonds or obligations, add such additional provisions as it may deem proper relative to the incurring of any obligations or the borrowing of any money, or the issuance of any bonds or obligations, or as to the conduct, operation, establishment, acquisition or construction of said utility, save and except that no such provision shall be contrary to any Charter provision on the subject, nor shall any provision be made for the payment of any money, bond, or obligation except from the revenue of the utility authorized to be established.

Section 5. Any ordinance of the Board of Supervisors authorizing the borrowing of any money, or the issuance of any bonds or other obligations evidencing the amount or amounts of money so borrowed, shall provide that the Public Utilities Commission shall, at all times while said bonds are outstanding or any other indebtedness authorized by said ordinance remains unpaid, provide and maintain such rates for the service furnished by said utility, so that the said rates will be sufficient to provide for the payment of the principal sum of said indebtedness and the interest to accrue thereon, in accordance with the terms of said bonds or other obligations, in addition to all other expenses incident to the operation or maintenance of said utility, and said ordinance shall also provide that the Board of Supervisors shall approve such rates, and when said ordinance is so passed, the same shall constitute a binding contract between all holders of said bonds or other obligations and said Public Utilities Commission to so maintain said rate.

Section 6. Whenever the words "bond or bonds," "obligation or obligations" are used in this ordinance, the said words shall mean bonds or obligations payable solely, both as to principal and interest, out of the revenue of the said utility wherein or wherefor they may have been issued. The word "indebtedness," as used in this ordinance, shall mean indebtedness repayable solely out of the revenue of the said utility for which said indebtedness was created.

**Requiring Labels on Flues and Vents.**
(Code No. 11.08)

On recommendation of Public Buildings, Lands and City Planning Committee.

Bill No. 1057, Ordinance No. 11.0815, as follows:

Amending Section 244, of Ordinance No. 1008 (New Series), entitled "Regulating the Construction, Erection, Enlargement, Raising, Alteration, Repair, Removal, Maintenance, Use and Height of Buildings, Regulating Character and Use of Materials in and for Buildings; Establishing Fire Limits, and Repealing All Ordinances in Conflict With This Ordinance," *by requiring labels to be placed on new or repaired vents by the Bureau of Building Inspection.*

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Amending Section 244, of Ordinance No. 1008 (New Series), the title of which is recited above, to read as follows:

Section 244. In lieu of the brick or stone chimney, as hereinbefore provided, there may be erected a chimney known as a Patent Chimney, for which a United States patent has been issued, and which has been approved by the Department of Public Works.

Every corporation, co-partnership or individual engaged in conducting the business of constructing, erecting, installing or repairing brick,

stone or patent chimneys or fireplaces in the City and County of San Francisco, shall appear in person or by duly authorized representative at the office of the Department of Public Works, and shall register with the said Department of Public Works, the name and place of business in said City and County of said corporation, co-partnership or individual, and the person so appearing shall make and file with said Department of Public Works, his affidavit that such name and place of business as thus registered are correctly stated. Upon filing of said affidavit said Department of Public Works shall forthwith issue to said corporation, co-partnership or individual a certificate of such registration provided that said certificate shall not be granted for more than the period of one fiscal year or portion thereof, in any case unexpired at the time of granting of the certificates. And no corporation, co-partnership or individual shall construct, install, erect or repair any patent chimney or fireplace connected with the patent chimney unless such certificate of registration shall have first been issued to such corporation, co-partnership or individual.

No heater, stove or range wherein coal, gas or coal oil or other fuel is consumed, shall be used unless the same be connected with a brick, stone or patent chimney except as provided for in Section 247 of the Building Ordinance.

Upon the completion or the erection or repair of any brick, stone or patent chimney or fireplace connected with a patent chimney, it shall be the duty of the corporation, co-partnership or individual who performs said work to notify the Department of Public Works of such completion, who shall at once cause the same to be inspected and if found in compliance with this ordinance shall make and deliver a certificate or report of such inspection to the corporation, co-partnership or individual that performed said work which certificate or report shall specify whether or not said work has been performed in compliance with the provisions of this ordinance, and if not in compliance therewith shall state wherein said work does not comply with the provisions of this ordinance. It shall be the duty of the Department of Public Works to keep on file in this office a duplicate of such certificate or report which shall at all times be subject and readily accessible to the inspection of the public.

*No gas flue pipe, gas vent, chimney, patent chimney, or fireplace connected with a patent chimney hereafter constructed, altered, or repaired shall be used until a label has been affixed to said gas flue pipe, gas vent, chimney, patent chimney, or fireplace connected with a patent chimney by said Department of Public Works certifying that said work has been done in compliance with the provisions of this ordinance; nor shall any gas flue pipe, gas vent, chimney, patent chimney, or fireplace connected with a patent chimney be plastered over or otherwise enclosed in any building until such label shall have been so affixed.*

All patent chimneys shall be built up from the floor on which they are used, and in no case shall a stove pipe enter the bottom of a patent chimney, and when erected on the inside of a building they shall rest on an iron plate not less than one quarter of an inch in thickness covered by not less than 8 inches of brickwork, and shall contain a smoke proof opening near the bottom for cleaning purposes. Patent chimneys built on the inside of a building shall have an opening in the partition enclosing the chimney to permit the cleaning of same. If a patented chimney be erected on the outside of a building, it shall rest on a substantial iron bracket, not less than 1/4 inch in thickness by 1 1/4 inches in width, and fastened to studding by two bolts not less than 5/16 inch in thickness, and nuts, screws, or lag screws shall not be allowed.

All patent chimneys shall be braced every five feet of their height by substantial iron bands securely fastened to the frame or studding or cross pieces of the building, which said bands shall not be less than 1/8 inch in thickness by 7/8 inch in width and so constructed that chimney does not come within 1 inch of any woodwork. In no case shall any patent chimney be suspended from any roof timber or floor beam. All

joints must be cemented together with cement mortar and the bands covering the joints shall be made of No. 24 gauge galvanized iron, and to be riveted with not less than 2 rivets and space between bands and terra cotta pipe to be filled with cement mortar to make them smoke and soot proof. Each band to have not less than 3 No. 24 gauge, galvanized iron lugs riveted thereto.

The covering or casing of all patent chimneys shall be of No. 24 gauge galvanized iron riveted together at the lengthwise joint with rivets not more than 3 inches apart or may be seamed, and top and bottom of seams secured by rivets, and shall be ventilated by six holes not less than 1 inch in diameter, made close to the top of the chimney above roof, also six holes not less than ½ inch in diameter near inlet. The base or starting joint of galvanized iron casing or covering of patent chimney from fireplace shall have not less than eight (8) holes of not less than ¾ inch in diameter, not less than three (3) inches from bottom of said starting joint. The casing or covering shall be at least 2 inches from the inside of terra cotta pipe.

Where chimney passes through the roof the flange or roof collar to be of such capacity as to allow the casing of patent chimney to pass through said roof collar or flange and to fit snugly. A short and tapering casing made to slip over outside casing of chimney and roof collar so that casing above roof will conform with sides of casing or covering of chimney below roof collar.

No patent chimney shall be erected so that it will be less than 1 inch from all woodwork, and the openings in the roof and through each floor and ceiling through which it passes shall be closed around said chimney with an iron plate or other fireproof material. All patent chimneys projecting through a pitched roof six (6) feet or more shall be braced with not less than one iron rod or gas pipe, not less than ⅝ inch in diameter and said chimney to be also tied with not less than two guide wires to roof.

All pipe used for patent chimneys shall be composed of pure calcined clay not less than 1 inch in thickness.

No patent chimney shall have more than one inlet except that patent chimneys used or designed as vents, for gas stoves, gas ranges, or gas heaters, may have one terra cotta inlet not over 4 inches in diameter, for each floor, provided that the sizes of patent chimneys with which such inlets are connected shall be as follows:

Chimneys, 3 stories or less in height shall not be less than six (6) inches in diameter.

Chimneys 4 stories in height shall not be less than seven (7) inches in diameter.

Chimneys 5 stories in height shall not be less than eight (8) inches in diameter.

Chimneys 6 stories in height shall not be less than ten (10) inches in diameter.

Chimneys 7 stories or over in height shall not be less than twelve (12) inches in diameter.

## CHAPTER III.

## PERMITS.

### ARTICLE 1.

Sec. 69. Yacht Harbor mooring permits.
Sec. 70. Injury or damage to walks, plots or roadways.
Sec. 71. Exposing, disconnecting, pipes, sewers, etc.
Sec. 72. Moving buildings across parks. Permits.
Sec. 73. Erecting structure or obstruction. Permit.
Sec. 74. Leaving building materials on public grounds.
Sec. 75. Permits and bonds.
Sec. 76. All permits to be issued by and fees paid to Secretary.
Sec. 77. Condition of grounds after repairs.
Sec. 78. Removal of buildings and penalty.
Sec. 79. Display of red lights during obstruction or excavation.
Sec. 80. Permit to transport or sell wares.
Sec. 81. Maintaining places of amusement—permit necessary.

SEC. 69. **Yacht Harbor Mooring Permits.** The space in Marina Park at the foot of Scott and Divisadero streets, known and designated as Yacht Harbor, is hereby reserved as mooring grounds for non-commercial water craft and boats; but no boat or craft of any character may moor or enter the aforesaid mooring grounds until after a permit in writing has been obtained from the Park Commissioners, in which event it will be permitted to enter and use only the mooring space designated in said permit.

SEC. 70. **Injury or Damage to Walks, Plots or Roadways.** No person shall injure, dig or tear up any pavement, sidewalk, cross walk, grass plot or road-

way or any part thereof, in any public park, square or pleasure ground, without a written permit by the Superintendent, signed by him, and countersigned and recorded by the Secretary of the Board of Park Commissioners.

SEC. 71. **Exposing, Disconnecting Pipes, Sewers, Etc.** No person shall dig down toward or to, expose, tear up, disconnect or connect with any of the water pipes or sewers in or under any public park, square or pleasure ground, without a written permit by the Superintendent, signed by him and countersigned and recorded by the Secretary of the Board of Park Commissioners.

SEC. 72. **Moving Buildings Across Parks. Permits.** No person shall move along, across or upon any public park, square, pleasure ground or Great Highway any building or other structure, without having first obtained permission of the Board of Park Commissioners and a certificate thereof signed by the President and Secretary, and no such building or other structure shall remain on any public park, square, or pleasure ground, in any one part thereof, for more than five hours, nor upon any public park, square, or pleasure ground for a period of more than twenty-four hours.

SEC. 73. **Erecting Structure or Obstruction. Permit.** No person shall build, put up, place, erect, have, keep or maintain or cause to be built, put up, placed, erected, had, kept or maintained, any nuisance or any fence, building, structure, obstruction or other thing which shall in any manner obstruct any of the public parks, squares or pleasure grounds, or any part or portion thereof, or which shall in any way prevent, hinder or impair the full and free use and enjoyment by the public thereof. And no person shall build, erect, place, put up or maintain any building, structure, monument, dome or other thing in or upon any of the public parks, squares or pleasure grounds without first obtaining the consent of the Park Commissioners thereto, to be evidenced by a permit in writing, signed by the President, and countersigned and recorded by the Secretary of the Board.

SEC. 74. **Leaving Building Materials on Public Grounds.** No person shall encumber or obstruct or cause to be encumbered or obstructed any public park, square or pleasure ground, or part thereof, by placing or leaving therein or thereon any building materials or any article or thing whatsoever, without first having obtained a written permit signed by the Superintendent and countersigned and recorded by the Secretary.

SEC. 75. **Permits and Bonds.** When the permit is under Sections 70, 71, 72 and 73 of this article, the permittee shall give a bond with one or more sureties satisfactory to the President of the Park Commission, in such sum as the President may determine, that the conditions prescribed in said permit, including that as to time for which granted, shall in all respects be complied with, that no injury shall be done or caused or permitted to any public park, square, or pleasure ground, or any part thereof, or to the trees, shrubs, grass, fences or anything thereon, and that the Park Commission and its officers shall be fully indemnified against and saved harmless from all damages and cost which may ensue from any act or thing done or purported to be done under such permit; whereupon the Secretary shall, if the Park Commission or President thereof or the Superintendent, as the case may be, shall direct, issue a permit wherein shall be stated all the conditions and circumstances, and limiting the time in which the act permitted must be done. Provided: That in granting any permit under Sections 70 and 71 of this Article the Park Commission may, in lieu of such bond, accept from the permittee, a cash deposit in such sum as may be designated by the President, as security that no public park, square or pleasure ground, or any part thereof, or the trees, shrubs, grass, fences, or anything thereon shall suffer any injury in consequence of any act done or permitted, or omitted, under or purported to be under such

permit; but the acceptance of such cash deposit by said Park Commission shall in nowise impair any right, or claim, or demand, direct or indirect, against the permittee receiving such permit, by virtue of any bond the permittee has given or furnished to the City and County of San Francisco.

SEC. 76. **All Permits to Be Issued by and Fees Paid to Secretary.** The Secretary of the Park Commission shall issue all permits authorized by the Park Commission, and shall sign the same, receive all fees, charges and deposits therefor, and keep a record of all proceedings and doings thereunder, or in connection therewith, and, from time to time, shall make report in writing to the Park Commission of the permits issued.

SEC. 77. **Condition of Grounds After Repairs.** Every permittee to whom a permit is granted under Sections 70, 71, 72, 73 and 74 of this Article shall leave the ground, site or place within the public parks, squares and pleasure grounds, where work has been done pursuant to such permit, in as good condition in all respects when such permit shall have expired, as when the same was granted, and shall repair said ground, site or place to the satisfaction of the Superintendent of Parks.

SEC. 78. **Removal of Buildings and Penalty.** The owner or owners, or occupant or occupants of any building, or the contractor or other person in charge of or superintending or directing its removal, or either or all of them, who shall suffer the same to remain in any parkway for any time whatsoever longer than that specified in the permit issued by the Park Commission, or who shall place in or permit to remain in such parkway, any building or structure without an appropriate permit, shall, in addition to the penalty herein provided, forfeit, as a penalty, the amount whereof shall be specified in the permit, for every twenty-four hours or any part thereof the same shall continue.

SEC. 79. **Display of Red Lights During Obstruction or Excavation.** Any person having the use of any portion of any public park, square, or pleasure ground, shall cause red lights to be placed in conspicuous places in front of and at each end of the obstruction or excavation from sunset to sunrise each night such obstruction or excavation remains.

SEC. 80. **Permit to Transport or Sell Wares.** No person shall transport into, carry into, have or take into, or leave upon or over any of the public parks, squares or pleasure grounds, any fruit, nuts, candy, vegetables, or other goods, wares or merchandise of any kind to be sold or offered for sale, without first obtaining the consent of the Park Commissioners therefor.

SEC. 81. **Maintaining Places of Amusement, Permit Necessary.** No person shall, within any of the public parks, squares or pleasure grounds, set up or maintain any exhibition, place of amusement, show, show stand, performance, concert, concert hall, moving pictures or the taking of moving pictures, or any other kind of amusement, without first obtaining the consent of the Park Commissioners thereto.

**Authorizing Lease to Standard Stations, Inc.**

(Code No. 12.1739)

Also, Resolution No. 2703, as follows:

Whereas, pursuant to Ordinance No. 12.17395, Bill No. 590, the Director of Property advertised in the official newspaper of the City and County of San Francisco that bids or offers would be received by

him on July 8, 1936, for leasing the following described City-owned real property, situated in the City and County of San Francisco, State of California:

Commencing at the point of intersection of the westerly line of Polk street with the northerly line of McAllister street, running thence northerly along said westerly line of Polk street, 120 feet to the southerly line of Redwood street; thence westerly along said southerly line of Redwood street 137 feet 6 inches; thence at a right angle southerly 120 feet to the northerly line of McAllister street; thence easterly along last named line 137 feet 6 inches to the westerly line of Polk street and the point of commencement.

Whereas, Standard Stations, Inc., a corporation, submitted an offer to lease said property for a period of five years, beginning August 11, 1939, at a rental of $250 per month plus an additional compensation of one cent for each gallon of gasoline delivered on the premises in excess of 25,000 gallons per month during said five-year period; and

Whereas, said offer was made subject to the condition that within six months after entering into the lease, the lessee shall, at its own expense, reconstruct and beautify the improvements now located on the property; and

Whereas, Standard Stations, Inc., now occupies the property under a lease which expires on August 10, 1939; and

Whereas, there were no other or higher bids and the Director of Property has recommended that said new lease be awarded to Standard Stations, Inc.; now, therefore, be it

Resolved, That the offer of Standard Stations, Inc., be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute said lease in behalf of the City and County of San Francisco, a municipal corporation. The lease shall be made subject to such reservations and conditions as may be deemed necessary by the City Attorney and the Director of Property.

Passed for Second Reading.

The following bill was *passed for second reading*:

**Providing for the Reimbursement of City and County of San Francisco for Aid Granted Persons Either Directly or by Institution Care, Etc.**

(Code No. 18.01)

On recommendation of Finance Committee.

Bill No. 1014, Ordinance No. 18.013, as follows:

Providing for the reimbursement of the City and County of San Francisco for aid granted to persons, either directly or by institutional care, and directing the officer, board or commission giving or granting such aid, either directly or by institutional care, to provide for the reimbursement of the City and County for the amount of aid so granted and directing the taking of obligations from the person or persons receiving said aid for the reimbursement of the City and County for said aid so granted.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Every person who is given or shall receive aid directly or indirectly from public moneys drawn through the Treasury of the City and County of San Francisco shall be liable for the value of said aid so allowed, granted, or given, and the value thereof shall constitute a first lien on all property, real, personal, or mixed, that said person may possess, acquire, or have an interest in.

Section 2. The actual cost of direct or indirect aid shall constitute its value. The Board of Supervisors shall not later than the last Monday of August of each year establish by resolution a basic rate for evaluating institutional care allowed, granted, or given to persons at the Laguna Honda Home, and the rate so established shall constitute prima facie evidence of the reasonableness of said charge and the resulting amount which shall be due to the City and County of San Francisco.

Section 3. As a consideration and as a condition precedent to the allowing, granting or giving of aid, the officer, board or commission charged with the duty of allowing, granting or giving of aid shall take from every person now receiving aid and from every person who may hereafter be allowed, granted, or given aid the following agreement:

"AGREEMENT TO REIMBURSE FOR MONEYS EXPENDED OR AID GRANTED OR GIVEN."

"In consideration of the granting of aid to me by the City and County of San Francisco, and as a condition precedent thereto, I hereby pledge, promise and agree to reimbuse and repay said City and County for all sums of money actually expended in my behalf or aid granted or given by the City and County of San Francisco for my care and maintenance, provided I am able to pay for the same in whole or in part, and I further agree that any claim for such moneys expended in my behalf or aid granted or given me by said City and County shall be a preferred claim against me and a first lien on all property now owned or possessed by me or that may hereafter be acquired by me or in my behalf.

"Statute of Limitations is hereby forever waived.

"This agreement is binding upon myself, my heirs, executors, administrators and assigns.

"Dated this.....day of....., 193....

..... ......"

Section 3a. Provided, however, that the form of the lien to be taken in connection with aid to the needy aged shall be as prescribed by the State Department of Social Welfare.

Section 4. The Controller of the City and County of San Francisco shall prescribe the procedure governing the evaluation of institutional care at the Laguna Honda Home, the auditing, accounting, reporting and collecting of all obligations arising under this ordinance in accordance with the provisions of Sections 64 and 75 of the Charter.

Section 5. Every person who knowingly, fraudulently or designedly conceals or withholds any information concerning his property or financial condition, means or ability to pay, or who knowingly makes or causes to be made, either directly or indirectly, or through any agency whatsoever, any false statement in writing, with intent that it shall be relied upon respecting his property, or financial condition, means or ability to pay of himself or any other person in whom he is interested, or for whom he is acting for the purposes recited in this ordinance, shall be guilty of a misdemeanor punishable by a fine of not more than $500, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment. Such

person, in addition to the penalties hereinabove set forth, shall be liable for the full value of the aid thus fraudulently obtained.

**Action Deferred.**

On motion the following bill, recommended by Committee on Streets and Traffic, was *laid over one week and made a Special Order of Business for July* 27, 1936, *at* 3 *P. M.*:

**Parking Meter Ordinance.**
(Code No. 11.02)

Bill No. 1065, Ordinance No. 11.0218, as follows:

Authorizing the Police Commission of the City and County of San Francisco to install parking meters for the purpose of regulating the parking of vehicles on the streets of the City and County of San Francisco, and regulating the installation of the same, and providing for the deposit of money in said meters to defray the cost of regulation and traffic, and giving to said Police Commission the right to make regulation relative to parking and parking meters, as well as the manner in which said parking meters shall be acquired, defining certain terms used herein and fixing a penalty for the violation of the ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The word "vehicle" as used herein shall mean any device in, upon or by which any person or property is or may be transported upon a street or highway, except those operated upon rails or tracks, or vehicles operated by any special permit issued by the City and County of San Francisco, or any department thereof.

The word "park" or "parking" when used herein shall mean the standing of a vehicle, whether occupied or not, provided that vehicles stopping or stopped temporarily for the purpose of loading or unloading passengers or merchandise shall not be deemed to be parked in so long as the process of loading or unloading continues, provided that the Police Department may regulate the time that any vehicle shall remain temporarily stopped for the purpose of loading or unloading merchandise.

The words "parking meter" when used herein shall mean any device which, when the recording dial thereof is set in motion by the deposit of any coin or equivalent thereof, shall register the time that any vehicle is parked adjacent to said parking meter.

The words "loading zone" when used herein shall mean a space or section of the curb set aside for the exclusive use of loading and unloading persons, supplies and merchandise.

Section 2. The Police Commission of the City and County of San Francisco is hereby authorized to establish parking meter zones, each of which zones shall be of sufficient size to permit the parking of only one vehicle, on any street on which time limitations have heretofore been, or may hereafter be, provided by ordinance of the Board of Supervisors, and to place upon the sidewalk adjacent to said parking zone such device or devices as the Commission shall deem proper, which will, upon the deposit of a five cent coin, lawful money of the United States, set the mechanical equipment of said device in motion so that said device will accurately measure, in minutes, the period of time during which said vehicle may park in said parking meter zone without violating the ordinance or ordinances regulating parking upon the street on which said parking meter zone is established. Said parking meter shall also be constructed and mechanically equipped so that the same will, upon the expiration of the period of time, commencing with the deposit of said five cent coin, and ending

with the expiration of the period of time that the parking of a vehicle is, by ordinance, permitted in the block in which said parking meter space is situated, display a flag, sign or signal which will indicate that the permitted time for the parking of said vehicle, as provided by the ordinance regulating parking in the block in which said parking meter zone is situated, has expired.

Section 3. No person shall park, or stop, any vehicle in any parking meter zone, as established under authority of this ordinance, except as permitted by this ordinance, without depositing in the parking meter adjacent to said space a five cent coin, lawful money of the United States, nor shall any person permit any vehicle to remain stopped or parked in any parking meter zone beyond the time permitted by ordinance for the parking of vehicles in the block in which said parking meter zone is situated without depositing in said parking meter an additional five cent coin, and each time that said person parking said vehicle shall deposit said coin in said parking meter, his right to continue to permit said vehicle to remain parked in said space shall be extended for the period during which the parking of vehicles may be permitted in the block in which said parking meter zone is situated.

Section 4. Whenever any person shall drive or conduct any vehicle into any parking meter zone, as established under authority of this ordinance, or to which any parking meter is adjacent, or for which any parking meter has been set, erected or established, to remain stopped for any purpose except to receive or discharge passengers or merchandise as permitted by this ordinance, or within the hours during which free parking is permitted by this ordinance, he shall forthwith deposit in said meter a five cent coin, lawful money of the United States, and on the deposit of said coin said vehicle may remain stopped or parked in said space for the period of time permitted by the ordinance of the Board of Supervisors regulating the parking of vehicles in the block within which said parking meter zone is situated.

Section 5. The time allowed by ordinance of this Board for parking any vehicle in any parking meter zone may be extended by the deposit of an additional five cent coin in said parking meter, which said deposit shall entitle the owner, driver or operator of said vehicle to remain legally parked in said parking meter zone for an additional period not to exceed the parking limit fixed by ordinance of the Board of Supervisors regulating parking in the block within which said parking meter zone is situated.

No person shall stop or park any vehicle in said parking meter zone, except as permitted by this ordinance, without depositing said five cent coin, lawful money of the United States, in said parking meter immediately adjacent to said zone, and no person shall permit any vehicle to remain parked in said parking meter zone beyond the period of time permitted by the ordinance regulating parking in the block within which said parking meter zone is situated without depositing in said parking meter the additional five cent coin as hereinbefore provided for.

Section 6. The Police Commission shall have full power and authority to allot and indicate by suitable lines, or other means of indication, the space within which any vehicle must be stopped or parked on any street or block on which parking meters are installed, as well as to select the particular part of the curb or sidewalk adjacent to said parking meter zone on which said parking meter shall be installed, and said Commission may provide for, and indicate by suitable signs, the hours when it will be permissible to stop or park vehicles in any block where parking meter zones are established without depositing said five cent coin in said parking meter adjacent to said parking space. Said Commission is also authorized to establish such loading zones for the loading or unloading of passengers or merchandise in any block as may be necessary for the convenience of the occupants of said block and to regulate the use of said loading zone.

Section 7. It shall be unlawful to deposit or cause to be deposited in any parking meter any slug, device or substitute for a five cent coin of the United States.

Section 8. It shall be unlawful for any unauthorized person to deface, injure, tamper with, open or wilfully break, destroy or impair the usefulness of any parking meter installed under the terms of this ordinance.

Section 9. The five cent coins required to be deposited as provided herein are hereby levied as police regulation and inspection fees to cover the cost of inspection and regulation involved in the inspection, installation, operation, control and use of the parking spaces and parking meters described herein and involved in checking up and regulating the parking of vehicles in the parking meter zones created hereby, as well as for the regulation of traffic.

Section 10. Any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished for the first offense by a fine not to exceed fifty ($50.00) dollars, or by imprisonment in the City Jail for not more than five (5) days; for a second offense within a period of one (1) year from the date of the first offense by a fine not to exceed one hundred ($100.00) dollars, or by imprisonment in the City Jail for not more than ten (10) days, or by both such fine and imprisonment; for a third and each additional offense committed within one (1) year from the date of the first offense by a fine not to exceed three hundred ($300.00) dollars, or by imprisonment in the City Jail for not more than three (3) months, or by both such fine and imprisonment.

Section 11. If any section, sub-section, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, sub-section, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses or phrases be declared unconstitutional.

Section 12. Any ordinance inconsistent with any of the terms and provisions of this ordinance is hereby repealed, provided, however, that such repeal shall be only to the extent of such inconsistency and in all other respects this ordinance shall be cumulative of other ordinances regulating and governing the subject matter covered by this ordinance.

Section 13. All coins deposited in any parking meter shall be collected each day by members of the Police Department, and shall be deposited in the treasury of the City and County as required by charter.

Section 14. It shall be proper for the Police Commission to enter into such contracts through the agency of the Purchaser of Supplies for the furnishing and installation of such parking meters as it shall deem proper, whenever sufficient funds shall be provided for said purpose, or said Police Commission may through said Purchaser of Supplies enter into a contract or contracts with any person, firm or corporation for the furnishing or installation of said parking meters upon the basis that the person, firm or corporation installing or furnishing the same shall be paid the cost thereof from the coins deposited in said meters, in which latter event the title to said meters shall remain in the person, firm or corporation furnishing the same until the purchase price of said meters is paid.

Section 15. No parking meter shall be installed by said Police Department, or under its direction, unless the person, firm or corporation furnishing said parking meter shall furnish to the City and County of San Francisco a good and sufficient bond executed by a surety company which shall guarantee the accurate working of said meters, and which shall also protect the City from any damage arising

by reason of any infringement of patent by reason of the use of said meters. Said bond shall be in such amount as the said Commission shall direct, but in no case less than ten thousand ($10,000.00) dollars, and shall be approved by the Controller.

Section 16. The Controller shall provide the method for accounting for all moneys taken from said parking meters.

**Authorizing Temporary Lease of Yerba Buena Shoals and Property at Bush and Stockton Streets for Exposition Purposes.**

(Code No. 12.17354)

Supervisor Shannon presented the following recommendation of the Exposition Affairs and Industrial Development Committee:

Resolution No. 2707, as follows:

Whereas, the State of California by an act of the Legislature thereof, approved June 13, 1933, granted to the City and County of San Francisco and to its successors, all interest of the State of California in and to all those tide lands and submerged lands in the present City and County of San Francisco, lying to the north of Yerba Buena Island and more particularly bounded and described in said act, and hereinafter called the Yerba Buena Shoals, to be forever held by said City and County and its successors in trust for the public airport uses and purposes and upon the expressed conditions in said act particularly set forth; and

Whereas, said City and County of San Francisco accepted said Yerba Buena Shoals from the State of California for airport purposes subject to the conditions mentioned in said act by Resolution No. 965, Code No. 12.17154, of the Board of Supervisors of said City and County approved August 22, 1933; and

Whereas, said Legislature by an act approved May 9, 1935, did amend said act of 1933 by adding a new section thereto to be known as Section 4 thereof, which reads as follows, to-wit:

"The City and County of San Francisco is hereby granted the right to permit the use of the land conveyed by this act for exposition or fair purposes upon such terms and by such persons, firms or corporations as it may determine"; and

Whereas, said Yerba Buena Shoals so granted to said City and County are now in process of reclamation and improvement, as authorized by said act of 1933, through the use of Federal PWA and WPA moneys, which are now being supplemented by private contributions made by the San Francisco Bay Exposition, a California non-profit corporation, hereinafter called the Exposition Company; and

Whereas, said Exposition Company is preparing to hold an international exposition on said Yerba Buena Shoals in 1939 to celebrate the completion of the San Francisco-Oakland and Golden Gate bridges; and

Whereas, with the use of said Federal moneys and said private contributions there is now in course of construction a certain building on that certain lot in the said City and County particularly described as follows:

"Commencing at the point of intersection of the southerly line of Bush street with the easterly line of Stockton street; running thence easterly along the southerly line of Bush street 137.5 feet; thence at right angles southerly 137.5 feet; thence at right angles westerly 137.5 feet to the easterly line of Stockton street; thence northerly along said easterly line of Stockton street 137.5 feet to the point of commencement. Being a portion of 50 Vara Block No. 118," hereafter referred to as the Bush street lot, which lot and building is now in the charge of the Public Utilities Commission; and

Whereas, there is need for the use and occupation of said building so in course of construction on said Bush street lot from the time of its completion, until a reasonable time following the close of said proposed exposition, as a convenient headquarters in connection with said works of reclamation and improvement of said Yerba Buena Shoals for public airport purposes, for the preparation thereof for said exposition, for the administration of said exposition during 1939, and in connection with the necessary clearances and demolition of temporary structures following the close of said exposition and the necessary restorations incident thereto; and

Whereas, for the purpose of holding an exposition in 1939 on said Yerba Buena Shoals, there is need for the use and occupation of said

Yerba Buena Shoals, and all improvements thereon, for the preliminary preparation of said Yerba Buena Shoals for such an exposition, and for the maintenance thereon of such an exposition in 1939 and for the use and occupation thereof for a reasonable time after the close of such exposition to make the necessary clearances and demolitions and restorations aforesaid; and

Whereas, the total estimated costs of said works of reclamation and improvement of said Yerba Buena Shoals so far as the projects for which are to be financed in part from WPA Federal funds is the sum of $5,437,491, of which 80 per cent, not to exceed $4,349,992, is to be supplied out of said WPA funds, and for 20 per cent of which, not to exceed $1,087,499, said City and County stands as sponsor; and

Whereas, the total estimated cost of said works of reclamation and improvement of said Yerba Buena Shoals, including approaches thereto, facilities for which and the construction of said building on said Bush street lot, so far as the projects for which are to be financed in part from PWA Federal funds is the sum of $4,209,670, of which 45 per cent, not to exceed $1,894,324, is to be supplied out of said PWA funds and for 55 per cent, of which not to exceed $2,315,346, said City and County stands sponsor; and

Whereas, the contributions which said Exposition Company has been making and is prepared to make, to the cost of said works are the percentages thereof for which the City and County stands sponsor, as aforesaid; and

Whereas, in order to insure the continued progress of said works of reclamation and improvement of said Yerba Buena Shoals lands and to insure the necessary private contributions therefor supplementing said Federal funds, as aforesaid, no lease of said Yerba Buena Shoals or of said building on said Bush street lot should be made except as a single lease of both properties for a like term or should be made to any lessee or lessees, unless such lessee or lessees shall agree as part consideration therefor and in addition to any monthly cash rentals which may be stipulated in such lease to make contributions to the cost of said works of reclamation and improvement supplementing said Federal funds, as aforesaid, similar to those which said Exposition Company is prepared to make, as aforesaid; and

Whereas, the Public Utilities Commission, under the circumstances, has and will have no use for said Bush street lot or said building thereon, or said Yerba Buena Shoals, prior to January 1, 1941; and

Whereas, in any temporary lease of said Yerba Buena Shoals for exposition or fair purposes such terms and conditions should be provided therein as in the judgment of the Public Utilities Commission may be necessary or advisable by reason of the ultimate use of said Yerba Buena Shoals as a public airport and its management and control by the said Public Utilities Commission; now, therefore, be it

Resolved, That neither said Bush street lot, nor the building now in course of construction thereon, nor said Yerba Buena Shoals now in course of reclamation and improvement, nor the improvements thereon, or to be placed thereon, will be so required for the uses or purposes of said commission at any time prior to the first day of January, 1941, as to prevent or interfere in the meantime with the temporary use and occupation thereof for fair and exposition purposes and for making preparations for such a fair and exposition and for the subsequent maintaining thereof; and be it

Further Resolved, That it is in the public interest that said Bush street lot and said building now in course of construction thereon and said Yerba Buena Shoals with the improvements thereoen or to be placed thereon, be leased temporarily to some lessee or lessees for fair and exposition purposes, as aforesaid; and be it

Further Resolved, That authority is hereby given to enter into the aforesaid lease of Yerba Buena Shoals, with the improvements thereon or to be placed thereon, and said Bush street lot and said building now being constructed thereon, for use only for fair and exposition purposes to the highest responsible bidder at the highest monthly rent for a term

which shall not extend beyond the first day of January, 1941; and be it

Further Resolved, That, in accordance with the recommendation of the Public Utilities Commission, said lease so to be authorized contain such terms and conditions as said commission may recommend to the Director of Property of said City and County as necessary or proper with regard to the ultimate use of said Yerba Buena Shoals as a public airport; and be it

Further Resolved, That said lease impose on the lessee or lessees therein the obligation to contribute to the costs of reclaiming and improving said Yerba Buena Shoals the percentages thereof for which said City and County stands sponsor as hereinabove recited.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—10.

## Passed for Second Reading.

The following bill was *passed for second reading*:

### Director of Property to Lease Property for Exposition Purposes.

(Code No. 12.17354)

On motion of Supervisor Shannon.

Bill No. 1064, Ordinance No. 12.173544, as follows:

Authorizing the Director of Property to lease certain real property in the City and County of San Francisco for fair and exposition purposes.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to that certain act of the Legislature of the State of California approved May 9, 1935 (Statutes 1935, chapter 162), amending that act of said Legislature approved June 13, 1933, hereinafter referred to and pursuant to Section 93 of the Charter and in accordance with the recommendation of the Public Utilities Commission, the Director of Property is hereby authorized to lease (a) those certain tidelands and submerged lands in the City and County of San Francisco hereinafter referred to, now in course of reclamation and improvement, with the improvements thereon or to be placed thereon, for use only for fair and exposition purposes, and (b) in connection therewith and as a part thereof, that certain lot of land hereinafter described, with the improvements thereon, for the administration of said fair and exposition, to the highest responsible bidder at the highest monthly rent, and for a term which shall not extend beyond the first day of January, 1941. The said lease shall include such terms and conditions as said Commission may recommend to the Director of Property as necessary or proper with regard to the ultimate use of said tidelands and submerged lands as a public airport.

The said lease shall also impose upon the lessee or lessees therein an obligation to contribute to the costs of the works of reclaiming and improving said tidelands and submerged lands in accordance with the recommendations of said Public Utilities Commission as set forth in the resolution of said Commission adopted on the 13th day of July, 1936, a duly certified copy whereof was on the 16th day of July, 1936, filed with the Clerk of the Board of Supervisors of the City and County of San Francisco, to which reference is hereby made for the further particulars thereof.

Section 2. The tidelands and submerged lands, referred to in subdivision (a) of Section 1 hereof, the lease whereof is authorized as aforesaid, are those lands which are more particularly described in that act of the Legislature of the State of California entitled "An act granting certain tidelands and submerged lands of the State of California to the City and County of San Francisco for development and use as a public airport, regulating the management, use, lease and

control thereof, authorizing the reclamation and certain improvements of said lands and the construction and maintenance of a bridge or causeway connecting said lands with Yerba Buena Island" approved June 13, 1933. The lot of land referred to in subdivision (b) of Section 1 hereof, the lease of which is authorized as aforesaid, is that certain lot in said City and County of San Francisco described as follows:

"Commencing at the point of intersection of the southerly line of Bush street with the easterly line of Stockton street; running thence easterly along the southerly line of Bush street 137.5 feet; thence at right angles southerly 137.5 feet; thence at right angles westerly 137.5 feet to the easterly line of Stockton street; thence northerly along said easterly line of Stockton street 137.5 feet to the point of commencement.

"Being a portion of 50 Vara Block No. 118."

Section 3. The Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute said lease in behalf of the City and County of San Francisco.

Ayes—Supervisors Brown, Colman, Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—10.

Absent—Supervisor Schmidt—1.

### Death of Captain David J. Harrison.

On motion of Supervisor McSheehy, the Board of Supervisors adjourned out of respect to the memory of Captain David J. Harrison, retired member of the San Francisco Fire Department, and the Clerk was directed to prepare and send to the family of the deceased a suitable resolution of condolence.

## SPECIAL ORDER—3 P. M.

The following matter, laid over from last meeting, was taken up:

### Parking Meter Ordinance.
(Code No. 11.02)

Bill No. 1065, Ordinance No. 11.0218, as follows:

Authorizing the Police Commission of the City and County of San Francisco to install parking meters for the purpose of regulating the parking of vehicles on the streets of the City and County of San Francisco, and regulating the installation of the same, and providing for the deposit of money in said meters to defray the cost of regulation and traffic, and giving to said Police Commission the right to make regulation relative to parking and parking meters, as well as the manner in which said parking meters shall be acquired, defining certain terms used herein and fixing a penalty for the violation of the ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The word "vehicle" as used herein shall mean any device in, upon or by which any person or property is or may be transported upon a street or highway, except those operated upon rails or tracks, or vehicles operated by any special permit issued by the City and County of San Francisco, or any department thereof.

The word "park" or "parking" when used herein shall mean the standing of a vehicle, whether occupied or not, provided that vehicles stopping or stopped temporarily for the purpose of loading or unloading passengers or merchandise shall not be deemed to be parkd in so long as the process of loading or unloading continues, provided that the Police Department may regulate the time that any vehicle shall remain temporarily stopped for the purpose of loading or unloading merchandise.

The words "parking meter" when used herein shall mean any device which, when the recording dial thereof is set in motion by the deposit of any coin or equivalent thereof, shall register the time that any vehicle is parked adjacent to said parking meter.

The words "loading zone" when used herein shall mean a space or section of the curb set aside for the exclusive use of loading and unloading persons, supplies and merchandise.

Section 2. The Police Commission of the City and County of San Francisco is hereby authorized to establish parking meter zones, each of which zones shall be of sufficient size to permit the parking of only one vehicle, on any street on which time limitations have heretofore been, or may hereafter be, provided by ordinance of the Board of Supervisors, and to place upon the sidewalk adjacent to said parking zone such device or devices as the Commission shall deem proper, which will, upon the deposit of a five cent coin, lawful money of the United States, set the mechanical equipment of said device in motion so that said device will accurately measure, in minutes, the period of time during which said vehicle may park in said parking meter zone without violating the ordinance or ordinances regulating parking upon the street on which said parking meter zone is established. Said parking meter shall also be constructed and mechanically equipped so that the same will, upon the expiration of the period of time, commencing with the deposit of said five cent coin, and ending

with the expiration of the period of time that the parking of a vehicle is, by ordinance, permitted in the block in which said parking meter space is situated, display a flag, sign or signal which will indicate that the permitted time for the parking of said vehicle, as provided by the ordinance regulating parking in the block in which said parking meter zone is situated, has expired.

Section 3. No person shall park, or stop, any vehicle in any parking meter zone, as established under authority of this ordinance, except as permitted by this ordinance, without depositing in the parking meter adjacent to said space a five cent coin, lawful money of the United States, nor shall any person permit any vehicle to remain stopped or parked in any parking meter zone beyond the time permitted by ordinance for the parking of vehicles in the block in which said parking meter zone is situated without depositing in said parking meter an additional five cent coin, and each time that said person parking said vehicle shall deposit said coin in said parking meter, his right to continue to permit said vehicle to remain parked in said space shall be extended for the period during which the parking of vehicles may be permitted in the block in which said parking meter zone is situated.

Section 4. Whenever any person shall drive or conduct any vehicle into any parking meter zone, as established under authority of this ordinance, or to which any parking meter is adjacent, or for which any parking meter has been set, erected or established, to remain stopped for any purpose except to receive or discharge passengers or merchandise as permitted by this ordinance, or within the hours during which free parking is permitted by this ordinance, he shall forthwith deposit in said meter a five cent coin, lawful money of the United States, and on the deposit of said coin said vehicle may remain stopped or parked in said space for the period of time permitted by the ordinance of the Board of Supervisors regulating the parking of vehicles in the block within which said parking meter zone is situated.

Section 5. The time allowed by ordinance of this Board for parking any vehicle in any parking meter zone may be extended by the deposit of an additional five cent coin in said parking meter, which said deposit shall entitle the owner, driver or operator of said vehicle to remain legally parked in said parking meter zone for an additional period not to exceed the parking limit fixed by ordinance of the Board of Supervisors regulating parking in the block within which said parking meter zone is situated.

No person shall stop or park any vehicle in said parking meter zone, except as permitted by this ordinance, without depositing said five cent coin, lawful money of the United States, in said parking meter immediately adjacent to said zone, and no person shall permit any vehicle to remain parked in said parking meter zone beyond the period of time permitted by the ordinance regulating parking in the block within which said parking meter zone is situated without depositing in said parking meter the additional five cent coin as hereinbefore provided for.

Section 6. The Police Commission shall have full power and authority to allot and indicate by suitable lines, or other means of indication, the space within which any vehicle must be stopped or parked on any street or block on which parking meters are installed, as well as to select the particular part of the curb or sidewalk adjacent to said parking meter zone on which said parking meter shall be installed, and said Commission may provide for, and indicate by suitable signs, the hours when it will be permissible to stop or park vehicles in any block where parking meter zones are established without depositing said five cent coin in said parking meter adjacent to said parking space. Said Commission is also authorized to establish such loading zones for the loading or unloading of passengers or merchandise in any block as may be necessary for the convenience of the occupants of said block and to regulate the use of said loading zone.

Section 7. It shall be unlawful to deposit or cause to be deposited

in any parking meter any slug, device or substitute for a five cent coin of the United States.

Section 8. It shall be unlawful for any unauthorized person to deface, injure, tamper with, open or wilfully break, destroy or impair the usefulness of any parking meter installed under the terms of this ordinance.

Section 9. The five cent coins required to be deposited as provided herein are hereby levied as police regulation and inspection fees to cover the cost of inspection and regulation involved in the inspection, installation, operation, control and use of the parking spaces and parking meters described herein and involved in checking up and regulating the parking of vehicles in the parking meter zones created hereby, as well as for the regulation of traffic.

Section 10. Any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished for the first offense by a fine not to exceed fifty ($50.00) dollars, or by imprisonment in the City Jail for not more than five (5) days; for a second offense within a period of one (1) year from the date of the first offense by a fine not to exceed one hundred ($100.00) dollars, or by imprisonment in the City Jail for not more than ten (10) days, or by both such fine and imprisonment; for a third and each additional offense committed within one (1) year from the date of the first offense by a fine not to exceed three hundred ($300.00) dollars, or by imprisonment in the City Jail for not more than three (3) months, or by both such fine and imprisonment.

Section 11. If any section, sub-section, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, sub-section, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses or phrases be declared unconstitutional.

Section 12. Any ordinance inconsistent with any of the terms and provisions of this ordinance is hereby repealed, provided, however, that such repeal shall be only to the extent of such inconsistency and in all other respects this ordinance shall be cumulative of other ordinances regulating and governing the subject matter covered by this ordinance.

Section 13. All coins deposited in any parking meter shall be collected each day by members of the Police Department, and shall be deposited in the treasury of the City and County as required by charter.

Section 14. It shall be proper for the Police Commission to enter into such contracts through the agency of the Purchaser of Supplies for the furnishing and installation of such parking meters as it shall deem proper, whenever sufficient funds shall be provided for said purpose, or said Police Commission may through said Purchaser of Supplies enter into a contract or contracts with any person, firm or corporation for the furnishing or installation of said parking meters upon the basis that the person, firm or corporation installing or furnishing the same shall be paid the cost thereof from the coins deposited in said meters, in which latter event the title to said meters shall remain in the person, firm or corporation furnishing the same until the purchase price of said meters is paid.

Section 15. No parking meter shall be installed by said Police Department, or under its direction, unless the person, firm or corporation furnishing said parking meter shall furnish to the City and County of San Francisco a good and sufficient bond executed by a surety company which shall guarantee the accurate working of said meters, and which shall also protect the City from any damage arising

by reason of any infringement of patent by reason of the use of said meters. Said bond shall be in such amount as the said Commission shall direct, but in no case less than ten thousand ($10,000.00) dollars, and shall be approved by the Controller.

Section 16. The Controller shall provide the method for accounting for all moneys taken from said parking meters.

**Privilege of the Floor.**

Geo. E. Sanford, representing the California State Automobile Association, was heard in opposition to the proposed legislation.

Thos. Maloney, representing the Parkrite Corporation, was heard in favor of the ordinance.

John O'Toole, City Attorney, was heard as to the jurisdiction of the Board of Supervisors and that of the Police Commission under Section 35 of the Charter.

Subsequently, he suggested certain amendments, which were offered by Supervisor Shannon and adopted.

**Amendments.**

Supervisor Shannon moved the following amendments:

Amend Section 15 by striking out all of said section after the word "shall" on line three thereof, and insert in lieu thereof the following:

"shall agree to hold and save the City, its officers and employees harmless from all claims for damages of every kind and nature, arising from, or incident to, any claim or demand for any infringement of any patent or copyright covering or alleged to cover any parking meter installed under authority of this ordinance and refund and pay on demand to the City or to any of its officers or employees any and all amounts which the said City or any of its officers and employees may expend in defending or prosecuting any litigation incident to any alleged patent or copyright infringement on any of said meters so installed.

Add a new section to said ordinance reading as follows:

"Section 17. The Board of Supervisors reserve the right to repeal or amend this ordinance at will, and no person, firm or corporation shall have or acquire any right to maintain on the streets of San Francisco any parking meter installed under authority of this ordinance beyond the effective period of this ordinance.

Amendments *carried*.

**Passed for Second Reading.**

Whereupon, the foregoing ordinance, as amended, *was passed for second reading* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon—7.

Noes—Supervisors Colman, Uhl—2.

Absent—Supervisors Brown, Schmidt—2.

UNITED STATES CONFERENCE OF MAYORS
730 Jackson Place
Washington, D. C.

July 23, 1936.

Honorable Angelo J. Rossi, Mayor, City Hall, San Francisco.

Dear Mayor: I talked today with Colonel Hackett regarding the San Francisco Courts Building for the Civic Center. As you probably already been advised, they do not look well upon making any definite commitment in advance of the referendum. The first batch of PWA projects was sent to the President by airmail yesterday, the total amount of the projects on this first list being around fifty million dollars.

Colonel Hackett indicated to me that if the vote is favorable on the Courts Building, there is every reason why it can be considered on the next or future lists. As you know, the time element is important and I am glad you are holding the election in August.

I merely send this information to you at this time in order that you may keep posted.

With best personal wishes, always, I am

Faithfully yours,
(Signed) PAUL V. BETTERS,
Executive Director.

WESTERN UNION

July 15, 1936.

Mr. Edward Foley, General Counsel, Public Works Administration, Department of Interior, Washington, D. C.

San Francisco has made application for grant on courts building to cost three million two hundred twenty thousand dollars stop News

dispatches from Washington have carried information that forty five percent grant on this project has been tentatively approved stop Deem it very important that bond issue on this matter be submitted to electors at primary election August twentyfifth stop Preliminary resolutions and ordinances have been adopted by Board of Supervisors with reservations of some members that fortyfive percent grant should be approved before bond issue finally submitted to people stop Final action must be taken by Board not later than July twentyseventh stop Definite commitment by PWA before twentyseventh is most important so we may obtain necessary vote from Board of Supervisors to submit bond issue stop Doubt very much even if issue is submitted for August twentyfifth if it will carry unless we have commitment as to grant stop Mayor has today wired Colonel Hackett placing these views before him stop You being familiar to large extent with affairs in San Francisco would you use your good offices with colonel to end that we may have commitment on this proposition.

JOHN J. O'TOOLE,
City Attorney.

### APPROVAL OF JOURNAL.

The Journal of Proceedings of the meetings of July 13, 14, 15, 20 and 27, considered read and approved.

### Sale of Bonds.

Sealed bids for the purchase of certain bonds of the City and County of San Francisco, State of California, were received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, August 3, 1936, and opened by said Board at said time.

The bonds offered are described as follows:

$344,000 Hetch Hetchy Bonds, 1932, dated June 1, 1932, comprising 10 bonds of $1,000 denomination, maturing each year, from 1939 to 1957, inclusive, and 11 bonds of $1,000 denomination each, maturing each year, 1958 to 1971, inclusive. The said described bonds will bear interest at a rate or rates not exceeding 6 per centum per annum, as shall be named by the bidder, and bidders for said bonds shall specify in their bids the interest rate or rates desired, not exceeding 6 per centum per annum. Interest on said bonds will be payable semi-annually, June 1 and December 1. Said bonds will not be sold at a price less than the par value thereof, together with accrued interest, at the rate or rates named, on said bonds to date of delivery.

The bonds offered are tax exempt, State and Federal.

All proposals for the purchase of said bonds shall be accompanied by a deposit of 5 per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, for a like amount, provided that no deposit need exceed the sum of $10,000, and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him, if his bid is accepted.

The bonds will be awarded to the bidder or bidders offering to purchase the same, bearing the lowest rate or rates of interest, and if two or more bidders offer to purchase the bonds bearing the same lowest

rate or rates of interest, the bonds will be awarded to the bidder offering to purchase the same, at such rates of interest and in such amounts that the net interest cost to the City and County of San Francisco of the accepted bid will be the lowest net interest cost, considering the amount of interest to be paid on said bonds during the life thereof at the rates specified, and deducting any premium or premiums bid in addition. No alternate bids will be considered by the Board of Supervisors.

The approval of Thomson, Wood & Hoffman, attorneys, New York, as to the legality of these bonds will be furnished to the successful bidder without cost.

On recommendation of Finance Committee.

Bill No. 1014, Ordinance No. 18.013, as follows:

Providing for the reimbursement of the City and County of San Francisco for aid granted to persons, either directly or by institutional care, and directing the officer, board or commission giving or granting such aid, either directly or by institutional care, to provide for the reimbursement of the City and County for the amount of aid so granted and directing the taking of obligations from the person or persons receiving said aid for the reimbursement of the City and County for said aid so granted.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Every person who is given or shall receive aid directly or indirectly from public moneys drawn through the Treasury of the City and County of San Francisco shall be liable for the value of said aid so allowed, granted, or given, and the value thereof shall constitute a first lien on all property, real, personal, or mixed, that said person may possess, acquire, or have an interest in.

Section 2. The actual cost of direct or indirect aid shall constitute its value. The Board of Supervisors shall not later than the last Monday of August of each year establish by resolution a basic rate for evaluating institutional care allowed, granted, or given to persons at the Laguna Honda Home, and the rate so established shall constitute prima facie evidence of the reasonableness of said charge and the resulting amount which shall be due to the City and County of San Francisco.

Section 3. As a consideration and as a condition precedent to the allowing, granting or giving of aid, the officer, board or commission charged with the duty of allowing, granting or giving of aid shall take from every person now receiving aid and from every person who may hereafter be allowed, granted, or given aid the following agreement:

"AGREEMENT TO REIMBURSE FOR MONEYS EXPENDED OR AID GRANTED OR GIVEN.

"In consideration of the granting of aid to me by the City and County of San Francisco, and as a condition precedent thereto, I hereby pledge, promise and agree to reimburse and repay said City and County for all sums of money actually expended in my behalf or aid granted or given by the City and County of San Francisco for my care and maintenance, provided I am able to

pay for the same in whole or in part, and I further agree that any claim for such moneys expended in my behalf or aid granted or given me by said City and County shall be a preferred claim against me and a first lien on all property now owned or possessed by me or that may hereafter be acquired by me or in my behalf.

"Statute of Limitations is hereby forever waived.

"This agreement is binding upon myself, my heirs, executors, administrators and assigns.

"Dated this.....day of....., 193....

"Witness:

..... ....."

Section 3a. Provided, however, that the form of the lien to be taken in connection with aid to the needy aged shall be as prescribed by the State Department of Social Welfare.

Section 4. The Controller of the City and County of San Francisco shall prescribe the procedure governing the evaluation of institutional care at the Laguna Honda Home, the auditing, accounting, reporting and collecting of all obligations arising under this ordinance in accordance with the provisions of Sections 64 and 75 of the Charter.

Section 5. Every person who knowingly, fraudulently or designedly conceals or withholds any information concerning his property or financial condition, means or ability to pay, or who knowingly makes or causes to be made, either directly or indirectly, or through any agency whatsoever, any false statement in writing, with intent that it shall be relied upon respecting his property, or financial condition, means or ability to pay of himself or any other person in whom he is interested, or for whom he is acting for the purposes recited in this ordinance, shall be guilty of a misdemeanor punishable by a fine of not more than $500, or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment. Such person, in addition to the penalties hereinabove set forth, shall be liable for the full value of the aid thus fraudulently obtained.

**Director of Property to Lease Property for Exposition Purposes.**

(Code No. 12.17354)

On recommendation of Public Buildings, Lands and City Planning Committee.

Bill No. 1064, Ordinance No. 12.173544, as follows:

Authorizing the Director of Property to lease certain real property in the City and County of San Francisco for fair and exposition purposes.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to that certain act of the Legislature of the State of California approved May 9, 1935 (Statutes 1935, chapter 162), amending that act of said Legislature approved June 13, 1933, hereinafter referred to and pursuant to Section 93 of the Charter and in accordance with the recommendation of the Public Utilities Commission, the Director of Property is hereby authorized to lease (a) those certain tidelands and submerged lands in the City and County of San Francisco hereinafter referred to, now in course of reclamation and improvement, with the improvements thereon or to be placed thereon, for use only for fair and exposition purposes, and (b) in connection therewith and as a part thereof, that certain lot of land hereinafter described, with the improvements thereon, for the administration of said fair and exposition, to the highest responsible bidder at the highest monthly rent, and for a term which shall not extend beyond the first day of January, 1941. The said lease shall include such terms and conditions as said Commission may recommend to the Director of Property as necessary or proper with regard to the ultimate use of said tidelands and submerged lands as a public airport.

The said lease shall also impose upon the lessee or lessees therein an obligation to contribute to the costs of the works of reclaiming and improving said tidelands and submerged lands in accordance with the recommendations of said Public Utilities Commission as set forth in the resolution of said Commission adopted on the 13th day of July, 1936, a duly certified copy whereof was on the 16th day of July, 1936, filed with the Clerk of the Board of Supervisors of the City and County of San Francisco, to which reference is hereby made for the further particulars thereof.

Section 2. The tidelands and submerged lands, referred to in subdivision (a) of Section 1 hereof, the lease whereof is authorized as aforesaid, are those lands which are more particularly described in that act of the Legislature of the State of California entitled "An act granting certain tidelands and submerged lands of the State of California to the City and County of San Francisco for development and use as a public airport, regulating the management, use, lease and control thereof, authorizing the reclamation and certain improvements of said lands and the construction and maintenance of a bridge or causeway connecting said lands with Yerba Buena Island" approved June 13, 1933. The lot of land referred to in subdivision (b) of Section 1 hereof, the lease of which is authorized as aforesaid, is that certain lot in said City and County of San Francisco described as follows:

"Commencing at the point of intersection of the southerly line of Bush street with the easterly line of Stockton street; running thence easterly along the southerly line of Bush street 137.5 feet; thence at

right angles southerly 137.5 feet; thence at right angles westerly 137.5 feet to the easterly line of Stockton street; thence northerly along said easterly line of Stockton street 137.5 feet to the point of commencement.

"Being a portion of 50 Vara Block No. 118."

Section 3. The Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute said lease in behalf of the City and County of San Francisco.

SEC. 75. **Permits and Bonds.** When the permit is under Sections 70, 71, 72 and 73 of this article, the permittee shall give a bond with one or more sureties satisfactory to the President of the Park Commission, in such sum as the President may determine, that the conditions prescribed in said permit,

including that as to time for which granted, shall in all respects be complied with, that no injury shall be done or caused or permitted to any public park, square, or pleasure ground, or any part thereof, or to the trees, shrubs, grass, fences or anything thereon, and that the Park Commission and its officers shall be fully indemnified against and saved harmless from all damages and cost which may ensue from any act or thing done or purported to be done under such permit; whereupon the Secretary shall, if the Park Commission or President thereof or the Superintendent, as the case may be, shall direct, issue a permit wherein shall be stated all the conditions and circumstances, and limiting the time in which the act permitted must be done. Provided: That in granting any permit under Sections 70 and 71 of this Article the Park Commission may, in lieu of such bond, accept from the permittee, a cash deposit in such sum as may be designated by the President, as security that no public park, square or pleasure ground, or any part thereof, or the trees, shrubs, grass, fences, or anything thereon shall suffer any injury in consequence of any act done or permitted, or omitted, under or purported to be under such permit; but the acceptance of such cash deposit by said Park Commission shall in nowise impair any right, or claim, or demand, direct or indirect, against the permittee receiving such permit, by virtue of any bond the permittee has given or furnished to the City and County of San Francisco.

SEC. 76. **All Permits to Be Issued by and Fees Paid to Secretary.** The Secretary of the Park Commission shall issue all permits authorized by the Park Commission, and shall sign the same, receive all fees, charges and deposits therefor, and keep a record of all proceedings and doings thereunder, or in connection therewith, and, from time to time, shall make report in writing to the Park Commission of the permits issued.

SEC. 77. **Condition of Grounds After Repairs.** Every permittee to whom a permit is granted under Sections 70, 71, 72, 73 and 74 of this Article shall leave the ground, site or place within the public parks, squares and pleasure grounds, where work has been done pursuant to such permit, in as good condition in all respects when such permit shall have expired, as when the same was granted, and shall repair said ground, site or place to the satisfaction of the Superintendent of Parks.

SEC. 78. **Removal of Buildings and Penalty.** The owner or owners, or occupant or occupants of any building, or the contractor or other person in charge of or superintending or directing its removal, or either or all of them, who shall suffer the same to remain in any parkway for any time whatsoever longer than that specified in the permit issued by the Park Commission, or who shall place in or permit to remain in such parkway, any building or structure without an appropriate permit, shall, in addition to the penalty herein provided, forfeit, as a penalty, the amount whereof shall be specified in the permit, for every twenty-four hours or any part thereof the same shall continue.

SEC. 79. **Display of Red Lights During Obstruction or Excavation.** Any person having the use of any portion of any public park, square, or pleasure ground, shall cause red lights to be placed in conspicuous places in front of and at each end of the obstruction or excavation from sunset to sunrise each night such obstruction or excavation remains.

SEC. 80. **Permit to Transport or Sell Wares.** No person shall transport into, carry into, have or take into, or leave upon or over any of the public parks, squares or pleasure grounds, any fruit, nuts, candy, vegetables, or other goods, wares or merchandise of any kind to be sold or offered for sale, without first obtaining the consent of the Park Commissioners therefor.

SEC. 81. **Maintaining Places of Amusement, Permit Necessary.** No person

shall, within any of the public parks, squares or pleasure grounds, set up or maintain any exhibition, place of amusement, show, show stand, performance concert, concert hall, moving pictures or the taking of moving pictures, or any other kind of amusement, without first obtaining the consent of the Park Commissioners thereto.

## DEPARTMENT OF ELECTRICITY—ELECTRICAL INSPECTION ORDINANCE

(Code No. 11.11)

On recommendation of Committee on Fire, Safety and Police.

Bill No. 1075, Ordinance No. 11.114, as follows:

Regulating the doing of electrical and fixture work in, on or about buildings or structures in the City and County of San Francisco; providing for the enforcement of the ordinance; providing for the registration of all persons, firms or corporations doing such work and for the examination of Master Electricians or Specialty Electricians and the issuance of certificates of competency to them; fixing fees for registration and examinations; providing for the appointment of an Examining Board and for the compensation of said Board; fixing fees for renewal of registrations; giving power to the Chief of the Department of Electricity to cancel or suspend Certificates of Registration and competency; providing for the appeal therefrom; exempting Master Electricians, Specialty Electricians now registered, and Plant Owners from taking examinations; providing for the issuance of permits for doing electrical work and fixture work and fees therefor and for the issuance of certificates of approval; providing for the adoption and promulgation of rules and regulations by the Chief of the Department of Electricity; fixing a standard for the installation, construction and operation of electrical work and fixture work; providing for the condemnation of electrical work and fixture work not in conformity herewith; forbidding the furnishing of electrical current to said condemned or unapproved installations; fixing penalties for the violation of the ordinance and any rules and regulations adopted under authority hereof; and repealing any and all ordinances or parts of ordinance in conflict therewith, and particularly Ordinance No. 11.111, Ordinance No. 5192 (New Series) and Ordinance No. 5230 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

SEC. 1. **Definitions.** The following words or phrases, wherever used in this ordinance, unless the context clearly requires a different meaning, shall be given the meaning hereinafter in this section ascribed to them and shall be construed in accordance with such meaning and definition:

"Person" shall include firm, corporation or co-partnership. Masculine gender shall include feminine gender. Singular shall include plural.

"Electrical Work" shall mean and include the placing, installing, erecting, or connecting of any electrical wires, fixtures, appliances, apparatus, raceways, conduits or conductors, or any part thereof which shall operate at more than 25 volts or which generate, transmit, transform or utilize more than 50 watts; provided electrical work as herein defined shall not mean or include maintenance, repair or operation of electrical apparatus or minor repairs and replacement.

"Fixture Work" shall mean and include the hanging, placing or installing of any electrical lighting fixture or the connection of same to electrical circuits, or any part thereof, already done or installed, whether as original work, alterations or repairs.

"Maintenance Work" shall mean the keeping in repair and operation of any and all existing electrical installations, apparatus, and equipment, but does not include the installation of additional electrical work, electrical equipment, or electrical apparatus.

"Department" shall mean the Department of Electricity of the City and County of San Francisco.

"City and County" shall mean the City and County of San Francisco.

"Chief" shall mean the Chief of the Department of Electricity of the City and County of San Francisco.

SEC. 2. **Enforcement of Ordinance.** The Inspection Bureau of the Department of Electricity shall be responsible for the enforcement of this ordinance.

SEC. 3. **Registration Requirements.** Within thirty (30) days after the date of passage of this ordinance, every Master Electrician, Specialty Electrician and every Plant Owner, before doing or installing any electrical work or fixture work or causing the same to be done or installed in, on or about any building or structure in the City and County of San Francisco, shall be registered with the Department and obtain a Certificate of Registration. Each registration shall be renewed on or before January 2, of each year, so long as he or it shall continue to do or install or cause to do or install any electrical work or fixture work.

3A. **Exemption From Registration.** Nothing in this ordinance shall be construed as requiring the issuance of Certificates of Registration as Master Electrician, Specialty Electrician or Plant Owner to any person, firm or corporation operating as a public utility as defined in the Public Utility Act of 1915, where the electrical work is incidental or necessary to the operation or conduct of the business of such public utility, or the issuance of such certificates to any public utility's affiliate, associate, subsidiary or employee thereof, engaged exclusively in such electrical work for such public utility.

SEC. 4. **Registration Classifications.** There shall be three classes of registration designated as follows:

4A. **Master Electrician.** Master Electrician shall include and mean every person, firm or corporation installing or causing to be installed or done under his or its supervision any electrical or fixture work as hereinafter defined, except as classified under Specialty Electrician or Plant Owner.

4B. **Specialty Electrician.** Specialty Electrician shall include and mean every person, firm or corporation doing or installing or causing to be done or installed under his or its supervision, any special type of electrical or fixture work that is pertinent to the particular business that such person, firm or corporation is engaged in, except as classified under Master Electrician and Plant Owner. Specialty Electrician shall mean and include every person, firm or corporation that contracts for the installation of electrical or mechanical equipment, apparatus or electrical fixtures, and the electrical installation by said person, firm or corporation is necessary for the proper installation or functioning of said equipment, apparatus or electrical fixtures.

4C. **Plant Owner.** Plant Owner shall mean and include every person, firm or corporation doing or installing or causing to be done or installed under his or its supervision, any electrical or fixture work, as hereinafter defined, in any apartment house, hotel building or office building by means of electricians directly and permanently employed by said person, firm or corporation, for the purpose of performing said electrical or fixture work in any apartment house, hotel building or office building which he or it operates as owner or lessee.

4D. **Plant Survey.** Before any Plant Owner shall be registered, as provided for in this ordinance, it shall be the duty of the Department to first make a survey of all existing electrical equipment and electrical installation in the premises occupied by said Plant Owner, to determine whether or not said Plant Owner is entitled to a Certificate of Registration. No such Certificate of Registration shall be granted by the Chief of the Department to any person, firm or corporation whose premises or electrical installation does not warrant a permanently employed maintenance electrician.

4E. **Plant Owner to Report Employees.** After a Plant Owner has become registered with the Department, said Plant Owner shall keep the Department

advised of the names and addresses of all employees doing or causing to be done, any electrical work or fixture work. Employees doing electrical work or fixture work for a Plant Owner are not required to pay a registration fee or pass an examination.

4F. **Unlawful Work—Plant Owners.** It shall be unlawful for a Plant Owner to do or cause to be done any electrical or fixture work except under the following conditions:

1. Such electrical or fixture work is installed by the employees registered as provided for in Section 4E.

2. Such electrical work or fixture work is installed in accordance with the provisions of this ordinance and all other rules and regulations promulgated under authority thereof.

3. Such electrical or fixture work done or installed for a tenant or lessee in a building owned or operated by a Plant Owner shall be done without cost to said tenant or lessee.

SEC. 5. **Certificates of Competency.** Before any Certificates of Registration shall be granted by the Chief to any person, firm or corporation as a Master Electrician, or Specialty Electrician, he shall as otherwise provided for in this ordinance, undergo and pass an examination as shall test his ability to do and install electrical work or specialty electrical work, as the case may be, and direct the doing and installation of said work by other persons.

5A. No person, firm or corporation holding an uncancelled or unexpired Certificate of Registration as a Master Electrician or Specialty Electrician at the time this ordinance takes effect, will be required to undergo or pass an examination.

In the event of the death of a person holding a Certificate of Registration as a Master Electrician or Specialty Electrician, said Certificate of Registration shall immediately become cancelled.

It shall be unlawful for any person, firm or corporation to sell, assign or transfer any Certificate of Registration as Master Electrician or Specialty Electrician, to any person, firm or corporation other than the partner of the firm, or the director of the corporation to which the Certificate of Registration was originally issued.

5B. **Examination Procedure.** The examinations for Master Electricians and Specialty Electricians shall be conducted by an Examining Board and shall be held in the offices of the Department not more than thirty (30) days after date of filing of an application therefor, which application shall be accompanied by a fee of twenty dollars ($20.00) for a Master Electrician or Specialty Electrician. Applications for examinations for other types of registrations of electrical equipment operators not covered in this section, but in other provisions of law pertaining thereto, shall have their applications accompanied by a fee of ten dollars ($10.00). The applicant shall be given notice of the time and place of the examination, to be held pursuant to his application by a written notice thereof mailed to him at the address given in his application, postage prepaid, at least five days before the date of examination. The Examining Board shall hold its meeting within thirty (30) days after the date said applicant takes his respective examination.

5C. **Issuance of Certificate.** When an applicant for an examination either as a Master Electrician or Specialty Electrician shall have taken and passed his respective examination to the satisfaction of the Chief, a Certificate of Competency as a Master Electrician or Specialty Electrician, as the case may

be, shall be issued by the Chief. Provided that no person, firm or corporation holding an uncancelled and unexpired Certificate of Registration either as a Master Electrician or Specialty Electrician issued to him or it under any ordinance of the City and County before this ordinance takes effect, shall be required to undergo and pass such examination.

5D. In the event that the applicant for examination either as a Master Electrician or Specialty Electrician shall have taken and failed to pass his respective examination, the examination fee shall be forfeited, no moneys shall be refunded to him and said applicant will not be eligible to take another examination until ninety (90) days after the date of the last examination.

SEC. 6. **Personnel of Examining Board.** The Board of Examiners shall consist of the Chief of the Department and four other members appointed by said Chief, consisting of an electrical engineer of the Industrial Accident Commission of the State of California, an electrical engineer of a public utility, a Master Electrician, Journeyman Electrician, or a Motion Picture Projectionist. The members of the Board, by their experience and training shall be qualified to pass upon the fitness of the applicants for registration as Master Electricians or Specialty Electricians. Members shall hold office for a period of one year, unless removed for cause. The Chief of the Department shall preside at all meetings. In case of the necessary absence of any one member of the Board of Examiners, the Chief of the Department may make a temporary appointment of a substitute. All vacancies occurring on the Board of Examiners shall be filled by the Chief of the Department. Any member of the Board of Examiners may be removed by the Chief for malfeasance in office, incapacity or neglect of duty.

6A. **Duties of Examining Board.** The duties of the Examining Board shall be to hold examinations at a stated time for the benefit of all applicants who desire to be registered as Master Electricians or Specialty Electricians; to correct such examination papers and check experience vouchers in order to determine the exact qualifications of the applicants.

6B. **Compensation of Examining Board Members.** For conducting the examinations of Master Electricians or Specialty Electricians, each member of the Examining Board, with the exception of the Chief of the Department, shall receive from the Treasurer of the City and County of San Francisco from the twenty dollar ($20.00) examination fee paid by each applicant for a Master Electrician or Specialty Electrician's Examination, the following compensation: From the twenty dollar ($20.00) fee paid by the first applicant, the members of the board shall each receive four dollars ($4.00). From the twenty dollar ($20.00) fee received from each applicant in excess of one, each board member shall receive two dollars ($2.00). Such compensation shall cover the examination of applicants, the grading of papers, and all other work incidental to the examination of applicants for registration. The members of the Board of Examiners shall receive no pay for any meeting at which no examination is held, and no member of the Board of Examiners shall receive compensation for any meeting he fails to attend.

SEC. 7. **Registration Required.** It shall be unlawful for any person, firm or corporation to engage in, conduct, contract for, or carry on the business of installing or altering electrical work or fixture work in, on or about any building or structure in the City and County of San Francisco, or advertise or display a sign or otherwise hold himself or itself out to the public as engaging in, conducting or carrying on such business, unless such person, firm or corporation is the holder of a Master Electrician's Certificate or Specialty Electrician's Certificate duly granted to him as provided for in this ordinance.

7A. **Renewal of Registration Certificates.** Certificates of Registration issued to Master Electricians, Specialty Electricians and Plant Owners shall be renewed on or before the first calendar day of each year.

7B. **Expiration of Registrations.** Unless Certificates of Registration are renewed within thirty days after the date of expiration of said certificates, said certificates shall become void and the holder of same shall be required to take a new examination and pay the same examination fees and registration fees as a new applicant.

7C. **Registration Fees.** Before any Master Electrician, Specialty Electrician or Plant Owner shall become registered as provided for in Section 7, he shall pay the following fees to cover the cost of handling said registrations, the cost of checking plans and specifications and the rendering of other services necessary for the correct installation and approval of electrical and fixture work:

| Classification of Registration | Fees for 1st Year | Fees for Annual Renewal |
|---|---|---|
| Master Electrician | $100.00 | $100.00 |
| Specialty Electrician | 100.00 | 100.00 |
| Plant Owner | 10.00 | 10.00 |

7D. Where the Registration Certificate is applied for after the first day of July of each year, the fees for registration as a Master Electrician or Specialty Electrician shall be one-half (½) of the amount specified in Section 7C.

7E. **Payment of Registration Fees.** Within thirty days (30) after the date this ordinance takes effect, every Master Electrician or Specialty Electrician holding an uncancelled and unexpired Certificate of Registration shall pay a registration fee to the Department, said registration fee shall be one-twelfth of the amount specified in Section 7C, for each remaining month of the calendar year in which this ordinance takes effect.

7F. **Registration Bond.** Every person, firm or corporation obtaining a Certificate of Registration as a Master Electrician or Specialty Electrician shall upon issuance of said certificate, deposit with the Department the sum of one hundred dollars ($100.00), in cash as a guarantee for the payment of all fees for permits, inspections or penalties that may become due and be owed by such person, firm or corporation to the City and County of San Francisco and as a further guarantee that all electrical work, fixture work or specialty electrical work done under authority of said Certificate of Registration will be done in compliance with all the provisions and requirements of all ordinances, rules and regulations of the City and County of San Francisco applicable thereto.

7G. **"Electrical Deposit Fund".** The Department shall receive the deposits aforesaid and shall cause the same to be placed in the City and County Treasury in a special trust fund to be known as the "Electrical Deposit Fund", which fund is hereby established.

7H. **Return of Deposit.** When a holder of a Certificate of Registration either as a Master Electrician or Specialty Electrician having made a cash deposit as in this ordinance provided, shall have ceased to carry on all business and perform any and all work for which said Certificate of Registration is by this ordinance required, and when all work under Permits issued to such person, firm or corporation shall have been completely inspected and approved, and when all fees and other charges due and owing to the City and County of San Francisco by said person, firm or corporation shall have been paid, and if no charges shall be pending against said person, firm or corporation for any violation of this ordinance, or any ordinances, rules and regulations of the City and County of

San Francisco pertaining to electrical work, fixture work or specialty electrical work, then said person shall be entitled to have returned to him the said deposit of one hundred dollars ($100.00), or such portion thereof as may then remain to his credit, after deduction therefrom, as in this ordinance provided.

7I. **Issuance and Revocation of Registrations.** The Chief shall have the power to issue all Certificates of Registration provided for in this ordinance. When a Master Electrician, Specialty Electrician or Plant Owner does or installs electrical work or fixture work not in accordance with the approved standards or ordinances of the City and County of San Francisco or rules and regulations adopted and promulgated under authority thereof and which is dangerous to life or property, and after receiving written notice from the Department to correct such complaints, continues to do or install electrical work not in conformity with the provisions of this ordinance and rules and regulations adopted and promulgated under authority thereof, he shall have his or its registration suspended, cancelled or annulled. The Chief of the Department shall have the power to cancel, suspend or annul Certificates of Registration under the provisions of this ordinance.

7J. **Prohibiting Unlicensed Installations.** It shall be unlawful for any Master Electrician, Specialty Electrician or Plant Owner whose Registration Certificate has been suspended, cancelled or annulled to do or install electrical work or fixture work until he or it has been reinstated by the Chief, and a new Certificate of Registration issued to him.

7K. **Fee for Reinstatement.** If a certificate of registration is cancelled or annulled, the applicant for reinstatement shall pay the same fee for reinstatement as if not registered before.

7L. **Unlawful Uses of Registration.** It shall be unlawful for any Master Electrician, Specialty Electrician or Plant Owner to permit its name or Certificate of Registration to be used by any other person, firm or corporation for the purpose of obtaining a permit from the Department for the doing or installing of electrical or fixture work, which is not to be done or installed by the Master Electrician, Specialty Electrician or Plant Owner obtaining such permit, and for the violation of the provisions of this section of this ordinance, in addition to any other penalties provided for, the Certificate of Registration of the Master Electrician, Specialty Electrician or Plant Owner so violating such provisions shall be suspended, cancelled or annulled.

SEC. 8. **Permit Required.** Every person, firm or corporation, shall, before doing or installing or causing to be done or installed, any electrical or fixture work in, on or about any building or structure in the City and County of San Francisco, file with the Department on a form to be furnished by it, a written application for a permit to do such work and obtain a permit therefor.

8A. **Form of Application.** The form of application in addition to other matters required by the Department shall contain a brief specification and plans showing the nature and kind of electrical work to be done or installed and the location and description of the premises wherein and whereon such electrical or fixture work is to be done or installed, provided that for buildings of residential occupancy, wherein the electrical load is not in excess of twenty-three kilowatts (23 K. W.) the filing of plans and specifications shall not be required.

8B. **Permit Fees to Be Paid in Advance.** At the time the application for a permit is filed, the estimated fees for making an inspection of the electrical or fixture work to be done or installed shall be paid. No permit shall be issued until such application is filed and payment made. Such permit shall be issued

by the Department only to a Master Electrician, Specialty Electrician, Plant Owner or Owner.

8C. Before a permit shall be issued to any Master Electrician or Specialty Electrician for the installation of electrical or fixture work, said Master Electrician or Specialty Electrician shall pay any and all permit fees charged to his or its account.

8D. **Permit Holder to Be Contractor in Fact.** No person, firm or corporation registered as a Master Electrician or Specialty Electrician shall file an application for a permit to do or install or cause to be done or installed, any electrical or fixture work in, on or about any building or structure in the City and County of San Francisco, unless said person, firm or corporation is in fact the contractor for such work. The person, firm or corporation installing the electrical or fixture work shall contract directly with the person, firm or corporation owning, leasing or renting the building or structure in or on which the electrical or fixture work is done or installed. The Chief of the Department shall have the power to cancel any permit found by him to be issued contrary to the provisions of this section.

8E. **Permit to Owner.** A permit for the installation of electrical or fixture work in, on or about any building used or occupied as a dwelling in the City and County of San Francisco shall be issued by the Department to the Owner of said building, provided said electrical or fixture work is done by such Owner, or husband, brother or son of such Owner.

8F. **Permit to Owner.** A permit for the installation of electrical or fixture work shall not be issued to an Owner unless the person who is to install the electrical work is named on the permit and said named person shall appear before the Department and show by answering such questions as may be asked by the Chief or his representative that he has sufficient knowledge to do or install such electrical or fixture work.

8G. **Correction of Defective Work.** If it is apparent from the character of the work installed under a permit to Owner, that the Owner or person named in the permit is not qualified or competent to do or install the electrical or fixture work, the Department may require such portion of the work that is in violation of this ordinance to be changed, altered or repaired by a Master Electrician.

8H. **Permit to Be Posted.** When a permit is issued by the Department, said permit shall be conspicuously posted on the premises wherein or whereon the electrical work therein described is to be done or installed.

8I. **Illegal Use of Permit.** No person, firm or corporation, registered as a Master Electrician or Specialty Electrician shall file an application for a permit to do or install any electrical or fixture work unless such person, firm or corporation has a contract to do or install the same, or intends to do or install such electrical work on his or its own behalf and for his or its account. The Chief of the Department shall have the power to cancel any permit found by him to be contrary to the provisions of this section.

8J. **Rights of Public Utilities.** Nothing in this ordinance shall be construed as requiring any person, firm or corporation operating as public utility to file any application for permits to do or have inspection made of, any electrical or fixture work necessary for the generation and supply of electrical energy to the public as a public utility, and for the generation and supply of electrical energy for street railway purposes, provided, however, that this exemption shall not relieve such public utility from the necessity of filing

applications for any other electrical work or having the same duly inspected and paying the fees therefor.

8K. **Right to Cancel Permits.** The Chief shall have the power to cancel permits where the electrical or fixture work therein has not been commenced within sixty (60) days from and after the date of issuance of the permit therefor, and in the event of such cancellation of such permit the fees paid therefor shall be credited to the account of the person, firm or corporation paying the same and may be treated as a payment equal to the estimated fees payable on any subsequent application or applications for a permit to do electrical or fixture work.

SEC. 9. **Unlawful to Conceal Electrical Work.** It shall be unlawful to conceal or cause to be concealed any electrical work in, on or about any building or structure before the same has been inspected by the Department and a tag indicating its approval posted on such building or structure wherein or whereon such electrical work has been done or installed.

SEC. 10. **Certificate of Inspection and Approval.** Every person, firm or corporation doing or installing or causing to be done or installed, any electrical work or fixture work in, on or about any building or structure in the City and County of San Francisco shall notify the Department when the same is completed. The Department shall then inspect the same and if done in compliance with all the State laws, and rules or regulations as promulgated under the authority of this ordinance, there shall be issued by the Department to said person, firm or corporation doing or installing or causing to be done or installed, such electrical or fixture work, a certificate of inspection and approval, which shall contain the date of approval and in concise terms specify the electrical work thus approved. Said certificate shall be issued only for the electrical work for which a permit has been issued.

SEC. 11. **Unlawful Use of Current.** No current shall be supplied to any electrical or fixture work in, on or about any building or structures in the City and County of San Francisco unless a certificate of inspection and approval has been issued. When the electrical and fixture work has been completed to the satisfaction of the Department, the Department shall issue and post on the premises wherein or whereon the electrical or fixture work is done or installed, a Green Tag, Form A-22, which will permit the connection of said electrical or fixture work for which a permit has been issued.

11A. **Temporary Use of Current.** The Department is hereby empowered and authorized to permit and approve the temporary use of electrical current to any person, firm or corporation, provided that no temporary use of electrical current shall be permitted in any case where such use shall be a hazard to life or property, and further provided that no such temporary use of electrical current shall be permitted for a longer period than is reasonably necessary to comply with the provisions of this ordinance, and such period of time may be definitely fixed by the Department at the time of granting said permission.

SEC. 12. **Unlawful to Disturb Existing Wiring.** In any building or structure within the City and County of San Francisco, wherein or whereon electrical work has been done or installed, it shall be unlawful for any person, firm or corporation to change, alter, or extend any electrical work or part thereof after the inspection of same, without notifying the Department in writing and obtaining a permit therefor. Such changes, alterations or extensions shall be inspected and approved before any current shall be supplied thereto.

SEC. 13. **Time Limit a Penalty for Failure to Rectify Complaints.** The

failure and neglect of a Master Electrician or Specialty Electrician to correct, obviate or remove any fault, error or deficiency in the doing or installing of any electrical or fixture work not in accordance with the provisions of this ordinance or rules and regulations adopted and promulgated under authority hereof, within ten (10) days after the receipt of a written notice from the Department describing said complaints, shall be deemed sufficient cause for the suspending or cancelling any Certificate of Registration issued by the Department and held by such person, firm or corporation. In addition to the above, the Department shall charge a fee of one dollar and fifty cents ($1.50) for each hour or fraction thereof that the Inspector of the Department spends in inspecting electrical or fixture work that is not corrected within the specified ten (10) day period.

SEC. 14. **Right of Entry.** Every person, firm or corporation or association or agent thereof, or agent acting for and in behalf thereof, owning, leasing, operating or in possession of any building or structure within the City and County of San Francisco shall permit the Inspector of the Department to enter such building or structure as often as it shall be deemed necessary by the Department for the purpose of inspecting the electrical or fixture work theretofore done or installed in, on or about such building or structure, and it shall be unlawful for any owner, occupant or lessee of any premises wherein or whereon any electrical work has been done or installed and is being used or is in use, to prevent or interfere with any such Inspector in the discharge of his duties under this ordinance, provided, however, that said Inspector shall upon request of the owner, occupant or lessee of said premises exhibit his authority to make such inspection.

SEC. 15. **Inspection of Existing Installations.** If the Chief or any Inspector of the Department find that any installation of electrical or fixture work is defective or not in accordance with the provisions of this ordinance or any rules and regulations adopted and promulgated under authority hereof or is dangerous to life or property, the same shall be condemned and the use thereof forbidden until the same has been corrected.

SEC. 16. **Right to Disconnect Condemned Installations.** Upon failure of any person, firm, corporation or association owning, leasing or in possession of and using any building or structure in the City and County of San Francisco to correct or cause to be corrected such defective and condemned electrical or fixture work or any part thereof, for a period of ten (10) days after a receipt of a written notice thereof, from the Department to do so, which notice shall specify the corrections to be made, the Chief shall forthwith direct the person, firm, corporation or association or agent thereof, or person acting for and on behalf thereof, who shall be supplying electrical current or power to such electrical work or part thereof to disconnect the supply thereof. It shall be unlawful for any such person, firm, corporation or agent thereof, or agent acting for and in behalf of any of them and so supplying such current or power to furnish or renew said supply of current or power without permission of the Chief to do so.

SEC. 17. **Standards Required.** No electrical or fixture work shall be installed or constructed which is dangerous to life or property, and all electrical and fixture work within the City and County of San Francisco shall be done, installed and constructed in conformity with the rules and requirements of the National Electric Code as approved by the American Standards Association, and the Electrical Safety Orders, as approved by the Industrial Accident Commission of the State of California, except as such rules and requirements are modified or supplemented as provided for in other sections of this ordinance.

SEC. 18. **Providing for the Adoption and Promulgation of Rules and**

**Regulations by the Chief of the Department and Fixing a Standard for the Installation, Construction and Operation of Electrical and Fixture Work.** The Chief is hereby given power and it shall be his duty as soon as practicable after this ordinance takes effect, to hold a hearing or hearings on ten (10) days notice of the time and place thereof, given by publication in the then official newspaper of the City and County of San Francisco, to determine generally accepted standards and methods governing electrical and fixture work, in modification of or supplementary to the rules and regulations of the National Electrical Code and the Electrical Safety Orders. As soon as he shall have ascertained the same and made his findings thereon, such modifications thereof and supplementary rules and regulations shall be set forth and adopted by him in a report in the form of rules and regulations governing electrical and fixture work, which rules and regulations shall not be contrary to or inconsistent with any law of the State of California or ordinance of the City and County of San Francisco, and shall forthwith upon adoption be posted in the office of the Department of Electricity, and notice indicating such adoption shall be published for a period of five (5) days in the then official newspaper of the City and County of San Francisco. On the first day after the completion of the publication of the notice aforesaid, the said rules and regulations shall take effect as the standards for which all persons, firms or corporations doing, installing or constructing electrical or fixture work shall conform. No certificate of inspection and approval provided for in this ordinance shall be issued unless the electrical or fixture work therein described shall conform with the rules and regulations in effect at the time the permit therefor is issued. The Chief shall hold a hearing or hearings at such times as he may deem necessary, to ascertain and determine what changes have been made in the standards and methods adopted supplementary to the National Electric Code and the Electrical Safety Orders, which hearing or hearings shall be held only on the giving of a like notice as in hearings hereinabove provided for. If the Chief shall find that the accepted standards and methods adopted as supplementary thereto have been changed, he shall make and adopt such changes or modifications thereof as amendments, additions or repeals of the then existing rules and regulations, which amendments, additions or repeals shall forthwith upon their adoption be posted in the office of the Department of Electricity, and notice indicating such adoption and posting be published in the then official newspaper of the City and County of San Francisco for a period of five (5) days after and shall take effect on the first day after the completion of publication of notice as aforesaid.

SEC. 19. **Non-Liability of City for Damages.** This ordinance shall not be construed to relieve from or lessen the liability of any person, firm or corporation owning, operating or installing any electrical or fixture work, or causing the same or any part thereof to be done, for damages to anyone injured by any defect therein, or any negligent doing or installation thereof, nor shall the City and County of San Francisco or any agent thereof be held liable therefor by reason of any inspection herein authorized and made by reason of authority or by reason of the certificate of inspection and approval issued by the Department.

SEC. 20. **Exemptions.** Nothing in this ordinance shall be construed in any way to regulate the installation of wires, fixtures, appliances, construction or equipment of any telephone, telegraph, district messenger systems or otherwise protective signal systems operating at not more than 160 volts, and the same are hereby exempt from any of the provisions of this ordinance, except that approved protectors or fuses shall be provided and used where such wires enter or leave any building or structure where such circuits are so placed as to be liable to accidental contact with electric light, power or any other wires oper-

ating at potential exceeding two hundred fifty (250) volts, nor shall this ordinance be construed as in any way to regulate the connecting or disconnecting of any temporary current measuring device, which is hereby exempted from all the provisions of this ordinance.

SEC. 21. **Permit Fees.** Every person, firm or corporation shall pay the Department before the permit provided for in this ordinance is issued, the following fees or so much thereof as shall be applicable to the work done and inspected and approved, viz:

1. For each lighting outlet, switch, or convenience outlet receptacle.... $ .15
2. For each lighting outlet used for outline, coves, border lights or footlighting ..... .05
3. For each lighting outlet used for panelled lighting (lighting outlets installed behind glass panels)..... .15
4. For each transformer not over 500 volt-amperes used on high voltage decorative, neon outline, or interior neon display signs..... .25
   For each transformer over 500 volt-amperes used as stated above.. .50
5. For each lighting fixture connection..... .15
6. For each circuit, except lighting convenience receptacle circuits.... .50
7. For the connection of each motor (including control equipment), generator, transformer, or other devices consuming current up to and including 15 kilowatts, K.V.A., horsepower, or fraction thereof, per kilowatt, K.V.A., horsepower, or fraction thereof..... .25
   Over 15 kilowatts, K.V.A., horsepower, or fraction thereof, per connection ..... 4.00
8. For the connection of each heating device including protection equipment, per kilowatt or K.V.A. or fraction thereof..... .10
9. For each screw base lamp receptacle with terminal fittings inside of outlet box or fitting ..... .05
10. For temporary wiring and connecting equipment up to and including 10 kilowatt, K.V.A., or horsepower..... 1.00
    Over 10 kilowatts, K.V.A., horsepower..... 2.50
11. Providing, however, as a minimum the total amount of any bill of fees to be charged shall not be less than one ($1.00) dollar.
12. For the inspection of any electrical work for which no fee is herein prescribed, and for the inspection of temporary installation for decorative advertising, theatrical or similar purposes, there shall be charged to and paid by the person, firm or corporation, or agent thereof, or person acting for and on behalf of either thereof, who shall install and do such work or cause the same to be done or installed, a fee not to exceed one dollar and fifty ($1.50) an hour for the time actually consumed by each inspector making such inspection, before certificate of inspection and approval shall be issued.

21A. **Penalty for Installing Electrical Work Without a Permit.** If any person, firm or corporation, or agent thereof, or any person acting for and on behalf of either thereof, shall, after notice thereof has been given in writing by the Department and an opportunity to be heard, be found to have done or installed any electrical or fixture work without first applying for a permit therefor, in violation of the provisions of this ordinance, such person, firm or corporation or agent thereof, or person acting for and on behalf of either thereof, shall pay to the Department, for the inspection of such electrical or fixture work, before a certificate of inspection and approval thereof shall be issued, fees equal to five times the amount designated in Section 38, as shall be applicable to the work done, inspected and approved, provided, however, that the minimum bill of fees to be charged and paid for any inspection under the provisions of this section shall be ten dollars ($10.00).

21B. **Deposits of Moneys Received.** It shall be the duty of the Chief to turn all moneys received under this ordinance in to the Treasury of the City and County of San Francisco. If payment made at the time of application for a permit shall be insufficient in amount to pay the fees for inspection, no certificate of inspection and approval shall be issued until the balance of such fees shall be paid in full.

SEC. 22. **Penalty for Violation of this Ordinance.** Any person, firm, or corporation who violates this ordinance or any section or part thereof, shall be guilty or a misdemeanor, and upon conviction thereof, shall in addition to any other penalty herein provided for, be punished by a fine not exceeding five hundred dollars ($500.00) or by imprisonment for not more than six (6) months in the County Jail, or by both such fine and imprisonment. Every person, firm or corporation shall be deemed guilty of a separate offense for each day such violation shall continue, and shall be subject to the penalty imposed in this section for each and every separate offense.

SEC. 23. **Repealing All Conflicting Ordinances and Parts of Ordinances.** All ordinances and parts of ordinances in conflict with the provisions of this ordinance and particularly Ordinance Code No. 11.111, regulating the installation of electrical wiring, fixtures and apparatus, and Ordinance No. 5230 (New Series), "Regulating the business of doing electrical installation, fixture and connection work and providing for the registration and examination of persons engaged in the same, and creating an Examination Board, and providing a penalty for a violation thereof," approved September 17, 1920, and Ordinance No. 5192 (New Series), "Regulating the installation, construction, operation, and inspection of electrical wires, fixtures and appliances and apparatus in, on or about buildings or structures in the City and County of San Francisco, fixing a standard therefor, providing for the granting of certificates to Master Electricians and Fixture Men and for the revocation thereof, and providing for the condemnation of electrical work, installation, fixtures and apparatus not in conformity therewith and forbidding the furnishing of electrical current to said condemned electrical installation and fixing penalties therefor," approved July 2, 1920, are hereby repealed.

SEC. 24. **Validity of Ordinance.** In the event that any part, clause, sentence or section of this ordinance shall be judged void and of no effect, such decision shall not effect the validity of the rest and the remaining portion of this ordinance.

## ELECTRIC SIGNS.

(Code No. 11.11)

Also, Bill No. 1076, Ordinance No. 11.115, as follows:

An ordinance regulating the installation and maintenance of electric signs, sign devices, advertisements, transparencies, bulletin boards, barber poles, beauty shop poles, and sidewalk clocks, sign flashers, sign control devices, interior sign display equipment; providing for permit procedure and fixing fees for the permits for the installation of all exterior electric signs, interior electric signs, barber poles, beauty shop poles, sign flashers and sign control devices; fixing standards for the manufacture and installation of electric signs and equipment; providing for inspection; regulating current and current control equipment and devices; fixing penalties for the violation of this ordinance and any rules and regulations adopted under authority hereof; and repealing

all ordinances or parts of ordinances in conflict herewith, and particularly Ordinance No. 8962.

SEC. 1. **Definitions.** The following words or phrases, wherever used in this ordinance, unless the context clearly requires a different meaning, shall be given the meaning hereinafter in this section ascribed to them and shall be construed in accordance with such meaning and definition:

"Person" shall include firm, corporation or co-partnership. Masculine gender shall include feminine gender. Singular shall include plural.

"Department" shall mean the Department of Electricity of the City and County of San Francisco.

"Chief" shall mean the Chief of the Department of Electricity of the City and County of San Francisco.

The word "sign" as used herein appearing alone, shall be understood to include all types of signs, sign devices, advertisements, transparencies, bulletin boards on or attached to any building, pole, structure or premises, and shall also include barber poles, beauty shop poles, and sidewalk clocks, provided, however, that the said word shall not include "billboards".

"Electric Sign" shall mean a sign whereon letters, figures or designs are formed or outlined by incandescent electric light globes, gas filled luminous tubes, or by a transparent medium illuminated by means of electric lights or gas filled luminous tubes contained within the sign. Electric lights or gas filled luminous tubes which are not an essential element of the sign proper are not classified as electric signs within the meaning of this ordinance, provided, however, that a sign or design installed or painted on the exterior of a building and illuminated or outlined by means of electric lights or gas filled tubes that are installed for the specific purpose of illuminating said sign or design shall be considered within the requirements of this ordinance.

"Interior Electric Sign" shall mean an electric sign installed within a building or structure.

"Exterior Electric Sign" shall mean an electric sign installed or attached to poles, to the exterior of a building or structure, or shall mean a sign installed or painted on the exterior walls of a building or structure and illuminated by means of electric lights or luminous gas filled tubes specifically installed for the purpose.

"Area of a Sign" is hereby defined as the product of the horizontal distance between vertical lines passing through the extremities of the sign and the vertical distance between a horizontal line passing through the highest point of a sign and a horizontal line passing through the lowest point of the sign.

SEC. 2. **Permit Required.** It shall be unlawful for any person, firm or corporation to install, place, or maintain an electric sign in, on or about any building or structure or on any pole in the City and County of San Francisco unless a permit for the installing, placing or maintaining of same is obtained from the Department of Electricity.

SEC. 3. **Construction Permit.** Every person, firm or corporation, before applying for a permit for the installing or placing of an electric sign as defined in Section 2, shall apply to the Central Permit Bureau of the Department of Public Works for a permit for the erection of the electric sign.

SEC. 4. **Number of Construction Permit to Be Given the Department of Electricity.** After the Central Permit Bureau has issued said permit, the Department of Electricity shall be advised of the number of same before a permit shall be issued by the Department of Electricity for the installation of the electrical work pertaining to the electric sign.

SEC. 5. **Permits Issued to Master and Specialty Electricians Only.** Permits

for the installation of the electric signs shall be issued only to Master Electricians or Specialty Electricians as provided for under the provisions of existing law.

SEC. 6. **Application for Permit and Electrical Data.** Application for permits for electrical signs together with all the necessary data regarding the proposed electrical construction shall be submitted to the Department of Electricity. It shall be the duty of the Department to examine such electrical data, and if the proposed sign is found to be in accordance with all existing law regarding electrical construction and installation requirements, then said Department shall issue a permit for the erection of such sign.

SEC. 7. **No Sign to Be Erected Without Permits. Exceptions.** No electric sign shall be erected unless permits therefor have been secured from both the Department of Public Works and the Department of Electricity, provided, however, that signs painted on the walls of buildings or structures and electrically illuminated or outlined shall require only a permit issued by the Department of Electricity.

SEC. 8. **Inspection and Certificate.** Upon the completion of the electrical construction and installation of an electric sign for which a permit is issued or required, as herein provided, the Department of Electricity shall inspect the sign and the installation of same, and if it is found to be in accordance with the requirements of existing laws, and the provisions of this article, a Certificate of Inspection and Approval shall be issued by the Department.

SEC. 9. **Fees for Permits.** Every person, firm or corporation shall pay the Department of Electricity before the permit provided for in this ordinance is issued, the following fees or so much thereof as shall be applicable to the work done and inspected and approved, viz.:

| | |
|---|---|
| The minimum charge for each exterior electric sign of twenty (20) lamps shall be | $1.50 |
| For each transformer in an exterior sign in excess of two (2) | .50 |
| For each group of ten (10) lamps or portion thereof in excess of twenty (20) in an exterior sign | .50 |
| For each sign flasher or automatic sign or outline control device | 1.00 |
| For each exterior sign or outline circuit | .50 |
| The minimum charge for a permit for any exterior sign or outline shall be | 1.00 |
| For each transformer in an interior sign installation in excess of two (2) | .50 |
| For each group of ten (10) lamps or portion thereof, in excess of twenty (20), in an interior electric sign | .50 |
| For each painted sign illuminated by bracket reflector lamps the minimum fee shall be | 1.50 |
| For each reflector bracket lamp in excess of five (5) | .20 |
| For each interior electric sign or outline circuit | .50 |
| Temporary electric signs not in excess of five (5) transformers or 50 lamp receptacles | 1.50 |
| For all signs in excess of the above load | 2.50 |

For the purpose of computing the fees on signs or outlines having combined transformer and lamp receptacles, each transformer shall be considered equal to ten lamp receptacles or portion thereof.

SEC. 10. **Penalty for Installing Electrical Sign or Outline Work Without a Permit.** If any person, firm, corporation, or agent thereof, or any person

acting for and on behalf of either thereof, shall, after notice thereof has been given in writing by the Department of Electricity, and an opportunity to be heard, be found to have done or installed any electrical sign or outline work without first applying for a permit thereof, in violation of the provisions of this ordinance appertaining thereto, such person, firm or corporation, or agent thereof, or person acting for, or on behalf of either thereof, shall pay to the Department, for the inspection of such electrical sign or outline installation, before a certificate of inspection and approval thereof shall be issued, fees equal to five (5) times the amount designated in Section 9, as shall be applicable to the work done, inspected and approved, provided, however, that the minimum bill of fees to be charged and paid for any inspection under the provisions of this section shall be ten (10) dollars.

SEC. 11. **Permit Holder to Be Contractor in Fact.** No person, firm or corporation registered as a Master Electrician or Specialty Electrician, as defined in existing law, shall file an application for a permit to place, install or maintain an electric sign in the City and County of San Francisco unless said person, firm or corporation is in fact the contractor for such work. The person, firm or corporation placing, installing or maintaining the electric sign shall contract directly with the person, firm or corporation owning, leasing or renting the said electric sign. The Chief of the Department shall have the power to cancel any permit found by him to be issued contrary to the requirements of the provisions of this ordinance.

SEC. 12. **Electrical Sign Maintenance.** Electrical sign maintenance shall mean and include the installation, replacement, or removing of gas filled illuminating tubes, gaseous tube transformers or other electrical materials used in the construction and installation of electric signs or electrical sign control devices.

SEC. 13. **Sign Maintenance Work to Be Done by Registered Contractor.** It shall be unlawful for any person, firm or corporation to do, or permit to be done under his or its supervision, any electrical sign maintenance work, as defined in Section 12 of this ordinance, unless said person, firm or corporation is registered with the Department of Electricity as a Master Electrician or Specialty Electrician, as provided for under the provisions of existing law.

SEC. 14. **Responsibility of Contractor Installing Electric Sign.** It shall be unlawful for any person, firm or corporation registered with the Department of Electricity to install an electric sign on any building or structure in the City and County of San Francisco, unless provisions have been made for the connection of the electric sign to an existing sign circuit or the installing of a new sign circuit shall be completed. It shall be unlawful to install any electric sign where provisions are not made for the installation of the sign circuit or feeder.

SEC. 15. **Sign Must Be Connected to Sign Circuit or Feeder.** It shall be unlawful for any person, firm or corporation to install an electric sign on any building or structure unless said electric sign is connected to a sign circuit or feeder installed under the installation provisions of existing law. Wherever an electric sign is installed, provisions shall be made for the illuminating of said sign. The Department of Electricity shall have the power to order the removal of an electric sign from any building or structure in the City and County of San Francisco, where said sign is installed contrary to the provisions of this section of the ordinance.

SEC. 16. **Electrical Sign Construction and Installation Requirements.** All electric signs, both swinging and stationary, including marquises, building

front and roof signs, must comply in every detail with the construction and installation requirements and rules of the San Francisco Construction Ordinances, the Electrical Safety Orders as issued by the Industrial Accident Commission of the State of California, the National Electric Code as issued by American Standards Association, and Requirements Section, Subject 48, as issued by the Underwriters' Laboratories as a Standard for Electric Signs, with such exceptions as are outlined within the provisions of this ordinance.

SEC. 17. **Shop Inspection of Electric Signs.** All electric signs other than the portable types shall be inspected in the shops of the person, firm or corporation manufacturing said electric sign, in order to ascertain that all the provisions of Section 16 of this ordinance have been complied with. It shall be unlawful for any person, firm or corporation to enclose or conceal any electrical work in any electric sign without first securing permission from the Department of Electricity to do so.

SEC. 18. **Inspection to Be Made Before Installation.** All electric signs other than the portable type, constructed elsewhere than in San Francisco, shall be inspected in the shop of said person, firm or corporation installing the electric sign, or can be inspected on the sidewalk of the premises where said electric sign is to be installed. Under no conditions can shop inspections be made after a sign has been installed on the building or structure. Signs installed without the said shop or sidewalk inspection shall be removed to the sidewalk in order that the shop inspection can be made.

SEC. 19. **Signs Constructed Elsewhere.** Signs constructed elsewhere than in San Francisco and bearing the label of "Underwriters' Laboratories Inspection" shall be inspected as required in Section 18 of this ordinance, in order to ascertain that the requirements of the San Francisco Construction Ordinances have been complied with.

SEC. 20. **Moving of Existing Signs From One Location to Another.** The Department of Electricity will permit the direct moving of existing signs from one location to another without the necessary shop inspection, providing no alterations or additions are made to the existing signs, and the signs have been previously approved for installation in the City and County of San Francisco, and the Department is immediately notified relative to its previous location and the electrical load of the signs.

SEC. 21. **Department to Make Inquiry of Inspection of Signs Not Made in the City and County.** Before a person, firm or corporation installs an electric sign that has been manufactured elsewhere than in the City and County of San Francisco, inquiry shall be made of the Department of Electricity concerning acceptance of certificates covering the inspection of the construction of said sign.

SEC. 22. **Portable Electric Signs.** Portable electric signs shall be installed or placed only in the interior of a building or structure and shall bear the label of the Underwriters' Laboratories, in order to insure that said portable electric sign has been constructed in accordance with the requirements of Section 48, of the Underwriters' Laboratory Standard for Electric Signs.

SEC. 23. **Minimum Size of Sign Circuit or Feeder.** When a sign circuit or feeder is installed, the total connected load of the sign shall govern the size of the feeder or circuit conductors, but in no case shall said conductors be smaller than No. 12 B. & S. Gauge.

SEC. 24. **Electric Signs on Exterior of Buildings, Connection, Etc.** Electric signs on the exterior of a building may be connected to an existing sign

circuit or feeder of No. 14 B. & S. Gauge, provided the total load connected thereto does not exceed the approved capacity of the conductors.

SEC. 25. **Sign Feeders for Future Use.** Where a sign feeder is installed for a future sign installation and the load of the sign is unknown, the sign feeder or circuit shall be computed as requiring not less than 10 amperes on the feeder and service switches and conductors.

SEC. 26. **Old Signs to Be Removed.** When a new sign is installed on a building or structure and the feeder or circuit to the existing sign is used to supply the new sign, the old sign shall be removed from the building.

SEC. 27. **Sign Circuit Provisions.** Each outline lighting installation and each exterior electric sign shall be installed on a separate circuit.

SEC. 28. **Number of Lamps on Single Circuit Sign.** Not more than 60 medium base or 100 intermediate base lamp receptacles shall be installed or connected to a single circuit in the body of a sign and not more than 100 medium base or 150 intermediate base lamp receptacles shall be installed on or connected to a single circuit in the border of a sign. The minimum wattage of 25 watts shall be figured for each medium base lamp receptacle in the body of a sign and 10 watts for each medium base lamp receptacle in the border of a sign. A minimum wattage of 15 watts shall be figured for each intermediate base lamp receptacle in the body of a sign and 10 watts for each intermediate lamp receptacle in the border of a sign.

SEC. 29. **Transformers for Single Circuit Signs.** Where transformers are installed for the illumination of gas filled tubes, not more than 1500 volt-amperes shall be connected to a single circuit.

SEC. 30. **Wattage for Single Circuit.** Not more than 1500 watts or 1500 volt-amperes shall be installed on a single circuit in a sign or for outline lighting.

SEC. 31. **Voltage Limitations.** Incandescent lamp signs and outline lighting or transformers for the illumination of gas filled tubes in signs and outline lighting shall not be connected to any single phase ungrounded system or any system wherein the voltage to ground exceeds 150 volts.

SEC. 32. **Transformers for Secondary Open Circuits.** Transformers used for the illumination of gas filled tubes shall have secondary open-circuit voltages not exceeding 15,000 volts, with an allowance on test of 1000 volts additional.

SEC. 33. **Switches.** Each outline lighting installation and each exterior electric sign shall be controlled by an externally operable switch which will open all ungrounded conductors of the feeder or circuit. When not within sight of the outline lighting or the sign, the switch shall be capable of being locked in the "off" position.

SEC. 34. **Neon, Etc., Signs, Disconnect Switch Required.** Neon or gas filled luminous tube outline, or an additional electric sign, may be installed and connected to an existing sign circuit and disconnect switch supplying a sign on the exterior of the building, provided a separate disconnect switch or dead-front type of fuse block is installed at each sign location, in order to disconnect each sign or outline at its respective location.

SEC. 35. **Switches, Flashers, Etc., to Have Current Rating Transformer.** Switches, flashers and similar devices controlling gaseous tube transformers shall be either of a type approved for the purpose, or have a current rating

not less than twice the current rating of the total current of the transformers connected thereto.

SEC. 36. **Switches in Signs, Etc., to Be Minimum Current Rating.** Switches installed in a sign or outline circuit or feeder and arranged to disconnect the total feeder or circuit current shall have a minimum current rating of twenty (20) amperes. Switches arranged for the operation of a control circuit of a magnetic type contactor shall have a minimum current rating of ten (10) amperes at 220 volts.

SEC. 37. **Door Switches.** Permanently installed gaseous tube transformer enclosures, where installed within eight (8) feet vertical of the floor or platform, shall have the access doors equipped with door switches, unless said doors are mechanically secured in the closed position, by means of Parker type sheet metal screws.

SEC. 38. **Disconnect Switches.** Where gaseous tube transformers are installed in locations that are remote from the feeder or circuit disconnect switches, an additional externally operable type disconnect switch shall be installed adjacent to or in the transformer cabinet, to disconnect said transformers from the source of electrical supply.

SEC. 39. **Roof Sign Disconnect Switches.** On all electrically illuminated roof signs a disconnect switch shall be installed for the purpose of disconnecting the current from the sign, motor, or other control equipment on the structure. This disconnect switch shall be located within six (6) feet, six (6) inches from the roof and be placed either on the supporting structure or within easy access and view of the supporting structure.

SEC. 40. **Sign Enclosures.** With the exception of indoor portable type signs, all signs and outline lighting enclosures shall be constructed entirely of metal or other approved noncombustible material. Wood may be used for external decoration if kept at least two inches from the nearest lamp holder or other current carrying part. The design shall afford ample strength and rigidity and shall provide for the enclosure of all terminals and wiring other than the supply conductors.

SEC. 41. **Gauge of Metals.** All sheet steel or iron used in the construction or installation of exterior signs or outline lighting shall be galvanized. If sheet copper is used, it shall be at least 20 ounce (0.028 inch). Sheet steel shall be not less than No. 28 USS gauge (0.156 inch) except that for gas-filled luminous tube-type signs and outline lighting troughs, boxes, and other enclosures shall be of No. 24 USS gauge (0.250 inch), unless ribbed, corrugated or embossed over its entire surface, when it may be of No. 26 USS gauge (0.188 inch).

SEC. 42. **Exterior Enclosures to Be Weather Proof.** Enclosures for exterior use shall be made weatherproof and shall have an ample number of drain holes, each not larger than ½ inch or smaller than ¼ inch.

SEC. 43. **Cutouts, Flashers, Etc., to Be Enclosed in Approved Metal Box.** Cutouts, flashers and similar devices placed on or within an enclosure or on or in a building shall be enclosed in approved metal boxes, the doors of which shall be arranged so that they can be opened without removing obstructions or finished parts of the enclosure. When exposed to the weather, these boxes shall be of the weatherproof type.

SEC. 44. **Standard Cutouts, Etc., to Be in Weatherproof Enclosure.** Standard cutout bases, panelboards, flashers, switches and other similar devices shall

be used when they are provided as part of the sign assembly. If on or within the body or structure of the sign, they shall be in a separate weatherproof enclosure of metal of not less than No. 28 USS gauge.

SEC. 45. **Sign and Outline Wiring, Minimum Wattage Requirements.** Each exterior electric sign shall be wired for and contain either incandescent light globes, luminous gaseous tubes and their supply equipment, or a combination of both incandescent light globes and luminous gaseous tubes. The amount of illumination supplied by an electric sign shall be not less than one lineal foot of tubing for each square foot area of the illuminated sides of the sign, but in no case, shall the wattage or volt-amperage required to supply sign illumination be less than 15 watts or 15 volt-amperes for each square foot of area of the illuminated side or sides of the sign.

SEC. 46. **Lampholders.** Lampholders for sign use shall be of the keyless porcelain or moulded composition type. Standard lampholders shall be used. Lampholders shall be so installed and of a type that will afford permanent and reliable means to prevent possible turning. Miniature type lamp holders shall not be employed for outside work.

SEC. 47. **Conductors to be Soldered, Etc., and Painted With Compound.** Conductors shall be fastened to lampholder terminals so as to be mechanically and electrically secure, and shall, in addition, be soldered. Terminals at lampholders and exposed parts of wires at the lampholder terminals shall be treated or painted with a suitable compound to prevent corrosion.

SEC. 48. **Conductors 600 Volt Circuits Shall Be Approved Rubber Covered.** The conductors for circuits within an electric sign operating at 600 volts or less, shall be approved rubber covered Type R "Flame Retarding" having an outer braid treated with flame retarding as well as moisture-proofing compound. No 600 volt conductor shall be smaller than No. 14 B. & S. Gauge.

SEC. 49. **Wireways.** Wireways within a sign enclosure shall be formed of metal not less than No. 24 USS Gauge.

SEC. 50. **Circuit Conductors to Be Identified.** Circuit conductors connected to the screw shell terminals of lampholders shall be identified by means of a white or natural gray braid. The braid of all other wires of the sign shall be of a contrasting color.

SEC. 51. **Insulated Conductors to Be Standard.** Insulated conductors for wiring above 600 volts shall be standard, suitable for the voltage involved, not smaller than No. 14 B. & S. Gauge and of the standard type. Uninsulated conductors used in signs shall be not less than No. 10 B. & S. Gauge.

SEC. 52. **High Voltage Conductors, How Supported.** The high voltage conductors shall be supported as close as practicable to the terminal connections, both at transformers and electrodes. When no support is provided at an electrode terminal, a support shall be provided within six (6) inches of the terminal or electrode connection.

SEC. 53. **High Voltage Conductors Not to Be Spliced.** Except at transformer connections, insulated high voltage conductors shall not be spliced. At transformers or electrodes, connections shall be mechanically secure. Standard connections shall be soldered before being fastened under clamps or binding screws. At gaseous tube electrodes, connections between high tension conductors and electrode leads shall be soldered or made with standard wire connectors suitable for this particular use.

SEC. 54. **No Condensers to Be Used in High Voltage Circuits.** There shall

be no condensers or current interrupting devices installed in the high voltage circuit.

SEC. 55. **Electrode Receptacles to Be Approved.** Electrode receptacles shall be of a type as approved by the Underwriters' Laboratories for sign installation.

SEC. 56. **High Voltage Conductors Not in Sign, How Installed.** High voltage conductors installed for outline or sign installation and not within the sign enclosure, shall be installed in conduit or electrical metallic tubing.

SEC. 57. **Neon Signs to Be Grounded.** Isolated non-current-carrying parts of outline lighting and skeleton letter type neon signs shall be grounded in accordance with approved wiring installation methods. All permanently installed signs shall be grounded.

SEC. 58. **Capacitors.** A capacitor intended for power factor correction shall be capable of withstanding without breakdown for a period of 15 minutes, a D. C. potential of five times its rated voltage.

SEC. 59. **Portable Electric Signs.** Portable electric signs shall be approved by the Underwriters' Laboratories and shall bear a label indicating the name of the manufacturer, the voltage, current and frequency necessary for the correct operation of the sign. Portable electric signs shall be installed only within the interior of a building or structure.

SEC. 60. **Portable Signs, Secondary Voltage.** Portable electric signs having a secondary voltage in excess of 7500 volts shall be provided with a three-conductor cord in order that said sign shall be grounded.

SEC. 61. **Grounding Permanent Signs.** The metal of all permanently installed signs shall be installed in an approved manner. The grounding conductor shall be installed as specified in Section 9 of the National Electric Code and the State Safety Orders. Where flexible metallic conduit is used for gaseous luminous tube installations, approved bonded fittings, arranged to provide the continuity of the conduit ground, shall be installed. The conduit grounding conductor may be installed in the same conduit with the sign circuit or feeder conductors, provided said conductor is of the insulated type.

SEC. 62. **Temporary Electric Signs.** This Department will permit the installation of temporary electric signs for advertising purposes provided that the sign is constructed of non-inflammable material, all wiring within eight feet of the ground or platform is suitably enclosed or protected and the electric work and installation of said sign is installed by a Master Electrician or Specialty Electrician under a permit issued by the Department. Permits for temporary electric signs shall not be issued for a period exceeding thirty (30) days.

SEC. 63. **Department of Electricity to Make Rules and Regulations for Installation of Signs.** The rules and standards governing the installation of electric signs and the wiring and installation of same shall be in accordance with the requirements of this ordinance and all supplementary rules as issued under the authority of existing law.

SEC. 64. **Time Limit and Failure to Rectify Complaints.** The failure and neglect of any Master Electrician or Specialty Electrician to correct, obviate or remove any fault, error, or deficiency in the doing or installing of any electrical work or electrical sign or outline work not in accordance with the provisions of this ordinance and the rules and regulations adopted and promulgated under the authority of existing law, within ten (10) days after the receipt of a written notice from the Department describing said complaints, shall

be deemed sufficient cause for the suspending or cancelling of any certificate of registration issued by the Department and held by the Master Electrician or Specialty Electrician doing said electrical work. In addition to the above, the Department shall charge a fee of One Dollar and Fifty Cents ($1.50) for each hour or fraction thereof that the Inspector of the Department spends in inspecting electrical work or fixture work that is not corrected within the specified ten (10) day period.

SEC. 65. **Illegal Use of Permit.** No person, firm or corporation registered as a Master Electrician or Specialty Electrician shall file an application for a permit to do or install any electrical work in connection with the installation of electrical signs and outlines unless such person, firm or corporation has a contract to do or install the same, or intends to do or install such electrical work on his or its own behalf and for his or its own account. The Chief of the Department shall have the power to cancel any permit found by him to be contrary to the provisions of this section.

SEC. 66. **Non-Liability of City for Damages.** This ordinance shall not be construed to relieve from or lessen the liability of any person, firm or corporation owning, operating or installing any electrical sign or outline work, or causing the same or any part thereof to be done, for damages to anyone injured by any defect therein, or any negligent doing or installation thereof, nor shall the City and County or any agent thereof be held liable therefor by reason of any inspection herein authorized and made by reason of the certificate of inspection and approval issued by the Department.

SEC. 67. **Penalty for Violation of This Ordinance.** Any person, firm or corporation who violates any of the provisions of this ordinance or any section or part thereof, shall be guilty of a misdemeanor, and upon conviction thereof, shall in addition to any other penalty herein provided for, be punished by a fine not exceeding five hundred dollars ($500.00) or by imprisonment for not more than six (6) months in the County Jail, or by both such fine and imprisonment. Every person, firm or corporation shall be deemed guilty of a separate offense for each day such violation shall continue, and shall be subject to the penalty imposed in this section for each and every separate offense.

SEC. 68. **Repealing All Conflicting Ordinances and Parts of Ordinances.** All ordinances and parts of ordinances in conflict with the provisions of this ordinance, and particularly Ordinance No. 8962, New Series, regulating the installation, alteration and maintenance of signs, are hereby repealed.

SEC. 69. **Validity of Ordinance.** In the event that any part, clause, sentence or section of this ordinance shall be judged void and of no effect, such decision shall not affect the validity of the rest and remaining part of the ordinance.

**REGULATING ERECTION AND MAINTENANCE OF POLES.**

(Code No. 11.11)

Also, Bill No. 1077, Ordinance No. 11.116, as follows:

Regulating the placing, installing, operating and maintenance of poles and electrical wires, appliances, apparatus or construction, and traffic control devices in or on the streets and sidewalks in the City and County of San Fran-

cisco, and repealing Ordinance Nos. 621, 1564 and 6200 (New Series) and all ordinances or parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco, as follows:

SEC. 1. **Regulating the Erection of Poles on Streets and Sidewalks.** It shall be unlawful for any person, firm or corporation to erect or maintain any pole on the streets or sidewalks of the City and County of San Francisco, unless permission, in writing, is first given by the Department of Public Works.

SEC. 2. **Prohibiting Maintenance of Poles in Proximity to Light Poles, etc.** It shall be unlawful to erect or maintain any pole on the streets or sidewalks of San Francisco at a point which is situated nearer than ten (10) feet to a pole on which is supported a lamp maintained by the City and County for lighting the public streets, or any traffic signal, traffic sign or other traffic control device.

SEC. 3. **Poles to Be Painted, etc.** It shall be unlawful for any person, firm or corporation to maintain any pole on the streets or sidewalks in the City and County of San Francisco, unless it be painted with suitable material to the satisfaction of the Department of Electricity. Such poles shall not have attached thereto any cleat, ladder or projecting appliance to assist a person in ascending said poles, which cleat, ladder or projecting appliance shall be less than seven (7) feet above the sidewalk surface.

SEC. 4. **Providing for Filing of Plans With the Department of Electricity.** It shall be unlawful to place, install, operate or maintain any electrical wires, appliances, apparatus or construction in or on the streets or sidewalks of the City and County of San Francisco, unless executed in accordance with plans and specifications previously approved in writing by the Chief of the Department of Electricity of said City and County; provided, however, that a copy of said plans and specifications as approved shall be placed on file in the office of the Department of Electricity. The permit for the placing, installing, operating or maintaining of electrical wires, appliances, apparatus or construction must be shown to the inspector of the Department of Electricity upon request at the time and location of such construction.

SEC. 5. **Appliances in Proximity to Light Wires, etc.** It shall be unlawful to erect, construct, operate, or maintain any appliance, scaffold, elevator, derrick, or hoist which shall be in proximity to any light, power, trolley, feeder, telephone, telegraph, or fire alarm wire, or to erect, construct, operate, or maintain any appliance, scaffold, elevator, derrick, or hoist to which shall be attached any wire, guy or appliance which shall be liable to contact with any light, power, trolley, feeder, telephone, telegraph, or fire alarm wire, in or on streets or sidewalks in the City and County, unless executed in accordance with plans and specifications previously approved in writing by the Chief of the Department of Electricity of said City and County; provided, however, that a copy of said plans and specifications as approved shall be placed on file in the office of the Department of Electricity.

SEC. 6. **Unlawful to Advertise, etc., on Poles.** It shall be unlawful for any person, firm or corporation to paste, paint, affix or fasten, or cause to be pasted, painted, affixed or fastened on any telegraph, telephone, electric light or lamp pole, any advertisement, bill, notice, card, sign, or advertising device, excepting street or hospital signs for which permission must be obtained from the person, firm or corporation owning or controlling such poles, and from the Department of Public Works.

SEC. 7. **Penalty.** Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punishable by a fine not to exceed five hundred ($500.00) dollars or by imprisonment in the County Jail for a period of not more than six (6) months, or by both such fine and imprisonment.

SEC. 8. **Repealing Clause.** Ordinance Numbers 621, 1564 and 6200 (New Series) and all ordinances or parts of ordinances, in so far as they conflict with this ordinance, are hereby repealed.

**Adopted.**

The following resolutions were *adopted*:

**Intention to Close a Portion of Congo Street From Mangels Avenue Northerly 36.064 Feet.**

(Code No. 12.0621)

On recommendation of Streets Committee.

Resolution No. 2672, as follows:

Resolved, That the public interest requires that the certain following described portion of Congo street be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Congo street more particularly described as follows, to-wit:

Beginning at the point of intersection of the westerly line of Congo street with the northerly line of Mangels avenue; thence northerly along said line of Congo street 36.064 feet; thence deflecting 90 degrees 01 minute to the left and running westerly 19.50 feet; thence deflecting 89 degrees 59 minutes to the left and running southerly 36.058 feet to the northerly line of Mangels avenue; thence easterly along said line of Mangels avenue 19.50 feet to the point of beginning.

Said closing and abandonment of said portion of Congo street shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Congo street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

**Grade Changes, Ortega Street and Thirty-first, Thirty-second, Thirty-third, Thirty-fourth and Thirty-fifth Avenues.**

(Code No. 12.0721)

Also, Resolution No. 2714, as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Order No. 4345 of the

Director of Public Works dated July 8, 1936, making written recommendation of said action, filed with said Board July 14, 1936, to-wit:

## COMMITTEE OF THE WHOLE.

On motion of Supervisor McSheehy, the Board of Supervisors resolved itself into a Committee of the Whole and the following matters were taken up for consideration:

### Re Enforcement of Ordinance No. 581, Section 12, Requiring Street Cars to Stop Before Railroad Crossings.

The following motion, laid over from yesterday's meeting and made Special Order for 3 p. m. this day in Committee of the Whole, was taken up:

Supervisor Havenner, seconded by Supervisor Mead, moved that the Board of Supervisors instruct or call upon the Chief of Police and the District Attorney to enforce the law of the City and County of San Francisco requiring street cars to stop within a specified distance of every railroad crossing, and requiring the conductor or other operator of said street railway car to alight, proceed to the track and signal the street car across, in the interest of the safety of the passengers, in the event that the City Attorney advises that they would not be violating the federal injunction by so doing.

### Opinion of City Attorney Re Stopping of Street Cars at Steam Railroad Crossings.

The following was presented and read by the Clerk:

August 4, 1936.

Dear Sirs: You have directed my attention to Section 12 of Ordinance No. 581 (New Series) and ask if it is compulsory for street cars operated by one man to comply with the provisions of this section.

*Opinion.*

Section 12 of Ordinance No. 581 (New Series) reads as follows:

"Section 12. Whenever a car approaches the track of a steam railroad it must, within twenty-five (25) feet of the nearest rail of such steam railroad, come to a full stop. The conductor must leave the car, approach close to the steam railroad track, and stop and look and listen; and if satisfied that no engine, car or train is approaching in the direction of the street railroad track, he must signal the motorman, gripman or other person in charge of the car to go ahead. Under no circumstances shall the car proceed without such signal.

"In lieu of compliance with the provisions of this section, all persons, firms and corporations operating street railroads in said City and County may employ a watchman or flagman at the point of intersection of the street railroad tracks and the steam railroad tracks, and such

watchman or flagman shall give the necessary warning of the approach of any engine, train or car on such steam railroad track."

It is quite evident from the provisions of this section that, at the time the ordinance was adopted by the Board of Supervisors, said Board had in mind only street cars which would be operated by a motorman and a conductor, for you will note that it is provided in the ordinance that it shall be the conductor who leaves the car, approaches the railroad track and, if satisfied that no engine or train is approaching, signals the motorman or gripman to go ahead.

It would appear to me that it would not be possible for the operator of a one-man car to comply with this particular provision in the ordinance for the reason that he would have to leave his car unguarded, make the investigation at the railroad track and there would be no one on the car to whom he could signal to come ahead and safety conditions might entirely change between the time he left his place of view at the railroad track and returned to his car.

However, you will note from the second subdivision of the section that there is an alternative offered to persons, firms and corporations operating street railroads and that is that said person, firm or corporation may employ a watchman or flagman at the point of intersection of the street railroad tracks and the steam railroad tracks. Such watchman shall give approaching street cars warning of any engine or train approaching the crossing on the steam railroad track.

In my opinion there is no reason why a company operating a one-man car cannot comply with the provisions of the second subdivision of the above mentioned section. The mere fact that a company sees fit to operate a car with only one man does not relieve said company from the duty of complying with the ordinance and, as I have said, where it may be impossible to comply with the first subdivision of the section, there is no reason why the second subdivision should not be complied with.

This particular section of the ordinance was called to the attention of the court in the recent trial of one-man car case and I think it was understood by all that the operation of street cars by only one man would not relieve the company from the duty of complying with the second subdivision of the section.

You are therefore advised that, in my opinion, the Market Street Railway Company, in the operation of all its cars, must comply with either alternative as set forth in Section 12 of Ordinance No. 581 (New Series).

Yours very truly,

JNO. J. O'TOOLE, City Attorney.

**Motions.**

After discussion, the following motions were duly made and carried to-wit:

Supervisor Havenner, seconded by Supervisor Mead, moved that this Board of Supervisors address a letter to His Honor the Mayor, enclosing copy of the City Attorney's opinion rendered here today and directing his attention to the fact, which we believe to be a fact, that the sections of this Ordinance are not being enforced in San Francisco and requesting him to direct the Police Department to enforce this law.

Motion *adopted* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Absent—Supervisors Brown, Colman, Schmidt—3.

Supervisor Havenner, seconded by Supervisor Mead, moved that the City Attorney be requested to make investigation of all city ordinances and state laws that may be enforceable to protect the safety of the traveling public of San Francisco on the one-man street car, and to report any ordinances or laws other than those already considered which may be enforceable with respect to this problem.

There being no objection, the motion was declared *carried.*

### Conference Between Municipal Railway and Market Street Railway to Discuss Rapid Transit.

(Code No. 15.091)

The following matter was taken up:

Resolution No. 2726, as follows:

Whereas, rapid transit is of vital necessity to all street car patrons of San Francisco; and

Whereas, the recent report of the Public Utilities Commission provides rapid transit for only the patrons of the Municipal Railway; and

Whereas, due to changes in transportation conditions which will be brought about when East Bay transportation moves over the San Francisco-Oakland Bay Bridge; and

Whereas, said change will necessitate re-routing much of the street car system; therefore, be it

Resolved, That a conference be called at an early date between representatives of the Municipal and the Market Street Railways to discuss the following:

1. Best means of rapid transit of all street car patrons in San Francisco.
2. Elimination of duplicate service.
3. Universal transfer.
4. Possibility of joint operation.
5. Price and terms covering purchase of the Market Street Railway.
6. Price and terms covering purchase of the San Mateo Line.

### Rapid Transit Discussion Deferred.

After discussion Supervisor Shannon, seconded by Supervisor McSheehy, moved that the Board of Supervisors meet on Monday evenings at 8 o'clock for the purpose of giving consideration to the problem of rapid transit in San Francisco.

There being no objection it was *so ordered.*

**Parking Meter Ordinance.**

(Code No. 11.02)

Also, Bill No. 1065, Ordinance No. 11.0218, as follows:

Authorizing the Police Commission of the City and County of San Francisco to install parking meters for the purpose of regulating the parking of vehicles on the streets of the City and County of San Francisco, and regulating the installation of the same, and providing for the deposit of money in said meters to defray the cost of regulation and traffic, and giving to said Police Commission the right to make regulation relative to parking and parking meters, as well as the manner in which said parking meters shall be acquired, defining certain terms used herein and fixing a penalty for the violation of the ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The word "vehicle" as used herein shall mean any device in, upon or by which any person or property is or may be transported upon a street or highway, except those operated upon rails or tracks, or vehicles operated by any special permit issued by the City and County of San Francisco, or any department thereof.

The word "park" or "parking" when used herein shall mean the standing of a vehicle, whether occupied or not, provided that vehicles stopping or stopped temporarily for the purpose of loading or unloading passengers or merchandise shall not be deemed to be parked in so long as the process of loading or unloading continues, provided that the Police Department may regulate the time that any vehicle shall remain temporarily stopped for the purpose of loading or unloading merchandise.

The words "parking meter" when used herein shall mean any device which, when the recording dial thereof is set in motion by the deposit of any coin or equivalent thereof, shall register the time that any vehicle is parked adjacent to said parking meter.

The words "loading zone" when used herein shall mean a space or section of the curb set aside for the exclusive use of loading and unloading persons, supplies and merchandise.

Section 2. The Police Commission of the City and County of San Francisco is hereby authorized to establish parking meter zones, each of which zones shall be of sufficient size to permit the parking of only one vehicle, on any street on which time limitations have heretofore been, or may hereafter be, provided by ordinance of the Board of Supervisors, and to place upon the sidewalk adjacent to said parking zone such device or devices as the Commission shall deem proper, which will, upon the deposit of a five cent coin, lawful money of the United States, set the mechanical equipment of said device in motion so that said device will accurately measure, in minutes, the period of time during which said vehicle may park in said parking meter zone without violating the ordinance or ordinances regulating parking upon the street on which said parking meter zone is established. Said parking meter shall also be constructed and mechanically equipped so that the same will, upon the expiration of the period of time, commencing with the deposit of said five cent coin, and ending with the expiration of the period of time that the parking of a vehicle is, by ordinance, permitted in the block in which said parking meter space is situated, display a flag, sign or signal which will indicate that the permitted time for the parking of said vehicle, as provided by the ordinance regulating parking in the block in which said parking meter zone is situated, has expired.

Section 3. No person shall park, or stop, any vehicle in any parking meter zone, as established under authority of this ordinance, except as permitted by this ordinance, without depositing in the parking meter adjacent to said space a five cent coin, lawful money of the United States, nor shall any person permit any vehicle to remain

stopped or parked in any parking meter zone beyond the time permitted by ordinance for the parking of vehicles in the block in which said parking meter zone is situated without depositing in said parking meter an additional five cent coin, and each time that said person parking said vehicle shall deposit said coin in said parking meter, his right to continue to permit said vehicle to remain parked in said space shall be extended for the period during which the parking of vehicles may be permitted in the block in which said parking meter zone is situated.

Section 4. Whenever any person shall drive or conduct any vehicle into any parking meter zone, as established under authority of this ordinance, or to which any parking meter is adjacent, or for which any parking meter has been set, erected or established, to remain stopped for any purpose except to receive or discharge passengers or merchandise as permitted by this ordinance, or within the hours during which free parking is permitted by this ordinance, he shall forthwith deposit in said meter a five cent coin, lawful money of the United States, and on the deposit of said coin said vehicle may remain stopped or parked in said space for the period of time permitted by the ordinance of the Board of Supervisors regulating the parking of vehicles in the block within which said parking meter zone is situated.

Section 5. The time allowed by ordinance of this Board for parking any vehicle in any parking meter zone may be extended by the deposit of an additional five cent coin in said parking meter, which said deposit shall entitle the owner, driver or operator of said vehicle to remain legally parked in said parking meter zone for an additional period not to exceed the parking limit fixed by ordinance of the Board of Supervisors regulating parking in the block within which said parking meter zone is situated.

No person shall stop or park any vehicle in said parking meter zone, except as permitted by this ordinance, without depositing said five cent coin, lawful money of the United States, in said parking meter immediately adjacent to said zone, and no person shall permit any vehicle to remain parked in said parking meter zone beyond the period of time permitted by the ordinance regulating parking in the block within which said parking meter zone is situated without depositing in said parking meter the additional five cent coin as hereinbefore provided for.

Section 6. The Police Commission shall have full power and authority to allot and indicate by suitable lines, or other means of indication, the space within which any vehicle must be stopped or parked on any street or block on which parking meters are installed, as well as to select the particular part of the curb or sidewalk adjacent to said parking meter zone on which said parking meter shall be installed, and said Commission may provide for, and indicate by suitable signs, the hours when it will be permissible to stop or park vehicles in any block where parking meter zones are established without depositing said five cent coin in said parking meter adjacent to said parking space. Said Commission is also authorized to establish such loading zones for the loading or unloading of passengers or merchandise in any block as may be necessary for the convenience of the occupants of said block and to regulate the use of said loading zone.

Section 7. It shall be unlawful to deposit or cause to be deposited in any parking meter any slug, device or substitute for a five cent coin of the United States.

Section 8. It shall be unlawful for any unauthorized person to deface, injure, tamper with, open or wilfully break, destroy or impair the usefulness of any parking meter installed under the terms of this ordinance.

Section 9. The five cent coins required to be deposited as provided herein are hereby levied as police regulation and inspection fees to cover the cost of inspection and regulation involved in the inspection, installation, operation, control and use of the parking spaces and parking meters described herein and involved in checking up and

regulating the parking of vehicles in the parking meter zones created hereby, as well as for the regulation of traffic.

Section 10. Any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished for the first offense by a fine not to exceed fifty ($50.00) dollars, or by imprisonment in the City Jail for not more than five (5) days; for a second offense within a period of one (1) year from the date of the first offense by a fine not to exceed one hundred ($100.00) dollars, or by imprisonment in the City Jail for not more than ten (10) days, or by both such fine and imprisonment; for a third and each additional offense committed within one (1) year from the date of the first offense by a fine not to exceed three hundred ($300.00) dollars, or by imprisonment in the City Jail for not more than three (3) months, or by both such fine and imprisonment.

Section 11. If any section, sub-section, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, sub-section, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses or phrases be declared unconstitutional.

Section 12. Any ordinance inconsistent with any of the terms and provisions of this ordinance is hereby repealed, provided, however, that such repeal shall be only to the extent of such inconsistency and in all other respects this ordinance shall be cumulative of other ordinances regulating and governing the subject matter covered by this ordinance.

Section 13. All coins deposited in any parking meter shall be collected each day by members of the Police Department, and shall be deposited in the treasury of the City and County as required by charter.

Section 14. It shall be proper for the Police Commission to enter into such contracts through the agency of the Purchaser of Supplies for the furnishing and installation of such parking meters as it shall deem proper, whenever sufficient funds shall be provided for said purpose, or said Police Commission may through said Purchaser of Supplies enter into a contract or contracts with any person, firm or corporation for the furnishing or installation of said parking meters upon the basis that the person, firm or corporation installing or furnishing the same shall be paid the cost thereof from the coins deposited in said meters, in which latter event the title to said meters shall remain in the person, firm or corporation furnishing the same until the purchase price of said meters is paid.

Section 15. No parking meter shall be installed by said Police Department, or under its direction, unless the person, firm or corporation furnishing said parking meter shall agree to hold and save the City, its officers and employees harmless from all claims for damages of every kind and nature, arising from, or incident to, any claims or demand for any infringement of any patent or copyright covering or alleged to cover any parking meter installed under authority of this ordinance and refund and pay on demand to the City or to any of its officers or employees any and all amounts which the said City or any of its officers and employees may expend in defending or prosecuting any litigation incident to any alleged patent or copyright infringement on any of said meters so installed.

The following matters were *laid over one week*:

**Appropriating $19,431 Expenses of 1 Structural Engineer, 2 Structural Engineer Inspectors, 3 Building Inspectors and 1 General Clerk-Stenographer for the Bureau of Building Inspection, Department of Public Works.**

(Code No. 9.051)

Bill No. 1091, Ordinance No. 9.051298, as follows:

Appropriating $19,431 from the Emergency Reserve Appropriation No. 602.900.00 for the expenses of 1 structural engineer, 2 structural engineer inspectors, 3 building inspectors and 1 general clerk-stenographer for the Bureau of Building Inspection, Department of Public Works.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of $19,431 be and is hereby set aside and appropriated from the Emergency Reserve Appropriation No. 602.900.00 for the payment of salaries of 1 structural engineer at $300 per month, 2 structural engineer inspectors at $250 per month, 3 building inspectors at $225 per month and 1 general clerk-stenographer at $150 per month; and transportation of 5 inspectors at $30 per month each in the Bureau of Building Inspection, Department of Public Works, for the portion of the fiscal year 1936-37 from August 15, 1936, to June 30, 1937; said appropriation to be considered as a loan for the purpose mentioned and the sum of $19,431 to be returned to said Emergency Reserve Fund from moneys deposited in the General Fund collected by the Central Permit Bureau for fees accruing from building permits for the expenses under provisions of Ordinances Nos. 1008 (N. S.), 2107 (N. S.), 3361 (N. S.), 4059 (N. S.), 5136 (N. S.), and Bill No. 275, Ordinance No. 3.04120.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does by the vote by which this ordinance is passed hereby declare that an actual emergency exists which necessitates this ordinance becoming effective at once; that the nature of said emergency is as follows, to-wit: That the appropriation herein provided for is necessary to provide funds for the employments of the various employees above mentioned in order to make the necessary inspections compelled by law to be made by the said Bureau of Building Inspection, and therefore to provide for the uninterrupted operation of said department.

(Code No. 15.093)

Resolution No. 2733, as follows:

Resolved, That the Board of Supervisors does hereby approve the application of the Santa Fe Transportation Company, subsidiary of

the Atchison, Topeka and Santa Fe Railway Company, before the Railroad Commission of the State of California for certificates of public convenience and necessity authorizing it to engage in the transportation of passengers by stage upon the public highways of this State, between the City and County of San Francisco and Los Angeles and intermediate points and elsewhere, such stage service to be coordinated or integrated with the passenger train service of the Atchison, Topeka and Santa Fe Railway Company; and be it

Further Resolved, That the City Attorney be and is hereby authorized and requested to file with the Railroad Commission of the State of California the intervening petition of this Board in support of said applications, and to appear in the proceedings before the Commission and present suitable and proper evidence as to the interest of the City and County of San Francisco in the matter of said applications; and be it

Further Resolved, That the City Attorney be and is hereby further authorized and requested to petition the Railroad Commission, in the course of such intervention, to require the routing of two of the four bus schedules proposed to be established each way between the City and County of San Francisco and Los Angeles over the San Mateo bridge and the peninsula into and out of San Francisco.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

### Resolution for the Appointment of a Committee to Be Known as the Grand National Livestock Exposition Committee.

(Code No. 5.93)

Supervisor Ratto presented:

Resolution No. 2734, as follows:

That whereas, the Legislature did in 1931 appropriate the sum of $250,000 for the erection of livestock exposition buildings under the direction of Agricultural District 1-A, comprising San Francisco and San Mateo counties; and

Whereas, said appropriation was contingent upon the appropriation of a like sum by San Francisco and the purchase of a site for the exposition; and

Whereas, San Francisco did appropriate $250,000; and

Whereas, a site has been purchased, and the work of grading and excavating has been going on until today the grading is approximately 90 per cent done; and

Whereas, the erection of foundations for Unit No. 2 of said buildings is now in progress and the San Francisco Chamber of Commerce intends to officiate at the laying of the cornerstone of this building on August 18 at 11 o'clock a. m. of said day; and

Whereas, San Francisco fully appreciates the importance of the livestock industry not only to this City but to the State as well, it being the second in importance in the State; and

Whereas, the livestock exposition buildings are not only being erected for the benefit of the livestock interests but for the commercial interests of San Francisco as well, because the Grand National Livestock Exposition will bring to San Francisco visitors, exhibitors and livestock from all parts of the world because San Francisco is the livestock center of the entire west; and

Whereas, Unit No. 2 of the Grand National Livestock Exposition is in process of erection, and will, when completed, seat 17,000 people, each one of whom will have a clear, unobstructed view of the main arena, which is 220 feet in length by 145 feet in width, the span of this building being 300 feet, forty feet longer than any other building of this kind and character ever erected in the world; and

Whereas, both P. W. A. and W. P. A. national organizations are cooperating with this City and the State of California in the erection of these splendid buildings; and

Whereas, San Francisco and San Mateo counties are desirous of having a Grand National Livestock and Horse Show held in the buildings to be erected in November of 1937; now, therefore, be it

Resolved, That the Mayor appoint a committee of San Francisco citizens to act in conjunction with the San Francisco Chamber of Commerce in the laying of the cornerstone and in aid and assistance of the Grand National Livestock Exposition and also of Agricultural District 1-A in its plans and efforts to complete the whole project.

### Enforcement of Ordinance Requiring Street Cars to Stop Before Crossing Steam Railroad Tracks.

Supervisor Havenner, seconded by Supervisor Mead, moved that Clerk be directed to address a letter to Chief of Police in connection with Order No. 151 of the Police Department re Section 12 of Ordinance No. 581 (New Series) as to rules to be observed by conductor of electric cars after approaching to within 25 feet of the nearest rail of a steam railroad, asking the Chief of Police to advise the Board of Supervisors what steps have been taken to provide for the enforcement of the ordinance.

*So ordered.*

### Moving Picture, "San Francisco."

Supervisor Uhl moved the privilege of the floor for Mr. Merryman of the San Francisco Chamber of Commerce, who advised the Board that objectionable features of the film had been or would by this time have been taken out of the picture "San Francisco" by the producers and that no further harm could come to San Francisco through its showing.

### Meeting Announcement.

Supervisor Mead called meeting of Fire, Safety and Police Committee for Thursday, August 13, at 10 a. m.

### Ocean Shore Boulevard.

Supervisor Shannon presented letter dated August 8, 1936, signed by Mary R. Schwab, Secretary, Board of Directors, Joint Highway District No. 9, as well as Resolution No. 65, having for their purpose the allocation of funds by the City and County of San Francisco for its proportionate cost of construction of the Waddell Beach to Davenport Unit of the Ocean Shore boulevard.

*Referred to Finance Committee.*

### Pension Lists.

Supervisor Uhl moved that the Board of Supervisors approve the report of the Director of Public Welfare for July 24 and July 31, 1936, covering blind aid, widows' pensions and old-age pensions.

Controller Leavy agreed to a conference with Supervisor Uhl, City Attorney O'Toole, Assemblyman Hornblower and Frank Fenton, attorney for Controller, as to the latter's interpretation of the Social Securities Act respecting the time pensions are to be paid after approval by the Board of Supervisors.

### In Memory of Chris Bauer of Firm of Bauer-Schweitzer Hop and Malt Company.

On motion of Supervisor Shannon, the Board of Supervisors, by unanimous rising vote, *adopted* the following:

The Board of Supervisors learns with deep regret of the passing of Chris John Bauer in this City on August 8, 1936.

San Francisco and the State of California suffer, through the loss of Chris Bauer, a kindly, courteous and unassuming gentleman; a businessman of unimpeachable integrity; a respected and well-loved figure in brewing circles of the West and the nation; an enthusiastic supporter of collegiate sports; a member of the Naval Reserve Force, in which he served with distinction; one of the founders of the annual East-West Football Game for the benefit of crippled children, and finally a man whose private and unheralded charities marked him as worthy of a place high in the Book of Gold.

San Francisco was indeed fortunate to have embraced Chris Bauer in its citizenry.

Sadly, this Board of Supervisors conveys its expression of profound sympathy to the bereaved mother and family of Chris Bauer, and adjourns this meeting out of respect to his memory.

### Majority and Minority Reports on Hetch Hetchy Power Distribution.

The following matters were presented and read by the Clerk:

#### Majority Report.

San Francisco, California,
August 7, 1936.

To the Honorable, the Board of Supervisors, City Hall, San Francisco.

Gentlemen: Your Special Committee to Study and Report Upon Disposal of Hetch Hetchy Power at meeting Friday, August 7, 1936, at which were present Supervisors McSheehy (Chairman), Colman and Havenner, took the following action:

On motion of Supervisor Havenner, seconded by Supervisor Colman, recommended to the Board of Supervisors for submission to Secretary of the Interior, Plan No. 7 (being one of three plans submitted to the Board of Supervisors by the Public Utilities Commission on July 15, 1936), a brief outline of which is given below:

Plan No. 7, submitted by Public Utilities Commission July 15, 1936, which has for its purpose the ownership and operation of entire San Francisco electric supply with a capital investment as follows:

| | |
|---|---|
| Total New Investment | $43,700,000 |
| Hetch Hetchy Capital | 8,500,000 |
| Total Capital | $52,200,000 |

This plan is more extensive than either of Plans 5 or 6 and less costly than Plan 6. In every way it is in conformity with Secretary of the Interior's interpretation of the Raker Act.

Contemplates the purchase of the entire San Francisco distribution system of the P. G. & E. Will be served with Hetch Hetchy power to fullest capacity of present plants, augmented by Red Mountain Bar Power House. City's own power will not fully meet demands of entire system, therefore, it is proposed to buy additional power and standby service from P. G. & E.

To keep initial investment to the minimum, proposed to lease transmission and step down service from P. G. & E. The only electric supply in San Francisco not to be taken over by the City is that of the former Sierra and San Francisco Power Company, now part of the P. G. & E., serving the Market Street Railway.

To which Supervisor McSheehy voted no, stating he would file minority report in support of his "Report to the Hetch Hetchy Power Committee in Relation to Application of City and County of San

Francisco for a Grant by the Federal Government of $46,785,000 for the Distribution of Electric Power in San Francisco, Known as PWA Docket No. 1548-R," dated July 24, 1936, which was in substance Plan No. 6 as submitted by Public Utilities Commission.

Respectfully submitted,

SPECIAL COMMITTEE TO STUDY AND REPORT UPON DISPOSAL OF HETCH HETCHY POWER,

Supervisor COLMAN,
Supervisor HAVENNER,

---

Minority Report.

**Report in Relation to Application of City and County of San Francisco for a Grant by the Federal Government of $46,785,000 for the Distribution of Electric Power in San Francisco, Known as PWA Docket No. 1548-R.**

*Submitted by Supervisor James B. McSheehy, Chairman, Special Committee to Study and Report on Distribution of Hetch Hetchy Power.*

Dated this seventh day of August, 1936, at San Francisco, Calif.

July 24, 1936.

To the Honorable, Board of Supervisors, the Special Committee to Study and Report Upon Disposal of Hetch Hetchy Power, City Hall, San Francisco.

Gentlemen: On December 19, 1913, President Wilson signed the Raker Act, which granted to the City and County of San Francisco the right of way and use of public lands in Yosemite and Stanislaus National Parks, and elsewhere, for the purpose of constructing, maintaining and operating reservoirs, dams, conduits and other structures necessary for the use of water and power. The act was fought by the power companies, nature lovers and others for months, and the framers of the act knew that if there were any flaw in the act advantage would be taken and the intent of the act would not be carried out.

With that thought in mind the act was drafted with such care that three Secretaries of the Interior, under three different Presidents, have informed the Board of Supervisors of this City and County that we must distribute our own power generated at Hetch Hetchy, and if we do not live up to the act, which is a contract between the City and County of San Francisco and the Government of the United States, we would find ourselves in a very embarrassing position, and perhaps we might lose our rights to the lands in Yosemite and Stanislaus National Parks. This would mean the confiscation of the entire Hetch Hetchy project.

The responsibility lies in the hands of this committee and must be met. We have had a number of meetings and have received from the Manager of Utilities five different plans which have been submitted to the Secretary of the Interior. They all have been rejected on the ground that they did not comply with the Raker Act.

On April 27, 1936, Resolution No. 2541 was passed instructing the Controller and the Public Utilities Commission to prepare plans and estimates so that applications could be made to finance a portion of the Hetch Hetchy project according to the Act of Congress allowing the sum of $1,425,000,000 to the Works Progress Administration as an expenditure for the various kinds of public improvements.

An application was made on May 16, 1936, calling for an expenditure of $46,785,000 for an entirely new plan for the distribution of Hetch Hetchy power to the City and County of San Francisco. On June 8, 1936, the Board of Supervisors passed a resolution authorizing me, while in Washington, to call on Secretary of the Interior Ickes and

request from him as large an amount as may be advisable toward the $46,785,000 estimated for the distributing system of the Hetch Hetchy power project. I carefully compiled the following statement of facts which I presented to the Secretary of the Interior, and to Solicitor E. I. Kirgis, as well as to Colonel Clark, who is in charge of the distribution of WPA funds.

STATEMENT OF FACTS
Submitted June 29, 1936

CITY AND COUNTY OF SAN FRANCISCO
June 15, 1936

Board of Supervisors, Clerk's Office, Room 235, City Hall

Honorable Harold L. Ickes, Secretary of the Interior, Washington, D. C.

Dear Sir: For your perusal, I respectfully submit herewith a *Statement of Facts in relation to the application of the City and County of San Francisco for a grant by the Federal Government of thirty per cent (30%) of $46,785,000 for the distribution of electric power in San Francisco, known as PWA Docket No. 1548-R,* mailed to you at Washington, D. Total ..... $130,600,000

*Results of Elections*: The question of retail power distribution by

the City and County of San Francisco was submitted for public vote on three occasions. The propositions submitted and the election results follow:

| | Amount of Bond Issue | Yes | No |
|---|---|---|---|
| November 8, 1927— | | | |
| Transmission line and step-down station bonds defeated | $ 2,000,000 | 52,216 | 50,727 |
| August 26, 1930— | | | |
| 1. Acquisition of P. G. & E. properties. | 44,600,000 | 25,383 | 63,638 |
| 2. Acquisition of Great Western Power Co. properties | 18,945,000 | 25,256 | 63,387 |
| 3. Construction of transmission lines from Newark to San Francisco | 3,525,000 | 25,788 | 61,972 |
| 4. Construction of power house at Red Mountain Bar | 1,045,000 | 26,001 | 61,422 |
| November 7, 1933— | | | |
| Construction of power house at Red Mountain Bar and a distribution system in San Francisco for electric energy generated on the Hetch Hetchy System, including necessary substations and standby plants, lands and rights of way | 6,308,000 | 71,746 | 73,010 |

The Pacific Gas & Electric Company's properties in the northern part of the State of California are valued by the State Railroad Commission for rate-making purposes at approximately $420,000,000. During the year 1935 their receipts were $54,174,468; in the City of San Francisco these receipts amounted to 29.2 per cent of the entire system, or $15,783,022. There are about 25,000 Pacific Gas & Electric Company stockholders in the City of San Francisco.

In San Francisco the revenue derived is divided into five (5) units, as follows:

Proportion of revenue derived from:

| | | |
|---|---|---|
| (a) | Domestic and commercial lighting and appliances | 46.0% |
| (b) | General power | 37.0% |
| (c) | Street railroads, Market Street and Municipal | 10.5% |
| (d) | Street lighting | 5.0% |
| (e) | Miscellaneous municipal light and power | 1.5% |
| | Total | 100.0% |

Units a, b, d and e pay an average of about 3¾ cents a kilowatt; c pays about 1¼ cents a kilowatt, making a total average of about 3½ cents a kilowatt throughout the entire city. Two reductions of 10 per cent each have taken place during the past two years.

For the past ten years San Francisco has been selling to the Pacific Gas & Electric Company an average of about 400,000,000 kilowatts per year at a little less than ½ cent a kilowatt, amounting to approximately $2,000,000 per year. The Pacific Gas & Electric Company has re-sold this power to the consumers in San Francisco for about $10,000,000 per year.

During the entire construction work at Hetch Hetchy, from the years 1913 to 1934 (21 years), approximately $30,000,000 was spent in interest.

During the past year two separate delegations of City officials were sent to Washington, armed with five different sets of plans, asking your approval of one of them. All of which contemplated the distribution of Hetch Hetchy power in San Francisco in a co-partnership with the Pacific Gas & Electric Company.

You carefully considered these plans and reported on two different occasions in writing that they did not comply with Section 6 of the Raker Act, and you, therefore, could not approve any one of them.

We consume in San Francisco on our peak load, which is during the

Christmas week, about 165,000 kilowatts, and our present Hetch Hetchy Moccasin Creek plant generates approximately 400,000,000 kilowatts per year. This new plan submitted to you on May 16, 1936, known as PWA Docket No. 1548-R, calls for a distributing system of 600,000,000 kilowatts per year, at a cost of $46,785,000, made up of the following items:

ESTIMATE OF COST OF PROJECT

| | | | |
|---|---|---|---|
| (a) | Preliminary expenses | | $ 100,000 |
| (b) | Cost of land, rights of way, easements | | 350,000 |
| (c) | Construction cost (list of items of breakdown, giving quantities and unit prices): | | |
| | Addition to Moccasin Power House | $ 2,091,000 | |
| | Distribution plant—purchase | 25,000,000 | |
| | Transmission and communication | 3,520,000 | |
| | Steam standby plant | 7,963,000 | |
| | Step-down station | 1,543,000 | |
| | Operating headquarters and garage | 865,000 | |
| | Sub-transmission | 2,275,000 | |
| | Adaptation of plant purchased | 194,000 | |
| | Contingencies included above | ..... | |
| | Total construction cost | | 43,451,000 |
| (d) | Engineering, architectural and other fees for technical service | | 788,000 |
| (e) | Legal, administrative and overhead costs. | | 196,000 |
| (f) | Interest during construction | | 1,000,000 |
| (g) | Miscellaneous costs in reasonable detail: | | |
| | 1. Service and office equipment | 250,000 | |
| | 2. Materials and supplies | 150,000 | |
| | 3. Working cash | 500,000 | |
| | 4. See supplemental data | ..... | |
| | Total miscellaneous charges | | 900,000 |
| | Total estimated cost of project | | $46,785,000 |

For details concerning above figures see "Data Supporting Grant Application" (PWA Form No. 175), in PWA Docket No. 1548-R.

In closing, may I make this brief statement, that San Francisco has invested in the Hetch Hetchy project some $130,600,000 and about $30,000,000 in interest. Seven bond elections were held and carried by votes running as high as 14 to 1. Three bond elections were held seeking to distribute power that cost millions of dollars to generate and they were defeated. Money was spent freely, propaganda was spread, and organizations were formed in all parts of our city, and the 25,000 Pacific Gas & Electric Company stockholders were told that it would be against their interests for these bonds to carry. The same thing, I am afraid, will happen again if we are not assisted by the Federal Government, through your department, allocating $14,035,500, which is 30 per cent of the amount requested in PWA Docket No. 1548-R.

The bonds that the City of San Francisco will be required to issue, so as to meet the obligation set forth in the application, in conjunction with the amount that I hope will be contributed by the Federal Government, will be self-liquidating, and the huge profits which the Pacific Gas & Electric Company are now making out of the sale of hydro electric power generated in Hetch Hetchy will not alone liquidate these bonds, but will reduce the rates charged to the consumer.

I have great confidence that if the Federal Government places its stamp of approval on the application and plan herein submitted by allocating the amounts set forth, that the voters of San Francisco will give the same overwhelming support that they gave to the bond

issue of 1910, for they know the huge investment will be lost to them for all time if they do not distribute the power generated at Hetch Hetchy as called for in the Raker Act.

Respectfully,
JAMES B. McSHEEHY,

Supervisor, City and County of San Francisco; Chairman, Special Committee to Study and Report on Distribution of Hetch Hetchy Power.

---

I spent four days in Washington, D. C., and during that time, by appointment, I interviewed Secretary of the Interior Ickes one-half hour; Solicitor Kirgis an hour, and Colonel Clark a half hour. *Not one of these gentlemen made a commitment of any kind, as our application had not reached them and they knew nothing about it, but all three stated that they did not think any consideration would be given whatsoever to that part of our plan calling for an expenditure of $25,000,000 for the purchase of a portion of the Pacific Gas & Electric Company's distributing system in San Francisco, as the appropriation bill called for labor and material only.*

I pointed out to Secretary Ickes the position San Francisco is in; that three different bond issues were held and they were defeated; that the court issued an order restraining us from using Hetch Hetchy bond money for a distributing system in San Francisco and that we also were defeated when we tried to have revenue bonds adopted by a majority vote.

The Secretary is very sympathetic towards San Francisco and will help us if he can, and said our application would receive his immediate consideration as soon as he received reports from the various departments.

I tried hard to have him commit himself as to what attitude he would take in reference to the enforcement of the Raker Act as called for in Section 6. He refused to make any commitment whatsoever and stated that he had not changed his views as to the report he issued on April 22, 1936, in reference to the Hetch Hetchy power project; and it is up to San Francisco to do her part. Mr. Kirgis, the Solicitor, and Colonel Clark, carefully read my statement of facts and asked me a great many questions about the same. Both of these gentlemen, being subordinates, I did not make any attempt to seek a commitment.

The question is, gentlemen of the committee, what is San Francisco's part, in reference to this entire Hetch Hetchy project?

1. We have an investment of $130,600,000 and an interest charge during construction of $30,000,000, or a total of $160,600,000 invested in Hetch Hetchy Water and Power.

2. We have a contract with our government which three Secretaries of the Interior have told us we are not living up to and which has a penalty clause calling for cancellation, which would mean confiscation of our entire investment.

3. Seven bond issues were carried by an average of about a 10 to 1 vote, and three times, when requests were made for bond issues for distributing our power they were defeated.

4. In the annual report of the Pacific Gas & Electric Company to the California State Railroad Commission for the years 1930 and 1933 they set up an item of expenditure of $45,500 for the defeat of the bond issues dated August 26, 1930, and November 7, 1933. In their annual report for the year 1935 they also show an expenditure of $158,389 for donations, dues to fraternal organizations, etc., charged to operating expenses. They have 25,000 stockholders in San Francisco that they can always circularize, informing them how a bond issue might affect their interest.

5. The fact cannot be denied that we are selling our power generated in Hetch Hetchy to the Pacific Gas & Electric Company for about $2,000,000 and they in turn are selling it to the consumers in San Francisco for $10,000,000.

6. We pay more for power than any large city in the United States, and we have been doing this for the past 10 years, with an investment of $160,000,000 in power and water that cannot be separated.

7. Huge profits are being made by the Pacific Gas & Electric Company out of our investment. The report of 1935 to the Railroad Commission shows that 63 officers of the Pacific Gas & Electric Company receive $623,955, almost $10,000 per year for each officer. The president of the company receives $70,170, and our City of San Francisco represents almost 30 per cent of their entire holdings in California.

8. The Pacific Gas & Electric Company have no intention of cancelling the 24-hour contract entered into in July 1, 1925, and have so stated in their letter dated September 6, 1935.

---

With these facts before us, there is only one thing to do, as I see the problem. That is, to strike out the word "purchase" and insert in lieu thereof the words "erection by the City and County of San Francisco" wherever the word "purchase" occurs in application of May 16, 1936, sent to the Secretary of the Interior.

By making this change in the application we would comply with the terms of the Raker Act. Moreover, we would place ourselves in the position of becoming entitled to a part of the appropriation made by the Federal Government for the purpose of creating employment throughout the United States and, under such appropriation, would become entitled to a gift of $14,035,500 to serve as a nucleus to start our own distributing system. With that thought in mind, I will make the following motion:

Resolved, That this report, including my statement of facts presented to the Secretary of the Interior, be approved by this committee.

This motion, if adopted, would necessitate an amendment to the application of May 16, 1936, and would require the City and County to erect its own distributing system.

Respectfully yours,

JAMES B. McSHEEHY,

Chairman, Special Committee to Study and Report Upon Disposal of Hetch Hetchy Power.

Statement for the Record.

After discussion participated in by City Attorney O'Toole, Supervisors Havenner, McSheehy, Uhl and Roncovieri, Supervisor Havenner made the following statement for the record:

SUPERVISOR HAVENNER: I would like to make a statement now, in view of the various statements in the public press of San Francisco to the effect that I was on record as advocating the issuance of revenue bonds without any submission to the people at all. I can point to the record and deny that I have made any such statement. I have repeatedly stated here that I was not committing myself to the idea of issuing revenue bonds without a vote of the people, but I did desire to have this test made for this particular reason: That in the event some proposition was submitted to the people and through the usual political opposition which we have always encountered every time we have submitted an electrical distribution project to the people, should happen to fail to get the necessary number of votes for financial authority, in that event, if the government of the United States should then say, "You are violating the Raker Act and we will no longer tolerate it, you will have to discontinue the sale of power to the Pacific Gas and Electric Company; you will have to forego this revenue which you have been enjoying through that contract;" in that event then, if it is legal for the City and County of San Francisco now to exercise the financial authority that might be necessary in order to carry out the dictum of the government, then it might be valuable. So far as I am concerned, I have not had any intention at any time to force over a power distribution system in San

Francisco without submitting it to the people, and I want that to be made clear and part of the record. The statements that have appeared in the press to the effect that I did contemplate that have been entirely misleading and erroneous.

I would like, Mr. City Attorney, to ask you if, during the period that must elapse before the ordinance is effective and the Public Utilities Commission submits its recommendation, if you would consider the drafting of a letter which can then be submitted to the Board for its action, if you would draft a letter to the Secretary of the Interior advising him—and this may never be sent, of course, if the Board does not approve it, but I would like to have it for submission to the Board, advising him that the Board intends to submit this proposition to the people in the alternative form or with the proviso that in the event we can not buy we will be able to build?

CITY ATTORNEY O'TOOLE: Do you want that, Supervisor, to advise him also that we are submitting the matter, or intend to ask the Supreme Court for a very early hearing on the right of this Board to issue revenue bonds?

SUPERVISOR HAVENNER: I think it might be desirable.

CITY ATTORNEY O'TOOLE: I think to some extent, unless the Board desired it—of course, the Board could adopt an ordinance that revenue bonds could be submitted any way they saw fit.

SUPERVISOR HAVENNER: I think that would be advisable.

SUPERVISOR UHL: I am a little surprised at the statement you just made, because my reaction to the matter was that you wanted to avoid a general bond issue and allow the Public Utilities Commission to request bids and sell a bond issue for the construction of a utility, and if nine Supervisors of this Board voted in favor of it, why, that would be the end, it would not go to the people. That was my reaction.

SUPERVISOR HAVENNER: I never said so.

SUPERVISOR UHL: Wasn't that what you had in mind?

SUPERVISOR HAVENNER: I wanted to find out whether we had the authority to do it if we wanted to do it, that is all.

SUPERVISOR UHL: I see. Now, have you, or have the members of the Board in mind the submission of the distribution of power in the November election? The reason I ask you that——

SUPERVISOR HAVENNER: So far as I am concerned—I can not speak for the other members of the Board—but so far as I am concerned, if it is ready for submission, yes.

SUPERVISOR UHL: Let me make it clear why I ask the question. I can not vote for a proposal such as we have here unless you can show me that the Pacific Gas and Electric Company have agreed to lease us its lines for so much money. In other words, I want to know what we are stepping our people into.

SUPERVISOR HAVENNER: I am proposing now that if we can not buy that we shall build.

**Action Deferred.**

Whereupon, Supervisor Roncovieri, seconded by Supervisor Shannon, moved that subject matter lay over three weeks (August 31), and have L. Randall Ellis in the meantime give the Board an opinion next Monday as to various plans, including plan proposed by Supervisor McSheehy and Plans 5, 6, and 7, submitted by the Public Utilities Commission.

Motion *carried.*

### Conference Between Municipal Railway and Market Street Railway to Discuss Rapid Transit.

(Code No. 15.091)

The following resolution, heretofore presented by Supervisor Uhl, was taken up:

Resolution No. 2726, as follows:

Whereas, rapid transit is of vital necessity to all street car patrons of San Francisco; and

Whereas, the recent report of the Public Utilities Commission provides rapid transit for only the patrons of the Municipal Railway; and

Whereas, due to changes in transportation conditions which will be brought about when East Bay transportation moves over the San Francisco-Oakland Bay Bridge; and

Whereas, said change will necessitate rerouting much of the street car system; now, therefore, be it

Resolved, That a conference be called at an early date between representatives of the Municipal and the Market Street railways to discuss the following:

1. Best means of rapid transit of all street car patrons in San Francisco.
2. Elimination of duplicate service.
3. Universal transfer.
4. Possibility of joint operation.
5. Price and terms covering purchase of the Market Street Railway.
6. Price and terms covering purchase of the San Mateo line.

### Communications.

Communications pending in the Public Utilities Committee on this subject were thereupon, on motion of Supervisor Shannon, brought into the hearing, made part of the record, and order made that all organizations be notified of subsequent meetings, to-wit:

From Ingleside Boosters Club, opposing Cahill's subway plan.

Favoring elevated rapid transit in lieu of Cahill subway plan: Northern Council of Civic Clubs, by Stephen Malatesta; Marina Home Owners' Protective Association; Central Council of Civic Clubs, by Douglas Kline; P. R. Thompson, chairman, Traffic Committee of Central Council of Civic Clubs; Owners' & Lessees' Apartment House Association, Inc., Earl J. Carroll, secretary; Mission Street Merchants Association, J. C. Marshall, secretary.

From Cleve F. Schaffer, submitting plan for extension of Southern Pacific Railroad to Plan X Terminal, affording rapid transit for the Peninsula.

### Rereferred.

An ordinance appropriating $50,000 out of Municipal Railway Operating Fund to defray cost of making plans for construction of rapid transit system for San Francisco, heretofore referred by the Finance Committee to the Committee of the Whole on Rapid Transit, was, on motion, ordered *rereferred to the Finance Committee.*

### Discussion.

Cleve Schaffer was granted the privilege of the floor and discussed at length his proposed plan for rapid transit in San Francisco and down the Peninsula.

Mr. Schultz, representing the Steuben Society, was also heard at length. He stressed the importance of transcontinental trains coming into San Francisco over the Bay Bridge.

P. R. Thompson, chairman of the Traffic Committee of the Central Council of Civic Clubs, was heard presenting the view of the Central Council.

Mr. Baker, representing the United Voters Council, was also heard as to the method of financing the proposed rapid transit system.

### Motion.

Supervisor McSheehy moved that a transcript be made of meetings of Tuesday, August 4, Monday, August 10 (8 p. m.), with regard to rapid transit; that transcripts be made of all future meetings on that subject; that copies of the transcripts be sent to all members of the Board.

*So ordered.*

J. S. DUNNIGAN, Clerk.

6B. **Compensation of Examining Board Members.** For conducting the ex- minations of Master Electricians or Specialty Electricians, each member of he Examining Board, with the exception of the Chief of the Department, shall eceive from the Treasurer of the City and County of San Francisco from the wenty dollar ($20.00) examination fee paid by each applicant for a Master lectrician or Specialty Electrician's Examination, the following compensation: rom the twenty dollar ($20.00) fee paid by the first applicant, the members

of the board shall each receive four dollars ($4.00). From the twenty dollar ($20.00) fee received from each applicant in excess of one, each board member shall receive two dollars ($2.00). Such compensation shall cover the examination of applicants, the grading of papers, and all other work incidental to the examination of applicants for registration. The members of the Board of Examiners shall receive no pay for any meeting at which no examination is held, and no member of the Board of Examiners shall receive compensation for any meeting he fails to attend.

SEC. 7. **Registration Required.** It shall be unlawful for any person, firm or corporation to engage in, conduct, contract for, or carry on the business of installing or altering electrical work or fixture work in, on or about any building or structure in the City and County of San Francisco, or advertise or display a sign or otherwise hold himself or itself out to the public as engaging in, conducting or carrying on such business, unless such person, firm or corporation is the holder of a Master Electrician's Certificate or Specialty Electrician's Certificate duly granted to him as provided for in this ordinance.

7A. **Renewal of Registration Certificates.** Certificates of Registration issued to Master Electricians, Specialty Electricians and Plant Owners shall be renewed on or before the first calendar day of each year.

7B. **Expiration of Registrations.** Unless Certificates of Registration are renewed within thirty days after the date of expiration of said certificates, said certificates shall become void and the holder of same shall be required to take a new examination and pay the same examination fees and registration fees as a new applicant.
